...assumed a dangerous ...ingered until the 6th inst., ...n so expired.

WHILE on his "beat" last Monday night in Brooklyn, N. Y., a policeman looked through a crack in a board fence and espied three burglars forcing the door of a dwelling house, with a jimmy. They got fairly in when he obtained assistance and then pounced upon the burglars. The basement of the house was a scene of a desperate conflict. The burglars used dirk knives and the policemen used clubs, and the latter were finally victorious.

LAW AGAINST BILLIARDS.—The Legislature of Vermont has passed a law against billiards, which provides that the selectmen of the several towns in the State shall, whenever in their opinion the public good requires it, forbid any game or play upon any billiard table in their respective towns. The penalty affixed for playing upon a table the use of which is forbidden, is twenty dollars a day.

THE Times last evening printed a letter from a Virginia gentleman, in which the Virginia gentleman says that he, with most of the other Virginia gentlemen, have hoped, heretofore, that the Union would be preserved. But all the Virginia gentlemen are now satisfied that "a rupture is inevitable." Mr. Benson recommends Fitch's Truss as likely to be of service in such a case.—[Hartford Cour.

IT is very generally believed in Kentucky that the numerous anonymous letters received by Southern gentlemen during the last few weeks, warning them of impending plots and attempts at running off slaves, was got up by gangs of negro traders and thieves, with a view of profit. This is the prevalent opinion, we understand, of intelligent slave owners.

THE Supreme Court, at Albany, yesterday denied a new trial in the case of Mrs. Hartung, convicted of murder in poisoning her husband. She will be resentenced to be hung in January. —*New York Trib.*

A Texas editor named his child Kansas. An other one wickedly says he would be afraid to call a child "Kansas" for fear it would never have any constitution!

SENATOR BRECKENRIDGE, from Kentucky, appears to have avowed his opinions in favor of a slave code for the Territories before he was elected.

CHICAGO, Dec. 17.—Messrs. Cook & Sargent, bankers, have closed their doors, owing, it is said, to the failure of their Boston House.

Ohio Land for Sale.

THE subscriber offers for sale section ten, township six, range 19, Stark county, Ohio, commonly known as "Bowman's Section," containing 640 acres. It is situated three miles west of Massillon, on the State Road leading to Wooster, and within about two miles of the Pittsburgh, Ft. Wayne and Chicago Railroad. The south, east and north-east quarters are partly cleared and improved—the remainder is covered with superior timber. Around the whole is well watered by springs and running streams.
This section is considered the finest body of land in the county. It will be sold in whole or in quarter sections to purchasers. To those who desire to invest in real estate a better opportunity is rarely offered.

NEW AGRICULTURAL SETTLEMENT.
TO ALL WANTING FARMS.
A Rare opportunity in a delightful and healthy climate, twenty-five miles south-east of Philadelphia, on the Camden and Atlantic R. R., New Jersey.
As an old estate consisting of several thousands of acres of *productive soil* has been divided into Farms of from ten acres to suit the purchaser. A population of some *Fifteen Hundred*, from various parts of the middle States and New England have settled there the past year, improved the places, and raised *excellent crops*. The price of the land is at the low sum of from $15 to $20 per acre, the soil is of the best quality for the production of Wheat, Corn, Grass, Peaches, Grapes and Vegetables. IT IS CONSIDERED THE BEST FRUIT SOIL IN THE UNION. The place is perfectly secure from frosts—the destructive enemy of the farmer. Crops of grain, grass and fruit are now growing and can be seen. By examining the plans itself, a correct judgment can be formed of the productiveness of the land. The terms are most liberal to secure the rapid improvement of the land, which is daily sold for *actual improvement*. The result has been, that within the past year, some thirty new buildings have been erected, two mills, one steam, four stores, some fifty vineyards and Peach orchards planted, and a large number of other improvements, making it a desirable and active place of business.

THE MARKET.
as the reader may perceive from its location, is the
BEST IN THE UNION.
Produce bringing double the price than in locations away from the city, and more than double the prices than the West. It is known that the earliest and best fruits and vegetables in the latitude come from New Jersey, and are annually exported to the extended with fleshing.
In locating here, the settler has many advantages. He is within a few hours ride of the great cities of New England and Middle States, he is near the old friends and associations, he is in a *settled country where every improvement of comfort and civilization is at hand*. He can buy every article he wants at the cheapest price, and sell his products for the highest, (in the West this is reversed,) he has schools for his children, divine service, and with all a mild winter and delightful climate, where fevers are utterly unknown. The result of the change upon those from the north has generally been to restore them to an excellentstate of health.
In the way of building and improving, lumber can be obtained at the mills at the rate of $10 per thousand.—Bricks from the brick yard opened in the place. Brick cattle can be procured in the place, good carpenters are at hand, and there is no place in the Union where building and improvements can be made cheaper.
The reader will at once be struck with the advantages here presented, and the himself why the property has not been taken before. The reason is, it was never thrown in the market; and unless these attractions were conveyed, none would be invited to examine the land before purchasing. This all now changed, and it will be sold under cultivation, such is the extent of the settlement that there is no doubt, most persons from their own neighborhood; they will witness the improvements at once, judge the character of the population. If they come with a few dollars, and are of the tips. A church and school house are in the settlement, something of the vexatious be normal. Twitching of the face and extremities is less common, but it more or less constant symptom: for unless promptly met, it is sure to end in paralysis of the parts attacked. The treatment in this is the same as in the copper disease, viz: RADWAY'S READY RELIEF, REGULATING PILLS and RESOLVENT.
Printers.
are sometimes affected in a manner similar to dyers, but in a less degree. Their attacks are rare. It generally succeeds, while they may take the lead poison from the solder, but we have but one case of that kind. The acrid fumes of charcoal, in like manner, produce inflammation of the bladder, which may also be effectually overcome by RADWAY'S READY RELIEF and RESOLVENT.
Paper Stainers and Rag-sorters
occasionally suffer some most distressing symptoms—the former from the heavy greens they use, and the latter from their constant handling of arsenic or the corrosive chlorids of mercury. A fatal breath is not uncommon, with a rather austere kind of consumption. Persons employed as makers, or constriction of the lower part of the throat, which seems to extend into the breast, frequent hiccough, sometimes a faint sensation, which comes and goes very suddenly, very black and offensive stools, or high colored urine. These are symptoms of the RADWAY'S RESOLVENT, taken internally, will speedily effect a cure, and remove all traces of its potent consumption.
Hatters.
were formerly included in the same position, but the subject of silk hats has greatly diminished this tendency. A remedy is now necessary as a preventive, and, indeed, as one to cure. A silk handkerchief, loosely tied over the mouth and nostrils, while directly exposed, is as good as anything. A few drops of RADWAY'S READY RELIEF, with the use of the READY RELIEF and RESOLVENT will soon restore the system to health.
Farmers, Hostlers, Grooms, and all who Handle Hay
are liable to the distressing, though rarely fatal, complaint, asthma. The fumes of mildew produce the same diseases, and hence hatters, and especially those who make seating, are are subject to it. Asthmatic people are proverbially long-lived, yet the complaint is by no means agreeable. The READY RELIEF will mitigate or remove the paroxysms of the disease, and the RENOVATING RESOLVENT, taken according to directions, will effect a cure.
Bakers.
from the action of the acid of fermentation on the skin of their hands, and the almost constant exclusion of air from the pores by the flour, are subject to a troublesome itch. For this the RENOVATING RESOLVENT is a sure remedy, but the RELIEF, diluted as a wash, will aid in effecting the desired end sooner.
Occupations whereby sudden mental emotions or protracted mental labor forms a part, are not easy to determine of brain disease, but of a gradual ramollissement, or softening of the substance of the brain, whose approach may be told by neuralgia, either just before or above the eyes, or above the ear, asthma and sometimes, the latter the parent of piles, fistula and similar troublesome complaints, are often the result. Hence it is that
Lawyers, Authors, Editors, Teachers, Merchants and Clergymen,
are effected so much with neuralgia and costiveness. The treatment in these cases is RADWAY'S READY RELIEF—*internally and externally*—the pains *immediately ceases after the application*. RADWAY'S REGULATING PILLS will, in a few hours, restore regularity to the long sedentary liver. In certain cases of neuralgia and other nervous affections, the RESOLVENT is requisite.
Exposure to heat characterizes some occupations, thus,
Iron-Founders, Furnace-Tenders, Cooks, and Kitchen Maids
are liable to asthma, costiveness, rheumatism, and inflammation of the spleen and liver. Enlargement of the liver is very common among all persons exposed to intense heat. Hence it is that liver complaints are so common in tropical countries. It need scarcely be said that the liver is a controlling organ, and that its derangement involves all the connecting viscera. The derangement of the viscus may be combated successfully by the proper use of the RELIEF and REGULATING PILLS, while the typhus disease also act with speedy, good effect. For rheumatism, if acute, the READY RELIEF, applied both externally and internally, is generally found sufficient, though chronic cases, or such as may be combined with a scrofulous habit, will not yield without the RENOVATING RESOLVENT, which utterly rants out the disease, and restores the system to its normal state.
Sweaters, Longshoremen, Porters, Quarrymen, and all Persons who lift Great Weights.
are exposed to rupture. The RELIEF will break the violence of this, and with the REGULATING PILLS effect a cure.
Boatmen, Deck Hands, Ditchers, Dock-Builders, Scaraying Men, Raftsmen, Physicians, Stage-Drivers, Truckmen,
and all exposed to sudden changes of weather, are liable to will be seriously affected, sometimes merely producing painful urination, and at others, bloody or high-colored urine. The REGULATING PILL and the RESOLVENT must be mainly relied on, and the parties should never go to work on an empty stomach. For the more painful symptoms, the READY RELIEF will be necessary, and will by no means belie its name. It should be used internally and externally. In painter's colic, the REGULATING PILLS should be used to produce a free evacuation, and afterward more moderately, to keep up regular action; and from the very start, the READY RELIEF given in full doses, in flannel or slippery elm tea, or gum-water. The diet should be light, chiefly beef tea (not beef soup) or chicken broth, from which the fat has been skimmed. In paralysis, the persistent use of the RESOLVENT and PILLS, with the READY RELIEF, well and steadily rubbed into the affected limb or part for at least fifteen minutes, three times per day, and a generous, but digestible diet, will do much. In all external applications the palm of the hand is the best, the skin of which, and a female hand, from its softness, shipld be preferred.
Dyers and Calico Printers
are liable to several active symptoms. Those who use mercury of the ingredients perceive its effects in their systems. They observe an unusual taste in their mouth, which at spot to turn into a well-defined metallic one, together with an especially after rising from a meal. Their pulse is more small and hasty, and beats more frequently than natural. One very common symptom is a frequency of stool, not diarrhœa, for during some months this may be unattended by pain, and the consistence of the evacuations be normal. Twitching of the face and extremities is less common, but it more or less constant symptom: for unless promptly met, it is sure to end in paralysis of the parts attacked. The treatment in this is the same as in the copper disease, viz: RADWAY'S READY RELIEF, REGULATING PILLS and RESOLVENT.
Printers.
will be speedily relieved by the use of this invaluable medicine.

