He was committed for further hearing on Thursday next.

A FUNNY CASE.—Two dogs, owned respectively by Geo. Erber and Mr. Wiedeman, were fighting on the streets in Allegheny, and ran against a Mrs. Hatchey, knocking her down and injuring her severely. Mrs. H. brings suit against the parties, before Mayor Blackwell, for breach of one of the provisions of the ordinances applying to dogs.

POLICE ITEMS.—Morris Carlisle was committed by Alderman Parkinson, yesterday, for ten days, for disorderly conduct. He was making a great noise on the street, throwing stones at people, etc. Of course whiskey was the cause.

Jeremiah Wigley made information before Alderman Parkinson, charging Peggy, his wife, with being unfaithful to her marriage vows. She was committed for further hearing. She entered suit against him for surety of the peace, alleging that he had threatened to kill her, and he was held to bail.

Caspar Boxermidt charged a man named Shilling, before the above magistrate, with very disorderly behavior and making threats towards him. He was held to bail.

Andrew Boyd made oath before Ald. Parkinson, charging James Murphy with assault and battery. He alleges that while standing on Penn street, where railroad crosses, Murphy struck him with a loaded whip. The parties are drivers. Held to bail.

Capt. Hutchinson was brought up and held to bail on the charge against him which we noticed Monday—*i. e.* assault and battery, on oath of Deb. Rigby. Letitia Patton and Deborah were committed to jail.

Two colored ladies were before Ald. Lewis, on a charge of false pretences, in procuring a quantity of mineral water from J. C. Buffum & Co., by representing that they were a committee appointed by the Allegheny church. Their names are Mrs. N. Mason and Elizabeth Dickson. Held to bail for further hearing.

Fred. Leeper was committed on a surety of the peace, by Ald. Parkinson, on oath of Christopher Ansorich.

A QUARRELSOME COUPLE.—The "neighborhood" in the vicinity of the junction of Penn and St. Clair streets, was aroused yesterday afternoon, by cries of murder issuing from the house of a tailor named P. Hebert, a German. Officer Barton proceeded to the house, and found that Hebert and his wife had been quarreling, marks of violence being found on the woman's throat. They were taken to Alderman Donaldson's office, but the wife refused to prosecute, stating that she had struck her husband first, and the Squire discharged them, with the admonition that if they raised another disturbance he would send them both to jail. We are informed that they have a quarrel almost every week.

ESCAPED.—Richard Dunn, confined in the county jail on a charge of horse stealing, escaped from the "institution" on Wednesday afternoon. It appears that since his second arrest he had been treated with gentleness; he noted that they might be removed and he permitted to walk around the jail-yard. This favor was accorded him; he returned to the hall of the prison to have his irons put on, when observing that the front door was not locked, he made a spring and got out before an alarm could be given. He was hotly pursued, but getting into the woods was soon lost to his pursuers.—*Clarion Banner.*

A SNOWMAN IN TROUBLE.—Peter Smith, bill-poster, made information before Mayor Weaver, yesterday, charging Prof. Love, the magician, with false pretences. He alleges that, for services done, Prof. Love promised to pay him $15 on Saturday night, and when he went for his money, he found that the defendant had just transferred all his "effects" to a man named Smith, who had been acting as his agent. The money was paid, and the suit withdrawn.

The Professor and Smith, his agent, were also up for non-payment of the city license for amusements, amounting to $21. This was also paid, and the parties were discharged.

ACCIDENT.—A horse attached to a city express wagon ran off on Liberty street, yesterday, and dashing into St. Clair street, upset the vehicle, (throwing out the driver, (an old man named Ainsworth,) upon his head, injuring him severely. He was taken into a drug store and had his wounds dressed.

LOTS IN ALLEGHENY.—A number of desirably located Building Lots in the First Ward, Allegheny city, will be sold this evening at Davis' Auction Rooms, No 54 Fifth St.

We are informed that some of the lager beer houses, on Ohio street and on the North Common, Allegheny city, were in full blast about ons o'clock on Saturday morning, and that two of the Allegheny police were participating."

THE LOVE OF PRAISE.—

"The love of praise, howe'er concealed by art,
Reigns, more or less, and glows in every heart;
The proud, to gain it, toils on toils endure,
The modest shun it but to make it sure."

