☞ The Associate Synod of North America will meet at Cannonsburg, in Washington county, Pa., on Wednesday, the 6th day of October, at 2 o'clock P. M.

—JACOBI'S CASE.—The man who stands charged with having murdered his wife was brought before the Mayor for hearing yesterday, (Wednesday). Mayor Stuckrath was sworn as an interpreter, Jacobi professing not to understand English. Mr. Stuckrath stated to Jacobi, at the request of Mayor Weaver, that he had now a privilege of making any statement that he saw fit, and cautioning him with great care not to say anything whatever that might implicate himself. Mayor S. told Jacobi what Mr. Weaver asked him, and Jacobi absolutely refused to make any statement whatever. We may add that throughout the whole examination that followed, Jacobi never winced, but took the whole thing as coolly as if he were eating a dinner.

Mr. Herwig, keeper of the hotel where Jacobi stopped, was first sworn, and made a full statement. We published the whole of it once before, and it accorded word for word almost with what Mr. Herwig stated yesterday. It is unnecessary to re-publish it, except the very last part. The statement of Adam Tubsant, however, presents some new points, which we publish, likewise:

Mr. Howard and Selbeneck counsel for the prisoner, cross-examined Mr. Herwig:—I don't know whether he had any friends here, he said he had no friends here: my bar-keeper who was raised within six miles of Jacobi, asked him: *"Hast du Freunde hier,"* and he answered—*Nein.* The Sunday after Jacobi had gone a man named Jacobi came to my house from Sligo, and said he was a cousin to this man (the prisoner,) who worked there two years, some ten or twelves years ago.

Adam Tubsant sworn—saw this man stop at Herwig's: I drive a horse wagon for Mr. H.: it was the 7th or 8th day of July: showed him Troy Hill: he went there about 9 A. M., and came back between 5 and 6 in afternoon: came home and ate supper: was about half-past 7 he went away to walk with his wife: she said she was going to take a little walk: I was on the watch that night: he came home between 1 and two o'clock and knocked at the door: asked him who was there and he said "one of your customers:" opened the door and he came in: asked him where is your wife and he said she is all right, I left her with some people who are acquainted with us: I asked him why he didn't stay with his wife and he said he wanted to be with his children: he then went to bed.

Next morning he asked if he could not go away this morning, and I said yes. He would give me some money if I could get him away on the first train as he must go on that train: I helped him and got him on the emigrant train, and the cars left in about five minutes. The cross-examination elicited nothing new. Witnesses were called to show that the dead body of a woman had been found at the time and place as often previously described.

The dress found on the dead body was shown to Mr. Herwig. He did not identify the clothes; her clothes were like those shown. The clothes were then shown to Adam Tubsant, but he would not undertake to identify them.

Mr. O'Neal being sworn, identified the clothing.

Barbara Zang, sworn: Became acquainted with Jacobi, on his voyage from Germany; identified the prisoner as the man; know some of Jacobi's wife's clothing; the shawl found with the dead woman was shown and identified; shoes produced identified immediately.

Cross-examined: She had a shawl like that one; think it is the same shawl; has no particular mark by which to know that it is absolutely the same; there is no particular mark on the shoes, but they are exactly like the ones she wore; they are in every respect similar.

The counsel for prisoner then called Nicholas Shaefer:—Am a German, but speak English; was acquainted with Jacobi ten or eleven years ago, for two years, with him and his brother; he was a laborer; lives on rolling mill; had a pretty good character; have not known him since that time; never heard anything against him until this; I lived in Birmingham for 14 years.

Christian Jacobi was then fully committed to stand his trial at the October Court, on a charge of murder.

SERIOUS RAILROAD ACCIDENT.—Last evening about seven o'clock, as we learn from passengers who came down on the train, a serious accident occurred on the Allegheny Valley Railroad, at Black's Run; about a mile and a half above Hulton's Station, and about fourteen miles from the city. It appears that as a train of three cars, in charge of conductor G. M. Alexander, was returning to this city, loaded principally with persons returning from the Tarentum Camp Meeting, when near the place mentioned, by some breaking of the coupling the hind car, (filled with passengers) was detached from the train, and pitched down a steep embankment some twenty feet, smashing the car into countless fragments, instantly killing a Miss M. A. Kincaid, daughter of Mr. J. T. Kincaid of this city, and injuring more or less about twenty persons. Miss Kincaid's parents were on the train with her, and were themselves considerably bruised and injured. The body of the unfortunate young lady was brought to the city on the train about eight o'clock last evening.

