ON THE TRADES AND OCCU... ...ills, as briefly as possible, concern... ...and disorders incident to certain occupa... ...ading their circles by symptoms and modes of cure... ...shall do this in plain language, and in a straightforward way. Our purpose is two-fold—firstly, to give some sufferers facts not generally known; and, secondly, to bring more forcibly to view the ready relief at hand in RADWAY'S REMEDIES. We frankly avow that the trouble we are taking in a business transaction means to benefit both the public and ourselves.

The diseases springing from various trades arise either from the very nature of the occupations, from the materials handled or used, or from both causes. Scarcely any of these pursuits are necessarily unhealthy, but each will be as imprudent in their business as in their pleasure, and suffer for their neglect of precaution.

Let us look first at those who suffer from poisonous materials.

EYE AND EAR

DISPENSARY.

Office 95 Main St., (2nd floor, up stairs,) Buffalo, N. Y.

ESTABLISHED BY THE CELEBRATED DR. JOHNSON, late of London, England.

A great discovery in the science of medicines, being a certain and speedy remedy for restoring the sight and removing all diseases peculiar to the eye. There is no remedy yet known equal to this safe and sure remedy now known. It has been used with great success by the most skilful physicians in Europe and America.

Patients in any part of the country can treat themselves successfully at a distance from home, thereby avoiding the danger and expence of failing into the hands of unskilful physicians. This medicine (sufficient to cure,) will be sent by mail or Express with all necessary directions on receipt of Ten Dollars

Dr. Johnson's Certain and Infallible Cure for Deafness and Singing Noises in the Ears, Nervous Head and Mind Complaints,

Affording instant relief to sufferers who have been troubled with deafness of many years standing. After using this remedy a few days the patient is suddenly and almost miraculously exalted to hear ordinary tone conversation; in the course of a few weeks the most obstinate case of deafness is effectually cured.

Patients too numerous to mention have been restored to perfect hearing and forever relieved from the snares of the numerous dangerous unqualified pretenders of this present day. Medical and private testimonials and certificates from the most eminent physicians of Europe and America, in whose presence deaf persons have been cured, and numerous other private patients cured can be seen or referred to. A case of this medicine (enough to effect a cure,) will be forwarded to any part of the country for Fifteen Dollars

Physicians,

who are frequently much exposed, should never be without the READY RELIEF, especially in visiting patients sick with contagious diseases. The head, hands and face thoroughly washed with it, and a full dose of it taken internally just previous to the visit, will effectually prevent contagion. The power of the RELIEF in the matter of contagious diseases is well-known. Cholera Infantum, Dysentery, Colic, Flatulency, Diarrhœa in a well-known disease among cattle, known as Blackquarters Evil, depending, no doubt, upon some contagious virus, yields so readily to this remedy, that

Drovers and Cattle-Dealers,

throughout the South and West, look upon it as a sovereign and infallible remedy in all such cases. Hence, too,

Boatmen, Planters, or Farmers Residing in Low or occasionally Overflowed Grounds,

will find the RELIEF a protection against Fever and Ague, and other malignant diseases.

Printers and Miners,

the former from standing so long at the case, and the latter from their cramped position in the mines, aided, no doubt, by the dampness, have most of them troublesome affections of the joints occasionally. The will always hold in the RELIEF and RESTORATIVE. Price, [illegible] when the RESOLVENT may be required.

Bakers

occasionally have the[illegible] on the hand by a scratch or cut from a knife which has been used for greasing or opening an animal too long killed. Sensible of the pain, there is a disarrangement of the neighboring glands (kernels) follow, the wound should be washed, and a hard poultice (not bread and milk), moistened with some drops of READY RELIEF, applied. The swelling should be bathed with the RELIEF, and the RESTORATIVE PILLS used until the violence of the symptoms has abated. It may as well be mentioned here, that the making of a really good poultice is little understood. Stale bread should be rubbed into a fine crumb and placed in a soup-plate or large saucer, over which water, *while boiling*, must be poured. A similar plate or saucer is now to be placed over this, the two grasped firmly and held up sideways, so that the water will drain out. The wet crumb is now to be rubbed into a pasty consistency with a spoon, placed on a rag at once, and applied to the part as warm as the patient will bear. As soon as it begins to harden around the edges a fresh one should be substituted, and thus a continual fermentation is kept up. That is the true poultice, which may be medicated by the RELIEF, or other ...s, if required.

Basket-Makers, Hoop and Shoe Makers, and Tanners,

from their sedentary habits, are subject to piles, anæmia, dyspepsia, costiveness, lapse bowels, &c. Shoemakers, in the cramped position assumed while at work, are subject to corns, bunions, &c. Tanners, from their exposure to the fumes of the bark, are liable to affections of the throat, lungs, &c. The RESTORATIVE PILLS will be found useful to all the above classes, as they will be found to keep up a healthy action of the liver, stomach and bowels, and thus prevent the development of disease. Those who are subject to corns, bunions, &c., will find the RELIEF a sovereign remedy for the pain, and the RESTORATIVE PILLS will be found useful in preventing the formation of fresh corns, &c.

McLEAN'S

STRENGTHENING

Cordial

AND

BLOOD

PURIFIER

Before Taking. — After Taking.

THE greatest Remedy in the world. This Cordial is distilled from a berry known only to myself and chemically combined with some of the most valuable medicinal roots, herbs and barks known to the mind of man, viz: *Blood Root, Black Root, Wild Cherry Bark, Yellow Dock, Dandelion, Sarsaparilla, Life Flowers*, with others, producing the most infallible remedy for the restoration of health ever known. It is nature's own remedy, more in full coursing through every vein of the body, purifying and accelerating the circulation of the blood. It cures the most malignant cases of Scrofula, Erysipelas, Scurvy, Weakness of the Muscles, Chronic or Inflammatory Rheumatism, Diffusion of the Blood, Contracted Muscles or Ligaments, Earache or Toothache, Female Weakness, Pimples, Fresh Outs, Ulcers, Fever Sores, Caked Breasts, Sore Nipples, Rerysipelas, Sore Throat, or any Inflammation or Pain, no difference how severe, or how long the disease may have existed. McLean's Celebrated Liniment is a certain remedy.

Thousands of human beings have been saved a life of despitude and misery by the use of this invaluable medicine.

McLean's Volcanic Oil Liniment

Will relieve pain almost instantaneously, and it will cleanse, purify, and heal the foulest sores in an incredibly short time.

For Horses and other Animals.

McLean's celebrated Liniment is the only safe and reliable remedy for the cure of Spavin, Ring Bone, Windgalls, Splints, Ringworm, Lumps, Nodes or Bruises. It will never fail to cure Big Head, Poll-evil, Fistula, Old Running Sores, Scratches, Cracked Heels, Chafes, Saddle or Collar Galls, Cuts, Sores or Wounds, it is an infallible remedy. Apply it as needed, and a cure is certain in every instance. Then trifle no longer with the many worthless Liniments offered to you, but obtain a supply of Dr. McLean's celebrated Liniment. It will cure you.

THE PERUVIAN SYRUP,

OR PROTECTED

Solution of Protoxide of Iron

COMBINED.

THIS PREPARATION DIFFERS FROM all others, being an unchangeable protoxide of iron, attained by a combination never before known.

For Indigestion, Torpid Liver, Dyspepsia, *Bile*, all forms of disease caused by impoverishment of the blood, general debility, and especially the disease peculiar to females, it has been found extremely efficacious.

Physicians, giving a full description of the remedy and the remarkable cures it has effected, may be obtained of the agents.

Certificate of Dr. Hayes:

It is well known that the medicinal effect of Protoxide of Iron is best given by a brief exposure to air, and that to retain it in a state of solution and free from either over oxidation, has been the difficulty.

In the Peruvian Syrup, this desirable point has been attained by a combination in a way entirely original, and the solution may replace all the pro carbonates, citrates and tartrates of the Materia Medica.

It is also eminently suited to take the place of any Pyrolic of Iron, which physicians have used in scurvy or Scorbutic affections, and to meet such cases the Syrup should be found in the medicine chest of every ship.

A. A. HAYES, M. D.,
Assayist to the State of Massachusetts.

A CARD.

The undersigned having experienced the beneficial effects of the "Peruvian Syrup" do not hesitate to recommend it from our own experience, as well as from the testimony of others, whose intelligence and integrity are altogether unquestionable. We have no doubt of its efficacy in case of Incipient Diseases of the Lungs and Bronchial Passages, Dyspepsia, Liver Complaint, Dropsy, Neuralgia, etc. In a word, it is a most valuable remedy for the restoring diseases by natural laws. When taken in order of those who witnessed them, and have volunteered their testimony, are ready to do so, to its restorative power.

DR. R. A. WILSON'S

Tonic, Cathartic and Anti-Dyspeptic

PILLS.

WILSON'S PILLS have had a most brilliant existence for the twenty years, unsupported by all the arts of puffing, and yet they are now in more demand than they are now. And all just with all those disadvantages wherever used they have in many instances failed to render the most entire satisfaction. Why? Because they are not a *Quack Nostrum* or *Patent Medicine*, as has so often been proclaimed by worthless and irresponsible citizens of the land. Hear for instance what Col. Wilson Hopkins, of Washington, Pa., says:

Dr. R. A. Wilson, Pittsburgh—Dear Sir: I have used your Anti-Dyspeptic Pills, when occasion required, for many years in my family, and have found them to be the most valuable medicine equal to them in relieving me from affection of the stomach and heart, they have never failed to relieve me from the most severe attack. I have recommended them to *Lawyers, Authors, Editors, Teachers, Merchants and Clergymen*, who use much vermillion, will have a tendency to diarrhœa; for, unlike copper, this shows its effects more in the small intestines, and the bladder and urinary passages will be seriously affected, sometimes merely producing pain-ful irritation, and at others, bloody or high-colored urine. Too MERCURIAL PILLS and the RESTORATIVE may be mainly relied on, and the parties should never go to sea on a voyage without each. For the more painful symptoms, the READY RELIEF will be necessary, and will by no means be in the same. It should be used internally and externally. In sailor's colic, the REGULATING PILLS should be used to produce a free evacuation, and afterward none moderately taken as prescribed; or subject to cnlcrosis, to be removed by the use of the RESOLVENT in addition to the other two remedies named.

Perhaps of all female occupations, that of

The Fashion Girl

is liable to the most distressing symptoms, more especially when the continuation of the work-room is not perfect. Standing positions, monotonous employment, and dusting particles continually drawn into the lungs, are the causes of the to weaken, depress and destroy. Yet by prudence, care and the use of Radway's Remedies, even the factory girl may bid defiance to death and the effects of a sweat shop formidable partnership to fight.

For the present we close our remarks to a close. But it does not follow that all occupations should be abandoned as pernicious people are subjected to avoid fumes, poisonous materials, irritating vapors or particles, intense heat, chills and wet weather, exposure, and the debilitating effects of stationary or constant—for portions of time—application to work, study, and the use, when indicated by symptoms, of RADWAY'S READY RELIEF and RESTORATIVE PILLS will be found sufficient to prevent or cure, except in chronic cases, or those in which the system has been so reduced, and even there, RADWAY'S RENOVATING RESOLVENT will speedily remove all obstacles to the kindly influence of nature, and throw restore the system to perfect health.

In truth, if the Ready Relief be kept constantly in hand, and used at the outset of every attack according to directions, it alone will be found sufficient in most cases to check the deleterious effects we have named, and may be considered the great shield of those who otherwise would be overcome by disease and death.

It is not so many years since Radway's Remedies have been introduced; for the birth of that perfection of chemical and pathological science upon which they are based is itself of comparatively new. The principles of their action are as old as humanity itself, but it remained for modern science to develop and apply them. How successfully this has been done, the overwhelming popularity and universal sale of Radway's Remedies show. The enormous power of these blessings to the sick and suffering is indisputable; they are in themselves the entire vegetable materia medica, and they are rapidly superseding all other remedies. The use of poisonous drugs whose use and abuse has done so much to bring

DR. R. A. WILSON'S

Tonic, Cathartic and Anti-Dyspeptic

PILLS.

WILSON'S PILLS have had a most brilliant existence for the twenty years, unsupported by all the arts of puffing, and yet they are now in more demand than they are now. And all just with all those disadvantages wherever used they have in many instances failed to render the most entire satisfaction. Why? Because they are not a *Quack Nostrum* or *Patent Medicine*, as has so often been proclaimed by worthless and irresponsible citizens of the land. Hear for instance what Col. Wilson Hopkins, of Washington, Pa., says:
