☞ *To the Eclipse Boat Club.*—The Undine Boat Club challenge the Eclipse Boat Club to a trial of speed between the boats "Darling" and "Putman," for a purse of Five Hundred Dollars, to be rowed over the usual three mile course, on the 21st inst., by crews selected from the respective clubs.

E. R. DARLINGTON, Sec'y.

[*Chronicle* please copy one time.]

THE "PRIZE RING"—*English Duffers in the Field.*—Two burly Englishmen, who, we are told, have been contestants in the prize ring of Liverpool, and one of whom boasts of having fought the "Dublin Chicken," and having been two years in the Crimea, were arrested yesterday (after a desperate struggle, in which themselves and the police were very roughly handled,) by officers Hamilton, Wray and Knox, of the Mayor's police, having been engaged in a regular scientific fight on the bank of the Allegheny river, under the railroad bridge. Their names are Francis Craft and Jack Williams. They had fought several rounds before the police were aware of their operations, and when the latter came upon them one of them resisted in every manner until they were entirely disabled. Craft appears to have been unaware of the illegality of prize fights in these parts, and says they were merely contending in the present instance to ascertain who was the best man. He says he has fought seven prize fights in his life, and can beat any man of 140 pounds that he has yet seen here. Craft came off victor in this instance, and although making it a very difficult thing for the constables to bring him to the tombs, he apologized very sincerely when he came to understand perfectly that they were really officers of the law. There was a large crowd gathered on the spot, and some appeared to think the officers acted too harshly with the offenders, but the resistance rendered their treatment justifiable. They were let off with a reasonable penalty, on promising not to offend again, and to leave the city within a short time.

THE BRIDGES.—The work on the Pittsburgh and Birmingham Bridge is going forward rapidly, and it is expected that it will be ready for passengers in a few weeks.

Workmen are engaged repairing the piers of the Hand Street bridge, and affixing ice-cutters to all of them, as an additional security against the wearing away of the main stone work.

The new St. Clair Street bridge is expected to be ready for travel in about a year, that part of the work which can be done previous to demolishing the old structure, is being pushed with energy. One of our morning correspondents stated a short time since that the old bridge was to stand till the new one would be ready so as to give no interruption to travel. This surely must have been a mistake, as we are informed that the old bridge is to be torn down in the Spring. This remodelling of the action said to have been taken by a school board out West, which resolved, first, that they would use the old school house till the new one was built; second, that the material of the old one should be used to build the new one with.

The boat race attracted a tremendous crowd on Saturday. The crews of both the "Putman" and the "Darling" appeared in fine trim, except that, as is said, one of the "Putman" men had a felon on his hand. They started from the Monongahela bridge, a few minutes before seven o'clock, Pr M., and ran a distance of three miles—one mile and a half each way—the "Darling" coming out victor by a considerable distance. A loud cheer went up as the boats came in. The "Putman" boys caught a crab" shortly after starting, losing about a length, and one of the "Darling" boys missed stroke and lost his balance twice. The time made was 22 minutes and 40 seconds. There was a large number of ladies looking on from the bridge and steamers, and appeared very enthusiastic at times. The river was almost black with little crafts of all descriptions, filled with those anxious to be near and see everything connected with the race.

The prize consisted for was a splendid stand of colors. The time was considered good, taking a high wind into consideration.

MAIL ROBBERY.—We learn from the Indiana (Pa.) *Independent* that a man named Milton Henderson, son-of Mr. Joseph A. McCormick, of Indiana borough, was arrested on Thursday last at Eldersridge, charged with having robbed the the mail. It appears that the postmasters, both at Indiana and at Eldersridge, have suspected him for some time, and on Wednesday last Jo E. Coulter, Esq., after having delivered to him the mail at his office in Indiana, followed the boy to Eldersridge, and upon examination of the mail matter that arrived there, it was found that a large majority of the packages mailed at Indiana had not arrived at their destination, and after some search were found in the boggy in which the boy had carried the mail.

