UNITED STATES
VULCANIZED GUTTA PERCHA
BELTING AND PACKING AND HOSE.
CHARLES HAGUE,
(Sole Agent for Western Pennsylvania and parts of Ohio, Virginia and Maryland.)
Warehouse No. 7 Wood Street,
PITTSBURGH.

This Belting is introduced to the notice of all requiring belting, as possessing qualities which have never been combined in any other, viz: For its durability it runs long wheeled by any ordinary belt, oil, acids, hot or cold water or steam, may be used in any damp place, exposed to the weather, and even stumbling through water without injury. Owners of Lumber Mills, Manufacturers, Machinists and Agricultural Implement makers are particularly invited to examine it.

The Packing is a most desirable article, will neither stick nor mat, and will prove to all requiring it, the best steam packing ever used. It is made in sheets of any thickness, for every part of the Steam Engine and Boilers; also, Gaskets, Rings, &c. Also, Round Packing, for Cylinder Heads, Pistons and Stuffing Boxes—also, Round Belting of any size and length, all of which is warranted neither to stick nor melt. Hose of any size and thickness for fire engines, steam or hot water. As Vulcanized Rubber is order, will not rot or mildew—will last longer and resist a greater pressure than any other. Abundant reference to those using the above, both here and in the interior of Pennsylvania, States of New York, New Jersey, Connecticut, Massachusetts and elsewhere.

On hand, 200 feet of 2½ inch 6 ply Gutta Percha Hose, suitable for fire engines or steam packets. no10dly

GAS FROM ROSIN OIL
OR OTHER
FATTY FLUID MATERIAL.

THE HIGH ILLUMINATING PROPERTIES of Gas from Rosin and oleaginous substances have always made them a favorite material for the manufacture of Illuminating Gas. Many Gas Companies use Rosin with coal, in order to supply their customers with a superior quality of Gas.

ROSIN OIL is entirely free from all dross and refuse substances, and yields at once its Brilliant Illuminating Gas.

The present original one of, by its gearing for the manufacture of Gas, put together with the attention and expense constantly required, and the difficulty, if not impossibility, of entirely separating the newly-made, odoriferous and offensive gases, generated in coal, render the ROSIN OIL APPARATUS cheaper and more desirable in every respect.

S. COATES, of 276 Broadway, New York, has adopted his entire attention to the manufacture and sale of Portable Gas Apparatus, and he respectfully calls the attention of the public to his present complete and efficient machine.

Perfect satisfaction to the purchaser guaranteed in every case. For further information address

We are the sole Proprietors and only Manufacturers of
B. L. FAHNESTOCK'S VERMIFUGE
and
DR. R. A. WILSON'S
Tonic, Cathartic and Anti-Dyspeptic
PILLS.

The best cure for worms, either in children or adults, ever offered to the public is that celebrated Vermifuge, prepared by B. L. Fahnestock. Thirty years experience in this line of medicine has given a wide acquaintance that this is an article every way worthy of confidence. As a *cure for worms* it claims to be *unequalled*, and as a merchantable article it is prepared and sold at B. L. Fahnestock's and no other, as the proprietors do not wish to have it confounded with any other article of Vermifuge now in the market.

WILSON'S PILLS have had a more local existence for over twenty years, unsupported by advertising of any kind, and hold at double the price of what they are now sold at, yet with all these disadvantages wherever once they have in use instance failed to render the utmost satisfaction in performing all the requirements of a *valuable family medicine*, and as such are recommended by some of the most worthy and reliable citizens of the land. Hear for instance what Col. Wm. Hopkins, of Washington, Pa., says:

WASHINGTON, January 8, 1858.
Dr. R. A. Wilson, Pittsburgh, Pa:—I have been using your Anti Dyspeptic Pills, when occasion required, for many years, and can truthfully say that I have never found any medicine equal to them in relieving me from affections of the stomach and bowels; they have never failed to relieve me in a few hours headache, and have always left me system in better condition than they found it. I must confidently commend your pills as a safe and highly valuable medicine.
Yours, respectfully, WILLIAM HOPKINS.
