THE EAGLE SLATE COMPANY

BEING prepared to receive orders for their SUPERIOR GREEN AND PURPLE ROOFING SLATES, delivered after the opening of navigation, would call attention to the low cost of this ROOFING material, and to the great purity of its composition, which from experience for a long time, is now fully established as being impervious to the effects of the weather, and not liable to crumble, as is frequently the case with slates of inferior quality. Orders addressed to the Company at their office, No. 3 Fifth street, Pittsburgh, Pa., will receive prompt attention.

Reference is kindly permitted to the following gentlemen, who have had the Slates on their buildings for the past two years:
