No returns have been received from the 3d and 6th wards of Pittsburgh. The 3d ward Allegheny city is not given.

The deaths are only given for the year previous to June 1, 1860.

Probably no establishments are such as yield over $500 per annum.

These townships and boroughs that do not show the census of 1850 in the above list, have been so divided and cut up since then into new ones, that it is not known definitely what their exact amount of population was.

Not so.—An article appeared in our columns yesterday about the pardoning, by Gov. Packer, of Walter Williams, who was sentenced to the penitentiary for selling lottery tickets, in which we said it was the third time that Williams had been pardoned by the Governor from the Penitentiary. This was a mistake. Williams, together with several other men, was tried some years since for counterfeiting, but was acquitted by the jury, having proved that he had nothing to do with the others, except renting them the room in which the police found a large lot of counterfeit money. Williams was indicted during the administration of Mayor Weaver, for selling lottery tickets, but the case was never pushed, and he has since got off again.

During the June term of the Court of Quarter Sessions, he was again indicted for the same offence, tried, convicted and sentenced by Judge McClure to one year in the penitentiary. He then takes over there about two weeks ago, but received a pass from Gov. Packer on Monday last, on account of his bodily infirmities.

We give the above explanation, in order to show that Williams did not escape the sentence imposed on him by the law, on such grounds as Ready, committed of highway robbery did, who was pardoned because he was supposed to be dying of consumption, and was soon seen dancing at a Dutch ball in Allegheny, the night he was released.

A SPECIAL MEETING of the Pittsburgh Typographical Union No. 7, was held this morning, James A. Costello, Vice President, in the chair, for the purpose of attending the funeral of their late fellow member, Andrew E. Marshall.

Mr. Alex. P. Callow offered the following resolution, which were adopted:

Resolved, It has pleased an All-Wise and Divine Providence to remove from amongst us, by death, after long bodily suffering, ANDREW E. MARSHALL, for whom we all recognize a worthy brother and fellow-workman, therefore be it

Resolved, That in him the Union has lost a faithful and worthy member, his family a kind husband and affectionate father, and society a good member.

Resolved, That we deeply sympathize with his family and friends in their bereavement, assuring them that they are not alone in their sorrow, and that there is not one among us who did not highly esteem him, and who does not deeply deplore his loss.

Resolved, That the Secretary be requested to tender a copy of these resolutions to the relatives of the deceased, with the sincere condolence of the whole Union, and that the same be published in the city papers, and also in the Boston *Herald* and *Printer*.

On motion, it was resolved to attend the funeral in a body.

On motion, adjourned.

Pittsburgh, Aug. 8th, 1860.

MCCLURE TOWNSHIP.—At a meeting of the Republicans of McClure Township, at the house of Joseph Bokel, Wm. Carson was chosen Chairman, and Cyrus Hutchison Secretary.

A committee of three was appointed to report to the meeting permanent officers for a Republican club of the township.

Hugh S. Fleming was elected President of the club; Cyrus Hutchinson, Secretary; and James Shipman and Wm. Carson Vice Presidents.

The following were appointed a Committee of Finance—Brady Wilkins, E. W. Cook, Nicholas Miller, Columbus Coleman, John Phillips, Chas. Cummins, John Gill, Robt. Lecky.

It was resolved, that the club be called the McClure Township Rangers.

Adjourned.

THE STORM ON TUESDAY.—During the thunder storm on Tuesday evening, two carpenters at work on a lot adjoining Mr. Kennedy's store in New Brighton, were struck by lightning, one of whom was instantly killed. The other was removed in a senseless condition, though some hopes were entertained of his recovery. We did not learn their names.

A barn on the Rose estate, on Squaw Run, in Ross township, occupied by Jonathan Midway, was struck by the field, took fire and burned to the ground, with a quantity of wheat and hay. The loss is about $800, on which there is no insurance. We also learn that a man, whose name could not be learned, was struck and killed instantly by a lightning stroke, in the same vicinity, during the storm.

CITY FARM PIG NEWS.—One of the best, if not the best pig sale of the season, came off yesterday at the City Poor Farm, in which a large number of married as well as young people participated. The affair passed off in the pleasantest manner possible, until about 5 o'clock, when a crowding shower came down, and for a short while, stopped the merry dance. It lasted but a few minutes, however, at the end of which time the dancing was renewed. The steamboat containing the party arrived home about 10 o'clock, and all agreed that they had passed a very pleasant time, and were by no means sparing of complimentary allusions to the manner in which the managers had conducted the affair.

YOUNG LADY KILLED.—Miss Mary E. Patterson, of Wellsville, while out on horseback near Mexico Mills, Saturday evening last, accompanied by her cousin, Mr. F. M'Kenzie, was thrown from the saddle, by the horse taking fright and running away. Death caused almost instantly. Miss P. was youngest daughter of the late Dr. Patterson.

CORRECTION.—We were mistaken in saying, in our report of the Fifth street fire, on Tuesday night, that there was no insurance on the Tannery of Mr. Wm. Smith. We learned yesterday from an officer of the Western Insurance Company that Mr. Smith was insured in that office for $2000.

PETTY ITEMS.—There were 14 committments to the jail yesterday. Of these, 7 were for drunkenness, 3 for disorderly conduct, 2 for vagrancy, 1 for larceny, and 1 for assault and battery. The committing magistrates were, Mayor Wilson 8; Alderman Jones 2; Lewis 1; Rogers 1; Donaldson 1, and Scott 1.

ASSAULT AND BATTERY.—Alderman Jones, of the Fifth Ward, yesterday committed a German, named George Mayr, who lives in Allegheny, to the county jail in default of security to keep the peace and be of good behavior for six months, on a charge of assault and battery, preferred against him by a woman named Caroline Will, a resident of Penn street, in the Fifth Ward.

A MAN DROWNED.—Mr. David Black was drowned in the Monongahela, on Tuesday last, at Elson Landing, this county. He ventured in a skiff to secure a floating piece of timber, and by some accident fell into the water and was drowned before any assistance could be rendered him. Mr. Black was a resident of Glass Land's, in Millvale township, and was the owner of a good deal of property in that vicinity. He was a man of small means, and his family will be left in poor circumstances. His body was recovered on Wednesday morning, and his remains were interred with appropriate ceremonies.

THE STORM ON TUESDAY.—During the thunder storm on Tuesday evening, two carpenters at work on a lot adjoining Mr. Kennedy's store in New Brighton, were struck by lightning, one of whom was instantly killed. The other was removed in a senseless condition, though some hopes were entertained of his recovery. We did not learn their names.

The Breckinridge party have taken courage from Eastern advices and are organizing energetically. Several prominent Democrats who, at first, favored Douglas, are coming out on the other side. An address, encouraging the support of Breckinridge, is signed by 60 prominent Democrats, 23 of whom are federal office holders, and 8 more, also recipients of federal patronage. It is difficult to estimate which wing is the strongest. Thus far 17 Democratic newspapers are for Douglas and 13 for Breckinridge and 9 remain non-committal. With the Democratic party divided, the Republicans hope to carry the State. Ball and Everett meetings have been held.

A man named Wetseller was murdered on the 17th of July by William Wady, who fled to the Washoe mines, where he was arrested on the 23d. While being conveyed in an open wagon to Sacramento in charge of three officers, when near the city in the night the prisoner managed to slip his handcuffs and get a pistol from a sleeping officer, with which he mortally wounded him, and killed the other two officers, and thus made his escape. He has not been re-arrested.

Strong efforts are to be made to prove the will of the late Senator Broderick a forgery, with considerable weight of testimony on that side.

The latter gentleman was arrested upon landing from the steamer on a charge of embezzling $35,000 from West & McDougal, produce merchants of Cincinnati, of which firm DeDougall was principal partner and Montague clerk. The detective, who has been on their track for several days, arrived in Hamilton yesterday, and learning that parties answering their description had left per steamer, he immediately engaged a special locomotive and arrived in this city simultaneous with the steamer. McDougal escaped in a cab before the detective reached the wharf, and has not yet been arrested. PITTSBURGH LADIES ABROAD.—We clip the following from the Atlantic City correspondence of the Philadelphia *Evening Bulletin*:

"There are a number of beautiful young ladies here at this time. Philadelphia furnishes her share, and is very fairly represented.

Our sister city, Pittsburgh, is also well represented in this respect. Two of her fair daughters are here at this time, and they command much attention, and have evidently worked their way into the affections of more than one of our Philadelphia gentlemen.

One of the young ladies is a real musical genius! She sings like a bird! Her voice is tender, brilliant and full of feeling; a clear, pure soprano, capable of reaching to E flat in alto, and all of her notes are sweet, pure and perfectly regular. Her voice rings through the building with a full, rich, human volume, and brings every one within hearing—particularly certain nice Philadelphia gentlemen—to a perfect stand still. Verily the muses smiled when Miss —— was born!" Long may she live, and happily; and may her lovely voice ever retain its present sweetness and power!

Atlantic city is evidently destined to become one of the most popular and attractive places in the country. It will compare, at this moment, most favorably with any other summer resort. I will venture to say, that there has been a larger number of visitors here this season than at any other place in the country. This will undoubtedly continue to be case, and it is pleasant to know that Philadelphia can of herself support such a delightful watering place; although, this season, a large number have come from other parts of the country. Next to our own city, Pittsburgh has been more extensively represented than any other places in the Union. Mr. M'Glohen will always attract custom from that quarter, and there are none more social, and intelligent, and liberal that the good people of Pittsburgh."

GRAND LARCENY.—A complaint was made before Ald. Donaldson, yesterday afternoon, by J. G. Porterfield, landlord of the Metropolitan Hotel, on St. Clair street, charging a colored man named Hamilton Wise, employed as a waiter in the above hotel, with the larceny of a gold watch worth about $40. He was arrested and committed for trial.

SHINGLES.—The shingle market is very dull just now, and prices have a declining tendency. This decline is attributed by a great many to the supply being more than equal to the demand, but the real cause may be found in the fact that the demand is not so great as in former years, shingle roofs not being thought of when "Greggon's celebrated Asphalt Roofing Felt" can be obtained. The agent for this excellent material can be found at his office, Langhirt's building, Canal bank, near the city Water Works.

Hon. W. JOHNSTON	H. PERSHING

Weekly Review of the Pittsburgh Market.

[Reported specially for the Pittsburgh Gazette.]

PITTSBURGH, FRIDAY, Aug. 10, 1860.

We regret that we are unable to record any material improvement in business during the week that has just closed. The general verdict presents no new feature worthy of special notice, with the exception of a slight decline in flour, and an increased firmness in coffee. The transactions in all the leading articles have been almost entirely of a local character, there being an entire absence of anything like a speculative feeling.

The weather has been very favorable for harvesting, and it is probable that the greater portion of the wheat, rye and oat crop has already been secured in fine condition.

ASHES—The weeks' sales were small at former prices viz: Pots 3¾@3¾ cts; Pots range from 4¼@4¾. Pearls 5¼@5½. The stock in first hands is ample for all ordinary purposes.

APPLES—the new crop is coming in freely, but prices are steady at $1.25@1.50 ₩ bbl, according to quality.

ALE—Pittsburgh manufactured continues in fair demand, with steady shipments to all parts of the country. The established rates at present are:
