Ast approaching completion, and will be entirely finished by the last of September. It is built in Gothle style, of querry faced andstone, and finished with cut stone. It will cost, when finished some \$13 000.

The preparations for the commencement of the Presbyterian Church (the Rev. McIlwains)

Pennsylvania iron were allowed a reasonable

ished, some \$18,000.

in the same place, are progressing rapidly. The old School House adjoining the present church, where the new one is to be erected, has been taken down and the cellar dug. When the buildlag is completed, it will be ensurpassed by any other of the rural churches in the county. The cost of the church and ground will be in the neighborhood of \$25,000. Our Ison Masuracrustes.—An exchange states that fire iron mills in the Troinity of Pittsburgh manufactores 100,000 tons of iron and naits annually. We believe there are early forty altogether. What must their aggregate products of worked materials of They are all most stack in consequence of the depression in prices. What will their annual products be, if
