The services TO-DAY will be conducted by Rev. A. J. Hadsley.

TRIAL OF JAMES M. KELLY.—This case of trial for murder came on again in the Court of Oyer and Terminer yesterday, (Monday.) Kelly was brought into Court in the morning and his counsel then and there put in a plea of "once in peril." This plea was of course very long and contained a great many repetitions, for the law demands that he, through his counsel, plead that he should not be put on trial twice for the same crime. The circumstances of the case were such, however, that this plea was not held good. The District Attorney, Mr. Collier, (who we are glad to see again so well as to be at his post,) demurred to the plea. The Court overruled the plea, entering a judgment of *Quod respondeat*. On being called upon to plead, the prisoner remained mute, and a plea of not guilty was entered for him by direction of the Court. These matters occupied the attention of the Court until time of adjournment at noon.

At two o'clock the job of empanelling a jury was commenced and continued until nearly 5. The panel was entirely exhausted before success crowned these efforts. At last, however, they got the following—

JURY—Alex. McClure, John Gillespie, Wm. Carter, Francis Cinley, James Ewing, Thomas Dixon, Henry Burns, Jos. Crawford, Bernard Reisel, Jos. Armstrong, John Gormley, James Hunter.

Challenged Peremptorily—C. Hershey, Wm. M. Arthurs, Andrew Weible, Wm. Brown, Thomas Hall, Wm. Early, Jno. M'Neely, Jas. Benney, Saml. Andrew, Frederic Fry, Jno. Lytle, Henry Haley, Jas. M'Kee, Jno. Herron, M. B. Hartzell, W. H. Edie, Jno. M'Gowan, Sen.

Challenged for Cause—Mathew Hodkinson, C. R. Johnston, David Anderson, Jno. Andrews, (by Commonwealth,) John Haslett, Jos. Dorrington, (deaf.)

Absent—Saml. M'Clure, Jr., Robt. Lee, Jr., Jno. Fitzsimmons, Jno. M'C. Ludwig, Robert Jamieson, Thos. Founds, Jas. Brady, Simpson Horner, Wm. Beatty.

Excused on Account of Sickness—Wm. M'Kee, Jr., Moses Borland, Ebenezer Curry.

Stood Aside—B. F. Agnew.

The first witness placed upon the stand was—

Dr. A. H. Gross: I was called in the morning after the old man Weisman was killed and found him dead; there was blood on the pillow, floor, entry way, bannisters, etc., made a post mortem examination with Dr. Tindle; found two cuts on the head—one on the top and one on the back of head. Found a fracture from the temporal to the parietal and thence to the occipital bone; sutures of the skull were generally loosened; piece of skull between occipital and parietal bone knocked in and lay upon the brain; there was much extravassted blood between the bone and brain.

☞ We have given Dr. Gross' testimony as a key to this case. It is charged that Jas. M. Kelly, with two others, (one of whom, found guilty of murder in the second degree, is in the penitentiary, and the other having been tried was acquitted,) was present at the house of this old man Weisman, at midnight, and inflicted a blow or blows on his head (of which he languished and languishing did die," on or about the 8th of October, 1857.

Kelly has been once tried and convicted. His trial we reported at the time, as well as the two others who stood charged with him. That is three times this case of blood has figured in the newspapers, and that, we think is often enough. We shall, therefore, hereafter during the progress of this trial, simply keep our readers advised of its progress, and there let the matter rest. James M. Kelly has put himself on God and his country, and if he is innocent he will doubtless be acquitted; if not, not.

THE "MURDER" ON THE MARENGO.—It will be remembered that Mr. Hart, mate of the Marengo, who was up before the Mayor on Saturday, charged by Edw. Reese with having pushed overboard and thus murdered a negro man, gave bail for his appearance on Monday (yesterday) at [illegible]. Yesterday, accordingly, he appeared, and the case was investigated, managed his case with care and judgment. It always appeared to us that Mr. Hart never did that with which he stood charged, but of course it was not our place to say so. Capt. McCallum, the captain of the Marengo, was re-called and gave testimony as follows:

"The water-closet is in the stern part of the Marengo, on the larboard side; the gangways of the boat were covered with ice; the door of the privy opens towards the after part so that a person is it would be unable to see what was going on forward; couldn't see from there what took place on the larboard side at all, even in daylight; I went to bed between ten and eleven o'clock on the night of the occurrence; I sleep in the texas; the mates sleep there too; the watch is changed at one o'clock in the morning; we had a large in tow on the larboard side coming up; I first heard a man was missing next morning."

