EDUCATIONAL.—The following notice which appeared in the *Dispatch* on Saturday morning, we transfer with pleasure to our columns, not doubting but many of our readers will be interested in the information it contains:

HIGH SCHOOL FOR LADIES.—Mrs. E. A. Smith, the late popular and efficient Preceptress in the Allegheny City College, is about to open a first class school for young ladies in one of the most desirable locations in the two cities—Ridge street, Allegheny. Mrs. S. is well known in this community as a thoroughly educated lady, and most successful teacher. Having limited her number of pupils to twenty, and furnished her rooms in a neat and elegant style, and in a private parlor, with everything to correspond, her school will be one of the most desirable for young ladies in this vicinity. Her course of study embraces not only a complete English education, but likewise the classics and the modern languages—French and German, as well as music, painting and drawing.

It is her intention to make her's a school of the first order; and to this end neither pains nor expense will be spared in adapting it to the wants of that portion of the community whose patronage she solicits.

ASSAULT AND BATTERY.—A man named Patrick Cannor, a teamster in the employ of Stewart, Dickson & Co., coal merchants in the Fifth ward, made an information yesterday before Alderman Jones, of the Fifth ward, against a draymen named Pat Fox, charging him with assault and battery. Fox run his dray into the cart of Connor, and struck the latter on the leg with one of the shafts, spraining it badly. Warrant issued.

George Schawender, a newspaper carrier, in the Fifth ward, brought suit against two men, brothers, named Edward Wolf, a liquor merchant on Penn street, and Frank Wolf, who keeps the McClure House, in McClure township, charging them with assaulting him when he attempted to collect money they owed him. Warrant issued.

Wm. Wier, of the Third ward, preferred a charge of assault and battery against a resident of the Sixth ward, named Andrew Dunn. The latter was held to bail in $300 to answer the charge at Court.

GRAND LARCENY.—A man from Butler co., named James Wilson, made a complaint before Alderman Donaldson yesterday, charging a man named Nicholas Dewalt with the larceny of a pocket book, containing $35. Dewalt was employed at the Red Lion Hotel some time since, but was discharged and went to Bakerstown, where he was engaged at the tavern there as a porter. The prosecutor stopped at the tavern on Friday last, and laid his pocket book, which contained $35 in gold, in the sitting room while he went to the door. Returning he found his pocket book was gone, and as there were only two men, one of whom was the defendant in the room at the time, he charged them with taking it. This they denied, but subsequently it was found out that Dewalt, who was known to have had no money, had purchased some jewelry on Saturday at a store in Bakerstown. This led to the suspicion that he was the thief. Dewalt was arrested yesterday by the police and committed to jail for a hearing this afternoon.

GARDEN THIEVES.—Three boys named Hugh Daizell, Henry Heymeyer, and Wm. Marshall, were arrested by the Allegheny police, yesterday morning, on complaint of Rev. Dr. Pressley, who charged them with stealing fruit from his garden on Sunday. They were each fined $2, and costs, upon paying which, they were discharged, after being warned that they would be dealt with more severely if arrested again on a similar charge. These kind of thieves are a great nuisance to people having gardens in the city, for they not only steal the fruit, but break the trees and vines so badly, that it retards their growth, and in many cases eventually kills them.

ROW ON TUNNEL STREET.—Lieutenant McAllister, of the night police, yesterday made an information before Mayor Wilson, charging an old man living on Tunnel street, named Philip Watters, with committing an assault and battery with intent to kill on an Irishman named Lawrence Roach. During a row that occurred in a court back of Tunnel street, Roach was knocked down and so badly beaten by Watters that his life is now in great danger. Watters was arrested and committed for a hearing on Monday next. He is a hardened old sinner, having served two terms in the penitentiary.

THE care of the Pittsburgh & Connellsville Railroad have undergone a thorough refitting and are newly painted. A number of new cars are being built for the increasing demands in this branch of trade. Nearly all the locomotives have been repaired and made about as good as new. The No. 7, which was badly damaged by the fire last spring, is rebuilt, and will in a day or two. The motive power is in excellent condition, and ample for the successful working of the road.

THE EMBEZZLEMENT CASE.—Some more of the goods that were stolen from Yeager's variety store on Market street by Harrison, came to light yesterday. It appears he sold about $20 worth of stolen jewelry, toys, &c., a few weeks since to a variety store-keeper on Wylie street, for which he received the cash. Hearing of Harrison's arrest, the man called at Alderman Donaldson's office last evening, and reported about the sale. As it looks now, Harrison stands a good chance of spending a few years in the Western Penitentiary.

MEETING OF THE AGRICULTURAL SOCIETY.—A meeting of the Board of Managers of the Allegheny County Agricultural Society will be held at the Society's Rooms, No. 65 Fifth street, on Wednesday next, at ten o'clock. As the time is approaching for the fair, we presume business of importance will be laid before the Society. A full attendance will therefore be desirable.

THE NEW ZOUAVES.—The new company of Zouaves, which has been started in this city most last night and were organized by the Brigadier Inspector, Major Hays. The name they have adopted is the "United States' Zouave Cadets of Pittsburgh." The whole company numbers about seventy-five men.

The following officers were elected:—Captain, Julius H. Haggerty; First Lieutenant, W. C. Moreland; Second Lieutenant, George W. Tanner.

LAST week, whilst the landlord of the Manales House, in Clearfield, was searching for a pair of saddle-bags on the attic story, he found an old mail bag, which was delivered to the Postmaster, and on being opened, was found to contain several packages of letters, the post-marks of which bore back three years. How the mail bag happened to be put on the garret is a mystery.

THE next session of the Theological Seminary will commence on the 30th of next month. The opening address to the students will be delivered by Prof. Wilson, and will doubtless be an able and interesting discourse.

DR. A. C. MURDOCH, Physician for the Board of Health, makes the following report of the mortality of the city from July 20th to August 13th, 1860: Males, 29; females, 21; white, 42; colored, 6; total 48.

—A passenger coming up the canal convenient place to board, advertised to fill advertisement under the head of "trains."

☞ The "Atlantic Monthly" for September has been received from Ticknor & Fields, and at W. A. Gilmore's, Fifth street.

ELECTROPATHY.

[COMMUNICATED.]

To the Public.—On hearing of the wonderful cures performed daily by Water and Electricity combined, I determined to go and see for myself, as I was one of the unfortunate, having had a paralytic stroke some two years since in New Orleans, during which period I have consulted many eminent physicians, and spent several hundred dollars without receiving material benefit. After investigating Dr. Alonzo R. King's Galectri Therapeutic Baths, in which he uses no medicine, I concluded to give them a trial. I have been under Dr. K.'s treatment about three weeks, and can now use my limbs nearly as well as before the paralisis. I chop wood daily for exercise, and imagine I can compete with any political woodchopper of the day.

While under Dr. King's treatment, I met in his reception room with Mrs. Rebecca Corbet, with whom I have been acquainted for a long time. Her age is about sixty years. For some time she has been badly paralysed; so much so, that she was unable to walk or move her left hand and arm. She informs me that since she commenced treatment she can lift her paralysed arm to her head, can move her hand and fingers, and walk two miles with but little fatigue.

I also met Capt. Dean, of this city, he informs me that he was paralised some four years since, and has been under the treatment of many eminent physicians in this and other places, from whom he received but little benefit and but little encouragement, and had almost began to despair of ever being restored; but hearing of Dr. K.'s baths, he concluded to test their efficacy, since which time he has been recovering as fast as he could desire. I also noticed a little boy aged seven years—son of the Rev. Wm. Taylor, pastor of the Presbyterian Church, Tarentum, Pa. This child, I was informed, could neither speak nor cry, so as to be heard, before applying to Dr. King; since which time he is able to speak many words, and cries audibly. I also met with many other patients in the Dr.'s reception room, all of whom appear to be improving under Dr. King's treatment. B. HALL.

I cheerfully corroborate the above statement of Mr. Hall in regard to my case. ALEX. DEAN.

REPUBLICANISM IN WEST NEWTON.—The Republicans of this Borough are organized and at work, and good account will be given in October and November in this part of old Westmoreland. On Friday last, at noon, the active men of the party, amongst whom are such wholehearted men as the Messrs. Oliver, Markle, Kreps, Dumm, Blackburn, McCurdy and Hamilton, concluded that a Wigwam was necessary for the accommodation of the party during the campaign. The thought was no sooner conceived than the deed was in process of accomplishment; with such leaders as the Republican party possess in West Newton, small difficulties are not noticed at all, and great ones are overcome. On Saturday evening at 6 o'clock, a Wigwam 64 by 26 feet was completed, with a commodious speaker's stand, an impromptu chandelier, &c., all in order for service.

The young men of the town, desirous of emulating the enterprise and enthusiasm of their fathers and brothers, went to the woods and cut down and hauled in to the Wigwam a splendid poplar flag pole, 154 feet long, which was elevated by the Republicans in the evening. The daughters and sisters, not to be outdone, procured the material, and with their own fair fingers sewed up, in short order, a fine flag, 21x14 feet, upon which is inscribed "Lincoln, Hamlin and Curtin," "The shortest account which "suits the wishkin" as the flag was run up to the top-mast, there to float until "Lincoln, Hamlin and Curtin" are elected—can be imagined.

Saturday evening, at 8 o'clock, the Wigwam was crowded to its utmost capacity—the citizens turning out *en masse*, to listen to the cause of Freedom the remaining hours of the evening, and the new Wigwam was well illuminated. A fine Glee Club, led by Mr. D. W. Dumm, sang several good campaign songs. Mr. Samuel Riddle was then called upon, and addressed the meeting in a spirited manner, at some length, and was followed by Mr. John Shallenberger with able success. A meeting broke up at a late hour, to meet on Thursday, 23d inst., to organize a Lincoln Wide Awake Club.

The borough of West Newton, two years ago, gave but five republican majority; next it came at seventy-five majority for Lincoln and Curtin. We observed at the meeting on Saturday, our venerable friends General Joseph Markle and Col. J. B. Oliver, both of whom have raised some good Republican sons and grandsons; and who, though well up in years, still lead in the hosts of freedom. W. N.

SHINGLES.—The shingle market is very dull just now, and prices have a declining tendency. The decline is attributed by a great many to the supply being more than equal to the demand, but the real cause may be found in the fact that the demand is not so great as in former years, shingle roofs not being thought of when "Groggon's celebrated Asphaltic Roofing Felt" can be obtained.—The agent for this excellent material is found at his office, Langhlin's building, Canal bank, near the city Water Works.

WE call the attention of our readers to an article advertised in another column, called BLOOD FOOD. It is an entirely new discovery, and must be understood with any of the numerous patent medicines of the day. It is *Real for the Blood* already prepared for absorption; pleasant to the taste and natural in action, and will cure nine cases, brought to us at all times, when suffering from poverty, impurity or debility, and consequently with some chronic disease or ailment, take of the Blood Food and be restored to health. We notice that our Druggists have received a supply of this article, and that it is now world renowned DR. EATON'S INFANTILE CORDIAL, which strengthens mother and babe. It contains no paregoric or opiate of any kind whatever, and of course cannot be injurious to the infantile complaints. It will allay all pain, and so far as the experience of thousands can attest at the same time regulate the bowels. Let all mothers and nurses, who have endured sleepless days and sleepless nights, procure a supply, and be at once relieved.

MARRIED,

At the residence of Wm. M. Hartzell, in this city, on the 20th of August, by Rev. Wm. Collier, Mr. JEREMIAH TER, of Pittsburgh, and Miss ARDELIA LOGAN, of Hyndman.

—We were highly pleased on learning that, of late, our gentlemanly friend of the *Journal* reportorial corps, had not forgotten, in the midst of his arduous duties, to foster more than a friendly feeling for one of the fairest of the fair sex of our neighboring borough. It would be too commonplace and formal to "wish him much happiness." We wish him perfect wedded bliss! But he has been led captive by the gentle goddess, and we leave him, frantically and hopefully, in her hands. Since he has again joined the ranks of *Bachelors*, we expect him to do grenadier's duty in life's battle. Though he failed to succeed with his spirits to the lower heavens in Prof. Wilson's air ship, he has reached the higher heavens through the gilded and garlanded gates of Matrimony. Though he may have heretofore felt some of the trials and disappointments in the devious paths of life, may he be for Rockmoor, and though he find no great relief in the sound of a clean, yet may his heart henceforth be ever cheered by the voice of a Logan.

DIED!

On Sunday evening, August 19th, at 9½ o'clock, LULU, daughter of Frank and Julia A. Rahn, in the sixth year of her age.

Funeral at 10 o'clock TO-DAY, from the residence of her parents, East Common, Allegheny city.

THE theft of death has again pierced a bereaved family! The domestic circle has lost another link! But a few days have elapsed since the death of the younger sister was announced, and what distress and anguish the parents' hearts experienced at seeing the tendrils of affection that bound them to this little one, these who have known such affliction may best conjecture. But now a heavier stroke has fallen upon them. The last lamb of the little flock—the first born—the parents stay and consolation when oppressed with the first loss—has now been withdrawn from earthly scenes and taken to the bosom of its Saviour. The bereaved mother turns in vain from the desolation with which her heart bleeds to another pledge of affection upon which her heart dotes, but sympathizes. Alas! both have winged their flight to heaven! Perhaps at the very moment when the cry of loss pierced the cold burst from her lips at the announcement of her sad bereavement, the church who had gone before was beckoning her to the Sweet By-and-By Land; and the spirit of her sister, after fluttering with which her heart bleeds and had almost began to despair of ever being restored; but hearing of Dr. K.'s baths, he concluded to test their efficacy, since which time he has been recovering as fast as he could desire. MARRIED,

At the residence of Wm. M. Hartzell, in this city, on the 20th of August, by Rev. Wm. Collier, Mr. JEREMIAH TER, of Pittsburgh, and Miss ARDELIA LOGAN, of Hyndman.

