UNITED STATES
VULCANIZED GUTTA PERCHA
BELTING,
PACKING AND HOSE.
CHARLES MAGGI,
(Sole Agent for Western Pennsylvania and parts of Ohio, Virginia and Maryland,)
Warehouse No. 7 Wood Street,
PITTSBURGH.

This Belting is introduced to the notice of all requiring belting, as possessing qualities which have never been combined in any other, viz: For its durability, it is not being affected by any ordinary heat, oil, acids, hot or cold water or steam, may be used in any clamp place, exposed to the weather, and even running through water without injury. Owners of Lumber Mills, Manufacturers, Machinists and Agricultural Implement makers are particularly invited to examine it.

The Packing is a most desirable article, will neither stick nor melt, and will prove to all requiring it, the best steam packing ever used. It is made in sheets of any thickness, for every part of the Steam Engine and Boiler; also, Gaskets, Rings, &c. Also, Round Packing, for Cylinder Heads, Pistons and Stuffing Boxes—also, Round Belting of any size and length, all which is warranted neither to stick nor melt. Hose of any size and thickness for fire engines, steam or hot water. No trouble to keep in order, will not rot or mildew—will last longer and retain a better preserve than any other. Abundant reference to those using the above, both here and in the interior of Pennsylvania, States of New York, New Jersey, Connecticut, Massachusetts and elsewhere.

On hand, 300 feet of 2½ inch 5 ply Gutta Percha Hose, suitable for firengines or steam packets. mh10-dly

GAS FROM ROSIN OIL
OR OTHER
FATTY FLUID MATERIAL.
THE HIGH ILLUMINATING PROPERTIES of Gas from Rosin and cheapness inducements have always made them a favorite material for the manufacture of coal gas together with the attention and expense constantly required, and the difficulty, if not impossibility, of entirely separating the naphthalome, deleterious and offensive gases, generated in coal, render the ROSIN OIL APPARATUS cheaper and more desirable in every way.

S. COATES, No. 276 Broadway, New York, has devoted his entire attention to the manufacture and sale of Portable Gas Apparatus, and he respectfully calls the attention of the public to his present complete and efficient machine.

Perfect satisfaction to the purchaser guaranteed in every case. For further information address