This testimony will show that Reese must have been laboring under some hallucination at the time in which he alleges the act was performed; as he could not have seen from where he says he was, any thing occuring where he swears the guilty circumstance transpired.

Mr. A. A. Russell was sworn, and testified that Reese came to his office last week, saying that he had been to Kansas and had bought 160 acres of land for $500 he took with him, but being out of money, he wished Mr. Russell to loan him enough to get home to Bedford, which he did. Reese said he knew Russell in Bedford in 1838; came back to my office the next day the worse for liquor; told the story about the murder, which I put no confidence in.

Mr. Rennig, mate of the Marengo, Minas Tindle, Dr. D. W. Shaw and others, were sworn, and testified to the good character of Mr. Hart for peace and quietness. In conclusion the Mayor discharged Mr. Hart, and he left the office with his friends, doubtless very much gratified at the result.

COL. S. W. BLACK SHOT.—We learn that Col. Samuel W. Black, formerly of this city, but at present one of the Supreme Judges of Nebraska Territory, was dangerously wounded with a gun in the hands of a friend, a few days since. It appears that, accompanied by another gentleman, he was out hunting on the prairie, and passing into a clump of bushes with a view of driving some prairie hens from their cover, his comrade, who did not observe his presence, discharged his gun twice in succession, the first load taking effect in the head, and the second in the arm, inflicting two severe, though not dangerous, wounds. His numerous friends here will be rejoiced to learn that it is not likely to be attended with any serious results, and his speedy convalescence was confidently looked for.

THE man John Kohrson, of Mulberry alley, who figured in the newspapers considerably, some time since, in regard to some difficulties with a man who had robbed him of the affections of his wife, has been arrested, lately, on oath of his wife, for surety of the peace. He is separated from her, but on visiting the house she occupied, on Friday night last, he found her paramour there and made a savage attack upon him. Hence the suit.

STOLEN PROPERTY RECOVERED.—Officer Hague, on Saturday afternoon, recovered at a tavern in the Diamond, a carpet sack owned by one of the young men recently arrested for robbing the store of Mr. Skinner in Brownsville. It was filled with clothing and other articles taken from the store and worth in all some fifty or sixty dollars.

RELIGIOUS.—The following interesting items we clip from the Methodist Christian *Advocate* of yesterday:

"The new M. E. Church in the Brawley settlement, on the Oil Creek road, will be dedicated to the worship of God on Wednesday, the first of December, 1858. Services conducted by Rev. H. Kinsley.

The examination at Pittsburgh Female College at the close of the Fall term, takes place on the 3d of December. The parents and friends of the College are invited to be present. The next term commences on the 8th prox.

On the 14th of December a festival will be held at some convenient place in the city, the proceeds of which will be devoted to the payment of the debt yet resting on the Trinity M. E. Church.

DEDICATION.—The dedication of the Bingham street Methodist E. Church, in the borough of Birmingham, took place on Sunday, the 21st inst. The following brief history of Methodism in this place may be allowed:

In the year 1834, when Birmingham was a small appointment attached to Pittsburgh, with a shabby frame building for holding services, Rev. P. M. M'Gowan purchased a lot, and a small, one-storied brick building was erected thereon—at present occupied by our German Methodist brethren. Something over a dozen years ago this building, becoming too small, was exchanged for a more capacious edifice on Center street, belonging to the Presbyterians, who occupied it until it came into the possession of the Germans. During the latter part of last year, the congregation took steps towards securing the present location, which is conceded to be the best in the borough. The Rev. H. D. Fisher, then preacher in charge, undertook the work, assisted by a noble set of laymen, and secured a subscription of $5,000. While the work was progressing he was sent to Kansas, and Rev. Gustavus A. Lowman appointed in his room. Notwithstanding the hard times and other discouraging circumstances, the church was finished sufficiently to be opened for regular service at the time named above.

The building is brick, sixty by eighty feet, two stories high, built with pilasters, and has a steeple one hundred and ten feet above the ground.

In the conferences patronizing the *Pittsburgh Christian Advocate* there were added to the church last year about 11,000 souls."

