New York, Aug. 9.—The recording issimments for the Atlantic cable are in such a state of forwardness at to issue the early opening of the line for business. It is understood that the transmission of the Queen's and Persident's first messages through the cable will take place early in the Atlanton, and probably in the course of the presign week. Instantly after the transmission of the Kenident's reply to the Queen's message, the two communications will, by consent of the President and through the co-operation of the managers and employees of the telegraph line of the country, be made public from New Foundland to Texas, and from Quebec to the boundary of civilization in the northwest.

We have assurances from sill points that so soon as the Queen's and the President's meriages are received there will be public and private demonstrations of joy by the ringing of bells, firing of calutes, &c., &c., in every city, town find village throughout the whole country. It is understood that Mr. Field will cause notice to be given in advance, of the day when the first message will be transmitted through the cable. HEALTH! GRACE!! AND BEAUTY! ngans.
