FRIDAY MORNING, JUNE 1

MAZZINI—The greatest victory achieved by King Victor Emmanuel is the conversion of Mazzini. The fiery apostle of republicanism has renounced his creed and becomes a devoted royalist. In his proclamation to the Italians he says that the events which have taken place in Italy during the last twelve months clearly show the unity will be no longer a dream but a reality, when the people who still groan in chains give a strong and fresh impulse to events, and become a victorious initiative. He therefore calls upon the Sicilians to rise from one end of the Island to the other, and fight like heroes, as they are for the habit of doing, and then, he feels assured, they will be victorious. Massini thus renounces his long cherished views, and proves, at all events, that he is not the impracticable theorist which he was believed to be.—The government of the Bourbons having been broken down, we will proclaim that which Central Italy has already chosen, the only one that can be called Italian, that of the brave and gallant King. Let us, therefore, inscribe on our banners the word "Annexation!" Before being a republican I was in favor of unity, for it appeared to me that a republic alone could lead to it. I was mistaken. Victor Emmanuel made Italy progress towards that object; he will lead her to it if the people will assist him. I thus sacrifice old ideas to old principles; and with you, Sicilians, and with all the other people of the Italian peninsula, who will henceforth form only one nation with you, I cry: 'Long live Victor Emmanuel, King of Italy.'"

THE young lady about whom the love troubles of the young Prince of Wales have begun, and which have led, according to rumor, to his visit to the North American colonies, is the Lady Caroline Villiers, daughter of the Earl of Jersey, and grand-daughter of the late Sir Robert Peel, of whom the Countess of Jersey was the eldest daughter. She is very young, not over 17; the Prince not 19 until November next. It may be held to be one of the plagues of high station that, if these young people really love each other, they should be separated; and that, whether they do or not, their names should be mixed up with scandal on both sides of the Atlantic.

A young bull has been astonishing the natives of Missouri by extraordinary feats in the way of climbing. It is said that he mounted the steep roof of a barn with the agility of a cat, flourished his tail ice, the edification of the spectators, and then descended to the ground with the charmingly unconscious air of one who has accomplished something unprecedented and yet deprecates praise. In view of the contemplated removal of the Holy See to Missouri this bovine demonstration is not utterly meaningless. That bull undoubtedly heralds the coming of the Pope

WRECKED IN THE LOTTERY OFFICE.—The St. Louis Herald is speaking of the recently discovered embezzlement of a clerk in that city, says the defalcation for which Smith, the clerk, was arrested will hardly fall short of $100,000, and Smith was nothing to show for it." The rock upon which he was split was the one upon which many another has been wrecked—the lottery office. The extent of his operations in this line may be imagined, when it is stated that he is indebted to one lottery firm in that city to the amount of $10,000.

It has often been remarked of the Society of Friends that its members live to a greater age than those of any other body. This belief is greatly strengthened by the March obituary, where it appears that of the 33 deaths there recorded, two had passed the age of 90 years, ten that of 80, seven that of 70, five that of 60 and five between the ages of 40 and 60; leaving the small number of four adults below 40, whose respective ages were 27, 30, 31, and 31.

Quack Nostrums.

THE NEW YORK DAY BOOK says:

"The majority of Hair Washes, Hair Dyes, Hair Tonics, Hair Oils, and the numberless preparations which say now before the public under such names as Hyperion fluid, sold at fancy prices, with highly embellished cards, and newspaper headings, as their proprietors, are all humbugs of too first water, their real worth, when they possess any, is, that they do no harm. BOG'S LARD, WHALE OIL, LARD OIL, SWEET OIL, scented and uncolored, make up, when in beautiful wrappers and white flint glass bottles, the costliest character of tonics; and when thus costly, are baptized with some frightful term, and caught at by verdant young and old of both sexes. Such is not the character of Professor Wood's Hair Restorative. This genuineness comes before the world without any 'high falutin.' Xiophobiatron, or any other astounding and startling catch-penny terms, are simply advertised as Hair Restorative—what it expresses precisely—and as a Restorative it acts. Buy Professor Wood's Hair Restorative, and as you value your scalp, you, your very brains, apply nothing else for it may be that you will get some worse substance than perfumed lard oil on your cranium. Remember, Wood's Restorative for the Hair is the best article extant."

It Will, by Nature's own Process,

Restore Gray Hair to the Original Color,

Will make Hair Grow on Bald Heads,
Will restore the Natural Secretions,
Will remove all dandruff,
Will cure all eruptions—even Scald Head,
Will make the Hair Soft and Glossy,
Will make the old appear young again,
Will preserve the Color of Hair to old age,
Will always Fasten it and stop its Falling.

And is one of the best Toilet Articles for the Hair now in use.