LARGE quantities of Beef, Pork, and miscellaneous freight are being carried on the C. & P. Railroad for New York and Philadelphia. Yesterday there were 2230 barrels of Potatoes, 238 barrels of Beans and 57 barrels of Apples received here from Buffalo by the propeller Empire, and shipped to J. B. Canfield, of Pittsburgh. This is a heavy consignment of potatoes. A large lot of Beef also went over the road.—*Cleveland Plaindealer, Saturday.*

The receipts of Pork over the Cleveland & Pittsburgh railroad for the week ending on Saturday were 1300 bbls. and of Beef 2100 bbls. The Cleveland packers find it cheaper to ship through here to New York than over the Lake Shores and New York route, notwithstanding the tonnage tax, although Cleveland is directly on the New York route. The receipts of Hogs last week, for shipment east, by the three western roads, were 128 cars—a large increase over the previous year, and showing that the tendency of this traffic is also, is to this point. The Pennsylvania road furnishes western shippers, beyond doubt, the best and cheapest route to the East.

THE following letter from Gen. SCOTT was not received until yesterday:

HEAD QUARTERS OF THE ARMY,
New York, Nov. 8, 1858.

Gentlemen: I am gratified in the receipt of your request that I will share in the interesting exercises proposed for the 25th inst., at Fort Duquesne—the spot where, a hundred years ago, our then infant Western empire may be said to have been baptized in blood.

It would be my pleasure to aid—could my presence contribute anything—in keeping alive among our people the suggestive historical associations of that your letter alludes. But my habitual occupations of duty, and other reasons, forbid the time and travel requisite for me to participate in your celebration.

Wishing it every success, I am, gentlemen, with sentiments of high regard and respect, your obedient servant,

WINFIELD SCOTT.

To Messrs. R. Ernett, J. H. Foster, and others, Committee of Invitation, Pittsburgh, Pa.

Nov. 26.

P-S.—I am deeply mortified to find that the foregoing reply was (by some accident) despatched on the day of its date. W. S.

THE Market Constable, Simpson Moore, was held to bail on Saturday, on complaint of Mrs. Ann Kelly, for an assault and battery on two of her children—a newsboy of six years and a match girl of eleven—who were selling their wares in front of the market entrance: the little girl was flung into the street, under the feet of a horse, and her skirt torn off. Moore threatened to retaliate, so it is stated, by a prosecution against her for selling without license.

SUMNER LITERARY SOCIETY.—The Sumner Literary Society will celebrate their second anniversary at Lafayette Hall, on Tuesday Evening, Nov. 30. The programme which we have received shows a great variety of selections, —orations, dialogues, etc. Young's Brass Band is engaged for the occasion. Some of the most promising young men in Allegheny city take part. Tickets of admission 15 cents. The Sumner Society deserves success, and the liberal patronage of the community.

THE LOST CHILDREN is the title of a most attractive little volume just issued by W. S. Haven, corner of Market and Second streets.—Nothing is over-wrought yet all is sprightliness and animation. The writer deserves the thanks of the community for this contribution to literature and to the cause of humanity. It is a "Plea for the Poor" that must do good. There is not a line which any one need wish expunged nor a sentiment approved by the author that is not refined, benevolent and consistent with piety. *Buy that book.* It is for sale at J. D. Davison's, at W. S. Haven's and at J. L. Read's.

HOW TO GAIN SITUATIONS.—There is one desirable feature of the Iron City College, and one we believe peculiar to it, which we must not pass unnoticed—it makes itself an express and a very efficient agent in procuring situations and occupations for such as it qualifies to hold them.—*Hunt's Merchants' Magazine.*

A GRAY MARE was stolen from Wm. Simpson, on Saturday evening last, from his farm near Mahoningtown, Lawrence county, Pa.

FROM GALIGNANI'S MESSENGER, (PARIS,) JULY, 1858.—An interesting paper on the successful treatment of this dreadful affection, and the allied diseases of scrofula, false mesenteries, etc., by the hypophosphites of lime and soda, has just been presented to the Academy of Sciences by Dr. J. F. Churchill. It has been known that, among the inorganic or mineral substances which enter into the composition of the body, phosphorus is to be met with in considerable quantities, but chemists and physiologists are, as yet, unable to decide whether it is found only as phorphoric acid; that is, in a state of complete oxydation, and, as such, no longer liable to be burnt by the oxygen of the atmosphere, (as, for instance, in the mineral matter of bones) or whether it also exists in a lower state of oxydation, and, as such, capable of keeping up the slow combustion which constitutes one of the principal phenomena of life. Opinions on this point are very nearly balanced, the celebrated Liebig, for instance, stating that it is impossible to decide the question in the present state of chemical analysis, while his chief disciple in England, the late Professor Gregory, Professor of Chemistry at Edinburgh, declares that it is absurd to suppose that phosphorus can exist in the animal frame in any other condition than as phosphoric acid.

