THE KNIGHTS OF THE GOLDEN CIRCLE.—A New Orleans correspondent of the Charleston *Mercury* says:

"There is trouble among the K. G. C.'s. The lodges were in session till a late hour last night, and there was quite a stormy time of it. A great deal of consternation was produced by the non-appearance of Gen. Bickley, the commander. He has now been due here for more than three days. When last heard from he was in Mobile, about to come direct to this city. A variety of rumors are rife concerning him. Some say that he has abandoned the enterprise; others believe, or profess to believe, that he has been made away with by secret agents of Miramon. Of these two reports I need not say that the former is more generally credited among sensible men. But it is very possible that both are without foundation, and that the valiant Commander-in-Chief may yet turn up. In the meantime, however, the affairs of the Order are in a sad plight. There seems to be no controlling leader; although there are any number of members ready to sacrifice their peace of mind by assuming the responsibilities of that position. I believe, too, that on the roll there is a vast preponderance, in numbers, of officers over privates. I have it from good authority that nearly five hundred ambitious young sons of Mars are upon the staff.' In fact, though I have met any number of the Knights, I have yet to see the first who holds a lower rank than that of lieutenant. These are ominous signs. Your readers must receive the grandiloquent accounts of the vast resources and complete organization of the Order *cum grano salis*, if they would understand the true condition of its affairs. If the K. G. C.'s ever reach the soil of Mexico in any considerable force, I believe that the day is still far distant. This opinion is formed after very careful inquiry into their means and prospects."

THE EAGLE SLATE COMPANY

BEING prepared to receive orders for their SUPERIOR GREEN AND PURPLE ROOFING SLATES, delivered after the opening of navigation, would call attention to the low cost of this FIRE-PROOF material, and to the great purity of raw-water collected from slate rocks, not being impregnated with taint of decayed shingles or the poisonous qualities of painted metals. They would also caution the public against parties falsely representing themselves as Agents, thereby furnishing an inferior article in our name, such only agents established by the Company being in the City of New York. Parties in Canada and the North Western States wishing for the GENUINE EAGLE SLATES will please address the Company, at "Hydeville, Vt.," where orders will receive prompt attention.

THE PERUVIAN SYRUP,

OR PROTECTED

Solution of Protoxide of Iron

COMBINED.

THIS PREPARATION DIFFERS FROM all others, being an unchangeable protoxide of Iron, attained by a combination never before known.

For Indigestion, Torpid Liver, Dropsies, *Scrofula*, all forms of disease caused by impoverishment of the blood, general debility, and especially the diseases peculiar to females, it has been found extremely efficacious.

Pamphlets, giving a full description of the remedy and the remarkable cures it has effected, may be obtained of the agents.

[Certificate of Dr. Hayes]

It is well known that the medicinal effect of Protoxide of Iron is lost even by a brief exposure to air, and that to maintain a solution of Protoxide of Iron without further oxidation, has been deemed impossible.

In the Peruvian Syrup, this desirable point has been attained by combination in a way *before unknown*; and this solution may replace all the pro carbonates, citrates and tartrates of the Materia Medica.

It is also eminently adapted to take the place of any Protoxide of Iron, which physicians have used to scurvy or scorbutic attacks, and to meet such cases the Syrup should be found in the medicine chest of every ship.

A CARD.

The undersigned having experienced the beneficial effects of the "Peruvian Syrup" do not hesitate to recommend it to the attention of the public.

From our own experience, as well as from the testimony of others, whose intelligence and integrity are altogether unquestionable, we have no doubt of its efficacy in cases of Incipient Diseases of the Lungs and Bronchial Passages, Dyspepsia, Liver Complaint, Dropsy, Neuralgia, etc. Indeed its effects would be incredible but from the high character of those who witnessed them, and have volunteered their testimony, as we do ours, to its restorative power.
