DISTRICT COURT.—The principal matter of interest before this tribunal yesterday, was the decision in the case in which the firm of Ledlie & Ulam were parties. The facts as we have been able to procure them are as follows:—

James E. Ledlie, of the firm of Ledlie & Ulam, glass manufacturers, of this city, on the 27th of July last, executed a bond and warrant of attorney, in the partnership name, for the sum of fifty-nine thousand dollars, to James A. Hutchinson and Edward Simpson, for their use, and that of sundry other creditors, upon which judgment was immediately entered, execution issued, and levy made upon the whole partnership effects of the said firm. Prior, to that date, Christian Ihmsen had a judgment confessed by both members of the firm, to secure certain endorsements, on which execution had been issued and levy made. After Mr. Ihmsen's judgment, and before the execution of the first named bond, the other creditors, including Messrs. Hutchinson, Simpson, Alexander King, John B. Caufield, &c., had granted an extension to Ledlie & Ulam, of two, three and four years. Immediately after the issuing of the execution in the case of Hutchinson and Simpson, Mr. Ulam filed his petition, denying the authority of his co-partner to execute the bond and warrant of attorney, whereupon the Court granted a rule to show cause why the judgment and execution should not be set aside. The case has been argued at great length, and with much care. Our best legal talent has been employed in the matter. Messrs. Shaler, G. P. Hamilton and Wilson M'Candless, were counsel for extension creditors, and N. P. Fetterman and P. C. Shannon, Esqrs., on the other side. The case was concluded as far as the District Court is concerned. The following is the decision:

"It is ordered that the said judgment and execution be set aside, as against Joseph J. Ulam, one of the said defendants; and it is further ordered, that the levy upon the partnership effects of the firm of Ledlie & Ulam, by virtue of said execution be also set aside; and that the execution of said writ or of any subsequent writ, that may be issued on said judgment, be restricted to the individual property of the said James E. Ledlie, and to his interest in the partnership property and effects of the firm of Ledlie & Ulam."

DEATH OF MR. LAYTON.—Mr. John Layton died at his residence on Wylie street, on Monday morning at five o'clock. His age was about 36 years. Ever since we have known him, he has been in some capacity connected with the press of this city. He was at one time a part owner of the *Post*; afterwards he was book-keeper in this, the *Gazette* office, in which capacity he was employed for about four years. From this he went to the *Union*, where he was a partner until that paper was merged into the *True Press*. At the time when the remains of the late Gen. Persifer F. Smith were taken through this city on their way to the East, Mr. Layton was one of a Guard of Honor from the Duquesne Grays to escort the relics to Philadelphia. It was a very cold and blustery trip, and Mr. Layton returned. He was, when in health, a remarkably muscular man; delighted in manly sports, such as cricket, ball and gymnastic exercises. He was an active member of the cricket club, of the gymnasium, and of the famous military company we have named above. He seemed to have an iron frame and an exceedingly vigorous constitution. He was one of the most agreeable of companions, full of wit and hilarity, as genial and kind in his disposition as a child; slow always to take affront, but when convinced that affront was intended, quick to resent it with becoming and manly spirit. These were very much esteemed for these qualities and justly so.

He was elected to the Common Council of the city in 1856, '57 and '58, and his death leaves a vacancy there now. Mr. L. leaves, to mourn his loss, a wife and three children. They have the warmest sympathy in their distress of all who knew the husband and the father. The deceased will be buried from his late residence, on Wednesday at 10 o'clock A. M. The various public bodies of which he was a member, will probably follow his mortal remains to their last resting place.

MR. PASSAVANT'S INFIRMARY.—It will not, perhaps, be considered premature, if we here and now state that the Pittsburgh Gymnastic Association will give an entertainment on the evening of the 30th of this month, the proceeds of which will be given to Mr. Passavant, for the use of the Infirmary. The Association have already given two public exhibitions, when their spacious hall has been crowded by ladies and gentlemen. Of course, when we state the laudable object of their next public display of agility and strength, to wit: to supply the want of an institution in which every citizen takes a pride, all will be present who can be. And we moreover suggest that those who cannot go should buy three, four or half a dozen tickets, even if they should not be used. By that means they will contribute of their substance worthily, and encourage the Gymnastic Association, one of the best institutions in the city. Mr. Passavant has stated in the *Missionary* that $10000 are needed to get him well through the year. At this prohibited will fall on the Christmas Holidays, a time when giving is the order of the day, we have the utmost confidence that it will yield a large sum, perhaps four or five hundred dollars. Money in small sums can find no safer or better channel to the treasury of the Infirmary than that which we have indicated.

TEACHERS' ASSOCIATION.—At a meeting of the Allegheny County Teachers' Institute in August last, Messrs. D. M. Kerr, H. Williams, L. H. Eaton, A. Burtt and W. Dickson, were appointed a Committee to confer with the prominent teachers and friends of Education of Western Pennsylvania, in regard to the propriety of establishing a Teachers' Association in the Western part of the State, and their meeting of which to be held in this city on Tuesday, the 28th of December, at 10 o'clock, A. M. It is thought that the Western part of the State is amply able in point of intellectual strength and the number of teachers which may be brought together, to sustain such an institution as it is contemplated to establish. It is neither the desire nor design that the Association shall conflict in any way with the present State Association. The time of holding the semi-annual meetings of the State Association has been changed from the Christmas Holidays to the Summer vacation, so that the times of holding the meetings of each will in no way conflict. Arrangements are making with the different Railroad companies to issue excursion tickets; a number of active and prominent educators will be present to address the Association. We trust that a large number of teachers will be present, and that the object in view may be successfully carried out.

THE HOLIDAYS.—The near approach of Christmas time begins to proclaim itself about town. The various stores wherein are kept such articles for sale as will answer or are intended for keepsakes are bringing their goods in condition and quantity suited for the time. We look forward, in the midst of this great dearth of paying business, to a little great dearth of pay-which ought to mark and characterize the season of general good will. We open our columns for a fair compensation to all persons who may desire to use them. We shall be happy to hail all old friends and place their names under our Holiday head, as competitors for their share of the business peculiar to this season of good feeling. Let them send in an account of their new invoice. Every body is now balancing in thought, what would make a good and acceptable keepsake, and nothing will so much help in concentrating and fixing upon some article or articles, as a sensible advertisement. The public are looking for such just now.

THE GYMNASIUM.—The members of the Gymnastic Association met at their Hall last evening to take some action in reference to showing a becoming respect to the memory of Mr. Layton, one of their members, who died on Monday morning at 5 o'clock. The meeting was called on the supposition that the funeral would take place to-day. It will not, however, until to-morrow, and the meeting aforesaid accordingly took no action but adjourned until this evening, when a full attendance is requested at 7 P. M.

FIRE.—On Monday night, at about 9 o'clock, a fire broke out in the planing mill of Wm. Dilworth, corner of Grant and Seventh streets, near the Canal, and opposite the Third Ward Public School House. The fire originated in the upper story, among the combustible matter there, and is believed to have taken fire accidentally. The buildings of the establishment were a large three story brick on the corner of the streets before mentioned and several long two story brick on Grant, extending toward Sixth. The corner building was saved. The others, in which were the engine and a large amount of wood work and lumber, were destroyed. The engine, which was a valuable one, was in the midst of the flames. From the yard behind the buildings the full extent of the fire could be seen, and it appeared to be quite serious.

We heard contradictory stories about the insurance. Some said the property was, others that it was not insured. We are unable to state the facts to-night.

The firemen worked with almost superhuman energy, and we never saw water thrown from hand engines with more vigor or precision. The laborers at these ponderous machines deserve great credit for having saved so much valuable property as they did. We heard many complaints about the difficulty of procuring a supply of water, and were told by a fireman that the plug to which they finally succeeded in attaching the hose of the engine to which he belonged, was so much out of order that no small difficulty was experienced in making it work at all. If this be so, it is a matter worthy to be mentioned and blamed. The loss in this fire will range from five to eight thousand dollars. At ten o'clock, when we left the scene of the burning, the flames were almost wholly subdued.

ANOTHER FIRE.—At about eleven o'clock, and just after the engines had returned from the above, a fire broke out in the boarding house of Mrs. Little, corner of Pitt and Liberty streets. It caught in the bay in the house, just back of the house, filling the latter with smoke and the landlady with terror. The engines were speedily on the ground and deluged the premises with water. The damage was but slight.