Dr. Churchill, by a series of scientific deductions, which it would be foreign to our purpose to examine, came, in 1854, to the conclusion that not only was it necessary to admit of phosphorus, dissolved in the body, in an oxydizable or combustible condition, but likewise that the proximate cause, or at least an indispensable condition, to the existence of consumption or tuberculosis was the waste or the deficient supply of the principle. Hence, he drew the obvious inference, that the means of curing the disease consisted in the restoring of the deficient elements.

For this purpose it was necessary to select some compound of phosphorus, which would be at the same time oxydizable and assimilable, that is, capable of entering into and forming a part of the system. These conditions were found to exist in the hypophosphites above mentioned. Dr. Churchill's views were first made known last July, in a paper presented to the Academy of Medicine, and subsequently embodied in a work on Consumption, which appeared in October. Since then, the author has continued and extended his researches, and his recent communication to the Academy of Sciences is founded on the observation of forty-one cases.

The cure of Consumption, in the second and third stages (at a period, consequently, when there can be no uncertainty as to the nature of the disease,) can be obtained in all cases, by this treatment, except when the existing lesion of the lungs is itself sufficient to produce death. Contrary to the opinion generally received, the third stage of Consumption is, all other circumstances being equal, more amenable to treatment than the second. Hereditary predisposition seems in no way to counteract the effect of the hypophosphites; patients in whom it was strongly marked recovering as rapidly as others.

The paper has been referred by the Academy to a committee consisting of Drs. Serres, Andral, and Claude Bernard, and it is highly desirable that these gentlemen should lose as little time as possible in verifying whether and how far Dr. Churchill's views are founded in truth: more particularly as the author states that the remedy discovered by him has not only a curative effect, but will, if used wherever there exists a suspicion of the disease, prevent its development, and thus act as a preservative with regard to consumption, just as vaccination does with regard to small pox. It is already extensively used throughout the whole of the Continent, and favorable results have been already obtained in France, Germany, Italy and Spain, as well as at St. Petersburg and Constantinople.

We may state also, that, in consequence of Dr. Churchill's discovery, the manufacture of the hypophosphites in Paris, has already attained a considerable degree of importance, whereas, before they were only to be found as chemical specimens in the laboratory. These facts alone, Dr. Churchill contends, are at least a presumption that the remedy is found to be of practical value.

REGULAR MEETING OF COUNCILS.—In Select Council, present: Messrs. Bennett, Berger, Brown, Herdman, Kammerer, Kincaid, Little, Miller, Morrow, McCargo, Pollock, Phillips, Ward and Prest. McAuley.

Minutes of last regular and special meeting read and approved.

Mr. Herdman, from the Third Ward, presented a memorial from the Allegheny Fire Company praying assistance in liquidation of their debts. Referred to Committee on Fire Engines and Hose.

The petition of Andrew Schaub was presented by Mr. Ward, of the Sixth Ward, asking exemption from the tax levied upon him for grading and paving between Fulton and Caldwell street, along a lot which he has recently purchased from Michael Klinefelter. Referred to the Finance Committee.

The President read a communication from the Controller, together with bills of sundry amounts, in all reaching the sum of $828 27, chargable to the Contingent Fund. These bills had to be liquidated before action could be had by Councils, and their action is called for. The nature of these bills were—exchange and discounts to Kramer & Rahm; postage stamps for Treasurer's office; serving notices of assessment, etc.

On motion of Mr. Bennett the Mayor was authorized to certify his warrants in favor of the various individuals named in the report of bills in the Controller's paper above referred to.

In all of which action C. C. concur.

The President read a communication from the Diamond Market Association, with the following resolution:

Resolved, That the Building Committee be authorized to contract for making doors in the front and rear of said building and make the interior arrangements to correspond as far as practicable with the first story of the Market House on the South-east side, and also erect a stairway in the West end of said building in accordance with the resolution of City Councils: *Provided* that the consent of Councils to such alteration and improvements be first obtained.

