TO ADVERTISERS.—During the ensuing week the Pennsylvania State Fair, with its many attractions, together with the dedication of the Odd Fellows' new Hall, will attract a very large concourse of people. It is confidently expected that we shall have 100,000 visitors in the city during next week, most of whom will be here for several days. It is fair to presume that these 100,000 people will put in circulation during the few days of the Fair $500,000; they will have an opportunity of seeing our manufactures and other merchandize—some of them for the first time—and it is for our merchants and manufacturers to say whether they desire to secure a share of this custom or not. An advertisement in the *Gazette*, costing but a small sum, may secure a portion of this trade, by bringing prominently before country and city *readers* the wares of the advertiser. Try the effect of a little printer's ink.

THE ENCAMPMENT.—The banner which was to be the reward of the company outside of the county which should bring into the encampment the largest and best disciplined company, was awarded to the Monongahela Artillery, of Washington county, Capt. R. F. Cooper.

Capt. J. S. Negley, of the Pennsylvania Infantry, in presenting the banner, said:

Fellow-soldiers of the Monongahela Artillery:

It is with unfeigned satisfaction I undertake the pleasant duty of presenting you a tribute to your military talent, soldierly conduct, and efficient discipline. Allow me to embrace the occasion to remind you of the priceless value of the gift I am about to confide to your keeping. The Indians chased the panting deer through the woods which covered our present camp ground, while the smoke from his wigwam curled up unheeded, where now you see the breath of the "artizan's giant," when this emblem of the country's greatness was dedicated by a virtuous patriotism to the Genius of Liberty, and given to our warriors as a symbol of their faith.—Since then it has been carried in triumph through a pathless forest to the shores of the Pacific. Its silken folds have rustled unfettered in the balmy breezes of the Orient, or kissed fearlessly the towering icebergs of the Polar Sea. It has received alike the homage of the Eagle of France, the Lion of England, the Crescent of Turkey, and the Nepaul of the Montezumas. Beneath its stars and stripes we have acquired a military splendor which places us side by side with the proudest military nations of Europe. As we gaze upon its glossy surface it reflects warm beams of patriotism into every American heart, and fills our bosoms with emotion, while we think of the surmounted perils of the past, and the unrecorded glory of the future.

Its honors have ever been cherished by the men of Pennsylvania. It is around me many old comrades who remember well the whelp about that was given by her sons when the "red, white and blue" was run up over the Castle of San Juan, or proclaimed victory from "Telegraph Hill," at Cerro Gordo, or cheered the little band at Puebla, when it sent the defiant answer to Santa Anna, that "We Pennsylvanians have never surrendered, and do not know how to surrender." Should a stranger ask me if they were true to their trust, I would direct him to inquire of the guardian at *Campo del Muertos*, over against Pueblo; or come with me to where their ashes repose unmarked in the Allegheny Cemetery; or ask the old veterans of the "Scott Legion" have not their deeds made the pages of our history succinct?

Take this flag, with a soldier's blessing. It was the last legacy of your patriot fathers. May you ever preserve the untarnished honor of Pennsylvania."

Capt. Cooper responded in a very appropriate speech. The banner presentation being over, and the other necessary duties of the day up to the hour of one o'clock being finished, the companies took up their line of march for this city. They numbered 421 men as they passed the corner of Fifth and Smithfield Sts. There were two companies of cavalry, one of artillery and the rest were infantry and rifles. They had a very long route to travel, were covered with dust and looked a good deal the worse for wear before they got through.

The anticipated sham fight did not come off on Wednesday. Col. Snodgrass feared there might be an accident and some loss or injury to life or limb. We believe the encampment is to break up to-day.

REPUBLICAN MEETINGS.—Our information from the meetings held by our country friends is all of the most cheering kind. The meetings are everywhere large and enthusiastic, showing that the right spirit prevails.

On Wednesday night a meeting was held at Logan's Ferry, which was one of the best of the season. The large room in which the meeting was held was filled to its utmost capacity.—John Stewart, Esq., presided, and Dr. Allen acted as secretary. Stirring addresses were made by Messrs. Mofit and T. M. Watson, of this city, and the meeting adjourned in excellent spirits.

On Wednesday afternoon, a fine meeting was held at Reps School House, Elizabeth township. John King, Esq., presided, and the meeting passed off quite pleasantly. The turn-out was large, embracing the bulk of the substantial and intelligent farmers of the neighborhood. In the evening, another meeting was held at Round Hill School House, in the same township, over which Edmundson, Esq., presided. This was a rousing, and showed that the right spirit prevails among the gallant Republicans of Elizabeth. Both of these meetings were ably addressed by Messrs. Mopehead, Collier and J. H. Miller.

On the same evening, a very large meeting was held at Warren's tavern, Franklin township, which was addressed by Robert McKnight and R. B. Carnahan, Esqs. The staunch Republicans of that and of the county turned out with spirit, and the best of feeling was manifested for the entire ticket.

Last evening, meetings were held at New Texas, Plum township, which was addressed by Messrs. Moorhead and Penney; at Springdale, East Deer township, at which speeches were made by Messrs. McKnight, Carnahan and Wilson; and at Saxonburg, in Chartiers township, which was addressed by Messrs. Brown and Hurd. We shall speak more at length of these meetings to-morrow.

To-night, meetings will be held at Monroeville, Patton township, at 8 o'clock, P. M.; at Bridgeville, Upper St. Clair township, at 5, P. M.; at Sharpsburg, at 7, P. M.; and at New Mexico, Plum township, at 7, P. M.

DREADFUL ACCIDENT.—Any one who has passed under the new Birmingham bridge will have a vivid idea of the height at which it shoots across above the surface of the water at its present stage. On Wednesday night a young man named Daniel Day, while attempting to cross this bridge on the loose boards laid for a temporary walk, missed his footing and fell a distance of at least fifty feet to the rocks below, killing him, as is supposed, instantly. At day rate the dead body of the unfortunate man was found on the rocks at the base of the pier next the Pittsburgh abutment on Thursday morning, and the verdict of the Coroner's jury was "accidental death." Mr. Day was a citizen of Birmingham.

KENWOOD SCHOOL.—The Fall examinations of the pupils of this school will be held to-day, between 8 o'clock A. M. and 2 P. M., when the present session closes. The boys who reside at Pittsburgh will return home on Saturday morning, by the Accommodation train.

JOSEPH P. TAYLOR.

THE Dauphin County Agricultural Fair, Harrisburg, closes to-day. Horace Greeley, Esq., delivers the address. We see this fair reported by telegraph, in the *Tribune* and other eastern papers as the "Pennsylvania State Fair." The latter, as all know, meets on next Tuesday, 28th instant.

ALLEGHENY COLLEGE, MEADVILLE, PA.—We understand that Allegheny College opens the present session with a larger number of students than have been present at any fall term for several years. The College is in a very flourishing condition.

THE rush to make entries and secure stands and stalls at the Fair ground still continues. The Superintendent, Capt. John Young, Jr., is now erecting an additional range of stalls, the demand being so urgent.

THE friends of the row-boat M. P. Cassady RAN a supper last night at Stahl's Hotel, to the crew that rowed her in the late race. About fifty persons participated.

THE CONCERT.—The City Hall, last evening, presented a brilliant picture of the youth, the beauty and the fashion of Pittsburgh. Only a great occasion can draw such an audience in this city. The orchestra itself is a great feature in this troupe. It combines many of the finest performers in the world, on the various instruments, and in some of the glorious strains from Haydn or Beethoven we get a new idea of the scope and power of musical instruments in the hands of masters.

Of the chief personage among the vocalists there could have been last evening but one opinion. The range of M. Formes' voice is greater than that of any person we have ever heard or read of. It is now as soft and sweet as a woman's, and anon it has the ring of a trumpet or the deep intonations of the heavy peal of an organ. Yet whatever he sings, wherever he wanders in the wide realm which opens before him, his manner is so simple, so natural and therefore so appropriate, that even if he were not a great master he would be a welcome performer. He seemed, moreover, last evening, only to suggest what he could do if he chose. He is a man who, in his profession, appears always to have more in reserve, and to retain thousands of flowers in spite of those he has showered in graceful profusion among his auditors.

Miss Andem was very well received and won considerable applause. Mr. Perring has a full, manly, copious voice, and sang with great ease. He also won his share of the plaudits of the evening. The concert, as a whole, was a complete success, and M. Formes was encored so often that it looked at last almost like cruelty.

Of Mdme. Schuman we are unable to speak, as severe indisposition forced us from the Hall at the end of Part I, in which she did not appear.

An entire new programme is offered this evening, with all this talent to carry it through triumphantly. We point to the programme in another column. A glance over it will show a combination of attractions such as was never before offered to the public. Read it.

On Saturday evening, new attractions will be offered. An oratorio is marked for that evening, in the performance of which some of our best home talent will unite with this troupe. We shall have somewhat more to say of this at another time.

WASHINGTON COLLEGE.—The exercises connected with the fifty-second annual commencement of Washington College were introduced on Sabbath morning, the 12th inst., by the baccalaureate sermon of Dr. Scott, the President of the College. All the exercises are reported to have been highly interesting.