We are informed that the scene of the casualty was frightful—with the screaming and moaning of those who were injured, and the anxiety of those who were not to find relatives who were in the car—persons searching for husbands and brothers, wives and sisters, fathers and mothers, sons and daughters, and other near and dear ones, with whom they had been serving in the cause of Christ, but a short time before, on the camp grounds at Tarentum—and in the gloom of evening and the confusion and excitement of the moment, unable to recognize whether the loved ones were among the living or the dead, the wounded or the uninjured. At first, when bodies were lying in every direction, and people were beginning to recover a little from the effects of the shock, it seemed as though about half the people in the car were killed; but as search and inquiry and search could be made, and the unfortunates gathered into the care, it was found that there were not more than twenty injured, many of these but slightly. We give the names of the wounded, as we have procured them: Peter Shota, Allegheny, Mrs. Louisa Wilson, Mrs. Lewis, James Rockaby, Rev. Mr. Lynch and wife, Edw. Hazleton, Miss M. E. Wright, Mr. and Mrs. Dr. John Perchment, Mrs. Thompson and two children, Miss Holmes, Robert Donelson, wife and son, and Mr. John Cowell and wife, all slightly hurt. Mr. and Mrs. Meyer, injured, and having limbs broken.

The officers of the Company took charge of the injured, and conveyed them all to their homes, doing all they could to alleviate their sufferings. The officers are exculpated from blame by the passengers. The Coroner went up last night to make an examination, and had not returned at a late hour.

THE Board of Control of Allegheny met upon special call at the instance of the Committee on Writing Teachers, on Tuesday evening.

Dr. Brown chairman of the Special Committee appointed on Writing Teachers, reported and nominated Miss Martha H. Johnston, Teacher of writing, for the First Ward; Miss E. J. Bennett, Teacher of Writing for the Third Ward, and Mr. C. C. Cochran Writing Teacher for the Sandusky Street School House in the Fourth Ward, at salaries of $400 each, and Mr. Wm. M'Clelland, Teacher of Writing in the South Canal Street School House, and in the Colored Schools at a Salary of $250.

On motion of Mr. Boyd, the report was accepted and the nominations were confirmed.

Mr. Marshall moved that the Second ward be allowed the one-fifth of the whole amount appropriation for the Writing Teacher.

Mr. Reed moved as an amendment that Miss Lecky be elected as a Writing Teacher for the Second ward.

The amendment was accepted and the motion, as amended was agreed to.

No other business of importance was transacted.

TWO TO ESTEEM: By Mrs. Emma D. E. N. Southworth, Philadelphia, T. B. Peterson & Co., 306 Chestnut st.*

This is a new novel from the prolific pen of Mrs. Southworth, and judging from the favor shown to her other works, it will prove a popular one. She is a pleasant writer of fiction, and although a little given to extravagance in the management of her stories, they are always eagerly read through by those who commence their perusal. The "Two Sisters" is a story of southern life, abounding in the characters which she sketches so finely; and novel readers will find it a very entertaining and deeply interesting work. For sale by Hunt & Miner, Masonic Hall.

POLICE ITEMS.—Mayor Stuckrath committed Sarah Hall, charged with assault and battery, on oath of Catharine Stone.

Joseph Fisher was before Ald. Donaldson, on a charge of malicious mischief, on oath of H. Carson. He was committed for trial.

"NOBILITY" IN TROUBLE.—John Austenmyer appeared before Ald. Parkinson, yesterday, and made oath charging a man who represented himself as "Baron Adolphus Von Long" with stealing a boarding house, goods from him under false pretenses. The accused was arrested and committed for trial.

