DR. SCHENCK, OF PHILADELPHIA, will be in the city to-day and to-morrow at the Drug Store of Dr. Keyser, 140 Wood street, until 3 o'clock, for the purpose of examining Lungs with his RESPIROMETER, and giving advice and directions to those who have heretofore been under his charge. Those who have been examined before will be attended without charge. All new cases wishing their Lungs examined will be charged three dollars. All who desire to take his medicines without an examination will be free. All his medicines are for sale at his regularly appointed agents, Dr. Geo. H. Keyser, 140 Wood street.

THE APPROACHING FAIR.—The different buildings on the Fair Grounds are undergoing repairs, having additions made, &c., for the approaching County Fair. They have been whitewashed and arranged with much more regard to the convenience of exhibitors than formerly.

Floral Hall has been washed a pink color inside and whitewashed outside, and looks very pretty. The grotto and fountain are being built in this department. The flowers, shrubs, plants, etc., will be under the supervision of Gen. J. S. Negley, one of our best and most experienced horticulturists.

Artists' Hall is, we understand, to be enlarged by the addition of a wing on each side, so as to accommodate the very large number of entries that have been made. One gentleman, a well known landscape artist of this city, has taken nearly one-fourth of the old building to exhibit some of his specimens, and a large number of others have taken in the same proportion.

Arrangements are being made on a liberal scale for the accomodation of those who will have machinery on exhibition. The managers have paid particular attention to this part of the programme this year, and we have no doubt, judging from present appearances, that they will be rewarded by having the largest turn out of this branch of industry that ever occurred at any fair held here.

Altogether, we anticipate that the coming fair will fully equal, if not greatly excel the State Society's exhibitions here, and far exceed the previous efforts of the County Society.

Last year a new lease was taken of the grounds from the owner, Mrs. Denny, for five years at $600 a year.

NARROW ESCAPE.—As car No. 8 of the Citizens Passenger Railway was crossing the P., Ft. W. & C. Railroad track, near the canal bridge, yesterday afternoon, it narrowly escaped being smashed by the 3:30 Western train, which was backing over to Allegheny.

The car was filled with passengers, many of them women and children, and was very near the crossing when the railroad watchman rung the bell for the driver to stop, at the same time telling him that he would be smashed if he didn't. By this time, however, the car was so near to being and could go no further, as a funeral blocked up the road. The train came running along pretty fast, and it was only through the exertions of the watchman and several men who were standing by, that the car was not smashed to atoms; they put their shoulders to the car and at the same time, scaring the horses, who jumped and barely cleared the track as the train went thundering by. At the first alarm, the passengers made a rush for the doors, but so blocked them up, that only two or three succeeded in getting out, as soon as he got through with the car, in the dangerous situation, the driver *chanced*, and was not seen again until all was safe, when he again took his seat and drove out to Lawrenceville.

THE "LINCOLN INAUGURATORS."—On Saturday night a club was organized in Lawrenceville under the name of the "Lincoln Inaugurators." One hundred members were enrolled, after which the election was held for officers, with the following result.: President, Samuel P. Barr; Vice Presidents, Dr. James Robinson; Recording Secretary, B. B. Parkinson; Corresponding Secretary, A. Pearson; Treasurer, W. Bishop; Chief Marshal, Richard L. Ewalt; Assistant Marshals, Dr. J. Robinson, G. W. Irwin and H. Weigright.

In the Fifth ward a club was organized under the name of the "Lincoln Look Outs" Following are the names of the officers: President, C. Carroll; Vice Presidents, Henry George and J. B. Oxley; Recording Secretary, D. W. Taylor; Corresponding Secretary, E. D. Jones; Treasurer, James Taylor; Marshal, Alexander McClintock. The club also adopted a uniform to consist of a black cap and white cape, with a red figure five in the centre.

COMMITTED FOR TRIAL.—Philip Waters, the desperate character arrested by the Mayor's police on Sunday night last, had a final examination before the Mayor yesterday morning. He was committed for assault and battery with intent to kill, and as the evidence is strong against him, his conviction seems highly probable. Phil has already served a term in the Penitentiary, whither he was sent for striking a man on the head with a smoothing iron. He is a dangerous man when in liquor, and altogether too violent to be at large.

NEW WIDE AWAKE CLUB.—A meeting will be held this evening at Independence Hall, in the Ninth Ward, to form a Wide Awake Club. We expect a large turn out, as the Ninth Ward is a thorough going Republican ward, the force of the Democratic party in its limits being enumerated by units and tens, without any hundreds So far the Wide Awake Clubs that have been formed have been quite respectable because of their numbers. We hope to receive accounts similarly encouraging from the Ninth Ward.

DISHONEST SERGANT.—A lady residing on Third street had three valuable dresses purloined from her wardrobe last week. A servant who some days since was discharged, is suspected as the thief, but for what reason we are not informed. She left the city on Tuesday last, and as she has not returned since, no arrest has yet been made.

RELEASED ON BAIL.—Jacob Koehler, the German lager beer hall keeper who was committed to jail last week by Ald. Miller for selling liquor on Sunday, was released Saturday morning by Judge Mellon on giving $500 bail to appear and answer the charge at the next term of the Court of Quarter Sessions.

CHANGED.—That beautiful work of art "the Woodan Statue of Charity," on the Old Fellows Hall, which has been the laughing stock of the passers by, on Fifth street since the drapery was painted brown, has again been changed, this time being painted white, and presents quite a respectable appearance.

"RAIL SPLITTER'S BATTALION."—A Republican club with the above name is to be organized at Washington Hall, on Rebecca street, in the First ward, Allegheny, to-morrow evening. All young men favorable to such an organization are invited to attend.

POLE RAISING.—The Lincoln Minute Men of Allegheny, Island raising a pole 209 in length, on Thursday evening, near the house of John Myers, Third ward. Several speeches may be expected, and the Birmingham Wide Awakes have signified their intention of being present.

DISORDERLY CONDUCT.—Alderman Donaldson yesterday committed to jail a man named Isaac Harper, for a further hearing this morning, on a charge of disorderly conduct, preferred against him by Peter Cassidy. They are both residents of Chartiers tp.

SELLING LIQUOR ON SUNDAY.—The Mayor yesterday morning issued a warrant for the arrest of a man named Gallagher, residing in the Seventh ward, on a charge of selling liquor on the Sabbath, preferred against him by a man named James Fitzsimmons.

ALD. TAYLOR, of the Fifth Ward, yesterday issued a warrant for the arrest of a man named Wm. Johnston, for threatening to kill a neighbor named Wm. Blaney.

JOHN W. PITCOCK, 45 Fifth street, has just received an excellent lot of Lincoln campaign hats. Parties who desire to use a portion of this kind, will do well to give him a call.

He also offered a proviso that the petitioners shall give security for all costs that may accrue out of any suit that may result from the passage of the Ordinance. The proviso was also agreed to. Upon the motion to suspend the rule, the vote was 7 to 5—not two-thirds; so the ordinance lies over.

Mr. Phillips offered an Ordinance to fix the grade of Brecknridge or Water street, from Ross to Try st. Read three times and passed. C. C. concur.

Res. of C. C. relative to the commission to compromise with the R. R. bonds, which was under consideration at the time of adjournment at last meeting, was non-concurred in.

Therefore be it

The President read a communication from Mr. H. Hays, of the Fourth ward, tendering his resignation as a member of Council. Council refused to accept.

On motion, adjourned.

OUGHT TO BE LOOKED AFTER.—Within the past week, no less than four quiet citizens have been knocked down and badly beaten with "billies" from some of the rowdies who infest our street corners at night. The latest case that came under our observation, was that of a young man named Baum, a resident of Bay street.—He was passing through Market Alley Friday evening about 10 o'clock and was met by a party of men, who, without saying a word, knocked him down, and robbed him of a purse containing $15, and then fled. No clue has as yet been obtained as to whom the robbers were.

THE ZOUAVES.—The U. S. Zouave Battalion, of this city, held a meeting at their Armory in Lyons' new building on Fifth street, last night. Monday and Friday evenings have been fixed upon as the drill nights. A resolution was passed, authorizing the President to appoint a committee to open a correspondance with the Zouave Cadets of Chicago relative to getting one of their number to come on here and drill the Company. There were ten new members admitted last evening, which now brings up the Company to ninety one.

THE RACES AT COLLINS PARK.—A large number of people visited Collins Park yesterday afternoon to witness the races.

The first one was between the g. h., "Hawk Eye," and the b. m., "Fanny Robinson." The grey distanced his competitor, and won in 2 43.

The second race was between the grey and "Harry Heal," and was won by the latter in two straight heats. Time 2 44 and 2 45.

TORCHLIGHT PROCESSION.—The New Brighton and Beaver Wide Awakes, numbering 233 men, all tastefully dressed and well drilled, had a beautiful and very imposing torchlight procession on Saturday night last. They fell in ranks at Rochester and marched to Freedom, where several speeches were made, and the Republican flag unfurled. Beaver county may be set down at 1500 majority for Lincoln and Hamlin.

PITTSBURGH BOATMAN IN TROUBLE.—The Cincinnati *Enquirer* of Sunday says:

A gross outrage has been perpetrated upon Captain Mason, of the Arizona, under the following circumstances: On Friday a man named Somers and his wife took passage on the steamer Arizona for New Orleans. On Friday evening the passengers and officers of the boat had a kind of a cotillion party on the boat, Somers being absent up town. Mrs. S. was requested to join them in the dances, which she did until the return of her husband, who immediately commenced abusing her for dancing with the crew. The abuse of Somers to his wife was very severe, and finally in his rage he struck and knocked her down, whereupon the officers took her part, gave the wretch a flogging, and put him ashore. In retaliation for this protection Mrs. Somers had Captain Mason and the other officers arrested and held over for further examination on Monday. The boat left last evening, but Captain Mason was compelled to remain here under expense to attend this suit.—Such baseness on the part of the husband, and then ingratitude of his wife, after being taken from his assaults, is remarkable, to say the least. We hope the Court, to-morrow, will administer to both man and wife such a rebuke as has never been known in Judge Lowe's Court before.