The policy of adopting the suggestion of the Market House association and agreeing with them in regard to the proposed improvement, elicited quite a spirited discussion, in which Messrs. Ward, Kincaid, Brown, Bennett, Miller, Morrow and Herdman joined. Mr. Bennett moved that the Councils adopt the proposed resolution.

Yeas—Messrs. Bennett, Brown, Herdman, Pollock, Phillips, and President M'Auley.

Nays—Messrs. Berger, Kincaid, Little, Morrow, M'Cargo, Ward.

The vote was thus tied, and Mr. Miller, who was out at the moment the vote was taken, but came in and voting in the affirmative the question was decided in the affirmative.

Council then proceeded to elect the member for Auditing Committee from the Select Council.

On motion of Mr. Kincaid, Mr. Moorhead was elected by an unanimous vote.

An ordinance, relative to the collection of taxes was read three times and passed.

An ordinance supplementary to an ordinance to allow draw backs for prompt payment of taxes for grading and paving, was read three times and passed.

Mr. Miller submitted a resolution to repair Second street between Cross street and a point opposite the Chestnut street, the same being in an impassable condition, and that $100 from appropriation No. 6 be devoted to said repairs. Referred to Street Committee C. C. non-concur and amend by making the appropriation $50, provided the Birmingham Bridge Co. contribute $50—S. C. recede and concur.

An ordinance, authorizing the grading and paving, etc., of Smallman and Main between Carroll and Morris streets. Read three times and passed.

Mr. Pollock submitted the bill of Daniel Little for grading Mulberry Alley between Allegheny and Lumberman's street, $55,75. Referred to Street Committee—C. C. concur. No action not otherwise noted, C. C. concur.

Mr. Kammerer offered an ordinance supplementary to an ordinance granting certain privileges to the Allegheny Valley R. R. Co. Referred to Street Committee. Not acted on in C. C.

Resolution from C. C., on former meeting, taking $400 from Appropriation No. 7, and adding to No. 7, the amount to be equally divided in repairing streets in the two districts was concurred in.

COMMON COUNCIL.—Present: Messrs Bailey, Caldwell, Campbell, Darlington, Dickson, Dignam, Errett, Floyd, Hamilton, Hunter, Jackson, Little, M'Candless, M'Geary, Norris, Reed, Ross, Robb, Sergeant, Sterling, Thompson, Wyld, M'Kelvy, Prest.

The minutes of the two preceding meetings were read and approved.

Mr. Thompson presented a petition from citizens residing on Liberty street, relative to the grade resulting from the alteration of the grade of said street, between 22d and 23d wards &c.

On motion of Mr. Thompson, referred to a special committee of three from the Common and the Select Council, consisting of Messrs. Thompson, Robb and Campbell appointed. S. C. concur and Kincaid and Ward appointed.

Mr. Bailey presented a petition relative to the tax levied for paving on Mulberry Alley, between Factory and O'Hara streets. Read and referred to Finance Committee.

From the same, a petition of like import from citizens on Pike street. Read and referred to Finance Committee.

Mr. Bailey, a communication from James Mackerell, relative to grading on Centre Avenue. Read and referred to Finance Committee.

Mr. M'Candless—A bill presented to the heirs of C. Gibson, for grading and paving on Centre avenue, with the following resolution:

Resolved, That the assessment for grading and paving, charged to heirs of C. Gibson, be referred to Finance Committee. Read three times and passed. S. C. non-concur in these four cases, and refer to Street Committee. No further action was had thereon in C. C.

The Ordinance defining the office of Clerk to Committees, laid over Oct. 26th, came up. A motion to concur in the action of S. C. was lost by the following vote:

Ayes—Campbell, Darlington, Floyd, Hamilton, Hutchison, Sergeant, Sterling—7.

Nays—Bailey, Caldwell, Dickson, Dignam, Errett, Hunter, Little, M'Candless, M'Geary, Norris, Reed, Ross, Robb, Thompson, Ward and McKelvy, Prest'—16.

Robb presented the following:

Whereas, The members of this Council, before entering upon the duties of their respective offices, have bound themselves to endeavor faithfully to discharge under the solemnity of an oath—thereby recognizing their accountability to God—and wishing ever to cherish a proper sense of that accountability so as to act under its influence, and believing that an appeal by prayer to God for wisdom to direct us in the discharge of our difficult and varied duties would have a happy influence in securing this result—

Therefore, Resolved, That our President be requested either to lead us in prayer or call at his pleasure on some member of Council to do so; that we may thus be wisely directed in the management of all interests committed to our care. Read three times and passed.

