DR. R. A. WILSON'S

Tonic, Cathartic and Anti-Dyspeptic

PILLS.

WILSON'S PILLS have had a mere local existence for over twenty years, unsupported by advertising of any kind, and held at home the prize of what they are now sold at, yet with all these disadvantages, wherever used they have in no instance failed to render the utmost satisfaction in performing all the requirements of a valuable family medicine, and as such are recommended by some of the most worthy and responsible citizens of this land. Hear for instance what Col. William Hopkins, of Washington, Pa., says:

From Col. Wm. Hopkins, late Canal Commissioner of the State of Pennsylvania, and Treasurer of Washington County, January 5, 1858.

DR. R. A. WILSON, Pittsburgh, Pa.—I have been using your Anti-Dyspeptic Pills, when occasion required, for many years, and can truly say that I have never found any medicine equal to them in relieving me from affections of the stomach and heart; they have always left my system in better condition than they found it. I must confidently commend your Pills as a safe and highly valuable medicine.

Yours, respectfully, WM. HOPKINS.

Hear Dr. Keyser.

MESSRS. R. L. FARNESTOCK & CO.—I have had considerable experience in the use of the extraordinary Pill compounded by Dr. R. Adams Wilson, of which you are now the proprietors, and have often felt their benign influence in my own constitution. Nervous headache, and its disordered cause of the stomach. I have likewise prescribed them for others, in cases of hemicrania and other forms of headache depending on a disordered condition of the stomach and digestive organs, for which they seem peculiarly adapted, being entirely free from any griping tendency. I regard them as a very valuable Pill, and one that purges without at all debilitating.

GEO. H. KEYSER.

Prepared and sold by R. L. FARNESTOCK & CO., Wholesale Druggists, and Proprietors of R. L. FARNESTOCK'S VERMIFUGE, No. 61, corner of Wood and Fourth streets, Pittsburgh, Pa. Sold at retail by Druggists everywhere. fe21-2tsdwF

ELECTROPATHY.

SOMETHING NEW

AND

SOMETHING TRUE.

ELECTROPATHY THE INVALID'S HOPE.

OFFICE HOURS, FROM 7 A. M. TO 9 P. M.

STEVENS, M. D., physician and Surgeon, of Buffalo, respectfully announce to the citizens of Pittsburgh, Allegheny, Manchester and the surrounding country, that they have located themselves permanently in Pittsburgh, for the treatment of all diseases, both functional and organic, by the application of ELECTRO-MAGNETISM, or a newly discovered system.

From the triumphant and almost unparalleled success that has attended their practice, as electricians, and from their experience—that as a Homœopathic and the other Allopathic physician—they feel warranted in saying to the afflicted, that they can cure all curable forms of diseases, such as

Palsy or Paralyses, Incipient Consumption, Rheumatism, both Acute and Chronic, Neuralgia, Headache, Torpid Liver, Bronchitis, Catarrh, Asthma, Weakness and Curvature of the Spine, Scrofula, Dyspepsia, Deafness by Paralysis, Ringing in the Ears, Convulsions, Cataracts, Weak Eyes, Erysipelas, Spasmodic Retention of the Urine, St. Vitus' Dance, Obstinate Fevers, Prolapsus Ani or Piles, Female Weakness and Irregularities, General Debility, Derangements of the Nervous System, Stiff Joints and all Diseases of the Bowels, &c.

While they rely chiefly on the proper application of ELECTRICITY, as a remedial agent, they do not reject the use of medicine in such cases as their experience has proved it to be beneficial.

Multitudes in every community are suffering and dying from the effects of disease, in spite of all the skill and unwearied toils of their physicians, who, without doubt, are doing the best they can for them; and yet, after months or years of faithful and diligent toil, they are finally obliged to abandon them as incurable, although they are using electricity, but with no satisfactory results after the patient or themselves. But why do they so often fail, seeing they use the same agent that is used by the skilful electrician? Because they are unacquainted with the physiological laws which govern its application in disease.

Physicians who have patients afflicted with diseases of long standing upon which the most celebrated all known remedies, are particularly invited to give our system a trial.

Prof. GREGORY and Dr. STEVENS intend to make their stay in Pittsburgh permanent, and they assure all who may call upon them for examination, that they will not be encouraged to hope for a cure unless there are good and sufficient ground for such encouragement.

CONSULTATION FREE. We cordially invite the afflicted to give us a call.

Instruction given to both ladies and gentlemen who desire a knowledge of our system of treating disease.

Certificates of cures may be seen at our rooms, SCOTT HOUSE, PARLOR No. 1 and OFFICE No. 1 and 2, Fifth street entrance for Ladies. fe2-3mdeltwF

LATEST FROM EUROPE.

Arrival of Steamer Arabia.

NEW YORK, March 30.—The Arabia, from Liverpool on the 17th inst., arrived this afternoon.

The address to the Queen, approving the French commercial treaty, was agreed to in the House of Lords by thirty majority. The British Government had received a dispatch from France declaring the annexation of Savoy absolutely necessary, but hinting that the feelings of the Savoyards will be consulted before the decisive measures are taken. Lord John Russell said the views of England would be forthcoming, embodied in a dispatch, and laid before Parliament.

Some English journals are getting fierce with Napoleon on the Savoy question, which will be settled by treaty between France and Sardinia before the Savoyards are consulted.

Switzerland had sent a protest against the annexation.

It is reported that French troops are under orders for Chambre.

Full returns of the voting in Italy are overwhelming in favor of annexation to Sardinia. The vote in Tuscany was 366,000 for annexation, and 15,000 for a separate kingdom. No steps have been taken as yet.

In the House of Lords, on the 16th, the state of Naples was debated, and the Duke of Somerset said protection would be afforded to political refugees who might seek for it on board British men-of-war in the Bay of Naples.

In the House of Commons, Mr. Hallibarton asked if the attention of the Government had been directed to the fact that the Island of St. Pierri, near Newfoundland, has been fortified by the French Government. Lord John Russell said the case had been referred to the law officers of the Crown, who were of the opinion that the French government had not violated the stipulation of the treaty.

Lord John Russell made some explanations in regard to a Chinese expedition. He admitted that it was not desirable to proceed to Pekin, but it would be unwise to say that it should not be done if their terms would be refused. An indemnity would be demanded, and if not accepted before the forces arrived, it would be insisted upon. A general debate occurred, in which Mr. Bright and others strongly condemned the policy of Mr. Bruce. Lord Palmerston defended Mr. Bruce, and said England would never have endured his submitting to the indignities which the American Minister had met with. He believed that the Emperor of China was prepared to give a apology for the Peiho affair.

The £100,000 preference capital, authorized by the Great Ship Company, had all been applied for by the stockholders, and the subscription list had been closed.

The Daily News of the 17th says that if the statement respecting the mode of ceding Savoy, be correct, the event will be more serious in its ultimate necessary consequences, than any which has occurred since the fall of the Great Napoleon. Henceforth not even the most sanguine will be able to believe in the maintainance of peace. Europe has to reckon with a power which tramples upon the most sacred rights, which has cast off respect for everything but material force. Sooner or later, Europe will find itself compelled, in self-defence, to confine this power within the limits of law. The Herald uses the same language.

The London Post believes that at present the question stands thus: Sardinia is about ceding Savoy and Nice, by treaty, to France. France will then consult the population whether they choose annexation to France, or a separate independency; if they elect the latter, then Savoy will be constituted an independent State; if the former, the result will be communicated to the Government. In case of serious disapproval and opposition on the part of Europe, which is not likely, France will probably consent to the establishment of Savoy as an independent State.

An insurrection in Naples is considered imminent. What is positive is that France will never consent under any circumstances, to the retention of what are called the French slopes of the Alps, by Sardinia, enlarged as she will be, a power inferior only to Prussia.

FRANCE.—The Paris correspondence of the London Times says that it is certain that the order to the French army in Lombardy, to be ready to march at a moment's notice, has been countermanded.

The Paris correspondence of the Times says that an autograph letter from the Emperor Napoleon, couched in an angry style, had reached King Victor Emanuel. The Emperor invites the King not to accept the Savoy annexation, characterizing the recent test of universal suffrage. He may name a prince of his own name for Tuscany; and, according to the same report, he debarred from occupying the Romagna, which may be governed by a vicar acceptable to the Pope, as the Sardinian government declares, in advance, its acceptation of the result of the voting.

A rumor was current that the Piedmontese troops would forthwith enter Tuscany. Another rumor was that Prince Humbert, eldest son of the King of Sardinia, would be proposed for the crown of Tuscany.

SPAIN AND MOROCCO.—A Madrid telegram states that on the 12th of March, a Moorish messenger arrived with a letter to Marshal O'Donnell, from the Emperor of Morocco, professing his desire for peace.

Liverpool, 7th.—Cotton; the sales of the week were 61,000 bales; of which 5,000 were for speculation, and 1,200 for export. The market opened dull and lower, particularly for middle and inferior Uplands, but an active demand for these sprung up and prices rallied without the former qualities; the sales on Friday were 10,000 bales, and on Saturday 7000 bales, closing steady.

The Manchester market is quiet, but there is an improved tone.

Liverpool Breadstuffs Market.—Breadstuffs are generally unchanged. Flour is quiet and steady. Wheat 1d dearer; red 9s@9s 4d. Corn dull; yellow 32s 9d@33s 6d.

Provisions.—The market generally has a declining tendency. Beef active, but the prices are in favor of buyers. Bacon is dull, but firm. Lard is dull and rather lower, at 57s@60s 6d.

LATEST.—*Modena, 16th.*—The result of the voting in the Italian provinces has been proclaimed, and is as follows: Total number on authentic rolls sent on the test, 521,655; number who voted, 427,512; for annexation to Piedmont, 426,006; for a separate kingdom, 756; cancelled 750.

Florence, 16th.—A decree has been published convoking the electoral assemblies for the 25th of March, in order to proceed to the election of Deputies to Parliament.

The Paris correspondence of the Times learns that the second warning, which will be followed immediately by excommunication, has been sent to Turin. After a certain interval the bull of excommunication against Victor Emanuel will be issued.

Two regiments of foreign cuirassiers at Lyons have received marching orders. They are to proceed to Chambre, the capital of Savoy.

A regiment of cuirassiers has left Turin, to be stationed at Susa and Genevre, and proceed to the frontiers of the King of Sardinia accepts the annexation. Other troops have left their quarters to be ready to enter the Romagna.

Pesth, 16th.—Yesterday, about 2000 students attempted a demonstration at the churches and church yards at this place. Several students were arrested. On an attempt being made to rescue them, the police resorted to their weapons and wounded several persons. The populace did not, in any way, take part in the demonstration.

The official Gazette of Turin publishes an address to the clergy of the special provinces, expressive of their conviction that the question of the Romagna is quite distinct from the interests of religion.

La Nord publishes a dispatch from Cardinal Antonelli, in reply to the last note of M. Thouvenal, uncompromisingly demanding the return of the revolted provinces before even the question of reform can be entertained.

WASHINGTON CITY, March 30.—The managers of the principal telegraph lines, in connection with the Pony Express, have agreed upon the following prices for private dispatches to and from California:—For ten words from any Atlantic city, or any other telegraphic station, or vice versa, $2,45; for a similar number of words from the first station on the California telegraph line to any part of California, and vice versa, $2; while the charge for expressing the message, without regard to length, will be $2,45—each making the sum total from any station in the Atlantic States to any station in California, $6,90 for ten words. The charge for each additional word above that number will be twenty cents for the entire distance. The understanding is that the telegraph companies will refund the entire tolls to parties forwarding any message which fails to reach California, or vice versa, in advance of any other route, and that they will also return to the sender any moneys paid for dispatches filed in season to overtake the express at St. Joseph, which, through any reason, may fail to reach that place before the departure of the express.

The House bills authorizing publishers to print on the papers the date when subscriptions expire, and reducing the postage on town and city drop letters to one cent, passed both Houses of Congress.

The committee have agreed to postpone until next Thursday consideration of the bills for the organization of Nevada and Dacotah Territories, and the admission of Kansas as a State.

A caucus of a considerable number of Democrats, embracing representatives from nearly every Southern State, was held yesterday. Members of Congress and delegates to the Charleston Convention, participated. An attempt was made to effect some union of action in favor of Mr. Hunter for the nomination at Charleston. The friends of Mr. Guthrie declined acceding, and the caucus broke up without accomplishing any result. It is understood that all the delegates to Charleston from Kentucky, except two, are for Breckinridge. The friends of Mr. Douglas claim that a majority of the Charleston delegates from North Carolina, are for him.

NEW YORK, March 30.—The official dispatches from Captains Jarvis and Turner, detailing the capture of Miramon's steamers, are published, but contain nothing new.

John Cummins was hanged this morning, in the tombs yard, for murder. He died calmly, expressing sorrow for his crime, and commending his own wife and children, and those of the man he had killed, to the charities of the good.

Thirty-Sixth Congress—First Session.

WASHINGTON, March 30, 1860.

HOUSE.—On motion of Mr. Colfax, the amendment providing that if any person endorsed on a letter that it is to be returned to him in thirty days if not called for, it shall be so done, instead of being sent to the Dead Letter Office, was passed.

A number of private bills were passed.

The House adjourned.

SENATE.—The Chair laid before the Senate, a message from the President, in reply to a resolution of inquiry, relative to the operation of the Navy in Mexico, and the authority therefor. Ordered to lay on the table and be printed.

Mr. Mason, from the Committee on Foreign Relations, reported a bill relative to the assembling of a Convention of Commissioners from the United States and Paraguay, to meet in Washington, and sit three months, the expenses to be paid jointly by both governments. He asked for the present consideration of the bill. Laid over.

The bill, to carry out the provisions of the fifteenth section of the treaty between the United States and Mexico, concluded February 24, 1848, was taken up. It provides for the commissioner to adjudicate private claims under the treaty, there being a special fund in the Treasury for paying them.

After a debate, it was laid over.

The private calendar was taken up, and the bills upon it, discussed the balance of the day.

The Senate adjourned.

Pennsylvania Legislature.

HARRISBURG, March 30.

SENATE—Thursday evening.—The supplement to the Allegheny Valley Railroad charter, which had already passed the House over the Governor's veto, was taken up, and on the question, Shall the bill pass notwithstanding the Governor's objection, the vote stood yeas 21, nays 7.

An act to incorporate the Warren Gas Co. passed finally and goes to the Governor.

Mr. Penney called up the supplement to an act to incorporate the Pittsburgh Bridge Co., which passed finally, but having been amended goes to the House.

An act for the relief of Daniel Leppley, late collector of Latimer tp., Somerset co., passed finally and goes to the Governor.

House concurred in Senate amendments to an act extending the limits of Greensburg.

HOUSE—Thursday evening.—The supplement to an act for the sale of the State Canals passed finally, but having been amended goes to the Senate. The House were engaged all night passing this bill.

SENATE.—Friday morning.—An act to establish a system of free banking in this State passed finally, but having been amended goes to the House; yeas 17, nays 15. Mr. Irish voted aye, Mr. Penney no.

The annual appropriation bill came up on second reading, and passed a second reading with material amendments. Your Hospital appropriation was raised to $50,000; the salaries of the Supreme Judges were raised to $3,500; the other Judges' salaries remain the same as last year. The bill passed finally, but having been amended goes to the House.

