# Pittsburgh Gazette.

PITTSBURGH:

TUESDAY MORNING, JAN. 17, 1860.

A MAMMOTH ESTABLISHMENT—BRADLEY'S GREAT PITTSBURGH STOVE WORKS.—As a point for the successful manufacture of iron in all its departments, Pittsburgh possesses the advantages over any other city in the Union. The cheapness and abundance of fuel, the skilled labor, the healthy location of our city, the cheapness of living, are local advantages in which we excel. Pittsburgh is located near the centre of the population of the country, and by rivers, railroads and canals, enjoys unlimited facilities for transportation of her manufactures to every part of the Union. Her trade in her own manufactures is confined to no locality or section. Her products are sold in every city of the West and South. In quality and cheapness they cannot be surpassed.

The superiority of the iron manufactures of our city is universally acknowledged. In magnitude and extent of product there are but few establishments in the country engaged in the iron business which can compare with our own. From small beginnings they have grown with the increasing population and trade of the city to gigantic proportions.

In the article of stoves, some of our large establishments may well challenge competition with the world.

The Pittsburgh Ætna stove works, established by Alex. Bradley, Esq., is a fair specimen of our manufacturing establishments. It is in all respects a most complete and extensive concern. Perhaps few, even of our own citizens, are aware of the extent to which such an establishment as this carries on the manufacture of stoves of every kind and description. We had the pleasure of going through the Ætna stove works, a day or two since, and although we are familiar with our manufactories, we were astonished at the extent of this one, and the amount of its business.

The size of the moulding floor of this immense stove factory, which is a clear area, unobstructed by pillar or post, is two hundred and ninety feet. The size of the fitting shop, which is four stories high, is fifty by one hundred feet. It is one of the best arranged and best constructed stove buildings in our city. The most perfect mechanical arrangements are in use for labor saving. The stoves are hoisted from floor to floor by machinery. The drilling, the making of rods, the rounding of pot bails, the cleaning of the ware, the making of backing, &c., are all done by neatly contrived machinery.

One hundred moulders, and other hands, are employed, and the capacity of production of this immense concern is eighty-five stoves per day. The Ætna works manufacture sixty-two different sizes of stoves, of every conceivable variety of style and pattern.—

In the pattern shop we noticed a number of new stoves being got up, which were really beautiful, and, when finished, will attract attention.

The large oven for enameling grate fronts is a most complete affair and does its work perfectly.

For system, cleanliness and order, we do not suppose this establishment can be equalled by any east or west. Its entire business is devoted to the manufacture of stoves and grate fronts, of which it has the greatest variety of patterns of any similar concern in the country. Mr. Bradley, the proprietor of these works for so many years, has always kept pace with the improvements of the day. He has always availed himself of every new patent and design which has been invented, and this, together with his careful and close attention to business, accounts for his unparalleled success. The customers of the Ætna works are fully aware that at this establishment they are always sure of the best and most improved stoves to be found in the market and at the lowest prices.

Mr. Bradley has been in the foundry business for thirty-three years, and is one of the pioneers in the business in Pittsburgh. He has succeeded by his enterprise, and his liberal manner of dealing, in attracting a large trade in stoves to our city from the West and South. The stoves which he manufactures have recommended themselves at all points which are accessible by the large western rivers and their tributaries. The proprietors of the Ætna works are gentlemen who devote their attention to their business, and who can be depended upon as fair and honorable dealers and fully entitled to the confidence of their customers.

Any who may visit our city, and have a curiosity to examine one of our extensive manufactories, would have their curiosity greatly gratified by spending a few hours in the Ætna stove works, which is situated a couple of squares North East of the Pennsylvania Railroad passenger depot. The sample and sales room of the works may be found at No. 4 Wood street, near Water.

It is impossible, in a newspaper article, to enter into an elaborate description of the neat and beautiful patterns, and serviceableness and convenience of the wares manufactured at the Ætna works. A personal examination of them only can give a satisfactory idea of their beauty and excellence. Mr. Bradley's celebrated gas and smoke burning coke and coal stoves certainly have an unprecedented reputation all over the country, and are sold North, South, East and West, and this last year the concern has found it difficult to fill their orders. They are just the thing for coal burning, and are not liable to burn out and crack, as others, having double tops and of a different construction, are liable to do.

The wood cooking stoves, made at the Ætna works, cannot be excelled anywhere.

The hands are kept at work in this establishment all the year round, and are paid every week in cash.

Mr. Vankirk, a gentleman who has had twelve years experience in business with Mr. Bradley, has recently become a partner in the concern. He has a large acquaintance, having traveled all over the Western and Southern country. He is a first rate business man, possesses great popularity, and may be relied upon as A No. 1 in all his business transactions.

The advertisement of the Ætna works, which appears in our advertising columns, gives all such additional information as may be desirable for purchasers and the business public here and elsewhere to know.

All who use stoves from the Ætna Stove Works, may rely upon having perfect, cheap, and serviceable articles.—*Pittsburgh Post.*

THE sympathies of good people in Chicago were last Summer taxed to the uttermost to sustain an Irish family, whose squalid and sickly condition was the direct result of a appalling insobriety.—The city physician cured them all up, however, and to celebrate their renewed health, they sent out for a jug of whiskey, tendering a bright guinea in payment. Search being made, it was found that they had been starving to death all Summer with $1,600 in gold under the straw upon which they lay, and furthermore, that they had just bought a good farm in the suburbs, paying $690 for it in cash.

NOTICE.—All persons holding Scholarships in the Birmingham Commercial College are referred to F. W. JENKINS, Iron City College, or HENRY WILLIAMS, 23 St. Clair street, with whom arrangements have been made. 1d

### Soyer's Sultana Sauce,

FOR HOT AND COLD DISHES OF ALL KINDS.

This most delicious and appetizing Sauce, invented by the renowned "SOYER," for the London Reform Club, is, since his decease, manufactured by the well known house of CROSSE & BLACKWELL, London, from the original recipe. It is the favorite Sauce in England, and on the Continent, with a high and growing reputation among American Epicures, and is much approved of as a stimulant to the appetite and aid to digestion.

OPINIONS OF THE LONDON PRESS.

"We recommend our correspondent to try MONS. SOYER'S new Sauce, entitled the 'Sultana's Sauce.' It is made after the Turkish recipe; its flavor is excellent, and it affords considerable aid in cases of SLOW AND WEAK DIGESTION."—*The Lancet.*

"Savory, Piquant and Spicy, worthy the genius of Soyer,"—*Observer.*

"A most valuable adjunct to Fish, Flesh and Fowl, and should have a place on every table,"—*Atlas.*

For Ulceration of the Lungs take Dr. KEYSER'S PECTORAL SYRUP.

For all Chest Diseases take Dr. KEYSER'S PECTORAL SYRUP.

For proof of our assertions read the following certificates, most of which are in our own city:—

PITTSBURGH, Nov. 18, 1858.

DR. KEYSER—Although not an advocate of Patent Medicines, in general, it affords me pleasure to recommend your Pectoral Syrup, as a medicine it is well worthy the attention of any person afflicted with any disease that may be affected with coughs, colds, croup, and hoarseness of any kind, and for its peculiar qualifications in removing all that disagreeable sensation attending a severe cold.

I have been, more or less, in my life affected with the severest of colds and hoarseness. At times my throat would become so closed as to prevent my speaking above a whisper, and by taking a few doses of this above Syrup it would relieve me entirely.

In recommending this medicine, I must reluctantly say that it is the best remedy I ever found, purporting to cure the above, nor should any family be without this remedy for disease so prevalent.

Yours, most respectfully,
EDWARD D. JONES,
Cashier Citizen's Deposit Bank.

STACKVILLE, O., March 24, 1859.

I have used Dr. Keyser's Cough Syrup for a bad cough of several years standing, and can cheerfully say that it is the best medicine for the same that I have ever taken.

J. W. PRICE,
Cashier Citizen's Deposit Bank.

COL. PRATT AND DR. KEYSER'S PECTORAL SYRUP.—DR. KEYSER:—Dear Sir: Excuse the delay of my not acknowledging the excellence of your Pectoral Cough Syrup sooner. I take great pleasure in saying that it is all you say it is. I *cured myself entirely of my cough*, and the worst one I was ever afflicted with. I have but used more than one-half of the bottle, and I can and do say that all who are afflicted would give it a fair trial as I have done, and they will be prevent to say, "it is no quack medicine." I was not sufferer another such an attack for any consideration, or at any cost. I am confident I can breathe more freely than I ever did. I shall always acknowledge a debt of gratitude for investing so excellent a remedy. You are at liberty to use my name, in this regard, as you think proper.

R. P. PRATT,
Messenger Com. Coun., Pittsburgh, Pa.

PITTSBURGH, May 11, 1859.

DR. KEYSER—I am so strange to my fellow-citizens, said all who entertain doubts can consult me personally.

E. P. P.

PITTSBURGH, April 24, 1857.

READ THE TRUTH.—DR. KEYSER:—I have a daughter who has taken several medicines for a bad cough, without benefit—among the rest Ayer's Cherry Pectoral. I purchased from you a bottle of your PECTORAL SYRUP, and before she had used half a bottle she was relieved. The second bottle cured her entirely of her cough. JOHN DAVIS,
Robinson street, Allegheny.

PITTSBURGH, Dec. 21, 1853.

A GREAT CURE BY DR. KEYSER'S PECTORAL SYRUP.—I live in Peebles township, Allegheny county. I had a coughing and spitting, which commenced about the 4th of February last, and continued eight months. I employed the best physicians in the country, and my cough continued unabated until early in October. At that time I was advised to try your PECTORAL COUGH SYRUP, which I did, and after I had taken one bottle I was entirely free from coughing and spitting. I had despaired of ever getting well, and I think it should be known that this valuable remedy will do for others what it has done by my case.

JOHN C. LITTLE, Peebles tp.,
Witness—R. H. KERR.

Patton Tp., April 14th, 1857.

A WONDERFUL CURE.—Some time ago, an old neighbor of mine was very ill with a bad cough, which every one supposed to be consumption. His relatives told me that he had taken every remedy they heard of without benefit; his brother came to see him die, and all were confirmed in the belief that he could not live. I had about the third of a bottle of your
