THIEF IN LIMBO.—An Irishman named James Harrison was arrested yesterday by Alderman Donaldson's police, to answer a charge of larceny preferred against him by Mr. C. Yeager, a variety goods merchant on Market street. The accused was employed by Mr. Yeager as a house servant and carriage driver, and during the busy season was often engaged as a packer in the warehouse. Various articles disappearing from time to time while he was working there, suspicion at length attached to him as the thief, and he was accordingly watched by one of the clerks. Saturday night when all the employees had left the store except Harrison and the above clerk, the latter went out, saying he would not be back again that night, and told the other to lock the store up. The clerk then went on the opposite side of the street and presently saw the accused come out, lock the door, and walk briskly up Liberty street and turn down Virgin alley into Wood street, then into Fifth, and finally as far as Smithfield, where he turned up and went into a lager beer hall about a square below the custom house. Just as the clerk was following him in Harrison came out, and the clerk walked away, fearing the former would recognize him and escape.

Yesterday morning, Mr. Yeager was apprised of the above and accordingly questioned Harrison. The latter returned such unsatisfactory answers that Mr. Yeager at length became satisfied that he was the thief. A police officer was immediately sent for and the accused taken into custody. His room in Mr. Yeager's house was searched and a lot of jewelry, worth perhaps $15, (several pieces having Harrison's name engraven upon them,) were found. When brought before the Alderman, the accused denied the charges preferred against him, and said the bundle the clerk saw only contained some dirty clothes he was taking to his washerwoman, who lived in Virgin alley. He was sent so far as to tell where the woman's house was, and the officer searched the whole alley but was unable to find her. As to the jewelry, he said that it had been sent to him from Ireland several months since. Unfortunately for this part of his story, Mr. Yeager identified these as part of the missing goods, and an engraver named M'Cormick, on Fifth street, was produced who testified that he had engraved the name on them about two weeks ago.

The Alderman, after hearing the testimony, committed Harrison, in default of $1000 bail, for a further hearing on Saturday afternoon.

THE FIREMEN'S ASSOCIATION.—A meeting of the Firemen's Association was held Monday evening, the President, Mr. J. H. Stewart, in the chair, and R. W. Mackey, Secretary. Present, Messrs. White, Hare, Gregg, Sarber, A. J. Kemp, Montgomery, Leonard, Stewart, Graham, M'Mellon, Keye, Elliott, Warden, Tibby, Rosewell and Sephare.

The reading of the minutes of last meeting were dispensed with.

The resignation of Mr. W. C. Moreland, of the Independence Company was accepted.

A resolution offered Mr. Hare, of the Eagle, that the Association hold a parade on the 1st prxime in carriages, and that each member subscribe a dollar to defray the expenses, was adopted. Mr. Leonard, of the Neptune, moved that the captains of the Association should meet with the Chief Engineer, at the call of that officer, to arrange the programme for the parade.

Messrs. Mackey, of the Allegheny, Captain Elliott, of the Vigilant, and Graham, of the Niagara, were, on motion, appointed a committee to make the necessary arrangements for the parade.

Mr. Graham, the chairman of the committee, appointed to procure aid for the Department from Insurance Companies, reported successful progress, and were, on motion, continued.

A suggestion from Mr. White, of the Eagle, that something should be done about the frequent absence of the members from the meetings of the Association, was answered be the President, who said that he intended hereafter to strictly enforce the articles in the constitution, (which he afterwards read,) requiring the attendance of the members.

Mr. Gregg was appointed chairman of the committee upon the alteration of the Constitution, to fill the vacancy, caused by the resignation of Mr. Moreland.

Mr. Gregg, chairman of the committee, appointed at a previous meeting to report a constitution for a re-organization of the Old Firemen's Relief Association, reported:

That there were now nine but life members, and two honorary members, now comprised in said Association, that there was considerable fund on hand, and that the old members were willing to have the Association revive under such constitution as this committee should prepare, provided the funds should be thereby reserved for the purposes for which they were originally designed. Mr. Gregg then offered a constitution and by-laws.

The report was accepted.

Mr. Montgomery, of the Allegheny, wished to know if the parties now holding the said funds, were willing to hand them over to the Firemen's Association. Mr. Gregg replied that they could not do so. The Treasurer was under $5,000 bonds to secure the safety of the money, and its transmission for the purposes which it was designed.—He stated that the old association was now a dead letter. Mr. Sarber, of the Vigilant, moved that the report should be adopted. It constitutes the members of the Firemen's Association life members of the Relief Society, upon the payment of $1 00 initiation, and dues of $2 00 per annum, and permits all other members of the Fire Department to join upon the same terms.

Considerable further discussion and explanation was had, after which Mr. Leonard moved as an amendment to Mr. Sarber's motion, that when the Association should adjourn, they should do so to meet on Monday evening next, prepared to take the report into consideration.

Mr. Gregg moved to amend by requesting the return of the old Relief Association to meet with them. Mr. Sarber's motion, with the amendments, was then adopted.

The President and Secretary of the Association, with Messrs. Gregg, Keye and Montgomery were appointed as a committee of invitation in accordance with the last amendment.

The Chief Engineer, Mr. Jane Pettis, presented his first quarterly report, from which we learn that the Department has been called to 15 false alarms and 24 fires; the most of which were trifling; the loss for the quarter ending August 13, amounts to $14,750, of which $12,500 is covered by insurance. The report was unanimously adopted.

Mr. Montgomery moved that the President of the Association be instructed to have the Constitution and By-Laws of the Relief Association published, to be held deem proper. Adopted.

On motion, the Constitution and By-laws were then read by the Secretary.

The Association then adjourned.

MURDER.—The remains of an unknown boy, supposed to be 15 years of age, were found by some men, on Sunday afternoon, on the left bank of the Ohio River, opposite Sewickley. The deceased had received a ball from a shot gun in the upper jaw behind each ear, besides a deep cut inflicted on the forefinger of his left hand.—Coroner Hoffstot held an inquest on the body yesterday morning. The jury, upon investigation of the case, very naturally came to the conclusion that the deceased had been murdered by parties unknown, and rendered a verdict of death by accidental gunshot.

THE NEW ZOUAVE COMPANY.—A meeting was held last evening at No. 144 Fourth street, by a large number of gentlemen who are about starting a company of Zouaves in this city on the plan of the Chicago Zouaves. The assembly was called to order by the election of Thomas F. Wilson, Esq., President, and E. B. Haseltine, Jr., as Secretary. A committee on organization, consisting of Reuben Miller, Jr., Julian H. Hughey, G. W. Tanner, H. S. Campbell and Chas. C. Baisley, was appointed. Also a committee, consisting of E. De Barrenne, H. Howard and W. W. Barker, to procure an armory. The Brigade Inspector, Major Hays, will organize the company after their election of officers on Saturday, and make the necessary arrangements to procure arms, etc. The company now numbers 55 members, and it is confidently thought that it will increase to double that number in a few days.

THE Wide Awakes of Beaver, numbering 100, paraded the streets on Saturday evening last. They visited New Brighton, where they were received by a large crowd of citizens, bearing torches, lanterns, &c., altogether making a fine appearance. After marching through the several streets, they halted in front of the Huron House, which was illuminated, where they were addressed by Hon. Samuel Purviance and Thos. M. Marshall, Esq., of this city. A number of ruffians who infest that town, created considerable disturbance by throwing fire balls and stones into the crowd. Several of the Beaver men were severely injured by being struck with stones.

MAN KILLED.—An accident of a fatal nature occurred at the Tarentum Camp Meeting ground Sunday afternoon, which resulted in the death of a man named Goehring. It appears that while intoxicated he undertook to drive a wagon load of passengers from Tarentum to the camp grounds, and while racing on the way, upset the wagon, and he was thrown to the ground with such force as to inflict injuries from which he died a short time afterwards. Several of the passengers were also hurt, but none of them seriously.

STONING A HOUSE.—Patrick Duffy and D. C. Collen were brought before the Mayor yesterday morning, charged with stoning the house of a courtezan named Cochrane, on Third street, on Sunday, and acting in an otherwise outrageous and disorderly manner. They were fined $10 each, and in default of payment, sent to prison for as many days.

BURGLARY.—The confectionary of Mr. Joseph Shoeb, on Small field street, between Sixth and Seventh streets, was entered by burglars on Monday morning between 12 and 4 o'clock. The rascals effected an entrance through a back door, carried out a desk which Mr. S. used to keep his money and papers in, and rifled it of forty-five dollars.

"CAMPAIGN BREASTPINS"—Messrs Hunt & Miner have sent us a specimen of a neat "campaign breastpin," with correct portraits of Lincoln and Hamlin, which may be had cheap at their establishment.

REPUBLICAN CAMPAIGN DOCUMENTS.—Lives of Lincoln and Hamlin; in cloth and paper.

Full length steel portraits of Abraham Lincoln—the best likeness of Lincoln published. Sold only by subscription. Price $3; India Proof $5; colored $5.

Wide Awake Vocalist; price 10 cents.

Republican Songsters; several different kinds.

Debates of Lincoln and Douglas; cloth 50 cents; stitched 38 cents.