Mr. Dickson presented the following:

Resolved, That the Finance Committee be authorized to contract for a pair of scales suitable for weighing hay, stock, coal, &c., and have the same placed on Rush street, at the most suitable location; to be paid for out of the revenue derived from the same. Read and referred to the Finance Committee, with power to act. S. C. concur.

Dr. M'Candless presented the following:

Resolved, That a committee of three from the Common and two from the Select Council be appointed to confer with a similar committee from the Councils of Allegheny city, relative to vehicle license.

Read three times and passed, and Messrs. M'Candless, Darlington and Campbell appointed on part of C. C. In S. C. resolution indefinitely postponed.

Council then proceeded to elect two persons to serve on a committee to audit the city accounts, and Messrs. Errett and Campbell were duly elected.

Mr. Sergeant, an ordinance to reduce the salary of the clerk of the Standing Committee.

The ordinance fixed the salary at one hundred dollars per annum.

Mr. Reed moved to amend, by striking out "one hundred" and insert two hundred. The amendment was adopted, the rules suspended and the ordinance, as amended, read three times and passed. S. C. non-concur and amend by fixing the salary at $25. C. C. non-concur in the amendment of S. C. In S. C., motion adhered to, and Messrs. Brown and Bennett appointed a Conference Committee.

Mr. Campbell presented an ordinance providing that after this year there shall be but one Street Commissioner. Laid over on second reading, Councils refusing to suspend the rules.

Mr. Sergeant offered the following:

Resolved, That the Trustees of the Gas Works be requested to erect a lamp post on the corner of Second and Brewery street. Read and referred to Committee on Gas Lighting. S. C. concur.

☞ "THE LITTLE EWE LAMB."—We regret that we have to sacrifice that little ewe lamb of ours, neighbor Bigham. We stated that the first suggestion of the celebration came from Rev. Geo. Duffield. Yesterday morning we acknowledged that the honor belonged to you, and so it does, however, took occasion yesterday to look for the date of Rev. Duffield's letter, and find it July 23d. Subsequently he wrote again, on the same subject, under date of August 4th, and that was the letter we thought bore date of the last of September, but find we were mistaken.

MR. MACKOWN will continue to carry on at his old stand, 167 Liberty street, the Drug business in all its branches, as heretofore carried on by Mackown & Finley. Mr. M. is a first rate man of business, and deserves a liberal patronage.

A LIST of Valuable Stocks will be sold this evening, at the Commercial Sales Rooms, No. 54 Fifth street, by Mr. Davis, Auct., Nov. 30.

FIRE.—There was an alarm of fire at half-past ten o'clock last evening, and the heavens were red away in the direction of Butcher's Run, beyond Allegheny. We started for the place, but on Seventh street met the Neptune Boys coming back, who said that the fire, wherever it was, had been extinguished before they reached the place. We returned on this information.

P. S.—Since writing the above we learn that the fire was in the village of Woodville, Reserve tp., and that it destroyed a soap manufactory, a dwelling house and a small outbuilding. We did not learn the owners name.

JONES—one certain Jones—alias Benny, who exhibited the Panorama of a "Journey to California," in this city, has left for parts unknown, (supposed to be Cleveland,) without settling his printing and other bills. Pass him around.

UNDERWRITERS Sale of Wet Goods this morning at 10 o'clock, and of Cabin Furniture, &c., from the wreck of steamboat Falton City, this afternoon, at 2 o'clock, at the Commercial Sales Rooms, No, 54 Fifth street, by Mr. Davis.

BUYERS of fashionable clothing, either ready made or ordered, will find it to their advantage to examine the stock of J. L. Carnaghan, Federal street, Allegheny city. His facilities for making fine work are among the best, and his prices low for cash.

WHAT, OR WHICH IS THE BEST, VERMIFUGE OR WORM DESTROYER is a question daily and hourly asked by parents, anxious for the health of their children. All who are at all acquainted with the article, will immediately answer, Dr. McLane's Celebrated Vermifuge, prepared by Fleming Bros., Pittsburgh, Pa. It has never been known to fail, and is one of the safest remedies that can be used. Read the cures lately handed us the following statement in reference to this Vermifuge:

NEW YORK, September 25th, 1852.