It is our province to praise the garments made at the Brown Stone Clothing Hall of Rockhill & Wilson, No. 603 and 605 Chestnut street, above Sixth, Philadelphia.

A REMEDY FOR HOT WEATHER.—The very best remedy for this hot weather is to drop in at Bowo's, Federal St., Allegheny, and treat yourself to a saucer of their delicious Ice Cream, or a glass of sparkling ice cold Mineral Water, flavored with the choicest of Syrups, and drawn from a fountain in excellent order. Their stock of Cake and Confectionaries are of the best description, manufactured from good material, and got up in the neatest style imaginable. Give them a call.

THE place to secure a saucer of delicious Ice Cream, to cool off in a well ventilated and luxurious saloon, fitted up in the neatest style, place to enjoy an hour's chat with your wife or sweetheart, while sipping the cooling and healthy luxury, the place where the best of cakes and confectionary, family bread and Ice Cream are made and sold, the place is OLIVER'S, St. Clair st., near Liberty.

THE advantages of the cash system of business to both buyer and seller, are clearly seen in the case of Carnaghan, Federal street, Allegheny. By selling goods for cash, *strictly*, he is able to furnish a good article at such rates as command a custom.

FACTS WITHOUT COMMENT.—THE PUBLIC SHOULD KNOW THEM.

NEW YORK, October 10, 1852.

MRS. HARDY, No 119 SIXTH street, writes us that she has been troubled with worms for more than three years, and that *the last one trial of Dr. M'Lane's Celebrated Vermifuge*, prepared by Fleming Bros., Pittsburgh, Pa., which brought away over *fifty large worms*. Her usual good health immediately returned.

Mrs. QUIGLY, No. 152 Rose street, New York, under date of November 22, 1852, writes us that she had a child which had been unwell for better than two months. She cured a bottle of M'Lane's Vermifuge, and administered it. The child passed a large quantity of worms, and in three days was as hearty as ever it had been. Parents with such testimony before them, should not hesitate when there is any reason to suspect worms, and lose no time in procuring and administering Dr. M'Lane's Vermifuge. It never fails and is perfectly safe.

☞ Purchasers will be careful to ask for DR. M'LANE'S CELEBRATED VERMIFUGE, manufactured by FLEMING BROS. of PITTSBURGH, Pa. All other Vermifuges in comparison are worthless. Dr. M'Lane's genuine Vermifuge, also his celebrated Liver Pills, can now be had at all respectable drug stores. *None genuine without the signature of* FLEMING BROS.

THOMAS WILLIAMS, one of the editors and proprietors of the *Penn Press* is, at least in his own esteem, a man of fine classical attainments—a good French scholar and very well read in general literature. He commenced his political career in the celebrated Buckshot war, at which time he was a Whig Senator from Allegheny county. Since that time he has not interfered with politics, except on great occasions, but has assiduously devoted himself to making money by his profession, until the last few years.

His career as a lawyer has not borne out the promise of his early years, for of all the members of the bar, of late, he has been the most eminently unsuccessful. What few cases he manages to gain, in the Court below, have been reversed by the Supreme Court. These reversals, and the consequent loss of his practice (for clients cease to go to a lawyer that always loses) have embittered his temper, and instead of decreasing have added fuel to that inordinate vanity which has been his bane through life.

In the campaign of '44, when Henry Clay was our candidate, the Young Men's Whig Committee called a meeting at the old Market House, especially for Thomas Williams to address, but at the appointed time he failed us, very much to the chagrin and astonishment of his young friends; and for this failure he had no apology. A younger soldier, now a candidate for Congress, (Robert McKnight,) filled his place.

In 1848, when Gen. Zachary Taylor was the Whig nominee for President, the Young Men's Executive Committee called a meeting at the American Yard, to open the campaign with a speech from John J. Crittenden who had resigned his Senatorship and accepted the Whig nomination for Governor of Kentucky. Through some of Mr. W.'s friends, but not without opposition, he was appointed and published as chairman of that meeting; but, as before, with his habitual selfishness, he again failed us, but A. W. Loomis admirably filled his place. In 1852—the Scott campaign—no committee asked him to speak.

In 1855—the small remnant of the Whig party—in the Legislature without a shadow of deserving, as this record shows—gave Mr. W. the caucus nomination for U. S. Senator. This complimentary vote so flattered his inordinate vanity that he again turned politician. His ill-success at the bar and his consequent loss of money and clients had disgusted him with courts and juries and he sought other fields for the display of his ruling passion. Hence, in 1856, he came out a flaming Republican and desired to go to the Philadelphia Convention; but the people of Allegheny county did not elect him. Our delegates mustered him in as Senatorial delegate.

In the Fremont campaign, Mr. W. made several speeches; but age had not improved him; his too long winded—he repeated himself too much, and wearied out the patience of his hearers. Hence, when Mr. W. applied to the Committee to be sent to Blair and other interior counties to annihilate the Fillmore men, as he expressed it, the Committee, without wounding his vanity with the reason, declined to send him.

In 1857 clients getting scarcer than hen-teeth, Mr. W. mounted the Repudiation hobby, and opened out a terrible onslaught on Railroads, Supreme Judges and all other individuals, who did not agree with him. He had his last place as Solicitor of the Ohio & P. R. R. Co., when his friend Gen. Robinson was turned out of the Presidency, and of course was ready for a fee on t'other side. He voted for the whole Democratic ticket last fall.

In 1858 Mr. W. "at the earnest solicitation of numerous friends," offered himself as a Republican candidate for Congress, in the 22nd District. On the day the Conventions assembled, he tried hard to save his stiffly recalcitrant neck by withdrawing his name, but his "numerous friends" gathered around him, and he got but few votes out of 42.

As this friend Capt. Schenley, in sporting phrase would say, he made a horrible bad third, was dead beat and indeed entirely out of the ring. But he determined not to be ruled off the track, so with another vain wish, he sneaked into the Native Convention, to enlist, and with the aid of that celebrated Deputy Sheriff, who boasts of his manages all political Conventions, for all parties in this County, he feels sure of success, especially since with others they purchased the Daily Union, and placed Uriah Heep in the shop, to assume the editorial work, and to gather in the coppers. Mr. W. and his confreres with threaten the people of Western Pennsylvania, with another Popular Insurrection indeed Whiskey has been the ruling element amongst these parties both at home and abroad; the manner they do it in Harrisburg and Philadelphia, tarnished the fair fame of our County.

ST. JOHNS, N. F. Aug. 16.—The Royal mail steamship Europa, bound for Liverpool, came in collision on Saturday evening with the R. M., steamship Arabia, from Liverpool bound to New York. The Arabia mistook the Europa's lights for the Cape Race lights. The Europa arrived here to-day, having lost her cut water and storm, and being otherwise damaged. She will be repaired here. The Arabia lay by the Europa for some time and then proceeded on; she was not much damaged. The dispatches for the Associated Press were not put on board the Europa, but only a few Liverpool papers; hence the following imperfect dispatch:

The advices of the Arabia are to the 7th instant being one week later than the last intelligence.

The rebellion in Central India had been effectually crushed. Lord Canning's proclomation says there are no hopes to be entertained of the pardon of any persons immediately concerned in murdering British subjects.

It was rumored that the Paris Credit Mobilier was about to wind up and fuse with the Bank of M. De St. Paul.

Advices from Vienna say that the 53,000 Austrian troops were concentrating on the Danube, in South Hungary' at points nearest Turkey.

It was reported that Barnum had engaged Picolomini.

Disraili favors the repeal of the paper tax, if the Chancellor of the Exchequer will spare the amount.

There were large embarkations of troops for India.

The Atlantic Cable success was received at London with glorious enthusiasm, and the declaration that the electric union of England and America will lead to the unity of all nations.

The quotations for Middling and lower grades have improved 1/64. The sales to-day, Friday, were 7000 bales. The market closed steady at the following quotations: N. O. Middling 5 7-16; Middling 5 6d@5 6d. Pork is steady.—Bacon has declined 3s.

THE ATLANTIC TELEGRAPH—THE QUEEN'S MESSAGE.—*New York, Aug. 16.*—Information has been received that the cable is all right at both ends, and that the Queen's message will probably be received this evening.

THE FIRST MESSAGE.

