THE PERUVIAN SYRUP, OR PROTECTED

Certificate of Dr. Heyes]

It is well known that the medicinal effect of Prototride of it not is not even by a brief exposure to air, and that to maintain a solution of Prototride of Iron without further oblidation, has been deemed impossible.

In the Peruvian Sprup, this desirable point has Seen at tained by consideration in a way by fay unknown, and this solution may replace all the procoglomates, citrates and tarrates of the historia Medica.

It is also emiscently adapted to take the place of any Protoxide of Iron, which physicians have used in segrey of corbuite attacks, and to meet unch cases the Syrup should be found in the medical erheat of every ship.
