Pres. . REFORMOAN MEETING AT THE EIGHTH WAND. -On Monday night there was the greatest meeting of Republicans in the Eighth Ward that has been in this city since 1856. There were 2000 people on the ground, and the greatest en-thusiasm prevailed. J. J. Siebeneck, a German gentleman, of this city, a man of a sterling quali-ties of head and heart, opened in a speech in the German tonges. Mr. S., as we were told, was exceedingly happy in his remarks, and those to whom the speech was specially directed were highly pleased. He is one of the old cam-paigners, and stumped the Wilmot District in 1850. He is one of the most promising lawyers at our bar. this undertaking. Karl Formes being like Jenny Lind, equally famed as a singer of secular as well as of the highest style of Based Music, and the Orstories of Handel and Hayda, the pro-grammes will consist of Oratorios, English, German and Italian Songe and Airs, with Orchestral Accommander

1860. He is one of the most promising lawyers at our bar. After him Gen. Moorbead, T. M. Marsball, and J. M. Kirkpatriox, Esgas, addressed the meeting. Between the specches as band enliven-ed the immense audience with capital music. The Republicans of the Eighth Ward are ready for the conflict and will put bogus democracy to the rack in October.

The Secretary of the Atlantic tolegraph says in a letter to the Press that intelligible signals cased on the morning of the 3d. The cause was unknown. A corps of practical electricians were at Valentia in-vestigating the matter. The quotations of Atlantic telegraph abares were quite nominal at 400,6500 and no sales. The Times thinks that this is only one of those casualties to which the cable must be liable till measures are completed for the protections of the portion near the shore.