An act providing for execution against boroughs; an act requiring notices of executors' and trustees' sales to be published; and an act to enable executors and administrators to sell immature securities—passed finally and go to the House.

An act to remove the seat of government to Philadelphia was negatived by a vote of 17 against 9.

An act to incorporate the Pennsylvania Canned Coal Co. passed finally and goes to the Governor for his approval.

The Senate adjourned till evening.

WASHINGTON, March 30.—Private letters from Arizonia state that delegates have been elected to a Convention to be held at Tucson on the first Monday in April, to organize a provisional government for that territory. All connection with New Mexico is severed.

R. Owens, two years ago a member of the Legislature of Texas, will probably be elected Governor of Arizonia under the provisional government.

The same address state that the disturbances in Chihuahua will probably destroy the trade with Elpaso, and prevent the exportation of specie. Most of the specie owned by the United States government and overland mail company has heretofore been drawn from Chihuahua.

The documents sent into the Senate to-day by the President embrace the instructions of the Navy Department to Capt. Jarvis, under date of January 18th, 1858. He is informed that the ship of war Savannah has been prepared for service in the home squadron, and he is directed to proceed to San Juan del Norte, Nicaragua. "You will, at all times," the Secretary adds, "afford protection to the citizens of the United States, and their property; and, should occasion arise, protect any vessels of the United States from search or detention in the high seas, by the armed ships of any other power."

The following letter to Capt. Jarvis had not reached him at the time of the capture of the Miramon steamer:

Navy Department, March 13th, 1860.

SIR: With a view to afford the protection due our citizens at Vera Cruz, the President has directed Hon. R. McLane, should a hostile force approach that place, and he should consider the American citizens there in danger from its operations, to request the commanding officer of the United States vessels of war on that coast to land such forces as may be needed, and can be spared from indispensable duties, and employ them for the protection of our citizens, whose persons or property he may believe to be in danger. Should Mr. McLane therefore make of you, as senior commanding officer, the request, which his instructions authorize him to, you will comply with it. Statements having been made which lead to the belief that arrangements are making by what is known as the Miramon Government of Mexico to establish a blockade at Vera Cruz, and other ports on the Gulf of Mexico, the President has declared that such a blockade will not be recognised by the United States. You are therefore directed to employ the naval force under your command to afford American vessels free ingress and egress at all Mexican ports, and fully to protect them."

The same orders were sent to Captain Farragut, commanding the Brooklyn, and to Commanders Turner, Jenkins and Hazard, respectively commanding the Saratoga, Preble and Pocahontas.

In communicating the documents relative to the course of Capts. Jarvis and Turner, in the seizure of the Miramon steamers, the Secretary adds, upon the facts stated in these official reports, the Department can see no cause for censure in the conduct of both these gallant officers and the men under their command.

Messrs. Barr, Irvine, Gorsuch, Verce and Harris, of Md., have been appointed a Select Committee by the Speaker of the House, on Mr. Barr's resolution, for an investigation of certain contracts in connection with the public stores of New York.

St. Joseph, March 30.—The central overland mail, with Utah dates to the 17th inst., arrived here last night. The news is meagre and unimportant.

In consideration of the great increase of the juvenile portion of the community, President Young is erecting public schools and academies.

The Jordan range is heavily covered with snow; the weather was changeable, with storms of rain and snow.

INDEPENDENCE, Mo., March 30.—A fire broke out here at about 11 o'clock last night, which, thus far, has consumed nearly the whole south side of the city, and should the wind continue or increase, it is feared the west side will also be destroyed. Among the buildings burned are the Independence Hotel, two drug stores, ten or twelve business houses and several dwellings. The loss thus far cannot be less than $100,000, and the fire is still raging.

Second Dispatch.—The probable loss is about $150,000. The following are some of the losers:—J. Beckhen, $12,500, insured for $2,500; J. Robinson, $1,500,
