WEDNESDAY MORNING, JULY 11.

A Proclamation for the Encouragement of Piety and Virtue.

[From the London Gazette, June 18.]

BY THE QUEEN.

Victoria R.—We, most seriously and religiously considering that it is our indispensable duty to be careful above all other things to preserve and advance the honor and service of Almighty God, and to discourage and suppress all vice, profaneness, debauchery and immorality, which are so highly displeasing to God and so great a reproach to our religion and government; to the intent, therefore, that religion, piety, and good manners may flourish and increase under our administration and government, we have thought fit, by the advice of our Privy Council, to issue this our royal proclamation, and do hereby declare our royal purpose and resolution to discountenance and punish all manner of vice, profaneness and immorality, in all persons of whatsoever degree or quality within this our realm; and we do expect and require that all persons of honor, or in place of authority, will give good example by their own virtue and piety, and to their utmost contribute to the discountenancing persons of dissolute and immoral lives; and we do hereby strictly enjoin and prohibit all our loving subjects, of what degree or quality soever, from playing, on the Lord's day, at dice, cards, or any other game whatsoever, either in public or private houses, or other place or places whatsoever; and we do hereby require and command them, and every one of them, decently and reverently to attend the worship of God on every Lord's day.

Our further pleasure is, and we do hereby strictly charge and command all our judges, mayors, sheriffs, justices of the peace, and all other our officers and ministers, both ecclesiastical and civil, and all other our subjects whom it may concern, to be very vigilant and strict in the discovery and the effectual prosecution and punishment of all persons who shall be guilty of dissolute, immoral, or disorderly practices; and that they take care also effectually to suppress all gaming houses and places, and lewd and other disorderly houses; and also to suppress and prevent all gaming whatsoever, in public or private houses, on the Lord's day; and likewise that they take effectual care to prevent all persons keeping taverns, or other public houses whatsoever, from selling wine, beer, or other liquors, or receiving or permitting guests to be in the same in such their houses in the time of Divine service on the Lord's day.

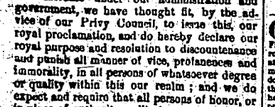
And for the more effectual proceeding hereof, we do hereby direct and command all our judges of assize and justices of the peace, to give strict charges at their respective assizes and sessions for the due prosecution and punishment of all persons that shall presume to offend in any of the kinds aforesaid; and also of all persons that, contrary to their duty, shall be remiss or negligent in putting the said laws in execution; and that they do at their respective assizes and quarter sessions of the peace, cause this our royal proclamation to be publicly read in open court immediately before the charge is given.

Given at our Court at Buckingham Palace this 9th day of June, 1860.

GOD SAVE THE QUEEN.

THROUGH the intervention of the Minister of the United States in France, a man by the name of Zeltner, an American naturalized citizen, held for military service in France, has been released and permitted to return. It appears Zeltner emigrated to this country when very young, but not before his name had been put upon the registry of the conscription. Not answering to his name when called, he was condemned, and became liable to seizure on his return to France. He went back to his native province in the Department of the Lower Rhine, and was imprisoned. Our Minister, addressing M. Thouvenel, claimed his discharge on the ground that he had become a citizen of the United States, and owing no further allegiance to France, could not be forced to perform service in her army. The demand was granted, and the man released.

M'CORMICK'S REAPER AND MOWER.



20,000 Sold in the Last Five Years!

Being a Larger Number Than is Manufactured by any other single Establishment in the World.

THE MACHINE for 1860 will be found so greatly improved as fully to meet the wants of farmers, both as a Reaper and as a Mower—so modified in its construction, as now to be

THE ONLY COMPLETE MACHINE

for both purposes. While cutting a swath several inches wider than the Two Horse Machine of past seasons it is as a whole, narrower, lighter and stronger, and will run much easier—with no material side draught. We propose, therefore, for the coming season, a machine one foot wider than that of most makers, with a light draught for two horses in Reaping or Mowing—LIGHTER THAN IS REQUIRED BY MOST HARVESTER MACHINES. By the perfection of balancing of this machine, in connection with a patented sectional jointed tongue, (with the wrist frame,) the cutting apparatus, when moving, is now easily thrown over obstructions while in motion, simply by the weight of the driver in his place, thus dispensing with all levers and complicated arrangements to effect the same object.

The machine of 1860 will be found superior as a MOWER, presenting some peculiar features not *elsewhere* by other machines. The Two Horse Machine will cut a swath about five and one half feet wide, is of light and very draught, so as to be *a great amount of work with a less expenditure of power* than any machine now made.

A warrantee is given to every purchaser, and in addition, the following offer is made: Any farmer who may be in doubt as to the merits of the Machine *through the harvest* with any other, and PAY for the one PREFERRED.

For further particulars, as also for patent claims under which this machine is built, we refer to our annual pamphlet, which will be furnished on application to us, at Chicago, or either of our many agents.