THE BANQUET AT CITY HALL.—We take occasion to remind our readers that the congregation worshiping in the Ninth Ward Mission Church will give a splendid banquet at City Hall this evening—proceeds to be appropriated to the payment of an oppressive debt. The members of this feeble mission are unable to liquidate the claim, and take this means to enable them to relieve their building from embarrassment. Those purchasing tickets, besides rendering timely aid, will be entitled to a supper gotten up in the best style. Addresses will be delivered by Dr. Reilley and President Barrows. During the evening an excellent band will discourse music. Tickets can be had at J. G. Read's Book Store, 78 Fourth street, and at the door. Doors open at six o'clock and supper at half-past seven.

CHESS.—The chess games with Mr Paulsen are to come off on Friday next, provided the arrangement can be made. Due notice, however, will be given the day previous. We were incorrectly informed with regard to the intended contest with Mr. Paulsen is to play blindfold against ten competitors at the same time. The ten players will play with each his separate board, will oppose Mr. Paulsen and Mr. P. another. Our amateurs here assure us that they are not consider themselves eminently skilled in the game and do not expect to achieve remarkable success. The principal object in inviting the Dubuque champion was to afford the lovers of the noble game an opportunity of witnessing the extraordinary powers which it is proposed to perform on the occasion.

[illegible] mentioned in the *Gazette* of yesterday that a robbery of the clothing store of Mr. John M'Grafty, of Allegheny, had been perpetrated on Saturday night. The amount of goods taken was between three and four hundred dollars in value. The property taken consisted of soft hats, plush vests, cloth coats and pants, and about fifty dollars worth of gloves. The gloves were in a show case, which the thieves carried off, and filled near the South Common Methodist church. None of the goods have as yet been found, and the police have no clue to the perpetrators. Mr. M'Grafty is at present in the east, and the exact amount of the loss is not known.

GOOD WRITING INK.—We have been using *Bozzard's Chemical Writing Fluid*, manufactured by Brinkerhoff & McNulty, Mansfield, Ohio. It is a very excellent article, and is warranted not to mould. At first in putting it on the paper it is of a greenish blue, but afterwards it is of a deep black. This ink will be found serviceable in the counting-room, as it flows freely from the pen, and is carefully put up in stone bottles of convenient size.

THE CENTURY.—Mr. Thomas McElrath, late of the firm of Greely & McElrath, of the New York *Tribune*, proposes the publication of a new paper, of about the size and general appearance of the London *Times*. The first number will appear on the 25th instant, as a Weekly, and as soon thereafter as possible, the Daily and Semi-weekly will be issued. Subscription, $3 per annum.

A REWARD OFFERED.—Thomas A. Scott, Gen'l Superintendent of the Pennsylvania Railroad, offers a reward of three hundred dollars for such information as may lead to the arrest and conviction of the person or persons who, on the morning of the 7th instant, placed obstructions on the track of the Branch Railroad, in the borough of Marietta, for the purpose of throwing off or injuring the trains on said road.

THE fine engravings, from choice subjects, by celebrated masters, to be sold this morning at 10 o'clock, on the second floor of Davis' Sales room, Fifth street, are the most beautiful and artistic ornaments which could be selected for private dwellings. It will be seen by advertisement that they are all elegantly framed, and comprise many of the rarest and most valuable prints to be found.

FURS.—Messrs. Kay & Co. will be displaying on their shelves to-day, a supply of books for the Holidays. Drop in and see them.

THE lovers of good things can have their wants supplied at Bowe's, Federal street, Allegheny, they having just received, direct from the East, a splendid assortment of jellies, assorted preserves, fresh peaches, lobsters, green gages, &c., which they can sell at unusually low figures; having purchased them at the very lowest cash prices. They have also on confectionery, comprising the choicest qualities, which they will dispose of cheap for cash. Their friends and patrons are cordially invited to call, and they will be convinced at once that they cannot do better in other of the cities.

CONGRESSIONAL.

WASHINGTON CITY, Dec. 13.

HOUSE—The House has resumed the consideration of the Judge Watrous impeachment case.

Mr. Clay, of Ky., offered a resolution, which was adopted, requesting the President, if it be not consistent with the public interests, to communicate to the House all the information he may have or which may shortly come into his possession, regarding the recent reported boarding by British naval officers, of American vessels in the Gulf of Mexico.

Mr. Taylor, of La., contended that it was the duty of the House to accuse Judge Watrous of high crimes and misdemeanors, and call upon the Senate to proceed with his trial.

Mr. Maynard, of Tenn., argued on the other side of the question, insisting that there was nothing whatever to justify such proceedings.

Mr. Adrian, of N. J., contended that there was sufficient evidence to find a bill of impeachment.

Mr. Houston, of Ala., said that he would endeavor to obtain a vote on the pending subject to-morrow afternoon.

The House then adjourned.

SENATE—The standing committees were appointed.

Mr. Clingman, of N. C., spoke in favor of abrogating the Clayton Bulwer treaty.

When the Senate met, Mr. Seward moved to dispense with the rules requiring a ballot for Committees, and to take a vote instead. The proposition being read, the vote as to whether the list be accepted not, was as follows: yeas 31; nays 20. Nays: Messrs. Bell, Broderick, Cameron, Chandler, Clark, Collamer, Dixon, Doolittle, Fessenden, Foote, Hale, Hamlin, Harlan, King, Seward, Simmons, Trumbull, Wade and Wilson. Absent: Messrs. Crittenden, Douglas, Fitzpatrick, Houston, Johnson, of Ark., Sumner, Thompson, of Ky., Toombs, Yulee and Mallory.

The following are the changes in the committees: On Finance, Hammond is substituted for Biggs. On Commerce, Chandler for Toombs. On Military, Fessenden for Iverson. On Naval Affairs, Hammond for Evans. On Judiciary, Clingman for Toombs. On Post Office, Rice and Ward for Fitch and Thompson. On Public Lands, Chandler for Broderick. On Private Land Claims, Polk and Shields for Biggs and Kennedy. On Indian Affairs, Rice for Reid. On Revolutionary Claims, Shields is chairman instead of Evans, and Chandler is substituted for Wilson. On Claims, Ward for Polk. On District of Columbia, Wilson and Yulee for Bigler and Chandler. On Patents, Thompson, of N. J., and Toombs for Evans and Yulee. On Public Buildings, Kennedy for Bayard. On Territories, Green is chairman, and the present members are Douglas, Sebastian, Fitzpatrick, Jones, Collamer and Wade. On Contingent Expenses, the members are Wright, chairman, Johnson, of Tenn., and Dixon. On Printing, Fitch is chairman, and Cameron and Clingman are members, but as Clingman declines, the Vice President will appoint another in his place. On Library, Mr. Fessenden is substituted for Hunter. The Committees on Foreign Relations, Pensions, Engrossed Bills and Enrolled Bills, are unchanged.

Mr. Clingman, of N. C., addressed the Senate on that portion of the Message referring to the Clayton Bulwer treaty. He said while we are talking about the Monroe doctrine, Great Britain has applied the Monroe doctrine to ourselves. The scope of his remarks were that the Clayton Bulwer treaty must be abrogated, and thus liberate the hands of the government.

The Senate Pacific Railroad Bill was called up by a vote of 30 against 18.

Mr. Gwin, of California, took the floor.

Latest from Europe.

NEW YORK, Nov. 13.—The steamship Persia has arrived, with Liverpool dates to the 27th ult.

Nothing has been heard of the missing ship Indian Empire.

Lord Napier's recall had not been officially announced, but the Daily News understands that he is to be appointed to the Berlin Mission. His successor will succeed to the title of Lord Lyon on the decease of his father.

Five miles of the shore end of the Atlantic cable had been successfully laid and spliced to the deep sea portion.

The Galway steamship line has contracted for three new steamers of the first class, to be ready next summer.

The trial of M. Montalembert occupied only half a day. M. M. Berryer and Dufaure made brilliant, able and most spirited speeches in his defence.

The London papers publish the heads of the arguments, but the French journals are silent, with the exception of saying the result of the trial, which was a conviction. He was sentenced to six months imprisonment and a fine of 3000 francs.

The publisher of the Correspondent was sentenced to one month imprisonment and 1000f fine. The result caused a slight depression of funds in Paris and London.

The death of Admiral Lyons is announced.

Senor Jose Antonio Po has been appointed Captain-General of Cuba.

Cuba is to remain at Havana till the Mexican dispute is settled.

The Peruvian elections have resulted largely in favor of the new Ministry.

The Bank of Frankfort has reduced the rate of discount to 4 per cent.