Life of Lincoln; in cloth, $1; paper, 25 cts.

Republican Badges; price 18 cents.

Republican Photograph Medals, various kinds.

Tribune Campaign Tracts.

All of the above can be had in large or small quantities, at Hunt & Miner's.

SHINGLES.—The shingle market is very dull just now, and prices have a declining tendency. This decline is attributed by a great many to the supply being more than equal to the demand, but the real cause may be found in the fact that the demand is not so great as in former years. The search, it is being thought of when "Greggon's celebrated Asphalt Roofing Felt" can be obtained. The agent for this excellent material can be found at his office, Laughlin's building, Canal bank, near the city Water Works.

☞ FOURTH WARD LINCOLN GUARDS.—The Fourth Ward Lincoln Guards will meet at TRIMBLE'S YARD THIS and TO-MORROW EVENINGS August 14th and 15th, for drill to prepare for the approaching parade Thursday night. Uniforms are on hand and can be procured at Head Quarters.

aul4-2t2 BY ORDER OF THE OFFICERS.

☞ REPUBLICAN MEETING.—There will be a meeting held in Independence Hall, in the Ninth Ward, on this (Tuesday) evening, August 14th, at 7½ p. m., for the purpose of organizing a Republican Ward Club.

EXTRACT from the minutes of the Republican County Executive Committee meeting:

At a meeting of the Republican Executive Committee, held on Wednesday, July 25th, 1860, the Executive Committee, Thomas M. Marshall, T. J. Bigham and Russell Errett, were appointed to prepare an address to the voters of the county; and they were instructed to invite the attention of the tax payers of the county, irrespective of party, to the alarming condition of their financial affairs, to the present system of the County Commissioners, and to suggest to the people some mode of concerted action, whereby the proper legislation may be invoked to shield the present stretch of financial misgovernment, which has been a prolific source of confusion and distrust.

Attest: THOS. P. WILSON,
Republican Executive Committee.

PERIODICAL COMETS.—The following list of periodical comets, with the years of their reappearance in our skies, will interest those who look after these mysterious bodies. It will be seen that De Vico's comet and the most favorable one of Charles V. both return this year:

Comet.	Period.	Discoverer.	Place of Discy.	Return.
Enck	3.3	Pons.	France.	1863
De Vico	5.5	De Vico	Italy	1860
Brorsen	5.6	Brorsen	Denmark	1862

Halley	76.1	Aptan	Bohemia	1912
Charles V	2920	Fabricus	Austria	1860

The great comet of Donati, whose magnificent appearance in 1858 is still vivid in our recollection, will not re-appear again, according to the best calculations hitherto made, until after the lapse of twenty-one centuries The course of the late bright comet is so well represented by parabolic elements that another return will be required to establish its time of revolution round the sun, it having never before been observed.—*Boston Journal.*

GOV. RENDER'S OPINION OF DOUGLAS.—Gov. Reader is now on a visit to Kansas. In Lawrence he made a speech, alluding to the political history of the territory, as also to the political chicanery connected with the administration of its affairs by the general government. Upon the course of Mr. Douglas he commented with considerable freedom. He said that, previous to Mr. Douglas's celebrated Kansas report, so full of all manner of slander and falsehood against the people of Kansas, he (Gov. Reader) being still connected with the democratic party, had visited Washington, and, at Mr. Douglas's request, had met him, and had several long interviews with him, and fully posted him in regard to the actual facts of the Kansas difficulties. Other gentlemen from Kansas, acquaintances of Mr. Douglas, had done the same so that he perfectly understood the true state of affairs.

Under these circumstances, Gov. Reader said he looked with great interest for Mr. Douglas's report, anticipating that he would do justice to the free state people. Judge, then, of his surprise, when, upon taking it up, he found it filled with the grossest misrepresentations and slanders upon them, the facts of the case entirely suppressed, and nothing represented, and the whole report a burden of fallacy and deceit. "I threw it from me with disgust," said the governor, "and from that day forward I have had no confidence whatever in the honesty or sincerity of Stephen A. Douglas."

THE POPULATION OF BALTIMORE.—The United States Marshal has been enabled from returns furnished by this deputies to present some statistics relative to the population of Baltimore. The population of the city is 210,818, being an increase in the last ten years of 60,764. The 2d, 4th, 5th, 9th, and 10th wards have decreased in population. If from the population we deduct the number of colored persons, both free and slave, say some 30,000, there remains 189,118 white inhabitants. The figures show some results not clearly accounted for. The decrease in the 9th and 10th wards is explained by the increase of business structures driving out the population. The decrease in the 2d ward may also be accounted for by other causes, but the decrease in the 4th and 5th wards is not explainable upon any known principle. No one acquainted with the 4th ward will believe that the population has decreased over six hundred souls in the past ten years. Either the last census was an exaggeration or the present count is complete. The same may be said of the 5th ward.—*Baltimore American.*

THE LATEST NEWS.

