Special Notices.

DR. SCHNECK COMING.—This celebrated Physician will be in Pittsburgh

MONDAY AND TUESDAY,

March 5th and 6th, at the

DRUG STORE OF DR. GEO. H. KEYSER,

where he has fitted up an office for the examination of patients, for the cure of

CONSUMPTION,

AND

ALL DISEASES OF THE LUNGS.

After Dr. Schneck's departure, Dr. Geo. H. Keyser has been provided with a Respirometer, and will examine patients if they desire it.

Dr. Schneck is the inventor of what is called Schneck's Respirometer, for examining the lungs, which is highly recommended by the faculty.

One part of it is placed to the naked breast, and the other to the ear of the examinator, then, when the patient draws a long full breath, it transmits the sound or rattling of the lungs, so loud and distinct, that by practice it is easy to determine how far and what portion is diseased, and can unerringly determine whether it is Tuberculous, Pleuritic or Bronchial consumption, or whether it is an affection of the mucous membrane of the bronchial tubes, sympathizing from the liver or stomach, and forming a prognosis accordingly.

Many years ago I was given up as being in the last stages of consumption, and was taken from my home in Philadelphia to my friends in Moorestown, New Jersey, to die. I waited away to a mere skeleton, was confined to my bed and my physician, who had attended my father's family before me, said I could not live a week. Then, like a drowning cat catching at a straw, I heard of and obtained this preparation of roots and herbs, which made a perfect cure of me.

It seemed to me that I could feel it penetrating my whole system. It soon ripened the matter in my lungs, and I would spit off more than a pint of offensive yellow matter every morning for more than a week. As soon as that began to subside, my cough, fever, pain, night sweats, all began to leave me, and my appetite became so great that it was with difficulty I could keep from eating too much. I soon gained my strength, and have been growing in flesh ever since. It astonished all who knew me, so every one thought I was too far gone ever to be raised again.

Many of those people who knew me then are now living in New Jersey and Philadelphia, who could easily satisfy the most incredulous as to the truth of this statement. Also have a family complaint my father, mother, brothers and sisters all died with consumption, and I eminent left.

Now I enjoy the best of health, and have for years weighed over two hundred and ten pounds. Immediately on my recovery I turned my attention to the science of medicine, and the study of this peculiar disease. In fact, I was driven to it by the great number of people coming to me or sending for me from all parts to cure them; and I flatter myself that at this day I have had as much experience and success in the treatment of this disease as any other person in the country, having visited many portions of it, and studied at the various types and forms of the disease peculiar to the different phases of our climate. I therefore feel a confidence in my mode of treatment which those who confide their practice to but one locality can hardly hope to obtain.

I am the proprietor of three medicines; the Pulmonic Syrup for Consumption, Sea Weed Tonic for Dyspepsy, and Mandrake Pills for Liver Complaint. One bottle of Sea Weed Tonic often removes the worst cases of Dyspepsy.

The Mandrake Pills are a wholesome purgative for all bilious complaints where purgatives are required. They act on the liver and stomach similar to calomel, without leaving any bad effects, and are warranted not to contain a particle of calomel or mercury.

The Tonic and Pills are originally intended to assist the Pulmonic Syrup in curing Consumption when the stomach and liver are much disordered; but they are often now used when the lungs are not diseased, with the happiest results.

The Pulmonic Syrup is calculated to correct the bowels, stomach and liver, and will ripen and remove all morbid matter from the system; but sometimes the bowels are so costive, and the liver so sluggish, that it requires something more active with the Pulmonic Syrup; then the Sea Weed Tonic and Mandrake Pills are required. The directions which accompany the Syrup explain when they are to be used.

Those wishing a thorough examination with the Respirometer will be charged three dollars, but all advice will be given gratis, and I will do all in my power to explain the nature of their case. Those desiring an examination, and feeling unable to pay, need not hesitate to call on me, for the same attention will be shown and the same interest manifested in them which I believe on those more favored. I am anxious to meet and to explain to every one my manner of treating this fatal disease—Consumption.

Now, consumptives, here is a plain statement from one who has made this disease the study of a lifetime; and if the reader were in Philadelphia, where I reside, I could show him any number of cases that have been restored to health from the most hopeless condition. However, any one who will take the trouble to read the well authenticated certificates, will be convinced beyond a doubt of my ability to cure this terrible disease in its severest forms.

Dr. SCHENCK can also refer to some of the most respectable citizens of Pittsburgh, whose names can be given, and have been, by calling at the Drug Store of

Dr. GEO. H. KEYSER,

IRON AS MEDICINE.—PERUVIAN SYRUP.—A CURE NEAR HOME.—I publish below an extract of a letter from David Boyd, of Kutkinnitas Station of the Allegheny Valley Railroad, who was cured of a bad form of dyspepsia by the use of the Peruvian Syrup. Mr. Boyd is a hotel keeper, and is well known, and he has suffered for the last eight years. He informs me that he gained eight pounds per day by the use of one bottle of the syrup, and has authorized me to publish his letter, which, is appended. I refer to the long advertisement of the Peruvian Syrup in another column, for particulars of its curative powers.

DR. GEO. H. KEYSER, 140 Wood street, Sole Agent.

JANUARY 23d, 1860.

Dr. GEO. H. KEYSER—Sir—Enclosed I send you three dollars for two bottles of the Peruvian Syrup. I got one bottle from you about three weeks ago. If you recollect I told you that I had some of the dyspepsia. The symptoms have left me entirely. The pain in the bowels, and pains in the back of the neck, and at times dizziness. You recommended the Peruvian Syrup, and it has done me more good than any medicine that I have tried yet, and I have been taking medicine for the last eight years. You told me if I would take three bottles at one time, you would give it for five dollars, but not knowing whether it would do any good, I thought I would first try one bottle. Now that I am sending the balance of the money to so short a time, you will send me the other three bottles. DAVID BOYD.
