To-Day.—At the time of this writing it is yesterday and the prospect is that to-morrow, i. c. to-day, that will be and is, will be stormy, gloomy, dirty, smoky and uncomfortable, generally. Judge McGiure remarked yesterday, when he was discharging the jury; that he did it on account of the anticipated celebration, and the prospect was that it would be unpleasant. "If," remarked the Judge, "the French had only had sense enough to have left Fort Du Quesno in May or June, there would have been some sense in celebrating it; as it was, however, we would be obliged to take it as it comes?

That is what we advise every body to do to-day, as pleasantly as possible. SUPREME COURT.—Court met at 9 A. M. Present, full bench.