MEETING OF THE STOCKHOLDERS OF THE P., FT. W. & C. R. R., AT BOARD OF TRADE ROOMS.—At half-past two, on motion of G. W. Cass, Esq., Kent Jervis, Esq., of Massillon, O., was called to the chair. Augustus Bradley, Secretary of the Co., was chosen Secretary of the meeting also, on motion of Mr. Cass. The latter gentleman submitted the report of the Secretary for the six months ending June 30. Mr. Bradley read the report, which was quite voluminous. It set forth the facts that the company had entered into arrangements with the Penna. R. R., by which the P., Ft. W. & C. R. R. will be finished by the 1st of October.

The report of the examining committee was also read. From the limited time allotted to the committee for their examination they report their inability to fully comply with the resolution under which they were appointed. They had made such an examination, however, as to convince them that no chance is opened for fraud in keeping the accounts, owing to the system of checks and balances which has been established.

The Auditor's account was also read, being a mass of figures, weights of engines, number of miles run by each engine, etc., etc. It was not read in full.

Major Willock submitted a newspaper, containing a letter stating that the stockholders were to be charged for coming to the city in the cars to attend the meeting. Maj. Willock moved that the stockholders be permitted to pass free on all such occasions. Major Willock said that he had offered such a resolution at the last meeting and it carried.

J. Edgar Thompson said that if any such resolution had passed he should take immediate measures to have it rescinded. Major Willock said that he had no doubt free passes had been abused by Presidents and others, but as to the Stockholders they ought to have the privilege of coming free to their meetings.

Mr. Cass said that he knew a resolution had been passed to the effect which Mr. Willock had stated, but it referred only to the coming to the annual meetings and not to the others.

Mr. Hutchison and Mr. Dill, the gentleman who was opposed to "supernumeration" and "typing" six months ago, made a speech in favor of free passes for stockholders and opposed to giving them to others.

Mr. Larwill, of Wooster, O., said that he did not understand the resolution adopted at last meeting as referring to any meetings but the annual. As to giving steamboat captains free passes, they were probably given for good reason, to induce them to recommend their road. He was in favor of giving passes to ministers of the gospel.

Mr. Dill spoke again. He said that "incompetent officers had fleeced the stockholders out of the hands of the railroad." Men had been paid $75 per month for doing nothing, and that is what has fleeced the road.

Mr. Hutchison hoped that Mr. Thompson would raise the road to such a condition that its credit might be good for a quart of molasses and a dozen of brooms.

Mr. Street offered a resolution against free passes to any, except to those working the road, and the stockholders at their annual meeting.

On motion of Mr. Larwill the whole matter was laid upon the table.

On motion of Mr. Cass an examining committee of three was appointed, in accordance with the By-Laws of the Company.

Mr. Dill offered a resolution that the President of this meeting appoint a committee of three to ascertain and report how much money has been paid to employees when off duty.—Carried.

Mr. Hutchison offered a resolution that a committee of three stockholders be appointed to examine into the conduct of Jos. H. Moore, Sup't. of the P., Ft. W. & C. R. R. Resolution was declared lost and a division was called for but not taken.

Mr. Hutchinson called attention to the fact that a resolution was offered at the last meeting that a book be prepared, and the names of every man registered there who receives $600 and over, per annum of salary from the road.

Mr. Cass said such a book had been made but nobody had ever called to see it.

Mr. Hutchinson said he had called on that gentleman (pointing to the Secretary,) and he told him that the book was at Crestline.

Mr. Dill to Mr. Cass:—Didn't I call on you and you said the book was at Crestline.

Mr. Cass:—No; I never said so, for the book was never there.

Mr. Dill:—Why yes I did Mr. Cass: don't you remember?

Mr. Cass:—No I never said so.

Mr. Dill:—Well, I yield because you are an older man than I am, but I am not convinced.

Mr. Cass:—

"Convince a man against his will,
He's of the same opinion still."

The meeting then adjourned *sine die*.

CAPT. THEODORE F. WRIGHT died on Tuesday evening, at his residence in Franklin township in the sixty-fifth year of his age. He was seized with quinsy, about two weeks since, and grew gradually worse; a malignant abscess, the immediate cause of his death, forming upon his neck. Mr. Wright resided for a number of years in Pitt township, and but a short time since he moved to his farm in Franklin township. He had almost an universal acquaintance, and his demise will be the source of profound regret to a large circle of friends. He resigned his commission as Captain of the Washington Infantry a month or two since, having been connected with the corps in that capacity from its organization.