Gentlemen:—A young lady of my acquaintance had been for a long time very much troubled with worms. I advised her to try Dr. McLane's Celebrated Vermifuge, prepared by Fleming Bros., of Pittsburgh, Pa. She accordingly purchased and took one vial, which caused her to discharge an astonishing large quantity of worms She was immediately relieved of all the distressing symptoms accompanying this disease, and rapidly recovered her usual health. The young lady is now in this city, and can be found at her residence, No. 120 Fifth street, and she refers to Mrs. Hardie, No. 3 Manhattan place.

Dr. McLane's Vermifuge will be careful to ask for DR. M'LANE'S CELEBRATED VERMIFUGE, manufactured by FLEMING BROS. of PITTSBURGH, Pa. All other Vermifuges in comparison are worthless. If M'Lane's genuine Vermifuge, also the celebrated Liver Pills, can now be had at all respectable drug stores. *None genuine without the signature of* FLEMING BROS.

☞ "THE LITTLE EWE LAMB."—We regret that we have to sacrifice that little ewe lamb of ours, neighbor Bigham. We stated that the first suggestion of the celebration came from Rev. Geo. Duffield. Yesterday morning we acknowledged that the honor belonged to you, and so it does, however, took occasion yesterday to look for the date of Rev. Duffield's letter, and find it July 23d. Subsequently he wrote again, on the same subject, under date of August 4th, and that was the letter we thought bore date of the last of September, but find we were mistaken.

MR. MACKOWN will continue to carry on at his old stand, 167 Liberty street, the Drug business in all its branches, as heretofore carried on by Mackown & Finley. Mr. M. is a first rate man of business, and deserves a liberal patronage.

COMMITTEE OF ARBITRATION FOR NOVEMBER.
EDWARD GREGG, V. P.; C. HASWELL, P. M. DAVIS, J. I. BENNETT, J. J. GILLESPIE.

Weekly Review of the Pittsburgh Market.

[Reported specially for the Pittsburgh Gazette.]

PITTSBURGH, TUESDAY, NOVEMBER 30, 1858.

Business is without change—just enough to keep stagnation at bay, and not enough to brag of. We are, however, within sight of relief. On Saturday night we had a heavy fall of snow, succeeded by a heavy rain which continued twenty-four hours without intermission This will give us, we feel almost certain, a coal-boat rise, and impart vigor to all branches of trade. There is, it is estimated, about 6,000,000 bus. coal awaiting shipment, which the people below are as anxious to buy as we are anxious to sell. Large numbers of men, too, are waiting the chance of labor which the transportation of coal affords.

The New York Canals have closed, the cold having been much more intense in that north than here. If the rain should open the Ohio to steamboat navigation, the tide of western freight will set in this direction, and impart an animation to the freighting business that will be as welcome as the smiles of May after a long winter.

There has been no improvement in Breadstuffs during the week, but there has been a visible stiffening up in them and rates active. The latter is growing scarce while the demand continues active. The Southern market has taken away such large amounts that we are likely to find little enough for the West. At Louisville it is quoted at 46@50, but at Cincinnati prices range from 45@50, and at St. Louis from 60@70. In this market sales are making at 50@75 on arrival and to arrive. Potatoes have also advanced, and the Hog specula tors are keeping up the prices of Hogs with a success creditable to their skill.

Money is plenty at bank, where the scarcity of first class paper is a matter of surprise as well as complaint. Scarcely any really prime paper finds its way to the street. The dullness of trade, however, makes money outside of bank really scarce, and we therefore dread a cold, severe winter ere long open and afford an opportunity for business we shall experience a relief that will be as beneficial as the contrary would be injurious.

The Philadelphia Bulletin says:

"There is little or no alteration noticeable in the money market since the close of last week, and the steady rates for the best paper range at 6@8 ₰ cent. ₰ annum; very little of that class finding its way outside the banks, who want first class names to keep their balances."

The N. Y. Com. Advertiser says:

"Prime paper is still scarce, and the best endorsed goes freely among the commission houses at 4@5 ₰ cent, for sixty days, and 4½@5 for ninety days to six months. Single names may be quoted at 6@7 ₰ cent for strictly first class. In the bank the rates are a little more firmly held, and there is probably less anxiety to increase their lines, upon as low terms as were accepted."

The Cincinnati Commercial of Saturday says:

"Intelligence prejudicial to the reputation of the Charleston Bank at Kanawha, based on the r
