55 SERENADE .-- A jovial party were serenading our office, the other hight, with a "Dutch or-gan," on the strength of the success of the lay-ing of the Atlantic Cable. Whether they in-tended it as a compliment we do not know.— They appeared to have been "up the ladder and down the sable," and we did not think the music was appli-cable to the occasion, though the spirit of the affair was very manifest. We leave a great Field for speculation on the subject. A DEAR FROLIC .- It is stated that a resident of Pitt township, living near the city line, after of Pitt township, living near the city line, sites, attending the telegraph celebration, went home, crazy with liquor, (which he rarely uses,) and abused his wife very badly. To prevent her from leaving him, which she threatened to do, he promised never to do the like sgain, and going before Ald. Daft, made a formal transfer to his wife of \$1700 worth of preperty. Cavour .- James Willett, charged with committing an outrageous offence upon a little girl, eleven years of age, daughter of Mr. John Pickworth, of Johnstown, and who made his escape worth, of Johnstown, and who made his escape at the time, was arrested on Saturday by the Mayor's police, near Lawrenceville. He was engaged as gardener at Locust Grore Seminary. He will be immediately returned to Johnstown.

The Han of the Herele Era, and His Hearw. Editors:—Colonel James A. Gibson, I am afraid, is an unappreciated man. The County is not awake to the value of one of its choleest acquisitions. Constituents are not aware of the Saul among their prophets—of the Cheeps among their pyramida. It may be a melancholy fact—it is a melancholy fact,—but is it to be wondered at, and not charged to the weakness of human judgment, when we reflect how opinion lags so far short in a true estimate of the Honorable Joseph Barker and other such unsies, destined to live in history when (as Lord Byron once similarly remarked) Webster and Calhoun are forgotten?

Thomas Williams is an individual of keener instinct than common, and eyes the invaluable worth to closed No. 5. The parties were brought up under an act of assembly passed last winter, the provisions of which are very rigid.

Church Edward from the Carifician Adoccate that the Birmingham M. E. Church, commenced last fall by Rev. H. D. Fisher, now of Leavenworth City, Kansas, is almost ready for dedication. It is a beautiful brick edifice, with a fine steeple, and located on one of the most eligible sites in that borough. Bev. G. A. Leaman, the present pastor, is superintendingthe work. The new Asbury Chapel M. E. Church, is sing as if by magic. A short time ago, it was stated, the work of excavation was commenced—now the brick work of the first story is completed. The building will have the largest, audience room, with one exception, of any Methodist church is the city. The pastor, Rev. W. A. Bell, though in feeble licalth, is doing much toward this great undertaking. The Duqueene borough M. E. Church, under the effectent pastoral charge, is progressing finely. The stone work of the bisement's nearly completed, and ample provision has been made for the early finishing of the structure, at a cost of about three thousand dollars. The building is 43 by 153, two stories high. Tux place to secure a saucer of delicious Ice Cream, to cool off in a well ventilated and luxurious saloon, fitted up in the peaters style, the place to enjoy an hour's chat with your wile or sweetheart, while sip-Tolice. Difficult Sunder Effect — About a week since, a little boo of Mr. Burns, of the Sixth Ward, aged about fire years, while playing with some companions; put an old copper cent in his mouth, and while typing to prevent the boys from getting; it—they having playfully, attempted to take it from him, he swallowed it, and it lay for six days in the duct at the orifice of the side and back, and Dr. Gallagher was called in to relieve him. By the aid of instruments, the Doctor managed gradually to abatrace it, rolling it over and over until it finally emerged from the threat, and the boy has entirely recovered from the effects of the dangerous occupant of his theres.

WILLARD HANVEY & CO. ALEGED MAIL ROBBER.—Officer Bernard Dougherty, Deputy U. S. Marshal, brought to this city, Saterday, a young man named M. Henderson, charged with robbing the mail.—It is alleged that the prisoner, who was engaged as a mail carrier, between Saltsbarg and some other point in Indians county, availed himself of his position to rife the letter bags committed to his care. Some thirty letters, all of which had been broken open, and those which contained money rifled of their contents, were found in his possession. He was committed to jail, and will be tried at the September term of the U. S. District Court, which meets in this city.

coldness and tendency to stiffness, papitation of the heagit

in addition, falling of the womb, and great pain in that re