The funeral will take place from the residence of his father, John Wright, in Pitt township, to-morrow at ten o'clock. By request of the family, there will be no military demonstration.—*Dispatch.*

At a meeting of the Washington Infantry, last night, the following resolutions were passed:

WHEREAS, it has been the will of Divine Providence to take from our midst our esteemed brother and fellow soldier, Captain T. F. Wright, yet in the prime of life,

Resolved, That the family and friends of the deceased have our sincere condolence, in the death of one who was highly esteemed as a true citizen, a dutiful son, loving husband and kind father.

Resolved, That the members of this Company wear crape on their left arm for thirty days, and that our armory be draped in mourning.

Resolved, That we attend the funeral of our late brother soldier in carriages and citizens' dress.

Resolved, That a copy of these resolutions be presented to the family of the deceased, and that the same be published in all the daily papers.

TARENTUM CAMP MEETING.—On Tuesday the 31st inst., the Rev. L. R. Beacom, pastor of the M. E. Church; Temperanceville, Pa., occupied the stand at the 8½ A. M. service, taking for his text the eighteenth verse of the third chapter of the second epistle of Peter. The sermon was plain, pointed and gave much satisfaction. The Rev. S. P. Woolfe of this city—at 10½ A. M.—preached with much acceptance and profit from the text—2d Cor. 13:11. Early in the afternoon, the Rev. W. Taylor discoursed from the three last verses of the fifth chapter of Hebrews and part of the first verse of the sixth chapter. The sermon was one of unusual power. In the evening the Rev. S. R. Brockunier of Wheeling, Va., preached from the text—Isaiah 53:5. At the close, penitents were invited forward to the altar of prayer.

Wednesday the 1st inst., the services of the day—at 8½ A. M.—were opened with a General Class Meeting for the recital of religious experience. At quarter past eleven o'clock, the Rev. J. D. Cramer, of Bridgewater, Pa., discoursed from the twenty-fifth verse of the seventh chapter of Hebrews. The sermon was highly instructive.

EXPLOSION IN A COAL PIT—TWO MEN KILLED.—Coroner Alexander on Tuesday evening held an inquest upon the bodies of two miners killed by the explosion of gas in one of the pits of the Little Saw Mill Run Railroad Company, in Chartiers township, about four miles from the city. Two men had been idle for some time, and, as is supposed, under the impression that work was to be resumed in a few days, they entered the pit in which the explosion took place for the purpose of removing slate.

The men were not seen to enter, but two men seated at the mouth of the pit were alarmed about four o'clock by the air rushing out. Immediately after some persons went into the pit and discovered one of the men lying dead. Going forty yards further in, the body of the other man was found. Their names are George Berrion and George Quance.—They had with them open head lamps, which, coming in contact with the gas, caused it to explode.

The Coroner having impanneled a jury and inquired into the case gave a verdict in accordance with the above facts.

BURGLARY.—On the night of the 31st ultimo, the Water Cure establishment at Hayesville station was entered by burglars, about 2 o'clock, A. M. They went into the sleeping apartments of quite a number of the patients, and were not discovered until one of them entered the room of Mr. Hurford; the proprietor, who was awakened by the noise. He immediately asked, "Who's here," when the burglar replied, "All right—I have only missed my room;" but at the same time leaving for an outside door through which he had come in. Mr. H. gave him chase for some distance, but did not succeed in capturing him. The thieves managed to get about $5,00 in money and a fine breast-pin, belonging to Mr. Thomas Mitchell, of Pittsburgh. They left a new chisel on the porch, which they can have by calling for it.

SENTENCED.—At the late term of the Criminal Court of Westmoreland county, James Messick was sentenced to the Penitentiary for five years, Samuel Shrader for three, and John Miller and Joseph Fisher for two years each. The quartette

SOMERSET.—The Somerset *Herald* gives the following report of convictions at the late term of the Court in that county:

"Benjamin F. Johnston, convicted of assault and battery with intent to kill, was sentenced to twenty months' imprisonment in the Penitentiary. In resisting the execution of a warrant he had struck Jeremiah Woy, constable, of Wellersburg borough, upon the head with a clubbed rifle, inflicting a dangerous wound. Ben has always been somewhat of a desperado, and the people of Wellersburg are well rid of him.

