RIVER NEWS:

The river was failing pertenday, with about 7 fact. The weather was clear, coul and example.

The arrivals were the Mineral form Wheeling, with a good load. She has not been here levely a form which a good load. She has not been here levely a form last Spring. In the meantime she has been running in the northern line. She looks as well as ever she did, and but little the worse for wear.

By a dispatch from Fort Smith, on the Arkanassirier, we learn that the Undine had arrived there on the 4th instant, and that freight to Cincinnati was scarcy. The Cincinnati was scarcy.

The Cincinnati of fire months.
