We have also a full stock of English and Swiss GOLD and SILVER WATCHES on hand, all of our own importation. Also, Watch Makers' Tools, Materials and Watch Glasses. REINEMAN & MEYER, No. 42 Fifth street. fe23-d&wT

ROTHERS! MOTHERS!! MOTHERS!!! Don't fail to procure Mrs. Winslow's Soothing Syrup for Children Teething. It has no equal on earth. It greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay pain, and is sure to regulate the bowels. Depend upon it, mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases.

This valuable preparation is the prescription of one of the most experienced and skilful female Physicians in New England, and has been used with never failing success in millions of cases.

We believe it the best and surest remedy in the world, in all cases of Dysentery and Diarrhœa in Children, whether it arises from teething or from any other cause.

If life and health can be estimated by dollars and cents, it is worth its weight in gold.

Millions of bottles are sold every year in the United States. It is an old and well-tried remedy.

PRICE ONLY 25 CENTS A BOTTLE.

☞ None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world.

DR. GEO. H. KEYSER, Agent for Pittsburgh. jel3-dawly&T

COMMON SENSE rules the mass of the people, whatever the misnamed and misanthrope philosophers may say to the contrary. Those who have a good thing, let its merits be clearly demonstrated, and they will not hesitate to give it their most cordial patronage. The masses have already ratified the assertion of John Milton concerning the virtues of HOSTETTER'S BITTERS, as may be seen in the immense quantities of this medicine that are annually sold in every section of the country. Seldom has a medicine ever so superior to all other remedies yet derived for diseases of the digestive organs, such as dyspepsia, dysentery, dyspepsia, and for the various fevers that arise from derangements of those portions of the system. Hostetter's name is fast becoming a household word from Maine to Texas, and across the Atlantic to the Pacific. Try the article and be satisfied.

Sold by druggists and dealers generally, everywhere, and by HOSTETTER & SMITH, manufacturers and proprietors 68 Water and 57 Front streets. jel2-d&wT

MAGNETIC PLASTER THE GREAT STRENGTHENER AND PAIN DESTROYER.—The best and cheapest Household Remedy in the world. Simple and pleasant its application, certain and effectual in its results. A beautiful scientific external curative, applicable for the relief of pain at any time, in any place, in any part of the human system, and under all circumstances. If you put this Plaster anywhere, if pain is there, the Plaster will stick there until the pain has vanished. The Plaster magnetises the pain away, and

PAIN CANNOT EXIST WHERE THIS PLASTER IS APPLIED.

Rheumatism, Lameness, Stiffness, Debility, Nervousness, Neuralgia, Dyspepsia, Coughs, and Colds, Pains and Aches of every kind, down even to Corns, are *immediately relieved* and, with a little patience, *permanently cured*, by the magical influence of the MAGNETIC PLASTER. It is the simplest, surest, best, pleasantest and cheapest remedy in existence. Its application is universal—equally to the strong man, the delicate woman, and the feeble infant. To each and all it will prove a Balm and a Blessing. Its use is agreeable, and without annoyance or trouble. Its price is within the reach of all—rich or poor; all may have it who are sick or suffering in any way.

FARMERS should be always supplied with this invaluable PLASTER. It will be the Good Physician to any household, ready at all times, and at instant notice.

Put up in air-tight tin boxes. Each box will make six to eight plasters, and any child can apply them. Price 25 cents a box, with full and plain directions.

D. C. MOREHEAD, M. D., Inventor and Proprietor, 19 Walker st., New York. MOREHEAD'S MAGNETIC PLASTER is sold by all druggists in every city, town and village of the United States. oct6-d&wly

THE HEALTH is the most important subject to which the attention can be directed. A little pamphlet, entitled "A Guide to Health," published by D. L. FAHNESTOCK & CO., Wholesale Druggists, corner of Wood and 6th sts., Pittsburgh, Pa., and which may be had gratis from all the agents for Wilson's Pills, or D. L. Fahnestock's Vermifuge. It contains a great amount of useful information—it is worth reading. jel2-d&wT

Tri-Weekly Gazette.

We shall commence, this week, the publication of a tri-weekly edition of the GAZETTE, which we will furnish to subscribers at $3.00 per annum. As many of the daily mails have been cut down to tri-weekly, this will afford our friends an opportunity of accommodating themselves to the change in their mail facilities.