Benjamin F. Swallwood plead guilty to the indictments charging him with stealing the horse of Valentine Steckman and the horse and buggy of Jas. H. Benford & Co. On the first charge he was sentenced to one year and nine months' imprisonment in the Penitentiary, and on the second to one year's confinement in the same institution.

"On Wednesday morning Sheriff Swope took the prisoners to Pittsburgh, and lodged them in the Penitentiary."

THE TWENTIETH DISTRICT.—Mr. Hurd, of the Brownsville *Clipper*, contradicts the statement that he had retired from the field as an independent candidate for Congress, and acquiesced in the nomination of Mr. Knight of Washington. He says he is still on the track, but is entirely willing to withdraw whenever Mr. Knight or any other Republican shall be regularly nominated by the District. He contends that the action of the Washington county conferees, who alone brought out Mr. Knight, is not binding on Fayette and Greene counties; "that three conferees cannot nominate for nine, nor one county for three."

SERIOUS ACCIDENT.—A son of Maj. D. Williams, of Latrobe, aged about 10 years, fell from an apple tree on Friday last, causing a bad fracture of the thigh. Drs. Coulter and Donnelly, we understand, were called upon and set the broken limb.—*Greensburg Herald.*

An old man named Bauman, aged nearly 80 years, was found drowned in the creek near the fair ground, at Canton, on Saturday last. He had served in some of Napoleon's wars.

A REMEDY FOR HOT WEATHER.—The very best remedy for this hot weather is to drop in at Bown's, Federal St., Allegheny, and treat yourself to a saucer of their delicious Ice Cream, or a glass of sparkling Ice cold Mineral Water, flavored with the choicest of Syrups, and drawn from a fountain in excellent order. Their stock of Cakes and Confections are of the best description, manufactured from good material, and got up in the neatest style imaginable. Give them a call.

THE place to secure a saucer of delicious Ice Cream, to cool off in a well ventilated and luxurious saloon, fitted up in the neatest style, the place to enjoy an hour's chat with your wife or sweetheart, while sipping the cooling and healthy luxury, the place where the best of cakes and confectionary, family bread and Ice Cream are made and sold, the place is OLIVER'S, St. Clair st., near Liberty.

A LARGE and elegant stock of new style coatings, pant stuffs and vestings, now manufacturing at Carnahan's, Federal street, Allegheny City. Buyers will be pleased with the variety, and the rates at which are low for cash.

WHAT the New York City folks say of Dr. McLANE'S CELEBRATED VERMIFUGE, manufactured by Fleming Bros.:

This is to certify that I am well acquainted with a man who has been afflicted with worms for nearly fifty years of age, for many years I resided in the family from what came, unless I was worm. He told his attending physician his suspicions, but the physician declined to attend him any more, but could not tell what was the matter with him. He told his attending physician his suspicions, but the physician declined to attend him any more, but could not tell what was the matter with him. He told his attending physician his suspicions, but the physician declined to attend him any longer. His son then mentioned Dr. McLane's Vermifuge, and asked him to get it and make it, his reply was—I must make something to get relief, and did.

They at once procured a bottle of Dr. McLane's Celebrated Vermifuge, took one half at one dose. The result was, he passed upwards of five *quarts of worms*, cut to every form. He got well immediately, and has enjoyed good health; and, like the good Samaritan of old, is endeavoring to relieve his afflicted fellow-mortals. He makes it his business to hunt up and visit his neighbors similar to his own, that may be given over by regular physicians, and induces them to try Dr. McLane's Vermifuge, so far he has induced more than twenty persons to take the Vermifuge, and in every instance the most happy results. He is well satisfied that Dr. McLane's Vermifuge is far superior to any other known remedy, and that if more generally known it would not fail to save many valuable lives. For further particulars inquire of Mrs Hardie, 124½ Cannon street, New York City.

