A MEETING of the citizens of Lawrenceville was held on Monday evening, to take into consideration the tax question. The meeting was organized by calling Wm. McCague, Esq., to the chair. Conner Bostwick was appointed Secretary. The following resolutions were adopted:

WHEREAS, We have learned that our County Commissioners have been committed to jail by order of the Supreme Court, for refusing to assess the tax upon the people for the payment of the interest on Railroad Bonds; therefore be it

Resolved, That the people of Lawrenceville are opposed to the assessment of a tax to pay interest on Railroad Bonds.

Resolved, That we regard the action of the Supreme Court, in dragging our Commissioners to the city of Philadelphia, as an arbitrary and unnecessary exercise of power; because the State having been divided by law into four districts for the convenience of the people, all the decrees relating to our county should have been executed in the city of Pittsburgh, where that Court meets to attend to the business of the Western District.

Resolved, That we extend to our Commissioners our sympathy in their present trouble, and we endorse and commend their firmness in refusing to impose an unjust and ruinous Railroad Tax upon the people.

S. F. Barr, M. McCullough, Dr. Robinson, Col. H. McCullough, Park Hinds and C. B. Bostwick were appointed delegates to attend the Anti-Tax Convention, to meet to-day at the City Hall. On motion, adjourned.

OPENING THE CAMPAIGN.—The Republican Club of the First Ward, Allegheny, was amongst the first district organizations in the county. They have had a spacious new Hall erected for their meetings and head-quarters, near the school house, on Rebecca street, which the proprietor, Mr. John Siddons, has christened *Washington Hall*. It will contain 400 persons; and a speaker's baloony on the front gives an opportunity of being seen and heard by four times that number. We understand that a mass meeting is to be held at this hall on Thursday evening, at which a rousing time is anticipated. Several speakers are under pledge for the occasion.

THE ATLANTIC MONTHLY, sold by Hunt & Miner, Fifth street.—This valuable monthly is now out and will be gladly welcomed by those who are accustomed to peruse its entertaining pages. The April number contains a number of instructive articles. That on "Thieves" gives a very interesting account of these disciples of Mercury, from the time of Egypt down to the present era. The "Pursuit of Knowledge under difficulties and what came of it" is concluded. "The Professor's Story" is still going on, the 7th chapter being given in the present number. The magazine is replete with good reading matter, and those who are desirous to learn the balance of its contents can do so by calling on Hunt & Miner.

ATTENTION is requested to the fine dwelling advertised for sale in to-day's paper. It is a two-and-a-half story brick house, built in the most modern style, with press brick front, iron lintels and sills, and a very handsome cornice. It contains eleven rooms, in all, marble mantles in the parlor, dining room, and on the second story. The Orr & Graff's improved city ranges is in the kitchen, water in the first story, and gas all through the house. The parlor ceiling is handsomely adorned with stucco work, and the whole building is finished in the most faultless manner. It will be sold, lot and all, for less than the cost of the house. If not sold shortly, it will be for rent.

LARCENY.—A man named Joseph Coun, employed in the establishment of Henry Rosenbaum, Allegheny city, was arrested yesterday, on the above charge. The articles stolen were taken from Mr. Rosenbaum's store, and comprised two silk dress patterns valued at $24; two broncha shawls valued at $12; two cloaks, valued at about $30; one set of ladies' fore, valued at about $15; one lot of calico, valued at $8; and one lot of muslin, valued at $5. Search warrants were issued on the houses of one Mrs. Bickets and a Mary Martin, which Conn had been in the habit of frequenting, and the stolen property recovered.

THE following is the result of the election recently held in Sewickley township, Allegheny county:

School Director: H. Hulis 72, H. Wadsworth 119; T. Hiddoo 87, A. Miller 28, P. B. Boyer 17; Clerk: Alex. Douglass 53; Supervisors: Arthur Long 149, John Murphy 153; Judge of Election: Jos. Miller 67, Thos. Williams 93; Inspector: Jas. Glenn 90, J. Smith 67; Auditor: D. Biggs 83, H. Donaldson 67; Justice of the Peace: R. McKee 103, C. Hulis 55; Assessor: Lewis Rees 88, John Lafferty 64; Constable: J. R. Larimer 65, John Murphy 90.

A FIRE occurred about six o'clock on Tuesday evening, on the corner of Elm and Franklin streets, Sixth ward. A little girl was directed to light a fire up stairs, which she did, and the heat became so great that it set fire to a wardrobe adjacent, and the room was soon in a blaze. The engines were promptly on the spot, however, and the damage by fire was slight, though the water saturated the whole house and injured the contents considerably. The lower story was occupied by Mr. Robert Pesi, as a grocery, whose stock was injured to the amount of about $100.

WITHIN a few years past the standard of works of fiction published and sold in this country has been raised far above what it was. The yellow-covered trash which formerly met with such a ready sale is now forced out of market, and its place is supplied with a better class of books, which can be read without danger of injuring the morals of young or old. The best of these are now much sought for, and among them the novels of Mrs. Pickering stand high. Messrs. Hunt & Miner, Masonic Hall, have them for sale at less than half-price—20 cents for 50c. and 10 cents for 25c. novels.

DISTRICT COURT—Before Judge Hampton.

Tuesday, March 20.—In the case of Wm. McKee vs. L. Wilmarth et al., the plaintiff took a non-suit as to Lyman Wilmarth and L. C. Wilmarth, and the jury assess the damages as against S. N. Lightner at $196 88.

Alex. Black vs. Robert Hazlett and John Porter, action on a promissory note given in payment of a horse; defence, breach of warranty of the soundness of the animal. Woods for plaintiff; Marshall and Brown contra. On trial.

POCKET PICKED.—Mrs. Anderson, of the Third ward, Allegheny, was made the victim of one of those light fingered gentry who haunt public thoroughfares in search of booty. She was examining some goods about to be sold at Brown & Liggate's auction store, and while so doing had her pocket picked of some two or three dollars. She did not discover her loss until she had left the place where she had been robbed, on her way to market, and of course cannot conjecture who the thief was.

A MAN whose name we have been unable to learn, stopping at a tavern kept by Philip Garver, near the penitentiary, Allegheny, was robbed on Monday night of a suit of clothes and some fifty or sixty dollars in money. A German who had been stopping at the same place disappeared rather suddenly, and is suspected of the theft. Steps have been taken to have him arrested.

ROBBERY.—A man named Edw. P. Long, conductor on the Pittsburgh & Connellsville Railroad, was attacked on Sunday night by three men named George Hall, William Kiser and John Kemp, near the Neptune engine house, on 7th street, knocked down and robbed of a watch and chain, valued at $45. One of the parties was arrested; the others are still at large. The watch and chain has been recovered.

ROBBED.—A young man named Jas. Mandill, who has been stopping at the Emmet Hotel, Allegheny city, was robbed on Monday night of a gold watch and chain, worth $150; a silver watch valued at $16, and some $30 in gold and silver. He was awakened by the thief, who made considerable noise, and fled with his booty when Mr. Mandill got up. Mr. M. thinks the thief had been concealed under the bed.

GODEY'S LADY'S BOOK, for April, is out and has been received in this city by Hunt & Miner, to whom we are indebted for a copy. The present number contains an unusual display of fashion plates, while the literary department lacks none of its usual variety—choice, amusing and instructive—and no woman who wishes to keep pace with the fashions should be without it.

ATTENTION is requested to the sale of superior Household Furniture, Oil Paintings and Bohemian Glass, at the dwelling house of Mrs. Washington, No. 120 Penn street, this morning at 10 o'clock, by Mr. Davis.

LAMP EXPLOSION.—A woman named Kirchofer, residing on Walnut street, Fifth Ward, was severely burned the other day by the explosion of a coal lamp.

NEWS FROM THE OIL REGION.—We have from time to time given newspaper accounts of what was going on in the vicinity of Oil Creek. Yesterday two gentlemen, one from the heart of that region, called at the GAZETTE office and gave us some very interesting particulars. The commercial cauldron seems to be boiling still higher in that excited Eldorado of Western Pennsylvania. The discovery of a new well, the next one that has been tested to the McClintock, has thrown far in the shade all other similar windfalls of a previous date. Three weeks ago a gentleman from Brownsville, Mercer county, was offered an interest of one-sixth in the Crosby well, which had then obtained a depth of 100 feet, and was regarded as one that promised fair. He consulted his friends and declined the investment as being extra hazardous. Since then the vein has been carried thirty-one feet deeper, where an extraordinary vein was struck, which has been called the jugular vein of the whole oil region. A steam pump was procured and put down, and last week operations were begun, the result of which showed a yield of oil which far exceeds the most sanguine expectations of all concerned. Several gentlemen, by actual measurement and timing by the watch, made an estimate of the amount, and their calculations gave from two and a half to three gallons per minute, or from *ninety to one hundred and twenty barrels per day!* The enormous value of this well will be better appreciated by comparing with some of the best wells in the oil creek district. The McClintock, on Oil creek, 3 miles from the mouth, yields eighteen barrels a day. The Drake yields twelve bbls. a day, though its capacity is supposed to be twice that much, the pumping apparatus used being defective. The engineer has offered to give Mr. Drake twenty-one barrels per day and take the balance for pumping the oil up. The Barneswell well, in Crawford county, about one-fourth of a mile from the Venango line, yields twenty-five barrels daily. Its depth is 160 feet. When Mr. Barnswell had bored 120 feet, he sold a man from Ohio a one-sixth interest in this well and the whole tract adjoining, comprising some 200 or 300 acres, for $10,000, $500 down and the balance in annual payments of the same sum.

Mr. Evans, the blacksmith in Franklin who bored his own well, has been offered $100,000 for it. The terms he demanded were $20,000 down and a responsible bank to honor his check at any moment for the balance. He has also refused $5000 a year rent for it. The Arnold well has reached the great depth of 120 feet. Six or eight veins of oil have been struck, and the proprietors are still going deeper. The Franklin Company have bored 314 feet, striking oil at 240 feet, and commenced pumping last Friday. Indications fair. The Hoover well, 3 miles below Franklin, on the bank of the Allegheny river, has been bored 112 feet. Oil in sufficient quantity to pay has been found, but the proprietors are going deeper in search of the great vein struck by the Crosby well. The well of Graff & Painter, on Oil creek, 1 mile from the mouth, is reported to be a good one. They were putting up an engine last week and will be pumping this week. At the mouth of Gordon run, below Titusville, on the Allegheny, in Warren co., a well 6 feet wide was sunk to the depth of 10 feet, when the workmen came to a rock and stopped to go for their boring tools; when they returned they found 5 or 6 inches of oil on the rock and dipped off 82 gallons. They are now boring the rock and expect great results. There are not less than 200 wells now in various stages of progress, and in 90 days it is estimated there will be 1000. Previous to the discovery of the Crosby well, the excitement was excessive, but now it baffles description. It is pervading every class of men, merchants, manufacturers, mechanics, physicians, lawyers, and it is said, has even invaded the pulpit. There is not a lawyer or merchant in Franklin who is not more or less concerned in the oil business. The farmers particularly have become almost infatuated, and are mortgaging their farms to procure money at 2 per cent. a month, to be invested in oil wells. The hotels are crowded, stages are filled to overflowing, and vehicles of every sort, private and public, are in constant demand, though still the wants of travelers are not supplied. The excitement in New York city is also intense, and daily arrivals from that vicinity are reported at the houses of entertainment.

It has been thought that this large increase in the supply of oil would deteriorate its price, but the following would seem to set at rest any apprehensions of that character. The firm of Evelitch, Bissell & Co., a very heavy house in New York, have sent out an agent to the oil district, who has bargained for all the oil produced by the Crosby, Drake, McClintock and Barnswell mills, during the next five years. He agrees to sell the oil at a commission of 5 per cent. and to advance ten dollars on each barrel shipped to the firm in New York, who have purchased a site in Franklin at $30,000, on which they are about erecting a very large refinery.

The character of the oil varies. Some is of a light transparent color, and answers well for burning. Other oil is darker colored, stiff and penetrating, and makes an excellent lubricator for machinery. The principal supplies to the Crosby mills, and the latter, that of the Drake and McClintock mills.

RICHARDSON'S

IRISH LINENS,

DAMASKS, DIAPERS, &C.

CONSUMERS OF RICHARDSON'S LINENS, and those desirous of obtaining the GENUINE GOODS, should note that the articles they purchase are sealed with COPPER the name of the firm,

J. R. RICHARDS, SONS & OWDEN,

as a guarantee of the soundness and durability of the Goods.

This caution is rendered essentially necessary, as large quantities of inferior and defective Linens are prepared, season after season and sealed with the name of RICHARDSON, by Irish Houses, who, regardless of the injury they inflicted alike on the American consumer and the manufacturers of the genuine Goods, will not readily abandon a business so profitable, while purchasers can be imposed on with Goods of a worthless character.

FACTS will prevail over mere assertions — The credibility of dealers in counterfeit and worthless machines, has overlapped itself. The more they abuse and belie the

WHEELER & WILSON MACHINES

The more are the people convinced of their sterling merit and superiority over all others. The sales of the

WHEELER & WILSON MACHINES,

Since the 1st of October PROVE IT. Beware of COUNTERFEIT and worthless Machines, purporting to be improvements on WHEELER & WILSON'S. The genuine can only be obtained at our office.

COMBINE ALL THE GOOD QUALITIES of Wheeler & Wilson's, Grover & Baker's, I. M. Singer's and Elias Howe's Patent, AND IS LICENSED BY FACH.

The new PATENT LOOPER which is applied to these Machines, (the Wilcox & Gibbs Patent,) is so constructed as to

KNOT EVERY STITCH,

Thus forming a seam which cannot be ripped, even though every third stitch be cut. Another feature which is remarkable about this Looper is, *it cannot by any possibility* SKIP A SINGLE STITCH.
