THURSDAY MORNING, MAY 10.

Fifty Dollars Paid for a Penny.—One of the "Higley coppers" of 1787, struck by Higley of Granby (a blacksmith) out of copper from old Simsbury mine (Newgate prison) 132 years ago, was to-day purchased by Alfred E. Robinson, Esq., of the city, of Mr. George Williston of Suffield, for the sum of $50. A lawsuit had been one of the features of the history of this old coin. The Higley coppers were the first coins ever struck in North America, and are now rare; only three of them, it is said, being in existence. Mr. Williston had been offered $15 for this one, by Mr. Vietz of Granby, who claimed that W. had accepted the offer; this Williston denied, and a lawsuit was the result. After the verdict was in favor of Williston. The coin is of pure copper, and the die is very good and clear. On the obverse face appears the inscription, "Connecticut, 1737," in a circle around the representation of three blacksmiths' hammers or sledgehammers; the reverse bears the words, "The value of threepence."

One of the rare "Washington pennies" of 1791, the face of Washington being beautifully clear and distinct, and a "Louisiana penny of 1767, coined for that colony by France, were also purchased of Mr. Williston by Mr. Robinson.

The "old coin" mania is a strong one, we are aware, but this is the strongest instance of it we have met with. Plenty of "old coin," "warranted genuine," will be offered, if $50 apiece can be obtained for them.

Art of Thinking.—To think clearly is among the first requirements of a public teacher. The faculty may be improved, like other faculties of mind or body.

One of the best modes of improving in the art of thinking is, to think over some subject before you read upon it, and then to observe after what manner it has occured to the mind of some great master; you will then observe whether you have been too rash or too timid, in what you have exceeded, and by this process you will insensibly catch a great manner of viewing questions. It is right to study, not only to think, but from time to time to review what you have passed; to dwell upon it and to see what trains of thought volitatily present themselves to your mind. It is a most superior habit of some minds to refer all the particular truths which strike them to other truths more general, so that their knowledge is beautifully methodized, and the general truth, at any time, suggests the particular exemplifications, or any particular exemplification at once leads to the general truth. This kind of an understanding has an immense and decided superiority over those confused heads in which one fact is piled upon another, without the least attempt at classification and arrangement.—[Sidney Smith.

Quack Nostrums.

The NEW YORK DAY BOOK says:

The majority of Hair Washes, Hair Dyes, Hair Tonics, and the numberless preparations which are now before the public under such strange appellations and fantastic titles as we are paraded in show window cards, and newspaper headings, as hair preparations, are all humbugs of the first water, likely real mortis, when they pretend to, in that they do no harm. BOND'S LARD, LARD OIL, LARD OIL, SWAN OIL, scented and not scented, make up, when in beautiful wrappers and white flint glass bottles, the costliest character of tonics; and when just coloring, bergined with some trifling perfume, are caught at by verdant young and old of both sexes. Such is the character of Professor Wood's Hair Restoratives. The gentleman, before the world relative to any "Hair Vitality," Alcoholization, or any other astounding and startling theories, pretends to supply anywhere a Hair Restorative—what it expresses positively—and we know, ourself, to be. But Professor Wood's Hair Restorative, and it will restore your scalp, age, your very locks, promptly restoring age for it may be that you will get, some wretch assumes the name perfumed lard oil on your cranium. Remember, Wood's Restorative for the Hair is the best article extant.

It Will, by Nature's own Process,

Restore Gray Hair to its Original Color,

Will make Hay Grow on Bald Heads,

Will restore the Natural Secretions,

Will cause hair to cease all itching,

Will remove all Dandruff,

Will cure all eruptions—even Scald Head,

Will make the Hair Soft and Glossy,

Will make the old appear young again,

Will preserve the Color of Hair to old age,

Will keep Hair in any desired fashion,

And is one of the best Toilet Articles for the Hair now in use.