PITTSBURGH FEMALE COLLEGE.—The fall term of this celebrated and popular institution of learning will open to-morrow morning at 10 o'clock. During the vacation, the large and beautiful college buildings, erected at a cost of over $30,000, have been put in excellent repair, and every possible provision made for the comfort and accommodation of the students. The number of pupils from abroad this season is larger than ever before; and the large corps of able and experienced teachers that have been engaged, make this college equal to any similar institution in the East. Funds have recently been received for the purchase of a library and chemical apparatus, and in fact every thing is being done to render it eminently worthy of support.

THE attention of the public generally, and of young people in particular is called to the advertisement headed "Writing School Allegheny." The Teachers, Messrs. Shaffer and Jamison, are both excellent penmen, and persons desiring to improve themselves in this beautiful and useful art, will find their establishment all that could be possibly desired.

WIDE AWAKES, EIGHTH WARD.—An adjourned meeting to complete the Organization of a Wide Awake Club in the Eighth Ward, will be held at the School House in said Ward, on Ann street, to-night at 7½ o'clock.

SURETY OF THE PEACE.—Mayor Morrison, of Allegheny, yesterday committed an Irishman named Thos. G. Warrington, in default of $200 bail, to answer a charge of surety of the peace, preferred against him by his wife Bridget.

SATURDAY AFTERNOON at 3 o'clock, Sept. 1st, at the Stone School House in Penn tp. Hon. J. K. Moorhead and D. L. Eaton will speak.

SHINGLES.—The shingle market is very dull just now, and prices have a declining tendency. This decline is attributed by a great many, to the supply being more than the demand, but the real cause may be found in the fact that the demand is not so great as in former years, shingle roofs not being thought of when "Greggon's celebrated Asphalt Roofing Paint" can be obtained. The agent for the excellent material can be found at his office, Laughlin's building, Canal bank, near the city Water Works.

☞ We call the attention of our readers to an article advertised in another column, called BLOOD FOOD. It is an entirely new discovery, and must not be confounded with any of the quack nostrums of the day. It is *Blood for the Blood* already prepared for absorption; pleasant to the taste and natural in action, and a boon to the afflicted. Many of these, then, who are suffering from poverty, impurity or bad decay of blood, and consequently with some chronic disease or other, can take the Blood Food and be restored to health. We notice that our Druggists have received a supply of this article, and we can recommend it. (Cheer.) And I, as a duty bound CORDIAL, which every mother should have. It contains no paregoric or opiates of any kind whatever, and of course is not to be classed with the "Soothing Syrups" that will allay all pain, and set on the gums in process of teething, and all the mean stuff from there it says. (Loud applause and noise, who have endured anxious days and sleepless nights, procure a supply, and be at once relieved.

Sold by druggists generally. Sold by H. KEYSER, Agent, 140 Wood st., Pittsburgh. Pa. au17:4dw3w

☞ ALL should not fail to read the advertisement of Prof. Wood, in to-day's paper.

Senator Douglas' Speech at Norfolk.

NORFOLK, VA., Aug. 27.—Judge Douglas, in his speech on Saturday night, answered two important questions as propounded by the Daily Argus:—I am not in the habit of answering questions propounded to me in the course of an address, but on this occasion I will comply with the request, and respond very frankly and unquivocally to those two questions. The first question is: If Abraham Lincoln be elected President of the United States will the Southern States be justifiable in seceding from the Union? To this, I emphatically answer, No! (Great applause.) The election of a man to the Presidency by the American people, in conformity with the constitution of the United States, would not justify any attempt at dissolving this glorious confederacy. (Applause.) Now I will read to you the next question, and then answer it.

Question—If they, the Southern States, secede from the Union upon the inauguration of Abraham Lincoln, before he commits an overt act against their constitutional rights, will you advise or vindicate resistance by force to their secession.

Mr. Douglas—I answer emphatically that it is the duty of the President of the United States, and all others in authority under him, to enforce the laws of the United States of Congress and as the courts expound them. (Cheers.) And I, as his duty bound by my oath to the constitution, would do all in my power to aid the Government of the United States in maintaining the supremacy of the laws against all resistance to them, come from where it may. (Loud and prolonged applause.) In other words, I think the President of the United States, whoever he may be, should treat all attempts to break up the Union by resistance of its laws as Old Hickory treated the nullifiers of 1832. (Applause.) The laws must be enforced, but at the same time, be it remembered, it is the duty of every citizen, of every State, and every public functionary, to preserve, maintain and vindicate the rights of every citizen, and the rights of every State in the Union.
