The Crescent of the 20th reports

The Interes on the other side of theiriver, at or near Bonnot Carre, gave way yesterday morning, a tree reported a resistless volume. It is probable that the adjacent country was very soon inundated, as the Opelousas Railroad track washed way, or at any rate the cars were stopped. A boat was started up to bring down the passen.

si good reason to doubt this. The washington States, which is understood to be a monthpiece of Douglas, turns its back upon the independent month movement in Pennsylvania and denounces its leaders as rebels. A QUESTION.—How is that the clerks of the District Court, charge for naturalization papers, two dollars, and for the declaration to become a citizen, one dollar? The law of February 26th, 1853, fifth section, says that the clerks of the District and Circuit Courts of the United States shall have no other compensation than the following: Tra cints for every oath—those of bewing: Tra cints for every oath—those of bewing: Tra cints for every oath—those of bewings: Tra cints for every oath—those of bewing: Tra cints for every o

It must be remembered, however, that we are at least a month in advance of last season. A great deal of seeding was done last year in the latter part of May, and Corn was planted even in June. So that there is plenty of time, yet.

We may add that our intelligence from all parts of the country is encouraging, as to the growing crops. The farmers in the northwest are complaining somewhat of the wet weather, but very generally the report is full of cheer and glorious promise.

Sardina.—An important memorandum on the condition of Italy, dated at Turin, March 1, 1859, has been presented by the Sardinian government to that of her Britannic Majesty. It makes known the complaints and their causes, which have induced the present condition of Europe, and goes into a fall exposition of the reports.