The Degree of Master of Arts was conferred upon the following gentlemen, Alumni of three years standing: Rev. Robert Alexander, Wm. M. Alrich, A. J. Barr, J. S. Boyd, S. A. Fairall, Jas. J. Kuhn, J. H. Little, J. M. Martin, Geo. M. Porter, Wm. M. Stewart and Geo. W. Spargrove.

The Honorary Degree of Master of Arts was conferred on W. C. A. Lawrence, Esq., Harrisburg, Pa.; J. B. Johnson, Esq., Cumberland Co., Pa.; Rev. C. J. P. Varro, Washington, Pa.; Rev. Silas Johnson, Ohio; and Rev. R. H. Byers, Houston, Texas.

The Degree of Doctor of Divinity was conferred on Rev. Cyrus Dickson, of Baltimore, Md., great Rev. Loyal Young, of Butler, Pa.

The Washington Cemetery Company have given for the use of the Alumni Association of Washington College, one of the best lots in their grounds. Formal presentation was made in a speech from our friend R. H. Kounts, and accepted by a beautiful and appropriate speech by Rev. James Brownson, Prest. of the Alumni Association. All the exercises of the occasion appear to have afforded much pleasure to the people of Washington.

GRAND RALLY OF THE DEMOCRACY.—BURKE'S ECLIPSES HIMSELF.—A democratic meeting was called to meet in Mifflin county on Tuesday night last. The aspiring Burke and his twenty-five-dollars-for-Harrisburg-expenses Gibson got into a buggy and drove up, expecting a tremendous rally; but when they got there they found no meeting, and after waiting awhile *two* solitary individuals arrived, *neither* of whom will vote for Burke. Both of the speakers made a speech, but the objorgations were so emphatic that we decline to insert them. It *must* have been this meeting which made Gibson look so solemn next day.

—Another grand rally took place on the same day at Deer Creek. Mr. Williams, with his one three buggy loads of attendants, went up, but found themselves *minus* a meeting. A tender-hearted Republican told them that rather than have such a mine, *he* would gather them a meeting, and he soon drummed up a dozen or more respectable Republicans, who listened to Williams' speech from him no further heed. They kindley told him, at parting, that she *wanted* to see a meeting, to come to the *Republican* meeting at Deer Creek on Saturday, the 25th, when 200 and over will gather to hear M'Knight. We rather incline to belief that Williams will not go.

HOMICIDE.—We have to record the commission of another homicide in our vicinity. As far as we could learn, the facts are as follows: Late on Wednesday night, two Irishmen named Chas M'Guire and ——— Kehoe, were carousing at a low groggery kept by Pat. Hughes in Baldwin township, near Watson's Coal Works, quarrelled and struck M'Guire, from behind, as is alleged, with a slung-shot, fracturing the skull badly. Drs. Walter and Wolff were immediately summoned, and abstracted the pieces of skull from M'Guire's brain, but he only survived until about noon on Thursday. He was a man of family, residing in Millersville, above Brownstown, and was engaged as "checker" at Watson's coal railway. Kehoe left for parts unknown immediately after the blow was given, and has not yet been arrested.

SYNOD OF ALLEGHENY.—The Synod of Allegheny (Old School Presbyterian) held its preliminary session for Ecclesiastical exercises in Dr. Swift's Church in Allegheny city, on Thursday. A large number of clergy and other duly constituted members of Synod were present. A prayer-meeting was held during Thursday afternoon and the opening sermon was preached last evening. The regular business of the Synod will open this morning, and we shall endeavor to keep our readers advised of its operations in as full and intelligible a manner as possible.

AMUSEMENTS.—The opera troupe is still drawing great crowds at Masonic Hall. They give their audience fun and fancy, wit and humor, puns and pathos, so that every body gets something to suit his case. See their bill for to-night.

Porter's Theatre is in full blast, and draws nightly crowds to see the Hutchinson Brothers and the other fine shows that abound there.

DAYBOOK DUCK, a Man of our Day. By Charles Lever. T. B. Peterson, Philadelphia, Hunt & Miner, Pittsburgh.

We have read a few chapters of this interesting story which was first published in the country in Frank Leslie's Newspaper, and concluded to finish the story when published in book form.—It is publishey from advanced sheets, and will well repay perusal.

SMITHSON was held over for further hearing on next Saturday week, the physicians being unable to pronounce Miss Henry out of danger.

A PROPER HERNIAL APPLIANCE.—We invite those of our readers interested who may be visiting the city next week to attend the Fair, to call at the Medicine and Truss establishment of our friend Dr. Geo. H. Keyser, of No. 140 Wood street, where they will find every variety of instruments that can be manufactured for the relief and cure of that terrible disease, *Hernia or Rupture*, as well as an assortment of all kinds of supporters used in the cure and relief of various conditions involving the health of the human body. Dr. Keyser has given that branch of medical science his particular attention for half a score of years, and can assure those who may happen to observe this notice, that he has spared no pains or expense in bringing to perfection every instrument used for the cure of those diseases in which mechanical stays and props are considered useful. Hundreds of our citizens linger out a miserable existance of impaired health, from rupture and other causes, which are easily remediable by an application to Dr. Keyser, or some of the valuable medicaments which may be found at his great Medicine Depot.

M'LEAN'S VERMIFUGE—FLEMING BROS. sole Proprietors.

No remedy ever invented has been so successful as the great worm medicine of Dr. M'Lane, prepared by Fleming Bros. of Pittsburgh. All who have used it have been equally astonished and delighted at its wonderful energy and efficacy. To publish all the testimonials in its favor would fill volumes; we must therefore content ourselves with a brief abstract of a few of them.

Japhet C. Allan, of Amboy, gave a dose to a child 6 years old, and it brought away 85 worms. He soon after gave another dose to the same child, which brought away fifty more, making 135 worms in about 12 hours.

Andrew Downing, of Cranbury township, Venango county, gave his child one tea-spoonful, and she passed 177 worms. Next morning, on repetition of the dose, she passed 112 more.

Jonathan Bonghman, of West Union Park county, Ia., writes that he is unable to supply the demand, as the people in the neighborhood say, after a trial of the others, that none is equal to Dr. M'Lane's Vermifuge.

Messrs. D. & J. W. Colton, of Winchester, Ind., happened last spring to get some of this Vermifuge. After selling a few bottles, the demand became so great for it that their stock was soon exhausted. They state that it has produced the best effect wherever used, and is very popular among the people.

☞ Purchasers will be careful to ask for DR. M'LANE'S CELEBRATED VERMIFUGE, manufactured by FLEMING BROS. of Pittsburgh, Pa. All other Vermifuges in comparison are worthless. Dr. M'Lane's genuine Vermifuge, also his celebrated Liver Pills, can now be had at all respectable drug stores. *None genuine without the signature of*

NEW YORK, Sept. 23.—A despatch received this morning from Trinity Bay states that the Ocean Cable is in good order again, the electrical current passing through as perfect as ever.

[SECOND DESPATCH.]

TRINITY BAY, Sept. 23.—We can at last announce the gratifying intelligence that the Atlantic Cable is again in working order. Good electrical currents have been passing through the line for the last three days, and though we are not informed of the transmission of any specific message, it can be stated with accuracy that the signals received from Valentia are as perfect as ever. It is hoped that the cable will be ready for business in a few weeks at the farthest.

HALIFAX, Sept. 23.—Ship Rosenath arrived here. She passed, September 15th, in lat. 45° 12' long. 41° 48', a large red bottom steamer on fire.—She was evidently American built. A ship was alongside. Afterwards the captain of the Rosenath hailed the ship and was answered that there was nobody on board of the steamer—could not learn the name of the burning vessel. The steamer City of Baltimore sailed from New York on the 9th and ought to have been somewhere in that latitude by the 15th. She is red bottomed, but is a screw steamer. The only other steamer from New York likely to be near the spot indicated, is the North Star, which sailed on the 11th; but she is copper bottomed.

WASHINGTON, Sept. 23.—A private letter from an officer on board the U. S. sloop-of-war Dale, dated Porto Praya, August 17th, states that the health of the African squadron was generally good. The Dale had sailed for a cruise off the Southern coast of Africa, and is to return in December. A seamen had been sent to the United States as a criminal, and Surgeon Sherman has been dismissed from the squadron by court-martial.

The visit of the Postmaster-General to New York has reference to the selection of a site for the Post-office.

HEADI HEADI HEADI.—"To afflicted read," the follow-ing: Helmbold's cure of over 20 years' standing:

H. T. HELMBOLD—*Dear Sir*:—I have been troubled with an affection of the Bladder and Kidneys for over twenty years. I have tried various remedies in vain, and at last concluded to give your genuine Preparation a trial, as I had been using it highly spoken of. It afforded me immediate relief. I took three bottles, and I have continued more relief from its effects and feel much better than I have for twenty years previous. I have now entire faith in its virtues and curative powers, and shall do all in my power to make it known to the afflicted. Hoping this may prove advantageous to you in assisting you to introduce the medicine. I remain truly yours, M. MCCORMICK.
