Miscellaneous.

ALL THE VIRTUES OF
PERFECTION IN WATER COMBINED.

THIS above cut is a representation of Dr.
KARCHER'S ELECTRIC BATHS, as patented at the Patent Office of the United States, and which have been 14 years before the American people, in many of our principal towns and cities, during which time hundreds of persons have called at the Bath Rooms of the Inventor, and have received the benefit of the Electric Baths alone, when rightly administered by the scientific Doctor, in all preliminary cases, to be cured, or made sound and fast for themselves.
The curative effects of each Bath, the two genders of the water, and the strength of the electric current, is duly noted and recorded in the diseases, the condition of the patient at the time of the electric curing. The water heated, blood heat, and the electricity so graduated as to produce nothing but pleasant sensations.
Those who call on Dr. Karcher, either Agents or Clients, to whom they are not acquainted—from whom we have not called and received the necessary certificates—will be required to pay cash for their Baths, which will be duly returned to them on the production of such certificates