☞ Sufferers be careful to ask for DR. M'LANE'S CELEBRATED VERMIFUGE, manufactured by FLEMING BROS. of Pittsburgh, Pa. All other Vermifuges in comparison are worthless. Dr. M'Lane's genuine Vermifuge, also his celebrated Liver Pills, can now be had of all druggists throughout the country. *None genuine without the signature of* FLEMING BROS.

au31:d&wly

A Republican Convention was held in Mariposa County, Cal., on the 25th ult.—the first ever held in the county—to send delegates to the approaching State Convention. The *Mariposa Gazette* says: "This meeting was called really to Democratic Conventions—records with evident surprise that all the thirty Delegates present were unarmed.

Col. John C. Fremont was unanimously suggested as the Republican candidate for Governor in 1860.

THE State Democracy of the State of Delaware have re-nominated William G. Whiley for Congress. Dr. Burton of Milford is their candidate for Governor.

"THE RELIEF" afforded by Dr. J. Hostetter's "Stomach Bitters" in all cases of Dyspepsia and similar affections has given that valuable preparation a high popularity among those who for years suffered from such ailments. As a safe, reliable tonic and invigorant, its effects on the system, its history is one almost of miracles, one to which the Hostetter public puts forth confidence and credit. Indeed, no remedy ever acquired popularity as the Doctor's "Bitters," which are ever regarded as a certain cure for distress of stomach. Those who have tried it speak praisingly of its fine stock, and therefore can commend it to general use. The "Bitters" are free from anything calculated to prove injurious to the system, or objectionable to the patient.

Sold by druggists everywhere, and by HOSTETTER & SMITH, Sole Proprietors, Nos. 58 Water or 56 Front sts.

GALVANIC BATTERY, OR ELECTRO MAGNETIC MACHINES, for Medical purposes, of a very superior kind will be sent free of Express charges, wherever an Express runs, for the remittance of Ten Dollars. Address Dr. GEO. H. KEYSER, No. 140 Wood st., Pittsburgh, Pa. ap26:dawly

Telegraphic.

PHILADELPHIA, Sept. 1.—The weather is most delightful, and notwithstanding that the celebration of the success of the Atlantic Telegraph has been gotten up by private citizens, witmont the least participation of the city government, from the extensive preparations being made for the occasion, it bids fair to go off with great eclat. A large number of hotels and stores on Chestnut street were handsomely festooned with British and American flags, mammoth transparencies being fitted up. There will be three separate and distinct processions, military and civic, during the day, and firemen's torchlight in the evening. A national salute was fired at sunrise, and another at meridian. At nine o'clock, the State House, church and fire bells pealed forth, and a time of general rejoicing commenced. The streets were thronged rapidly.

The processions formed and passed through the principal streets with the civic procession included and a few of the Niagara's crew. At noon the impressive exercises in Independence square were opened with prayer by Rev. Dr. Nevin. Letters were read from President Buchanan, C. W. Field, and a large number of others. Hon. Wm. D. Kelly followed with a powerful oration during the exercises. The American and British flags were brought forth on the platform and conjoined with the Cable. This ceremony was attended with great applause.

A motto was displayed bearing this inscription: "Franklin, Oersted, Morse, Field—God sends his lightning to bless the union of the Old and New World with intelligence, peace, and prosperity."—Mrs. Stephens' odes, received by telegraph, were chaunted at the proper reason. The rooms of the Corn Exchange and Board of Brokers are closed to-day.

The Board of Trade send the following to the Boards of Trade of the Union: The merchants of Philadelphia in celebrating the laying of the telegraph cable connecting the continents of Europe and America, extend through their Board of Trade congratulations on the auspicious event, earnest in the desire that it may dignify commerce and be the means of extending their blessings equally to the whole earth. (Signed) LOUIS BLONDET, Sec'y. of the Board of Trade of Phila.

ST. LOUIS, Sept. 1.—Frank P. Blair, Jr., has given notice that he will contest the right of J. Richard Barrett to a seat in the 36th Congress, from this district.

Paul Emile Desdun, a Colonel in the Haytien army, and M. Montford, the head of a commercial house in Port-au-Prince, have arrived in this city. The object of their presence in this country is to induce negroes to emigrate to Hayti.

The river is about stationary at this point. All the upper streams continue to recede. The weather is clear and pleasant.

The Republican publishes a private letter to a gentleman of this city, giving an account of newly discovered gold diggings on South Platte river. The writer of the letter examined the country for several miles around and expresses the opinion that from $5 to $6 per day can be obtained by several hundred men without further discoveries.

The Fort Bridger correspondent of the Republican says that the 4th Infantry and company of sappers and miners were under Lieut. Duane, arrived there Aug. 4th. The departure of the 4th Infantry for Walla Walla, Oregon, is delayed in consequence of insufficient supplies of clothing and provisions.

The Utah Indians were committing depredations.

NEW YORK, Sept. 1.—It is a most beautiful day for the season, with a clear sky, warm sun and a cooling southwest breeze. Preparations for the grand fete had been going on in Broadway nearly all night, and at early morning the most thoroughfares presented a most animated appearance. Flags and temporary balconies are plentiful along the whole route marked out for the procession through the city. Waving flags, appropriate devices and mottoes, are more numerous than ever before on any one occasion. Many buildings in Broadway are gorgeously decorated, and most lavish preparations are made for the evening illuminations. Haynwout's warehouse alone will show over eight thousand elegant lighted lights. People began to flock into the city from the suburbs at an early hour this morning, so that before nine o'clock Broadway was crowded to excess.

The grand grand telegraph banquet does not take place until to-morrow, when it will come off at the Metropolitan Hotel. The Mason Island have arranged with the American Telegraph Company to have electric instruments in the banqueting hall during dinner, to send despatches to all parts of the world.

NEW YORK, Sept. 1.—*Evening.*—The day continued fine throughout, and the enthusiasm came of according to the programme, with less excitement than might have been reasonably anticipated from the extent of the preparations, and the vast concourse of people assembled to witness the show. The procession was very long and surpassed in appearance everything we got up here. The military made a very brilliant display, and several regiments which joined in the line were greeted with cheers on all sides along the whole line of march.

NEW YORK, Sept. 1.—The Royal Mail Steamship Arabia sailed at noon to-day with 70 passengers and $300,000 in specie.

WASHINGTON CITY, Sept. 1.—The National Hotel, together with the telegraph office therein, was splendidly illuminated, displaying dark transparencies. Brown's Hotel, the Associated Press rooms and several other public and private establishments were also illuminated in honor of the success of the Atlantic telegraph. Flags were flying in prominent parts of the city, and rockets were fired, enlivened by music, &c.

LONDON, Sept. 1.—Cyrus W. Field, New York Directors are on their way to Valentia to make arrangements for opening the wire to the public. They propose to go through the cable to you and your fellow citizens, their hearty congratulations on your joyous celebration of the great international work.

CHARLESTON, S. C. Sept. 1.—The *Mercury* contains the States Attorney General's opinion regarding the Africans on board the brig Echo, to the effect that the Africans can be retained by the United States Marshal and are not subject to the laws of South Carolinia.

CINCINNATI, Sept. 1.—The entire telegraph building with 700 varieties of lights, which made a splendid appearance. Adams' Express office was also illuminated. There was no other demonstration.

DETROIT, Sept. 1.—William A. Howard in the 1st and Henry Waldron in the 2d Congressional districts were re-nominated to-day. The Democratic State Convention will meet here to-morrow.

CLEVELAND, Sept. 1.—The car factory of J. B. Page, in Wayne, Ashtabula co., was destroyed by fire last night. The loss exceeds $20,000.

AUGUSTA, Ga., Sept. 1.—There is a pleasing excitement here this evening. Bonfires are kindled and bands of music are parading the streets.

PUMPS.

JEFFERY'S PATENT DOUBLE-ACTING PUMP, with INDIA RUBBER BALL VALVES, designed for Cisterns, Wells, Railroads, Mills, Steamboats, &c. Also, as Garden and Fire Engines.

These Pumps will throw from *twenty to five hundred gal lons per minute*, and from their simplicity of construction, are less liable to get out of order and are more easily repaired than any other pumps.

Having been appointed agent for Allegheny county by the patentee, I am prepared to furnish any of the above Pumps as Fire Engines, and shall be pleased to have any one desirous of purchasing call and examine them at my Warehouse.