LONDON, Dec. 26.—The bullion in Bank has increased £141,000; Money market is easier; Consols 93.

It was considered certain that the steamer Great Eastern would make her first trip to Portland about the middle of next summer.

The Board of Trade returns show a decrease as compared with the exports of October, 1857, of £1,500,000.

It was stated that one of the young princes of the Royal family of England would visit Canada.

The Canada papers are regretted by the friends of the enterprise that the remaining two miles of cable at Greenwich were not brought to Valentia. Daily evident the result would have been satisfactory, after passing the spot where the shore end of the cable terminates which is now in the moon, in their anxiety to continue under-running the small cable, they severed a kink which left the conducting wire exposed to the sea. The defective part was cut out. It is probable other defects have not been discovered had they proceeded. The shore end has not been tested since it was laid down.

COMMERCIAL.—*Liverpool Cotton Market, Nov. 26,* —The sales of Cotton for the week were 48,000 bales, including 500 on speculation and 2500 to exporters. The middling qualities have declined 1-16; inferior 1-8. The sales on Friday were 6000 bales, 1000 of which were for speculation and exports.

Liverpool Breadstuffs Market.—Breadstuffs are dull. Flour is very dull and prices earlier, but the quotations are unchanged.

Provisions manifest a declining tendency. Lard is firm at 54s.

The London Money market is slightly easier. Console 93⅜. American securities are unchanged. Illinois Central shares 28@26 per cent. discount.

Latest from California.

NEW YORK, Dec. 13.—The steamship City of Washington has arrived, after a boisterous passage of eighteen days. The steamship Moses Taylor arrived off New York about noon yesterday, with the mails and treasure that had been transferred to the mission at Panama.

The Gila River mines are yielding largely, and the emigrants are flocking in from all quarters. The excitement along the route is intense. No hostile Indians have yet been seen.

The previous rumors of their depredations are denied. Pardee expressman, having in charge the President's message, was met four miles on this side of Fayetteville, in Arkansas, about twelve hours ahead of time. This is the worst part of the whole route, and he had to abandon the coach at Fayetteville, and proceed by daylight on horseback until he became physically exhausted, when some employees of the company took the documents, and pushed on with all possible dispatch.

NEW ORLEANS, Dec. 13.—Senator Douglas left this morning on the steamer Black Warrior, for New York, en route for Washington. He was escorted to the steamer by the Mayor and a concourse of citizens. A salute of one hundred guns was fired, and great enthusiasm was manifested by the people.

ROCHESTER, N. Y., Dec. 13.—Fifteen prisoners escaped from the jail last night, by sawing five iron bars with a saw made of a watch spring, and lowering themselves into the Genesee river.

Telegraphic Markets.

Mess Pork declined to $17 and was offered future delivery, from the country, with no buyers. Bulk meats declined to 5½ and 7¾ for February delivery, and closed nominal with no buyers. Lard sold at 10½, being a decline of ¾c, closing dull. Green Hams sold at 9½, and closed nominal with no buyers. The weather continues damp and cloudy. Money market unchanged; exchange firm at ½ per cent premium for Eastern.

ST. LOUIS, Dec. 13.—Passengers by the overland route state that no great was the rush for seats that applicants adopted the course of deciding by lot who should take passage. Upwards of one hundred applications were made this trip, and as high as one hundred dollars premium was offered for seats.

The Gila River mines are yielding largely, and the emigrants are flocking in from all quarters. The excitement along the route is intense. No hostile Indians have yet been seen. The previous rumors of their depredations are denied. Pardee expressman, having in charge the President's message, was met four miles on this side of Fayetteville, in Arkansas, about twelve hours ahead of time. This is the worst part of the whole route, and he had to abandon the coach at Fayetteville, and proceed by daylight on horseback until he became physically exhausted, when some employees of the company took the documents, and pushed on with all possible dispatch.

The genuine has the name of HENRY SANFORD blown in the bottle.

ONE of the most pleasing, at the same time effective remedies for Dyspepsia, and all other disorders arising from a disordered condition of the Stomach and Liver, and the whole system, but by giving tone to the organs of digestion, aids the them in their healthy performance. All who have tried it acknowledge its excellence and superiority over all other remedies. The sufferer in Hostetter's bitters has found a friend indeed, which he certainly unequaled by any benefactor now extant. It is therefore unnecessary at this time to do more than direct attention to the above preparation, which is certainly unequaled by any besetting station that its wide-spread reputation fully proves sufficient to satisfy all of its excellence as a relief and remedy for all diseases of the stomach.