...ce-dressers, Milliners, Paper-Folders, Paper-Box Makers, Match-Dippers, Seamstresses, and the like,
are liable to costiveness, piles, and general debility. But what they have most to dread is the derangement of these sexes which nature has wisely given them for their health and comfort. They are particularly liable to hysteria, dyspepsia, painful or irregular menstruation, whites, kidney weakness, nervous debility, wasting of the head, inflammation of the ovaries, and womb disease, for all of which the RELIEF and REGULATING PILLS are confidently prescribed, or subject to chlorosis, to be removed by the use of the RESOLVENT, in addition to the other two remedies named.
Perhaps of all female occupations, that of
The Factory Girl
is liable to the most distressing symptoms, more especially when the ventilation of the work-room is not perfect. Standing positions, bending forms of employment, and floating particles continually drawn into the air passages, all contribute to weaken, depress and destroy. Yet by prudence, care and the use of Radway's Remedies, many of the girls not only hold disease to death and the doctors—otherwise a very forbidding profession—in fear.
For the present we draw our remarks to a close. But it does not follow that all occupations should be abandoned wherein these people are exposed to Cholera, Cholera Infantum, Fevers, Yellow Fever, Bilious Fevers, Fever Sores, Coked Breast, Sore Nipples, Ery's Saddle Sore, Throat, or any Inflammation or Pain, no matter how severe, or how long the disease may be standing. RADWAY'S CELEBRATED LINIMENT is a certain remedy.
Thousands of human beings have been saved a life of decrepitude and misery by the use of this invaluable medicine.