THE MISSING WOMAN.—There appears to be a good deal of mystery in regard to the disappearance of the woman (Agnes Conlin by name,) whom we noticed a few days ago as having left a carpet sack and landbox at the house of Capt. Israel, after applying for work, and not making her appearance afterwards. The sack contains women's clothing and it with the bankbox is still at the Mayor's office unsolled for. The Mayor is anxious to ascertain something in regard to the affair, and any one who knows anything will do a favor by seeing his Honor. She is rather a young woman, of medium height, and was last seen at Mr. Schmiedl's loan office, on the 10th of July, when she pawned some little article of dress for $1,00

AN attempt was made, on Saturday, to escape from the county prison by Samuel Harrison, convicted of larceny, and sentenced to twelve months' imprisonment. He was assisting to cleanse the jail inside, and was up stairs for the purpose of throwing water below. While the keeper's back was turned he secreted himself in a small apartment up stairs, and was there some four hours before he was discovered, the officers having about concluded that he had escaped by some means. He no doubt intended to lie in his hilding place till night and then commence operations for egress. He was taken to his cell and ironed.

POLICE ITEMS.—George Glass, a baker, was held to bail, Saturday, before Alderman Rogers, charged with assaulting a son of Martin Connolly, in kicking him out of his store.

John Patterson was committed finally by Mayor Weaver, charged with stealing a watch chain, on oath of J. D. Pander. Patterson says Pander had ejected him from his tavern for noisy behavior.

Alderman Parkinson committed William Edwards for assault and battery on his wife.

THE Court of Quarter Sessions, &c., was in session yesterday, but scarcely anything of public interest transpired. Several Treasurer's deeds were acknowledged. The report of the Viewers appointed to assess damages for laying water pipes from the Western Pennsylvania Hospital to the Upper Basin, was confirmed. They assess $25 damages for crossing Moore's brickyard, and $5 for traversing a potato field, the name of the owner of which is not given The rest of the pipe, we believe, is to traverse Bedford street.

LARCENY.—Information was made, Saturday, before Alderman Rogers, by David Steen, residing at the corner of Washington and Webster streets, charging John McCorkle and Jane Wise with larceny, in stealing a lot of bed clothes. The property was found at McCorkle's house, an establishment for dealing in second-hand goods, on Webster street. McCorkle says Jane Wise sold them to him. McCorkle was held to bail and the woman was committed in default.

RECOVERING.—We are informed that Miss Jane Thompson, injured by being struck in the face when attacked on the street, in Allegheny, the other day, by a ruffian named John Smith, is recovering rapidly. Mrs. Catharine McCarthy, of the Fifth Ward, who was struck on the back with a bar of iron, by Wm. Bracken, her brother-in-law, is also convalescent.

SAD AFFAIR.—The Indiana (Pa.) *Independent* says that Joshua Davis, of Cherrytree, being in a state of intoxication on Sabbath last, his brother Benjamin endeavored to take care of him, when he drew a knife and plunged it into Benjamin, which caused his death on the following Tuesday. Joshua has been committed to jail.

HUNTING SLAVES.—A couple of F. F. V's from Virginia were in Altoona on Tuesday, in pursuit of five runaways. Several of the citizens of the place interested themselves in their behalf, but the darkeys were not caught. The Virginians then left for the borough of Indiana, and we hope they had a good time of it there.

THE deaths in this city for the week ending August 7, numbered 29: adults 7; children 22; under one year 14; males 19; females 13.

BARN BURNED.—The barn of Thomas Smith, of Blooming Valley, Crawford county, was struck by lightning last week, and destroyed by fire.

CLARION.—The democrats of the Clarion district have nominated E. L. BLOOD, for Senate. The *Banner* says his nomination was the result of a trick. Abrams had secured a majority of delegates, but Blood, by some means, won over a delegate from Forest, or rather got the delegate favorable to Abrams to stay at home, and a Blood man was sent. Gillis promises Abrams Forest county, but has signally failed to "come up to time." We suppose the reason for his failure is because Blood is so much stronger on the Lecompton measure.

The Anti-Lecompton men held a Convention on the 23, and appointed Conferees instructed for GEORGE MEANS for Congress, S. M. FOX for Senate, and DR. REICHENDY for Assembly.

Of the crops in Clarion, the *Banner* says:

"The wheat and rye crops have been gathered in. In some parts of the county the wheat was very poor, in fact, many fields were not touched. There has been some good wheat cut, however, which will in a measure make up for deficiencies. The rye has yielded well. The oats in many places have been struck with the rust, and a short crop may be anticipated. The hay has been very heavy —which will supply to some extent the failure of oats. The late rains have done much good for the corn and buckwheat, and a fair yield is anticipated."

THE ALLEGHENY BARGE CLUB.—This club has now two beautiful boats, the Wm. Robinson, jr., a pleasure barge, weight 525 lbs., and the R. E. Rogers, weight 208 lbs. These boats reflect much credit upon the builder, Mr. R. E. Rogers, who has spared no pains nor expense in making them what the club desired, and will compare with any boats built in the Eastern cities. The painting was done by Mr. Smith, of Allegheny city, and is richly and elegantly done. A portion of the club, who manned the boats yesterday, left the Deer Creek Hotel, about two o'clock, and arrived in fine spirits last evening at Allegheny city. They are all young men of high respectability, and will do credit to any company that they may be placed in.

ATTEMPTED SUICIDE.—On Wednesday morning about 10 o'clock, an Irish woman, the wife of William Gallaher, residing on the Flat near the Cambria Rolling Mill, attempted to take her life by cutting her throat with a razor, in the garret of her own house. She made several gashes in her neck, but did not succeed in severing either the windpipe or jugular vein. She had fainted from loss of blood when discovered by her friends.

INQUEST.—Coroner Alexander, Sunday, held an inquest on the body of a man, name unknown, found about six o'clock in the morning lying dead on one of the streets of Manchester. He was an old pauper, aged about 70 years, and had been about the borough for some six months, begging round in the vicinity. He is supposed to have died from the effects of exposure. Verdict accordingly.

SOUTH PITTSBURGH.—Workmen are engaged paving some of the streets in this busy little borough. It of course enhances the appearance of the neighborhoods already paved. A brick pavement is being laid on one side of the borough, fare leading to the bridge, at the South end, where before was nothing but a sort of gulley, that was inconvenient to travelers at night.

OUR merchants who visit New York in quest of new articles, do well to cut from our paper and keep as memorandum, the advertisements of the extensive Paper, Twine and Cordage Warehouse of Willard Harvey & Co., No. 74 Maiden Lane, and No. 17 Cedar street. W. H. & Co. have been many years engaged in the above named trade, and by fair dealing and keeping on hand a large stock of the best goods, have acquired a position and reputation that renders it to their advantage to keep a clerk almost a necessity. Read the advertisements referred to, then cut them out and place them among your New York memorandums.

Whatever may be the general character of business for the coming season, it would seem that Carnaghan, Allegheny City, is making preparations for a heavy trade in his line. New styles business, dress and overcoats. Vests and other garments for men's and boys' wear are being gotten out, and ample arrangements made to fill the orders of his numerous patrons.

A REMEDY FOR HOT WEATHER.—The very best remedy for this hot weather is to drop in at Bown's, Federal St., Allegheny, and treat yourself to a saucer of their delicious Ice Cream, or a glass of their delicious cold Mineral Water, flavored with the choicest of Syrups, and drawn from a fountain in excellent order. Their stock of Cakes and Confections are of the best description, manufactured from good material, and got up in the neatest style imaginable. Give them a call.

THE LOVE OF PRAISE.—

"The love of praise, howe'er concealed by art,
Reigns, more or less, and glows in every heart;
The proud, to gain it, toils on toils endure,
The modest shun it but to make it sure."

It is our province to praise the garments made at the Brown Stone Clothing Hall of Rockhill & Wilson, No. 603 and 605 Chestnut street, above Sixth, Philadelphia.

THE place to secure a saucer of delicious Ice Cream, to cool off in a well ventilated and luxurious saloon, fitted up in the neatest style, the place to enjoy an hour's chat with your wife or sweetheart, while sipping the cooling and healthy luxury, the place where the best of cake and confectionary, fresh every day, where before was nothing but a sort of gulley, that was inconvenient to travelers at night.

BEFORE ME, the subscriber, a Justice of the Peace, in and for said county, personally came John Lee, who, being duly sworn, deposeth and said that he had been suffering with Chronic Diarrhœa for the past twenty-two years, and had consulted and received prescriptions for his complaint from all the principal physicians in Philadelphia and Cincinnati, but all to no effect, as he received no relief. At last he was reduced to a mere skeleton, without even the hope of ever finding relief, but by the advice of a friend, was induced to try Hostetter's Celebrated Stomach Bitters, and, to his utter surprise, found relief from the first trial, and in less than two months found himself perfectly cured of his complaint, that he daily recovering the strength of body, and increasing in flesh; and cheerfully gives the credit, to the hope that others afflicted like himself may be benefitted. Telegraphic.

NEW YORK, Aug. 7.—Mr. Peter Cooper, President of the Atlantic Telegraph Company, on Thursday telegraphed to Mr. Field, stating that he was very anxious to know if the Agamemnon had laid her end of the cable. Mr. Field replied that the cable had been successfully laid, and signals were passing uninterruptedly through its entire length.

Mr. Cooper states that it was arranged that no message should be transmitted either way until the Queen's greeting had been sent to Mr. Buchanan. We must, therefore, wait for the receipt of that message before we can know anything more definite about the success of the enterprise. Mr. Cooper himself has no doubt of the fact that the cable has been successfully laid to both coasts, as telegraphed by Mr. Field. The following dispatch has been received from Capt. Hudson by his family:

"TRINITY BAY, Aug. 5.—God has been with us. The telegraph cable is laid without accident, and to Him be all the glory. We are all well. Yours affectionately, (Signed) WM. L. HUDSON."

TRINITY BAY, Aug. 7.—The most complete success has attended the laying of the Atlantic Telegraph cable, and the telegraphic signals are being transmitted through the entire length.

It is unlikely that the line will be opened for business for several days and perhaps weeks, the delay being necessary to give the electricians time for a series of experiments.

Due notice of the opening for business will be given.

ST. LOUIS, Aug. 7.—Leavenworth dates to the 4th per U. S. express to Booneville on the 7th, are received. The complete returns from Leavenworth City and Kickapoo, give a majority of 1748 against the bill. Partial returns from Shawnee, Johnson and Franklin counties increase the majority against the bill to 4704. The total vote in these counties as received is 6846. It is thought that the whole vote of the territory will reach 13,000. The opponents of the bill claim a majority of 9,000. Topeka cast 246 votes against the bill, and 10 for it. Lecompton 122 against and 27 for it. Nothing has been received yet from the southern and western counties.

The Utah correspondent of the *Republican* under date of July 23, says that Brigham Young has had all the animals taken from the government trains last fall driven into Salt Lake City for the purpose of having them delivered to Gen. Johnson. Young has declared Governor Cummings to receive them officially and forward them to Fort Bridger.

Official returns from St. Louis county give Barrett, Dem. for Congress 7057; Blair 6631; Breckenridge 9668. The whole Democratic ticket is elected by from 100 to 300 majority.

In the 5th district Woodson is re-elected to Congress by about 600 maj. Anderson in the 2d district will get upwards of 4000 maj. Scattering returns from the 7th district indicate Yeatt's election over Zeigler by a large majority. In the 4th district Craig will be re-elected by about 3000 maj.

Latest from Europe.

ST. JOHNS, N. F., Aug. 7.—The steamer Arago arrived off Cape Race with dates to the 29th, nearly two days later than last advices. The Anglo Saxon arrived at Liverpool on the 27th. Nearly all her news was anticipated by the Vesta and Prince Albert.

Liverpool Cotton Market.—The market was dull and prices were easier, but quotations were unchanged. The sales for three days were 20,000 bales, including 1400 to speculators and 1600 to exporters. The Manchester advices were favorable; all qualities had considerably advanced.

The Sardinian squadron, while on the way to Cherbourg, received orders to change its course and cruise on the coast of Candia.

TRINITY BAY, Aug. 7.—Since our arrival here on the morning of the 14th instant, I have been constantly receiving telegraphic messages asking for full particulars in reference to the laying of the Atlantic cable, to which it is impossible for me to reply at every one of them. I will be glad to do so shortly while I remain here, and I have handed to Capt. Kay, the Superintendent of the N. Y., N. F. and London Telegraph Co.'s lines my daily journal, and from him full permission to send from the same any extracts that he might think of interest to the public and especially those persons who will reply to the communications that I have received.

Yours, &c., CYRUS W. FIELD.

TRINITY BAY, Aug. 7.—The Atlantic cable was successfully landed this yesterday morning, and is in perfect order. The Agamemnon has handed her end of the cable, and we are now receiving signals from the telegraph house at Valentia Bay, Ireland. The U. S. steamer Niagara and Her Britannic Majesty's steamers Gordon and Porcupine will remain in the bay to-morrow. Due notice will be given when the Atlantic telegraph line will be open for public business. CYRUS W. FIELD.

TORONTO, Aug. 7.—The newly formed government was announced this morning as follows: Premier, Hon. Mr. Cartier; Attorney General, east, Hon. John A. McDonald; Attorney General, west, Hon. CHICLEVILLE, August 7.—Our city was beautifully illuminated last night. All the bells were rung, splendid fireworks displayed, and a grand torch light music were out; beautiful ladies graced the streets, and a mighty concourse thronged the city, all in honor of the union of the Old World with the New, by telegraph.

ADRIAN, August 7.—