—We were highly pleased on learning that, of late, our gentlemanly friend of the *Journal* reportorial corps, had not forgotten, in the midst of his arduous duties, to foster more than a friendly feeling for one of the fairest of the fair sex of our neighboring borough. It would be too commonplace and formal to "wish him much happiness." We wish him perfect wedded bliss! But he has been led captive by the gentle goddess, and we leave him, frantically and hopefully, in her hands. Since he has again joined the ranks of *Bachelors*, we expect him to do grenadier's duty in life's battle. Though he failed to succeed with his spirits to the lower heavens in Prof. Wilson's air ship, he has reached the higher heavens through the gilded and garlanded gates of Matrimony. Though he may have heretofore felt some of the trials and disappointments in the devious paths of life, may he be for Rockmoor, and though he find no great relief in the sound of a clean, yet may his heart henceforth be ever cheered by the voice of a Logan.

Notice to Builders and Contractors.

THE UNDERSIGNED (formerly Foreman for ROWLAND PARRY,) would respectfully inform those for whom he has done work, and the public generally, that he is now prepared to furnish SLATE of different colors, (green, blue and purple,) or put on SLATE ROOFS in the most approved manner. Orders for Roofing or covering of Slate Roofs (if left at the office of ALEX. LAUGHLIN, over the Water Works,) will be promptly attended to.

ST. JOSEPH, Aug. 20.—The Pony Express, two days behind time, arrived this evening with San Francisco dates to the 7th inst. The following is a summary of the news:

The Pony Express, with St. Louis dates of the 27th ult., arrived at Carson Valley last evening, and will reach San Francisco to-night.

The overland mail telegraphed and will also arrive this evening with the St. Louis mail of the 15th of July.

There is but little news, and that is state and confined to politics.

Senators Gwin and Latham remain in the city, and are raking but little party in politics. The latter, it is said, will not participate in the canvass.

J. W. Denver, Ex-Governor of Kansas, supports Douglas in a long letter.

Many are advocating the nomination of Governor Downey, as one of the Douglas electoral candidates, which, it was thought, would greatly strengthen that side. Politicians are generally of opinion that if the Presidential election could be had at once, this State would go for Douglas; but they anticipate a very damaging effect upon the Douglas ticket from the continued receipt of bad news from the east.

A Bell and Everett State Convention to nominate electoral candidates is to be held at Sacramento on the 3d of September, the day on which the Douglas Convention meets at the same place.

Accounts from Los Angelos, represent that gold and silver discoveries continue to be made in the mountains to the South-East of that place, extending to the neighborhood of San Bernardino. The placer diggings are fabulous. They are very rich and extensive. The accounts from the Coso and Kern River gold and silver mining regions, which reach San Francisco via Visalia, also continue of an exciting character. The specimens of silver ore compare favorably with those from the best leads of Washoe, and many holders of claims are sanguine of realizing fortunes.

Much excitement has just been held in the Carson Valley region, to organize a provisional government for the proposed territory of Nevada, on the squatter sovereignty principal. The returns indicate a vote favorable to the organization.

An affray took place during the election at Genoa in which R. M. Anderson, late Lieutenant-Governor of California was shot, and it is supposed mortally wounded.

More overland immigrants continued to arrive at Carson Valley, reporting large numbers on the road.

Since the first of June about two hundred tons of freight have been sent to San Francisco. The amount of ores shipped from San Francisco for New York and England by the last two steamers is valued at over $70,000.

The crops in Oregon are larger this year than ever before.

From British Columbia news is received to the 1st of August.

The Colonial steamers were building at Victoria to run on Fraser river and other inland waters. Several brick buildings are going up in Victoria. There is an increased disposition to invest in real estate.

The Morning News contains nothing worthy of note. The Chinese continued to flock to the diggings, already outnumbering the whites, five to one.

The British ship Satellite had sailed from Victoria for England, via the western coast of Mexico and Panama.