Pamphlet machines can be seen at all prominent points.

Prior of machine of three in Chicago, St. Louis, Indianapolis, Cincinnati, Louisville, Pittsburgh, Cleveland and Buffalo—charges following from these points:

For Four Horse, complete.....$155
For Two Horse, complete.....140

Quack Nostrums.

THE NEW YORK DAY BOOK says:

"The majority of Hair Washes, Hair Dyes, Hair Tonics, Hair Oils, and the numberless preparations which are now before the public under such extravagant, hyperbolical and fantastic titles as we are handed in show bills or inserts, and newspaper headings, as their prepossessing appearance of the first glance, their vast merit, when they *pass away*, is, that they do no harm. ROWS LARD, WHALE OIL, CASTOR OIL, SWEET OIL, scented and colored, make up, when in beautiful wrappers and white flint glass bottles, the comfort character of tonics, and when in the course of a hopeful of with some triphlastic store, and candles at by verdant young and old of both sexes. Such is not the character of Professor Wood's Hair Restorative. This gentleman comes before the world without any "high tatara" Xilophoratron, or any other astounding and Baltimore cachepenny terms; he simply advertises his *Hair Restoration*—what it expresses precisely—and as a Restorative it acts. Buy Professor Wood's Hair Restorative, and as you value your scalp, your very brains, apply not a drop else; for it may be that you will get some worse substance than perfumed lard oil on your cranium. Remember, Wood's Restorative for the Hair is the best article extant."

It Will, by Nature's own Process,
Restore Gray Hair to the Original Color,
Will make Hair Grow on Bald Heads,
Will restore the Natural Secretions,
Will remove all Scurf and Dandruff,
Will cure all eruptions—even Scald Head,
Will make the Hair Soft and Glossy,
Will make the old sponge young again,
Will preserve the Color of Hair to old age,
Will always Restore it and stop its Falling,
And is one of the best Toilet Articles for the Hair now in use.

DR. MOTT'S
CHALYBEATE
RESTORATIVE
PILLS & IRON.

AN APERIENT AND STOMACHIC Preparation of IRON purified of Oxygen and Carbon by combination in Hydrogen. Sanctioned by the highest Medical Authorities in the United States, and prescribed in their practice.

The experience of a quarter of a century in the propagation of Iron can be compared with it. In this mixture of the blood, depression of vital energy, pale and otherwise sickly complexions are hitherto its becoming its almost every particular cure. Its range in all maladies in which it has been found beneficial is absolutely curative in each of the following complaints, viz:

Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhœa, Dysentery, Inaptitude Catamenial Complaints, Consumption, Tuberculosis, Salt Rheum, Blemishes of the Skin, Whites, Chlorosis, Liver Complaints, Chronic Headache, Rheumatism, Intermittent Fevers, Pimples on the Face, &c.

In cases of General Debility, whether the result of acute disease or if the continued diminution of nervous and muscular energy from chronic complaints, one trial of this remedy will be proved successful to any extent which no description can now written attestation would render credible—Invalids no long bed-ridden as to have become long since in their own neighborhoods, have suddenly re-appeared in the busy world as if just return'd from protracted travel in a distant land. Some very signal instances of this kind are attested of female sufferers, emaciated victims of apparent unbreakable magnificent exhaustion, critical changes, and almost complete loss of nervous and dyspeptic action to air and exercise for which the physician has no name.

In Virtue of Actions of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old order, it is vigorously acts, without being exciting, nor ever penetrating and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inducing a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for *Piles*, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In Dyspepsia, Innumerable as are its causes, a single box of these (24) basis Pills has often suffered for the most habitual cases, including the attendant *Gastrodynia*.

In enchanted Diarrhœa, even when advanced to Dysentery, confirmed, exhausting, and apparently malignant, the pills are have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate Incipient Consumption, this remedy has allayed the alarms of friends and physician, in several very gratifying and interesting instances.

In Scrofulous Tuberculosis, this medicated iron has had for more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities.

The attention of families cannot be too confidently invited to this remedy and restorative, in the cases peculiarly afflicting them.

In Menstruation, both chronic and inflammatory—in the latter, however, more decidedly—it has been fortunately well reported, both as allaying pain and reducing the swellings and stiffness of the parts and muscles.

In Intermittent Fevers it must necessarily be a great remedy and sanguis preserver, and as its progress in the new settlements of the West, will probably be one of high esteem and confidence.

No remedy has ever been discovered in the whole list of the *Materia*, which exerts such prompt, happy, and fully reliable effects in Gout upon its complete digestion; rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

For sale in neat flat metal boxes containing 50 pills; price 50 cents per box; for sale by Druggists and dealers. Will be sent free to any address on receipt of price. All letters, orders etc., should be directed to