McLEAN'S VOLCANIC OIL LINIMENT
Will relieve pain almost instantaneously, and it will relieve it quickly, and heal the lowest down in an incredibly short time.

FOR HORSES AND OTHER ANIMALS.
McLEAN'S VOLCANIC OIL LINIMENT is the only safe and reliable remedy for the cure of Spavin, Ringbone, Sweeny, Callous, Splints, Unnatural Lumps, Scales or Thickening of the Skin, Sore Throat, Colds, Coughs, Sprains, Bruises, Cuts, Burns, Scalds, Old Running Sores, or, sweeny, if properly applied. For Spraining Bruises, Scratches, Cracked Heels, Chafes, Rubbs or Collar Galls, Cuts, Sore or Wounds, it is an unfailing remedy. Apply it as directed, and a cure is certain in every instance. There is no longer any need of using worthless Liniments offered to you. Obtain a supply of Dr. McLean's celebrated Liniment. It will cure you.
J. H. McLEAN, Sole Proprietor,
Office 99 Main St., (2d floor, up stairs,) Buffalo, N. Y.
DR. GEO. H. KEYSER, 10 Wood street, Pittsburgh, Pa., is the sole Agent, to whom all orders must be addressed.

THE
PERUVIAN SYRUP,
OR PROTOXIDE
Solution of Protoxide of Iron
COMBINED.

THIS PREPARATION DIFFERS FROM all others, being an unchangeable protoxide of iron, obtained by a combination never before attempted.
For Indigestion, Torpid Liver, Dyspepsia, *Scrofula*, all forms of disease caused by impoverishment of the blood, general debility, and especially the diseases peculiar to females, it has been found extremely efficacious.
Pamphlets, giving a full description of the remedy and the remarkable cures it has effected, may be obtained of the agents.

[Certificate of Dr. Hayes.]
It is well known that the medicinal effect of Protoxide of Iron is lost even by a brief exposure to air, and that to maintain a solution of Protoxide of Iron without further oxidation, has been deemed impossible.
In the Peruvian Syrup, this desideratum point has been attained by combination on a scale *before unknown*; and this solution may remain in any other route. Splendid Sleeping Cars attached to all Night Trains.
It is also eminently adapted to take the place of any Protoxide of Iron, which physicians have in their pharmacy or apothecaries' stands, and to meet such cases the Syrup should be found in the medicine chest of every ship.
A. A. HAYES, M. D.,
Assayist to the State of Massachusetts
16 Boylston street.

A CARD.
The undersigned having experienced the beneficial effects of the "Peruvian Syrup" do not hesitate to recommend it to the attention of the public.
From our own experience, as well as from the testimony of others, whose intelligence and integrity are altogether unquestionable, we have no doubt of its efficacy in cases of Incipient Diseases of the Lungs and Bronchial Tubes, Hemoptysis, Liver Complaint, Dropsy, Neuralgia, etc. Indeed its effects over the nervous system are truly astonishing, as the writer of those who witnessed them, and to whose testimony, as we do cure, to its restorative power
Rev. John Pierpont, Boston. Thomas G. Fessenden,