WORK BEGUN.—The labor of laying along the street the timber on which the iron rail for the C. P. Railway is to be placed, has already been commenced. It is scattered along for about half a mile. The next and greatest part of the labor will be to place them in the ground to receive the iron. This will be done with the greatest possible speed. It is expected that the road will be finished to the city line by the first week in August. As fast as the road can be extended it will be met by the present omnibusses, which will convey passengers to the end of the route. The portion of the road which the latter will be occupied on, will of course be growing shorter and shorter all the time, until the railway track shall cover it all.

The iron to be used for the rail is as different from that of a common railway as can well be imagined. It is simply a flat bar, somewhat thicker at the outer than at the inner edge. In this bar is a groove which receives the flange of the wheel. Carriages of any sort, save, perhaps, broad-wheeled stone carts, can run on the track very handsomely, and the natural effect of the railway will be to direct travel into two straight lines, flowing the one into and the other out of the city. It will save from collisions and entanglements which are caused to such an extent now by vehicles of one sort or another running into each other.

HORSE RAILROADS.—A correspondent of the New York *Tribune*, in speaking of the influence of the passenger railways in Philadelphia, says, in connection with his description of the battle of July, when more than 175,000 people rode on these cars:

"These roads have opened such extraordinary facilities for getting away out into the suburbs, that numerous watering places on the river which used to be crowded on the Fourth, were this time comparatively deserted. New places, into which our citizens had no previous facilities for penetrating, woods and streams, were swarming during the whole day. The little steamboats on the Schuylkill found the new roads to be unexpected feeders. Their decks were crowded, and they did the heaviest business ever known among them. This exhibition will afford some idea of the complete revolution which city railroads are making in our habits. It is not too much to say that their effect is likely to be beneficial to morals as well as to health."

SALE OF LANDS.—Our readers will not forget that on to-morrow afternoon the sale of choice building lots at Homewood will take place. We have already written something in reference to the desirableness of Dr. Wilson's lots, after having spent an afternoon in strolling over them. We are more in love with even the memory of those lots to-day, with thermometer at 90°. Will any parched and dusty citizen picture to himself a broad natural slope, shaded with magnificent oaks, and throwing up here and there jets of water that sparkle in the summer sun: then fancy, under the wide-spreading tree, some elegant cottage to flee to after the moil of a day: How like to the shadow of a rock in a weary land! The care will carry that citizen to the very spot on Saturday, and he may buy at the most reasonable rate and on favorable terms, the very grove of waving oaks and hickories. He can leave here at 9:00 P. M., buy his lot at Homewood and return again in time for his tea the same evening.

THE Ebensburg *Mountaineer* gives the following account of a fight in which a native of Cambria county, named Steitler, and now living in Texas, was concerned:

"On the 29th of April two of our men fell out and had a fight, one of them by the name of Jackson, from South Carolina, and the other named Steitler, of Hollidaysburg. Steitler knocked Jackson down, when Jackson drew his revolver and swore he would shoot him. Steitler then ran into the tent, and happened on a revolver that was lying on one of the beds. Steitler then rushed out of the tent, when Jackson fired, the ball taking effect in Steitler's left shoulder. Steitler then fired and missed Jackson. They both continued firing at one another until eleven shots were exchanged, when Jackson fell dead, shot through the heart. Steitler received three balls, but only slightly wounded. The officers have made an investigation and honorably acquitted Steitler."

NEW FIRM.—It will be observed by reference to our advertising columns, that a new firm under the name and style of Gallagher, Craig & Co., has been established, and that they are now prepared to do anything in the way of gas fitting or plumbing on the shortest notice and most reasonable terms. The well known skill and experience of the resident members of the firm will always give their personal attention to all work entrusted to them—is a sufficient guaranty that they will render satisfaction to all who may favor them with their patronage. Mr. Gallagher, one of the firm, has been engaged in this business for the last ten years, and is known by all who have had dealings with him, to be a most upright and worthy man. Their office and warerooms may be found at No. 124 Wood street.

AS THE passengers by the Northern Light were coming across the Isthmus, a man calling himself William Williams, of Westmoreland county, Pa., picked a quarrel with a captain Junius Otis, and killed him with a knife. He was put in prison at Panama. The account says that Williams kept a gambling saloon at Chimres Camp, in company with a certain Jonny Mattiner, and appears to be a professional gambler. He gives the name of Frank Teal, 'a notorious thimble-rigger in the States, as a friend of his, and it is suspected his true name is William Teal, and that Frank is his brother.

ATTEMPT AT SUICIDE.—The police picked up on the street, in an almost insensible condition, on Wednesday night, a woman named Ann Reynolds, who, it appears, had taken a dose of laudanum, in order to remove herself from life. Dr. Tindle succeeded by the aid of a stomach pump in abstracting the poison and the woman revived. She was sent to Passavant's Hospital. She was formerly living with her husband, but acquired an appetite for drink, and after that went the way to ruin. She attempted to commit suicide she sought to do this deed from a feeling of remorse at her situation and life.

HON. J. C. M'KIBBEN, once a resident of this city, has been re-nominated to Congress for one of the districts of California, as an "Anti-Lecompton Democrat." There was a strong force brought to bear by Mr. J. W. Coffroth, for the nomination, but he fell behind. Thereupon he charged it upon undue influences used by McKibben, when the latter knocked Coffroth down. A challenge passed, but the law interfered and put a stop to further proceedings.

CITIZENS' BANK.—This corporation is about erecting a new and magnificent building on the corner of Wood street and Diamond alley, on the site now occupied by Chester's clothing establishment. Mr. Barthberger has just completed the plan. The structure is to be sixty feet deep, twenty-five feet wide on Wood street, and two stories, or about fifty feet, in height. The front is to be made entirely of the Freeport stone, and is to be very elegantly finished.

ONE of the cars for the Citizens' Passenger Railway to Lawrenceville, will be brought to the city in a few days, and placed in some convenient public situation, where the people may see it. We are informed that it is of the most elegant construction, combining all the latest and best improvements and capable of seating thirty persons very comfortably, inside.

MERCER COUNTY.—The locofoco ticket in Mercer county is as follows:

Assembly—S. P. Johnson.
Treasurer—I. Shankley.
District Attorney—Robert Taylor.
Commissioner—George Barnes.
County Surveyor—A. D. Gillespie.
Poor House Director—J. Dickson.
Auditor—J. D. Tob.

THE Blair County *Whig* says: "Walter Graham, of Catharine tp., finished cutting his grain crop on Wednesday evening, the 8th. He had seventy-five acres of elegant wheat and rye. This beats anything we have heard of in the county for the number of acres. The wheat crop of this county has never been excelled.

COAL WANTED.—We call attention to the advertisement in to-day's paper, from which it will be seen the St. Louis Gas Light Company invite proposals for deliveries of best quality Gas Coal at St. Louis, during the years 1861 and 1862.

THE commencement exercises at Westminster College, New Wilmington, last week, drew a large audience and were highly interesting. A large class was graduated.

TAKEN OVER.—Thomas Hanna and Charles Slacker have been taken to the penitentiary, for five and four years respectively.

SUDDEN DEATH.—Coroner Bostwick, on Wednesday night, held an inquest on the body of a middle aged lady named Doyle, who resided on Second street, below Ferry. She was found dead with her head resting on her arm. The verdict was, "death from visitation of God."

DIED IN JAIL.—John Seamen, formerly connected with the omnibus line here in some capacity, but latterly much given to drink, died yesterday in jail. He had been committed for drunkenness a few days since. When he got in jail he was attacked with *mania a potu* and soon died. He leaves a family, we believe.

SUN STROKE.—A man named Graham Shaw, a brick maker, who resided in the 7th ward, was prostrated by sun stroke, and lay upon the street until a late hour on Wednesday night, those who saw him supposing him to be drunk. Proper means having been adopted, after he was picked up, he revived, and it was the opinion of the physician that he would recover.

CATALOGUE.—We are indebted to a friend for a copy of the catalogue of the officers and students of Jefferson College, at Cannonsburg, for the year 1858-9. The whole number of students for the year is 216—65 seniors, 51 juniors, 59 sophomores, and 41 freshmen. This shows the institution to be in a flourishing condition.

NOT DEAD.—The Mercer *Whig* contradicts the report that the two men, shot recently at Pulaski, died from their injuries. It states that both are in a fair way of recovery, and that Gerhart, the party who shot them, has been admitted to bail in $300, for his appearance at Court.