BY TELEGRAPH.

RECEIVED AT THE DAILY GAZETTE OFFICE.

WASHINGTON, Aug. 13.—Official letters from Mexico establish the fact that many leading merchants and conservatives in Mexico presented a petition to Juarez for a discontinuance of hostilities and a restoration of peace to the country. They represent Miramon as nearly powerless, and that the only parties who refuse to sign petitions for peace are the clergy, and those whom they control.

Senor Mata, the Mexican Minister to this country, has just left this city, and will sail on Monday for Mexico, to arrange some business affairs. He will probably return in a few weeks. The legation will remain in charge of Senor Romero, Secretary of Senor De Gollado, son of the Mexican General, who has been attached to the legation for some time as Secretary, is also about leaving for home. These parties are quite sanguine that their unhappy country will soon be restored to peace and prosperity through liberal influences, aided, perhaps, by the citizens of the United States.

H. McClanahan has been removed from the office of Marshal of the Western District of Tennessee, and John L. Green appointed in his stead.

WASHINGTON CITY, Aug. 13.—Judge Arney, of Kansas, has filed in the Federal Land Office the necessary papers to obtain the right of way for the construction of a Railroad through Southern Kansas to connect with the Galveston Railroad in Texas. The Commissioner of the Land Office has, in conformity with the law of Congress, granted the necessary instructions to the Land Officers having control of the lands through which this road will pass, to reserve the right of way and lands for depots and water stations. Mr. Arney left this city to-day for Kansas. A corps of engineers will at once proceed to make a survey through Kansas and the Osage and Cherokee Indian country, with a view to the permanent location of the roads through these Indians territories. The construction of the road will open the Western country with the Gulf of Mexico, and will open the travel and resources of a large portion of country in Kansas. The Indian territories and the States of Texas, Arkansas and other States, which are now of comparatively little value, by the construction of a railroad from Atchison, connecting with the Hannibal & St. Joseph Railroad to St. Lawrence, and from Leavenworth to Lawrence and thence south through the Indian Territory to connect with the Texas roads, it is believed that millions of dollars will be added to the wealth of the country from which the mineral resources have not been and cannot be developed without the means of trial and transportation, which the present enterprise is designed to supply.

Thaddeus Hyatt, of the city of New York, is here on his way to the West. It is said that he goes to Kansas to inquire into the condition of the people of that Territory, who, it is reported, are on the verge of starvation from the failing of the crops. The statement that a suit had been instituted against the Sergeant at Arms by Mr. Hyatt, is erroneous. His intention is to prosecute, in the State Courts, the individual Senators who voted for his imprisonment.—These suits are now necessarily detained, his counsel having been instructed to defer them until his return from the West.

ST. JOSEPH, Aug. 13.—The Pony Express, with San Francisco dates to the 1st. arrived here at two o'clock this morning.

The Democratic State Committee appointed at the last State Convention, met at San Francisco on the 10th and 31st ult., and after a long discussion, in which it was endeavored to avoid a split in the party, by holding but one State Convention and nominating but one electoral ticket, it was found impracticable to act harmoniously. Twenty-six committee men were for Breckinridge, and ten for Douglas.—The former have called a State Convention to nominate an electoral ticket on the 11th of September, and the latter will hold a convention to nominate a Douglas electoral ticket on the 5th of September.—They claim that the federal patronage and influence have great power in shaping their strength. Each branch of the committee has published an address to the Democracy of the State, one claiming that Douglas was regularly nominated and entitled to the support of all the members of the party; the other declaring that either Douglas or Breckinridge were regularly nominated at Baltimore, and leaving it optional which candidate is voted for.

A Breckinridge ratification meeting was held at San Francisco on Saturday evening. It was called as a Democratic ratification meeting, and the Douglas Democrats attended in such numbers as to be able to vote down all the ratification resolutions. It is now alleged that the Douglas Democrats are taking courage throughout the State, and feel confident of carrying the mass of the democracy with them.

A movement is on foot to call a Bell and Everett State Convention to nominate an electoral ticket.

NEW ORLEANS, Aug. 13.—A terrible storm occurred on Saturday which caused immense damage to property at Rootsorville, the terminus of the Mexican Gulf Railroad. Between thirty-five and forty lives were lost.

The steamer Brunville, from Havana, on the 8th, has arrived. She reports having experienced a terrible gale in the gulf, and was compelled to lay to 48 hours.