CYRUS STATION, N. F., Aug. 16.

To the Directors of the Atlantic Telegraph Co.:

Europe and America are united by telegraph.—Glory be to God in the Highest; on earth Peace and Good Will towards Men.

QUEEN'S MESSAGE.

To the Hon. the President of the United States:

Her Majesty desires to congratulate the President upon the successful completion of this great international work in which the Queen has taken the deepest interest.

THE PRESIDENT'S REPLY.—The President cordially reciprocates the congratulations of Her Majesty, the Queen, on the success of the great international enterprise, accomplished by the science, skill, and indomitable energy of the two countries. It is a triumph more glorious, because more useful, than was ever won by the conqueror on the field of battle. May the Atlantic Telegraph Company, under the blessing of heaven, prove to be a bond of perpetual peace and friendship between the kindred nations, and an instrument destined by Divine Providence to diffuse religion, civilization, liberty, and law throughout the world. In this view, will not all the nations of Christendom spontaneously unite in the declaration that the earth is forever neutral, and that its communications shall be held sacred in the pieces of their destination, in the midst of hostilities. Washington CITY, Aug. 16th, 1858.

BALTIMORE, Aug. 16.—The New York Railroad Co. is curtailing in their ruinous reduction of the rates to Cincinnati, as the regions more legitimately connected with Baltimore, the Baltimore & Ohio Railroad Co. has recently made a decided retaliatory stroke by reducing the rates on freight between New York and Cleveland, Chicago and the lake country to 70 cents per 100 lbs., less than by the Erie and New York Central railroad for first and second class goods. With the present immense equipment and the good condition of the Baltimore & Ohio Railroad, aided by its connections, this additional trade can readily be accommodated.

WASHINGTON CITY, Aug. 16.—The new Grenada Minister had an interview with Secretary Cass this morning at the State Department, and communicated to him the new Herran Treaty as modified by the Congress of that country. There is only one alteration and not three as heretofore stated, and that refers to the Naval Coal depot, but the treaty is accompanied by two propositions in the nature of explanations.

Erskine, the new Secretary of the British legation has arrived. Mr. Russell, one of the attachees, left this afternoon to take passage in the Steerie for England.

WASHINGTON CITY, Aug. 16.—The Mayor this afternoon sent a message to the City Councils recommending that measures be taken to celebrate the success of the Atlantic telegraph. Special committees were appointed by both branches of council, to agree upon the programme of the demonstration.

NEW YORK, Aug. 16.—Immediately on the announcement of the Queen's Message being received over the Atlantic Cable, the bells of old Trinity Church struck up a merry peal. The public buildings were decorated with flags and salutes were fired according to previous arrangements. The greatest enthusiasm everywhere prevails at the joyful intelligence of the telegraphic Union of Europe and America.

NEW YORK, Aug. 16.—The Queen's message as received is really genuine and complete, and came over the cable this evening.

ST. LOUIS, Aug. 16, Evening.—The river continues to fall steadily. The Illinois and Missouri are falling, with 4½ feet water in the channel. The Upper Mississippi is swelling slowly, with 8½ feet water on the bar at Dubuquin. The weather is cooler, but is still very warm. There were light showers on Saturday night. Mercury 83 degrees.

ST. LOUIS, Aug. 16.—There is great excitment and rejoicing. The Queen's message has produced a profound sensation. There was a brilliant illumination of the Telegraph Office and O. & M. R. R. depot.

COLUMBUS, Ohio, Aug. 16.—There is great rejoicing here on the successful working of the cable. Bells are ringing, fireworks are being displayed, the millitary are firing salutes and the fire companies are out with bands of music. The streets are crowded with people, and the telegraph building is brilliantly illuminated by 600 lights.

LOUISVILLE, Aug. 16.—The reception of the Queen's message was announced by a grand display of fireworks by the Directors of the Telegraph Co. Great enthusiasm prevails. All doubts of the telegraphic communication across the Atlantic are thoroughly dispelled. The city authorities are making preparations to celebrate the event.

CINCINNATI, Aug. 16.—On the receipt of the Queen's message all the bells in the city were rung for an hour. Forty-seven salutes will be fired and in the evening there will be a general illumination. There is great rejoicing.