THE man Bean, whose arrest as a fugitive from justice we noticed on Wednesday, was taken to New Jersey on Thursday by the Sheriff of Camden. Bean is the person who recently assisted Wash Taylor, a noted thief, to escape from the Camden jail.

A BOY named John Bradford, employed on the press at the *True Press* office, caught one of his fingers in the cogs of the machinery, on Thursday afternoon, and had the end of it badly mutilated. Dr. M'Cook dressed the wound.

HANDSOME MANTELPIECES, Blouses, Linen Jackets, Sack Coats, Vests and Pants for boys, and a full line of new clothing, carefully cut and well made at J. L. Carnaghan & Co.'s, Federal street, Allegheny City.

TEN thousand deaths,
But not a single tear.

Very important to gardeners and housekeepers. There is not a garden that can be preserved from the ravages of insects, or a house that cannot be cleansed of all vermin pests, by Lyon's Magnetic Powder. One dollar invested will save fifty in plant and plunder. It is the powdered leaf of a plant, discovered by E. Lyon, a French Botanist, in the interior of Asia. It kills all garden worms, roaches, bedbugs, ants, ticks, fleas, moths, etc. It is entirely *free from poison*, and is harmless to mankind and domestic animals. The governments and societies of Europe have liberally rewarded Mr. Lyon. It can be ordered through any merchant.

"Dr Lyon's Powder kills all insects in a trice,
While Lyon's Pills are mixed for rats and mice.
Sample flasks 25 cts.; regular sizes 50 cts. and $1.
BARNES & PARK, New York.
Also the Mexican Mustang Liniment.

COLORED CONFERENCE.—The Allegheny Conference of the African Methodist Episcopal Zion Church met in this place on Saturday the 2d inst. Some twenty preachers and elders of the connection were present. Bishop Wm. H. Bishop of New Jersey, presided, assisted by Rev. J. J. Clinton of Pittsburgh. The forenoons of the several days of the Conference were occupied with an inquiry into the character and standing of the ministry, the hearing of complaints, examination of charges, &c., and the afternoons with the discussions on topics of general interest. On Thursday afternoon, Slavery was the subject. On Wednesday afternoon, Temperance. On Friday afternoon, Temperance again. On Saturday no afternoon session was held: and on Monday July 11, the Conference adjourned. In these broad natural slopes were very good addresses were made, and the proceedings of the body throughout were quite creditable to those concerned.

We understand this connection to number some 10,000 members, embraced in seven Conference districts. This Allegheny Conference embraces only Western Penn's including Blair county.—*Blair Co. Whig.*

CLOSED.—The Bank of Lawrence county, in this place, on Friday morning last, closed its doors and suspended business. This last misfortune was caused by the failure of certain parties in Cincinnati, who were heavily indebted to the Bank. On Tuesday a meeting of the stockholders was held, at which a committee was appointed to investigate the matter and report what was best to be adopted under the circumstances. This committee is to report at an adjourned meeting of the stockholders, to be held on Friday, the 29th of this month. Until this committee report, we do not know that we would be justified in speculating upon the future of the institution, but may say that its position and prospects, to us, look gloomy, indeed.—*New Castle Gaz*

FATAL ACCIDENT.—On Thursday last, about six o'clock, P. M., John Steen, Esq., met with an accident which resulted in death a few days thereafter. It appears that desiring to ask Johnston & Dana, Esqrs., whose office is on the second floor of the banking building, to step down to the front entry way, and upon reaching the platform at the head of the stairs, instead of entering the door leading to their office, he opened a door to the left-hand entry way, and stepping pitched headlong down the steps, striking on his head but a few steps from the bottom. He was taken up insensible, and although every attention was paid him, he died on Sunday morning last. Mr. S. was 53 years old, and it was feebleness most probably, that caused him to fall, and his death resulted from the injuries.—*New Castle Gaz.*

Notice to Builders and Contractors.

THE UNDERSIGNED (formerly foreman for Rowland Parry) would respectfully inform those for whom he has done work, and the public generally, that he is now prepared to furnish Sash, Doors and Blinds, in the most approved manner. Orders for Sawing or Planing of Plank Roads (if left at the office of Alex. Leighton, corner of Ross street and the Diamond, Fifth ward,) will be promptly attended to. THOMAS PARRY. my26dwtf
