NOTICE TO IRON MASTERS.—

Valuable Property for Sale.

Fanny Furnace in Barbour County, Virginia, Steam Engine, Boilers, &c.

In pursuance of the decree of the Circuit Court of Barbour county, Va., rendered in the chancery cause of Philbert Fauney vs. George Hardman vs. John R. Williamson, &c., and of Charles Ezell and others vs. William Whitman, &c., and of Fauney, McCoy vs. William Whitman, &c., the undersigned will sell at public auction, ON THE 12TH DAY OF SEPTEMBER, 1860, on the premises, at "Fanny Furnace," in Barbour county, va, a c'wealth of iron, two undivided third parts of the following real estate and personal property, heretofore conveyed and described in a deed of trust executed by William Whitman to said John R. Williamson, as Trustee, on the 22d day of May, 1855, and duly recorded in the Clerk's office of the County Court of Barbour county. The said lands consist of six several parcels and described as follows:

No. 1" being that parcel of land known as "Fanny Furnace," containing about thirteen acres, adjoining lands of Morgan Moore and others, and lying on the Rushy Fork of Tygers Creek; on this tract are built the Furnace Stack, Engine house, Coal house, &c., &c. A large and valuable Steam Engine is now attached as to furnish the blast for the Furnace. "No. 2" contains nineteen acres, granted by the Commonwealth of Virginia on the 1st November, 1824, to said William Whitman and Jacob Baker, Sr. "No. 3" containing twenty five acres, granted by said Commonwealth on same day to same. No. 4" containing fifty acres, conveyed to said William Whitman by Martin Johnson and wife, by deed dated 31 March, 1836, and duly recorded in said Clerk's office. "No. 5" containing fifty-eight acres on Rushy Fork of Tygers Creek, purchased by said Whitman of Baker, from Israel Baldwin, by article of agreement dated 21st August, 1852. "No. 6" containing one acre, purchased from John M. Marsh. The foregoing parcels lie adjoining each other, and surrounding said Furnace. There are about twenty or thirty dwelling houses erected thereon, besides some new stores house and blacksmith shops, stables, corncribs, &c.

Inexhaustible quantities of the best iron ore and lime stone are found contiguous to the furnace, while the abundance of wood affords charcoal at a very low price. These works have been in successful operation, though in need of somewhat out of repair. Good Mills are at hand, able to supply flour, and lumber, &c., necessary to carry on the Works.

CAPITALISTS who desire to make a good investment in the manufacture of pig metal will find the property worthy their sale and the locality desirable. While the title to the above named several parcels of land is believed to be good, yet selling as Commissioner we will sell only such title as we have in said deeds we are directed to sell. Purchasers will be required to give bonds with approved personal security for the payment of said purchase money, and a lien will be reserved as a further security until said purchase money be paid.

SPENCER DAYTON,
Special Commissioners.

Quack Nostrums.

THE NEW YORK DAY BOOK says:

"The majority of Hair Washes, Hair Dyes, Hair Tonics, Hair Oils, and the numberless preparations which are now known the public under such names as Balms, Medicated and Fantastic titles as we see paraded in show windows, newspapers, and newspaper headings, as hair preparations, are all humbugs of the first water; their real benefit, when they possess any, is that they do no harm. HOG'S LARD, WHALE OIL, LARD OIL, SWEET OIL and Scented and tinted, make up, when in beautiful wrappers and white flint glass bottles, the costliest character of tonics; and when thus costly, are lapidized with some bright fiddle cases, and caught at by verdant young and old of both sexes. Such is not the character of Professor Wood's Hair Restorative. This gentleman comes before the world without any "high falutin" Hygeiopolarion, or any other astounding and shocking cabalistic terms; he simply advertises a Hair Restorative—what it supposes precisely—and as a Restorative it acts. Try Professor Wood's Hair Restorative, and as you value your scalp, eye, your very beauty, apply nothing else; for it may be that you will get some worse substance than perfumed lard oil on your premises. Whereas Dr. Wood's Restorative for the Hair is the best article extant."

It Will, by Nature's own Process,

Restore Gray Hair to the Original Color,
Will make Hair Grow on Bald Heads,
Will restore the Natural Secretions,
Will remove at once all itching,
Will remove all Dandruff,
Will cure all eruptions, even Scald Head,
Will make the Hair Soft and Glossy,
Will make the old appear young again,
Will preserve the Color of Hair to old age,
Will always Fasten it and stop its Falling,
And is one of the best Toilet Articles for the Hair now in use.

DR. MOTT'S CHALYBEATE RESTORATIVE PILLS OF IRON.

AN APERIENT AND STOMACHIC Preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. All maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhœa, Dysentary, Incipient Consumption, Scrofulous Tuberculous Affections, Phthisis, Rheumatism, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c.

In cases of General Debility, whether the result of acute disease or of the confined inhalation of corrupted and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant land. These very signal instances of this kind are attended of female sufferers, considered victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no cause.

In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old odium, it is vigorously tonic, without being exciting and overheating and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In Dyspepsia, innumerable as are its causes, a single bottle of these Chalybeate Pills has often suffered for the most habitual cases, including the attendant flatulency.

In unchecked Diarrhœa, even when advanced to Dysentery, confirmed, exhausting, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and relentless heat, which generally indicate Incipient Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In Scrofulous Tuberculous, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities.

The attention of families cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

In Rheumatism, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Intermittent Fevers it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. Good appetite, complete digestion, rapid acquisition of flesh, with an unusual disposition to active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing 50 pills; price 50 cents per box; for sale by Druggists and Dealers. Will be sent free to any address on receipt of price. All letters, orders, etc., should be addressed to

C.—For Catarrh, of long standing or recent, either with obstruction or profuse discharge.

W. C.—For Whooping Cough, abating its violence and shortening its course.

In all acute diseases, such as Fevers, Inflammations, Diarrhœa, Dysentery, Croup, Rheumatism, and such eruptive diseases as Scarlet Fever, Measles, and Erysipelas, the advantage of giving the proper remedies promptly is obvious, and to all such cases the specifics act like a charm. The entire disease is often arrested at once, and in all cases the violence of the attack is moderated, the disease shortened, and rendered less dangerous.

Coughs and Colds, which are of such frequent occurrence, and which often lay the foundation of diseased lungs, bronchitis and consumption, may all be at once cured by the Pectoral Cough Pills.

In all chronic diseases, such as Scrofula, Weak Stomach, Constipation, Liver Complaints, Piles, Female Debility, and Irregularities, Sick Headaches, Sore or Weak Eyes, Catarrh, Salt Rheum, and other old eruptions, the case has specifics which prove a perfect antidote, and will afford a cure in almost every instance. Given the cure of a single chronic difficulty, such as Dyspepsia, Piles or Catarrh, Headache or Female Weakness, has more than paid for the case ten times over.
