Resolved. That men who fail to express their
belief in the principles of the Democratic party
should not hold office from those they seek to
lefame, as it is more manly to reject than bebelief in the principles of the context and older of hold onto hold office from those should not hold office from the context as the state of the same and its more multy to reject than betray.

Resolved, That we are in favor of an establishment of a workhouse, where vagrants and others committed for petty offences may be put at work in place of sending them to jail, where idenses and vice are supported at the expension of the tax payers of the county. This reform is demanded by the snormous sums yearly drawn from the county trassary by the Sheriff and others in taking charge of eity offencers.

Resolved, That we feel warranted in expressing the opinion that no place in the West contains more inducements for establishing the contains more inducements.

Resolve defame, as it is more meanly to reject that out-tray.

Resolved, That we are in favor of an estab-lishment of a workhouse, where vagrants and others committed for petty offences may be put at work in place of sending them to jail, where idleness and vice are supported at the expense of the tax payers of the county. This reform is demanded by the snormous sems yearly drawn from the county treasury by the Sheriff and others in taking charge of oily offenders. on majority.

These resolutions were adopted without a lissenting volce.

Charles Barnett then read a resolution as folwa:

Resolved, That we doom it inexpedient to
ominate a ticket and we hereby adopt the tick-Resolved, June 10 minute at the tick-ominate a ticket and we hereby adopt the tick-t nominated on the 18th. Mr. Korr moved the fellowing proviso: Mr. norr moves have subscribe to the platform Provided, That they subscribe to the platform this day adopted.

Mr. Umbestater then spokes. He protested against the charge of their being disorganizers, against the charge of their being disorganizers. They came here to reboke the men whe had dared disorn the Democratic faith. He went for the platform of Jefferson; he was opposed to any and all innovation upon the secred principles of Democracy. He was for his part willing to vote the ticket mominated by the Democracy, as he believed that the candidates were sound in all matters, even though they had said mothing on mational matters. He could vote the ticket without endorsing the platform. They came there to endorsing the platform. They came there to day to put themselves right before the world, and the proviso was adopted of Mr. Barnett and the proviso was adopted.

James Miller, shoemater, in Second street, while while we called the wreature with a companion, dislocated in the country lead fractured his left elbow, the fracture extending into the joint. Dr. McCook was called the dared dispute the direct the both these cases of the direct the object to both these cases of the direct to both these cases of the dared his left, elbow, the fracture of the object the direct the both these cases of the direct to both these cases of the direct to both these cases of the dared his left, elbow, the fracture of the object that the condition in the factor of the west of the was only an attempt of the provisor of the was only an attempt of the provisor of the was only an attempt of the provisor of the was only an attempt of the provisor of the was only an attempt of the provisor of the was only an attempt of the provisor of the was only an attempt of the provisor of nem con.

Capt. Hazlett moved that a committee be appointed by the chair to accertain whether or not the candidates will accept the platform adopted the candidates will eccept the platform adopted by this convention. Mr. Umbatastier was opposed to this resoluby this convention.

Mr. Umbatasiter was opposed to this resolution for he had so much confidence in the pure and sound democracy of the ticket which had been nominated first by the Democracy and safetwards by the "anal-tax" Convention that afterwards by the "anal-tax" Convention that afterwards by the "anal-tax" Convention to the was willing to go it blind. The adoption of the resolution would be only to play into the hands of the analy, and he was one of those who balleved that a sed Democrat was better than a good Republican. We can best them (the than a good Republican) sasily this fall if we will but come to the work unitedly and vote the ticket while to the work unitedly and vote the ticket while to the work unitedly and vote the ticket while to the work unitedly and vote the ticket while to the work unitedly and vote the ticket while to the work unitedly and vote the ticket while the pure Buohanna platform which they here pure Buohanna platform which they here pure Buohanna platform which they here presented, and if they did not they could not have his vote. [Applause.] Kerr asked Capt. Havilat to withdraw his resolution (see above) that he might offer one. Capl. This was adopted, and fuse to support to day. This was adopted, and resolutions to day. This was adopted, and thereupon the Convention adjourned size dis.

After the adjournment Dr. McCook made some tampore remarks to the drowd in which he delimined terms, the administratory terms.