Sold by druggists and dealers generally, every where, and by HOSTETTER & SMITH, manufacturers and proprietors 58 Water and 55 Front sts. del1:d&wT

COMMITTEE OF ARBITRATION FOR DECEMBER.—ISAIAH DICKEY, W. P. C. R. V. JONES, JAMES PARK, JR., D. W. CRAIG, J. S. CORCORAN.

Weekly Review of the Pittsburgh Markets.

[*Reported specially for the Pittsburgh Gazette.*]

PITTSBURGH, TUESDAY, DECEMBER 14, 1858.

The business of the week has been moderately large. The rivers have all been in good navigable order, and the coal boats have all got out. There were two or three days of severe cold following the departure of the main body of boats; but we have heard of no disaster to any part of the fleet from that cause. We are having to-day (Monday) another delight; and this secures a full supply of breadstuffs from below in good season. Several of the tow-boats that went out with barges on the first rise, have returned and taken out a second shipment.

There has been no material change in prices since. Flour remains as it was, and all the feeding grains remain so scarce, that prices have been well maintained. The pork speculation continues at fever heat; but the fact that there are but few buyers for the product, and that those who bought early at high prices, expecting to realize by this time the effect, and there is some prospect of the fever abating. The "bulls" for a "short" one. Our convictions are decidedly with the "bears," with this difference—that while there will be more hogs packed this year than last, the average weight of each will be less, owing to the scarcity of corn throughout the west. It is notorious that the farmers are driving all sorts of hogs, including stock hogs, to market; and if we were disposed to gamble at all, it would be on the shortness of *next year's* crop.

That Corn *is* scarce is evident not only from this fact, but from the prevailing prices in the west. In Cincinnati it is quoted at 63, in Louisville at 60, in Chicago at 45@55, and in St. Louis at 75@85.

The reports from the eastern papers continue to quote Money extremely easy, and rates of interest ruling low as ever. Even the Cincinnati bankers are complaining that money is distressingly easy, many of the Pork speculators having borrowed their money elsewhere, at 6 per cent., preferring that to paying 12 per cent., in Cincinnati.

In our own market, money continues as before—readily accessible in bank to good borrowers. The discount lines are gradually going up, but are yet considerably short of what they have been, usually; at this season. The banks are taking about all the good paper that is afloat.

The Cincinnati Gazette of Saturday says:

"The hog market was characterized by a heavy feeling again to-day, and prices were lower, but the decline was chiefly in the lower grades. It was difficult to find purchasers for very light averages, even at the reduced quotations, while heavy were held pretty firmly, and sold at figures within a shade below yesterday's quotations. The receipts were light, and the weather favorable, but these features failed to improve the tone of the market. Buyers are not pleased with the appearance of the business, and, awaiting developments with reference to supplies, they are disposed to move cautiously. Prices at the close will be in wide range extending from $5.50 to $7.00.

"The season's business to date foots up as follows:

Arrived to Dec. 7	
Wednesday	251,142
Thursday	0,000
Friday	0,000
	0,500
Total	251,642

Including the business at Louisville, up to last evening the arrivals here and at river place foot up as follows:

Cincinnati	256,800
Louisville	251,642
Total	508,451

The Chicago Tribune of Saturday says:

"Wheat continues firm, with trifling receipts, and a good demand by millers from Burlington, Rock Island, Davenport, Ottawa, Peoria, and other points in this State, as well as in Michigan and Indiana. The sales of Red to-day were quite limited, however, at $1.10 in store, and Spring at 64c for No. 2, and 45@51½c for Rejected.

"The Corn market is buoyant, under orders from Peoria to keep the distillers going in that region. Old Corn was sold for that purpose to-day, at 54c for No. 2 and 56c for No. 1. Car Corn is in good demand at 45@46c for No. 2 and 46c for No. 1. Corn 55 per 56 lbs, on track."

The exports of specie from N. York last week were $325,000—principally to Europe.

The assorted bank items are from Thompson's Reporter:

Bellerdies, and the Commercial Bank, at Brunswick, Ga., are both worthless."
