ABBEST, BELEASE AND RE-ABBEST OF A MUE DERER. The particulars were given some time since of a murder perpetrated on board the Meamer Alvin Adams, on her way from New Orleans to Louisville, the vict

Voltanis of Louisville, the visitin, named Molin-tyre, having been, as is said, a resident of this city. The alleged murderer's name was fitnen, a man of rechters character, who followed the river. It is said that some twenty stabs were infloted on the descassed's body, from the ef-fects of which he died immetistaly.— Stone was arrested and imprisoned at Louisville, but there being some unavoldable delay in pro-ouring a requisition from the Governor of Loui-stans, and making the priming arrangements for removing him, he was discharged (at the ex-piration of the sirry days for which he was committed) by Judge Johnstor, of Louisville, and allowed to except. The Louisville papers are very indignatif at the course taken by the Judge. It appears that the requisition was brought to Louisville on Thursday by a New Or-leaans officer, who, with policeman Kirkpatrick, went 65 Grayson Springs for Judge Muir, through whose action only could the prisoner be given up. The sirty days were out on Friday

FRAUD IN THE COAL BURNESS.—Information was made, yesterday, before Alderman Major, by William Kemp, charging James Molniyre, s coal dealer, with fraud, in throwing several buckets of water on the coal loaded in his wag-one, previous to being weighed, for the purpose of cheasing his cantomers. The case will have a hearing this morning, when this case af rather "constructive fraud" will have a preliminary decision. Mr. Kemp alleges that this game is practiced very extensively. FATETE COURTER RAINCAD.—The letting of this branch was awarded to F. Baldwin, Suyder & Co., on the 11th inst. The length of the road is ten miles and three quarters; intersects with the Connelleville railroad one mile and a quarter east of the town of Connelleville, and extends to Uniontown. Mr. F. Baldwin & Co., are estimatistly known as a mong the most ener-gitio and reliable railroad contractors in the country, and will push this branch to a speedy completion:
