cial exposure of a shallow trick. It confirms the statements originally made, that the mules were sold unnecessarily and at a low figure, to reward a political favorite, and it goes conclu ly to prove that the invariable policy of the Secretary of War is to buy everything required for the Government at the highest possible rates, and to sell everything at rates extravagantly low. In this case, mules were sold to a government pet, for a mere song, when it would have been nuch cheaper for the government to keep them, and the probability is that the government will buy back the same mules at an extravagant figure. That is the way the people's money goes.

WHY DON'T THEY INDICT HIM ?-Mr. Greeley, like Mr. Hale, offers to give himself up to Virginis, whenever she chooses to call for him. The Tribune says :

5 John I Hrown, 6 GREEN, ADAMS, 7 ROBERT MALORY 8 William E Simm 9 LAPAN T MOORE, 0 John W Sevenson Tribure says : "The Herald has, at least a dozen times, rang the changes on the allegod connection of 'Seward, Gid-dings, Greeley, &c., with old Brown's insurrection. First, it asserted that we were all to be indicted and thereupon demanded by Virginia as implicated in treason and murder. The Tribure instantly express-ed its stifanction at the news, and arged that the arratgament and requisition be hurried up. The Herald at once backed out of the indictement, but in-sisted that the obnoxious persons aforenaid be sum-moned before a Federal Court to give tastimony on the trial of Cook or Stephens. We agree to that proposition as heartily as to the other. Finites of three months only, as stated by Midday.
Wish also to correct another orror of Mr. Hol-try's, who said that it would cost \$316,606 of to \$34,2500 mules 3 months. Now, the actual cost to 90 days—feeding 6 pounds of grain and 14 pounds of hay por day to each animal, the usual for-age ration have—is at the rate of 39 cents por head, or, for 7,800 animals for three months, at present cost of forage, \$37,750 50. This is less, by \$223, -716 65, than what is stated by Mr. Holladay. Du-ring the summer months all public moles not in har-meas are grazed in herdts, ad receive no forage, and that only expense then is for the hiro of herders."