The steamer Clyde arrived at Havana from Vera Cruz on the 2d inst. There had been a severe barrisone on the Mexican coast.

The steamer Oregon, from Mobile, was lost. The passengers and crew were saved.

Miramon's army had been routed by the Liberals in attempting to escape from Lagos. At the latest accounts Miramon was at Leon surrounded by the Liberals. Zobler had abandoned Jalapa.

The Spanish Minister had threatened the bombardment of Vera Cruz.

BANGOR, Me., Aug. 13.—Governor Seward, of New York, arrived in this city yesterday morning, by the steamer Webster, and was received on the wharf by crowds of citizens. He was waited on at the Bangor House, in the afternoon, by the "Wide Awakes," and an informal crowd. He spoke a few minutes, after which Hon. Hannibal Hamlin, Hon. J. P. Hale, Hon. I. Washburn, and Gov. Morrill also briefly called for and briefly responded. Mr. Seward leaves for his home to-morrow morning, on the cars, by way of Boston.

LAFAYETTE, Aug. 13.—Carl Schurz, of Wisconsin, arrived this evening and was received by a Committee of the German Republican Club; the Lafayette Artillary and the citizens generally, with a salute, bands music, &c., and he was formally welcomed in a speech by L. Bird Esq. As two o'clock p. m. he spoke to a large audience of both sexes, after which he was presented with a bouquet in the name of the ladies of Lafayette. He speaks in German to-night, after which there will be a torch light procession, supper and serenade.

NEW YORK, Aug. 13.—The two men drowned at the Highlands were Gustavus A. Ruth and Richard Gardner. Mrs. Ruth barely escaped with her life. The young man Gardner is said to have lived in Buffalo. He was on a visit to this city, where his father resides.

The Times' Washington correspondent says the award of the Commissioners in the Paraguay case will be in favor of Paraguay.

TOLEDO, O. W., Aug. 13.—C. H. Dougal, one of the parties connected with the Cincinnati ambezzlement affair, delivered himself to the authorities on Saturday, but was discharged.

While some men were excavating near the Old Fort in this place they discovered the remains of 15 bodies of British and American soldiers who were killed in the war of 1812.

BALTIMORE, Aug. 13.—Emanuel Isaac, a member of the City Council from the First ward, had a difficulty at his house with his brother-in-law, and fired a shot gun at him, which took effect on a brother of his intended victim named John Wirts, killing him almost instantly.

SEYMOUR, Ind., Aug. 13.—Professor J. Sheits made a beautiful ascension in his monstrous balloon from this place to-day, accompanied by Mr. Woodard and attained an altitude of 2½ miles, and landed safely in a cornfield 34 miles from the place of starting.

INDEPENDENCE, Aug. 13.—The Santa Fe mail to-day brings information of the Indians becoming very bold and that a general war with them seems inevitable. It is feared that the small parties experience difficulty in getting through.

LOUISVILLE, Aug. 13.—In thirty counties Comb's majority over McClarty is 26,833.

The river is falling slowly, with 3 feet 9 inches water in the canal. Mercury 68 degrees.

RIVER NEWS.

There was but little done at the wharf yesterday. The Macmora, from Cincinnati, and B. C. Baker, from Wheeling, were the only arrivals from below. The Marmora had an excellent trip of freight. The river is still rising, and has four feet on Glass House. The weather during the past two days has been cloudy and unsettled, with occasional showers of rain.

CINCINNATI.—We continues the following from the Commercial of Saturday:

There were no arrivals outside of the local packets.——The Mary Cook left for Pittsburgh with a fine trip in the boat and barge, including 600 bbls flour and 300 do whisky.——The Clara Fox also cleared for Pittsburgh with a fair load, including 3000 bbls flour.——The Silver Wave departed for New Orleans with 600 tons, including way engagements, and 20 passengers.——The Neptune, and A. D. Hine, from Pittsburgh; Wallace, from Wheeling, and Cricket, from Marietta, are due to-day and to-morrow.——The Mariner leaves for Louisville to-morrow, in her regular trips. She will enter the Louisville and Memphis trade in charge of Capt. J. R. Archer.——Capt. C A Bruce has sold the barge "Mary L. Ford" to Capt. Isaac Bonsall, for $1000.——Capt. Doyle intends to use the barge in the Red river trade, in connection with the Yeo, for the purpose of liguinish during low water.——The New Albany has sold that Capt. Hamilton, who purchased the wreck of the S. F. Hibbard, now sunk at the mouth of Fishing Creek, has chartered the Pink Verbie and three barges, and expects to raise the boat in a few days.
