COURT OF QUARTER SESSIONS.—The March term of Quarter Sessions opened on Monday, Judges McClure, Adams and Park presiding.

There are 54 persons in jail, awaiting trial for sixteen different offences, as follows: Twenty-five for larceny, five for assault and battery with intent to kill, three for assault and battery, two for mayhem, three for surety of the peace, three for swindling, three for counterfeiting, three for bigamy, one each for kidnapping, gambling, seduction, forgery, keeping a tippling house, horse-stealing, fornication and bastardy, and infanticide.

A sufficient number of grand jurors not being present when the roll was called, the Register's Court was opened a number of administration accounts confirmed *nisi*. The constables of the different districts were called and made their returns of persons engaged in the sale of liquors, with and without license.

COURT.—The Grand Jury was sworn yesterday (Monday) afternoon and the usual charge delivered to them, laying down the law which governs their action. Such other appropriate remarks as were suited to the occasion were made.

We are informed that the case of B. T. Tanner vs U. S. Dept. Marshal Bernard Dougherty, for assault and battery in putting plaintiff out of Masonic Hall, went before the Grand Jury, and that if a true bill be found the case will be tried in the course of the week. That is a case we shall endeavor to report at some length, Marshal's speech in that case will not be without interest.

We heard it stated that the case of G. W. Shaw, the fellow that sold a man into slavery, will come up for trial in the course of a few days. The Port Perry case will also be tried. The criminal calendar is not however so long and bloody as it has been for several years.

NEW BUILDING.—Wm. Bagaley, Esq., has begun in real earnest to demolish the old buildings at the corner of Front and Market. Nearly two stories have been already removed and next week will see the ground clear for the new structure. This is to be of iron on Front and of brick and iron on Market street. It will be 60 feet in height from the side walk, and will cost from eighteen to twenty thousand dollars.

We are informed that nearly every apartment in the whole building is already engaged. We are of the opinion that every really good and desirable building that can be erected in this city will be taken up the moment it is completed. There are those who laughed at the extravagance and uncalled for display of the iron block. But those who run may laugh. One fourth of that building was let before it was finished and is already occupied, at $2,500 per annum. The lessee, within a week after he had taken it, was offered $500 for his bargain but refused it. The occupants sub-let the front rooms on the second, third and fourth stories for $1,200 per annum, leaving for himself the whole of the lower floor and half of all the others for $1,300. The new building on Front and Market will rent readily for $3,400 which will be a very fair kind of interest on the cost of the building.

PASSENGER RAILWAY.—*An Ordinance* granting the use of certain streets to the Citizens Passenger Railway.

Be it ordained and enacted by the Select and Common Council of the City of Pittsburg.

Sec. 1 That the councils of the city of Pittsburg do hereby approve the Act entitled, &c., [act recently passed at Harrisburg.]

Sec. 2. That the said company is hereby authorized to enter and lay down rails through the streets of the city of Pittsburg as follows, viz: Commencing at the corner of 5th and Market streets; thence along 5th street to and along Liberty street to Cecil's alley and also along Smithfield street, by a single track with the necessary turnouts and and switches; and from the corner of Cecil's alley and Penn street along Penn street by a single or double track to the city line with the necessary turnouts and switches, so that the said company shall have the privilege to traverse said streets with their cars and horses, subject, however, to all the conditions, restrictions and limitations of the act of incorporation before mentioned.

The Republicans of Collins township met at the house of Wm. M. Call, Jr., the usual place of holding elections, to elect delegates to the County Convention, pursuant to a call of the Committees. On motion, Moses Phillips was called to the chair and Peter F. Marks appointed Secretary. The meeting proceeded to elect delegates, when Capt. James S. Negley and Wm. H. Dennison were unanimously elected; on motion, the delegates were instructed to vote against the recommendation of the County Committee in regard to the appointment of Commissioner in 1860. On motion, they were also instructed to vote against a reduction of delegates and any change in the manner of making Congressional nominations. Adjourned.

BIBLIOGRAPHY.—Rev. Mr. Sawyer, pastor of the Sandusky Street Baptist Church, delivers to-night his lecture on Bibliography, in the Baptist Church on Grant street, near Sixth. The subject of the lecture will embrace, under this title, Books generally—their origin, the materials of which they are made, they are made, the writing instruments, etc. We are told that the lecture is a deeply interesting one, and we know that the lecturer is an eloquent speaker, as well as a diligent student and correct scholar. We advise all who wish to hear a good discourse to go and listen to this one. Tickets for sale at the door.

The citizens of Temperanceville met at the public school house, on Thursday evening, March 24th, 9 o'clock, under about a charter for a borough, to be called Temperanceville. The meeting was organized by calling John Smitley, Esq., to the chair, and choosing Wm. J. Richardson Secretary. On motion of Mr. M'Caslin, John Smitley, Esq., David Robinson, Wm. M'Caslin, Thos. Ferguson, N. Balentine, and John Peterson, were appointed a committee to employ a surveyor to establish the boundaries of said borough, and were instructed to make application to the legal authorities for a charter for the same.

ALL MEN RESPECT HIM.—Mr. Penney, our newly elected Senator, is highly esteemed at Harrisburg. A correspondent of the *Post* says of him, that he delivered a brief speech in the Senate on Friday afternoon on the constitutionality of the veto of the Governor on the House Bill, relating to the citizens' passenger railway in Philadelphia. It was listened to with the most profound attention, and for sound reasoning, legal knowledge and unanswerable argument, could not be surpassed, and indeed I am of the opinion that there is not a man in the Senate who can reply to it."

EDUCATIONAL.—The Allegheny County Educational Association held their meeting at Iron City College, on Saturday. We are always quite anxious to publish the report of these meetings, but we never hear of them or know about them until long after.

To-day, the Teachers' Association for Western Pennsylvania will meet at New Brighton. They anticipate a full attendance, in which we trust they will not be disappointed. We shall publish a full report of the proceedings.

We have heretofore noticed the fact that the Ferry will commence running across the Allegheny below the St. Clair Bridge on and after the 31st, Thursday. Mr. Wm. Lee is the proprietor of the said ferry. It will connect the mouth of Pike street on this side, with Darragh on the other. This is one square below St. Clair street.

IMPROVEMENTS.—We observe that some one is carrying out a great and extensive improvement in 5th street, in addition to the many we have already noticed. The lower story of house near Masonic Hall is in process of a removal, and a bran new modern front, which will cost at least $50, is going up. The improvement is a very desirable one.

We see it stated that the P., Ft. W. & C. R. R. Co. intend running the New Brighton Accommodation train into this city until the St. Clair st. bridge is completed. It will start from the Penn street depot and stop at the Federal street station, when passing, and take on such passengers as may reside in Allegheny city.

BURGLARY.—On the night of the 7th instant, the store of John Prothero & Son, in Montgomery township, was broken into and goods and money to the amount of several hundred dollars stolen. It appears there are some bold rascals in the north of this county.—*Ind. Register.*

THE executors of the estate of the late Chas. Avery, have rendered their final account to the Register of the county. It was confirmed on Monday by Judge McClure.

A. B. M'CALMONT, Esq., our former fellow-citizen, but lately appointed Assistant Attorney General of the United States, is in town and looks as if Washington life agreed with him.

MEETING OF COUNCILS.—The regular monthly meeting of Councils was held last evening. In S. C. all the members present, except Messrs. Duncan and Kim.

Mr. Ward, of the Sixth Ward, offered a petition for water pipes on Clark street—referred to Water Committee.

Also, a communication from the Controller certifying that H. M. Philpot had paid into the Treasury $838 47, and a resolution authorizing the payment to him of $24 20, as a commission for collecting the same. Read three times and passed. C. C. nonconcur.

Mr. Kincaid, from the Water Committee, reported that they had examined certain petitions for water pipes, referred to them, and submit the estimate of cost and revenue. On Reed and Miller streets, cost $410, revenue, $41; on Mercer street, cost $150, revenue $40.

Bill of Bailey & M'Kain passed with the following resolution:

Resolved, That the Water Committee are authorized to pay Bailey & M'Kain $19,68, for coal furnished on streets.

Read three times and passed.

Mr. Bergor, from the Committee on Gas Lighting, reported relative to petition for extension of gas mains from Webster to High street on Grant street, favorably, and the Trustees of the Pittsburgh Gas Co. are authorized to make such extension. They report adversely to a petition for gas light at corner of Diamond street and Scrip alley; also against petition for lamp on Webster street opposite Grace Church; also report adversely to the petition for gas main, etc., on Ohara street from Liberty to Quarry streets.

The resolution for gas pipe on the north side of Webster street from Fulton to Gum streets, laid over for further consideration. Read and accepted.

The President submitted a number of bills for the sanction of Councils, with the following resolution:

Resolved, That the Controller be and he is hereby authorized to certify for warrants in payment of several bills recited, amounting to $59,15, and charge the same to Contingent Fund.

Read three times and passed.

Mr. Ward, of the 6th ward, submitted an ordinance relative to the Citizens' Passenger Railway. The reading of the Act of Assembly touching this railway was called for, and the President proceeded to read the same.

Having read the Act, the ordinance, containing but two sections, was read a second time, and was then open for amendment or debate.

Mr. Kincaid called for the reading of the first section, [which see,] and moved the following proviso:

Provided, That the cars of the said company be not run on the Sabbath day.

Mr. Bennett moved that the whole matter be referred to the Presidents of Councils and Chairman of Finance Committee, to report an ordinance on the subject.

The President hoped they would act then and there, as he would be excused from acting.

Mr. Kammerer moved to amend by referring the whole matter to Ordinance Committee, in addition to the committee contemplated in Mr. Bennett's motion.

He afterwards withdrew it and the vote was taken on Mr. Bennett's motion, on which the ayes and nays were called, as follow:

Ayes—Barbin, Fitzsimmons, Kammerer, Kincaid, M'Cargo, Phillips, Reed, Tomer—8.

Nays—Berger, Blair, Brown, Herdman, Nixon, Ward, Prest. M'Auley—7.

Mr. Herdman offered the following:

Resolved, That the Committee on Fire Engines and Hose be authorized to procure a "V" and "Devil" for the Good Intent Engine, provided they do not cost more than $40, and charge the same to contingent fund. Read three times and passed.

Mr. Kammerer, from the 5th ward, offered the following:

Resolved, That a committee of five, two from S. C. and three from C. C., in conjunction with the City Solicitor, be appointed to inquire into the right the city has in all public squares that have been laid out in the different parts of the city.

Adopted, and Messrs. Kammerer and Barbin appointed by S. C., and in C. C. Messrs. Reed, Dixon and Norris.

Mr. Herdman offered the following resolution: That the sum of $2,000 be taken from appropriation No. 13 and added to appropriation No. 4, for the purpose of procuring new hose for the use of the several engine companies belonging to the association. Rules suspended and read three times and passed. C. C. non-concurred.

Mr. Kincaid called the attention of Council to a portion of the Auditors' account relative to the Water Committee. He said the Auditing Committee had stepped aside to cast blame upon the Water Committee in relation to the $2,000 for the repairing contingent fund. He felt aggrieved at the reflections cast upon the committee.

Mr. M'Auley called Capt. Ward to the chair and fully explained why the Auditing Committee meant, and was not intended to reflect upon the Water Committee at all.

Mr. Kammerer offered a resolution that the words Ninth Ward be stricken out of an ordinance entitled an ordinance granting certain privileges to the Penn. R. R. Co. and the words Fifth Ward be inserted. Referred to Ordinance Committee. In all the above actions not otherwise noted, C. C. concurred.

On motion adjourned.

[In C. C. in the matter of the Passenger Railway, considerable discussion took place, and various motions were made and voted down. Finally, however, the action of S. C. was concurred in, and the matter was referred to the Presidents of Councils and Chairman of Finance Committee.]

In Common Council—Present, all except Messrs. Demler, Fulton and McGeary.

Prayer by Mr. Robb.

The clerk being absent, on motion of Mr. Reed, F. M. Phillipson was appointed clerk pro tem.

Minutes of last meeting read and approved.

Mr. Reed presented a petition relative to the condition of pavement on Third street. Read and referred to Committee on Streets. S. C. concurred.

Also, a petition from citizens of the Eighth Ward for a meeting on Pennsylvania Avenue at the front of Chestnut street. Read and referred to Committee on Streets. S. C. non-concur.

The same—a petition from the citizens and property holders of the Eighth Ward, asking for an alteration in the grade of the street in said Ward, lying between Bluff and Chestnut and Negeo and Shingiss streets. Read and referred to Committee on Streets. S. C. concurred.

Mr. Errett—a petition for repairs to Good Intent Engine. Read and referred to Committee on Fire Engines and Hose. S. C. non-concurred.

The same—a petition for grading and paving Clark street. Read and referred to Committee on Streets. S. C. concurred.

Mr. Campbell from Finance Committee, a report with an ordinance relative to the assessment of collections of city taxes and water rents with notice to city payers. Report accepted and ordinance read three times and passed. S. C. concur.

Mr. Glides from Committee on Monongahela wharf, a report with an ordinance supplementary to an ordinance passed March 2, 1842, regulating the charge on boats landing at Monongahela wharf. Read three times and passed. S. C. concur.

The Chairman of committee to audit accounts of the Board of Guardians of the poor, presented their report which was read. Mr. Barr offered the following:

Resolved, That the Board of Guardians are hereby respectfully requested to publish the statement of the accounts submitted by auditing to be called Tomperanceville.

The meeting was organized by calling John Smitley, Esq., to the chair, and choosing Wm. J. Richardson Secretary. On motion of Mr. M'Caslin, John Smitley, Esq., David Robinson, Wm. M'Caslin, Thos. Ferguson, N. MANCHESTER SAVINGS BANK.—The following gentlemen were elected on Saturday:

President—James Anderson.
Directors—John Phillips, John B. Kennedy, Wheeler H. Phelps, Charles H. Paulson, Jacob Eckert, Eccles Robinson.

MANY who have attempted to economise by buying an inferior *article* of merchandise, find themselves penny wise and pound foolish. In nothing, perhaps, is this more evident than in the article of clothing. The firm of J. L.
