OFFICIAL PAPER OF THE CITY.

THURSDAY MORNING, AUG. 30, 1860.

CITY AFFAIRS.

☞ BOOK AND JOB PRINTING,

OF EVERY DESCRIPTION,

Executed at THIS OFFICE, on the most favorable terms and at the shortest notice.

CAUGHT AGAIN.—The notorious Xavier Carl was arrested yesterday, and held to bail for keeping a bawdy house. How does it come that this man and his wife can brave the law as they have been doing of late, and maintain a house of prostitution in the heart of the city. We direct the special attention of District Attorney Miller to the charge upon which he was arrested yesterday. There can be no lack of witnesses to prove the bad character of the house. Every policeman at the Mayor's office knows it, and if they did not, it might be shown by one or more of the fourteen men and women taken from there the other night—six of the latter being prostitutes! A den like Carl's is a curse in any city, and it surprises us that in a God fearing community as ours claims to be, it could have been so long tolerated. Let the District Attorney but give the matter his attention now, and Judge McClure put on the screws, and we shall have done for a season at least with Xavier and his active And modest Hilda wife, the chaste Sophia. —*Chronicle, of yesterday.*

We are requested by Mayor Wilson to state that he sent the bill up to Court the last time Karl was arrested, peforming his entire duty in the case, and that therefore the last escape of these notorieties cannot be laid to his charge.

THE "LIMERICK HOY."—Buckley, the *great* pedestrian, whose feat of walking 1000 miles in 1000 hours, in the pavilion in the rear of Gallagher's "Symposium" on Fifth street, is attracting so much attention in the sporting part of the community, seems to have been playing a double game, from some facts that have recently leaked out. Tuesday evening it appears he got into some difficulty with an old man named Crowe, (who has been playing the fiddle and keeping time while Buckley walked,) which finally terminated in his kicking him out of the tent.—Crowe now turns around and "blows." He says, and he ought to know, that Buckley has slept five hours at a time frequently since he commenced walking, and that when he (Crowe) attempted to waken him up and bring him to time, he would tell him to "go to h—l and let him alone; that no one was in, and there was no use in his getting up." This will hardly astonish any one who has kept the run of the performance, as there have been so many rumors about the thing being merely a "catch." Crowe says he intends prosecuting Buckley for assault and battery.

THE WIDE AWAKE PARADE IN ERIE.—Correspondence has been going on for some days between the Central Club of this city and the Wide Awake Club in Erie, relative to the grand parade in that city on the 12th proximo. A communication has been received by F. E. Thurston, Sec'y, from which we make the following extract:

"It will be out of our power to secure, in advance, hotel accommodations for you, because the rooms in most of our hotels are already engaged; but we will accommodate you all in our *private residences*, so that your expenses while in the city will be very small. You will find the latch-string out, and we ready to greet you with a true Pennsylvania welcome. You must send a large delegation from Allegheny county."

The writer is anxious to ascertain the number that will probably go from here. The clubs in this city could easily furnish the required information. The Invitation is extended to Wide Awakes, Lincoln Men, and all similar associations.

THE THEATER—*Opening Night.*—September brings with it to the city the familiar faces of rusticating friends, and a revival of legitimate amusements. We who stay in the city during the dog days are of course delighted to have the monotony broken up, and therefore notice with pleasure that to-night the Pittsburgh Theatre, under Mr. Henderson's successful management, will be opened for the season with "Three Eras in a Woman's Life," and "Poor Pillicoddy."—The Manager has combined a fine array of dramatic talent, believing that a first class stock company, capable of bringing out successfully any standard or popular play, will prove more acceptable to the public than a poor stock with an occasional wandering star. And he is right in theory, as experience will prove. The Theatre has been rejuvenated. Every thing looks bright, cheerful and inviting. A new drop curtain, painted by Mr. Ward, the scene artist, is very beautiful in its design, is well painted, and will add much to the general effect of the interior.

THE FIELD GUN.—This monster piece of artillery, which our readers are aware was cast in this city, is now fully mounted on the beach at Fort Monroe, and will be fired for the first time early next week. The shells weigh three hundred and sixty pounds, and the solid shot four hundred and seventy-five pounds, and the first shooting will be to test the range of the monster, beginning with a charge of twenty pounds of powder, and gradually increasing it to one hundred pounds. The model is pronounced perfect by the military officers there, and they are all looking forward with much interest to the experiments which are about to take place.

FRUIT LADDERS.—Fruit Ladder and Wheelbarrow combined. This is a very simple and convenient machine for fruit growers. When it is not up it is a self-supporting Step Ladder. When laid down and your fruit baskets set on it, so is the best of Wheelbarrows, and will hold half a dozen of baskets. It is so convenient that a boy can do as much with it as two men without it. It is also a very useful article to painters, tinners and others, who make use of ladders. The agent for the eastern Pennsylvania, Mr. B. H. Long, is now manufacturing them in large quantities, at No. 112 Grant street, opposite the Cathedral.

BOGUS POLICEMEN.—John Strain and William, *alias* "Pilmper," Graham, two characters well known to the police, undertook to enter a house in Hamilton's Court, off Washington st. in the Third ward, Tuesday night, by representing that they were policemen and had warrants for the arrest of the female inmates. The latter refused them admission, whereupon they attempted to break in the door. This lead to a scene of unheard of uproar, which resulted in the Simon Pure police making their appearance and arresting the bogus officers. They were marched in triumph to the lombe, and fined ten dollars each, in default of which they were committed for ten days.

THREATENING TO KILL.—A Mrs. Elizabeth McClurg, who resides in the Eighth ward, made a complaint yesterday morning before Mayor Wilson, against a *nymph du pave* named Emma Black alias "Sugartoot," charging her with entering her (Mrs. McClurg's) house with a dirk knife and threatening to kill her little daughter, and was only prevented from carrying her threat into execution by one of the neighbors entering the house. Emma was arrested, but was released from custody on giving bail in $500 to appear and answer the charge at the next term of the Court of Quarter Sessions.

THE LINCOLN RAIL MAULERS.—This is the name of a Republican club organized in the First ward, Allegheny, Tuesday night. The following officers have been elected: President, G. L. Braun; Vice President, J. Sheridan; Secretary, R. Campbell; Treasurer, H. Tyler; Captain, Rush O. Tyler; First Lieutenant, W. Robinson, Jr.; 2d do, C. M. Sweeny; 3d do, George Vansickel; 4th do, J. Gilland. The club have decided to wear white capes with red border, and the name of the organization in blue, in the centre. They already number some seventy members, and meet again to-night.

TO FARMERS intending to visit Cleveland on the 70th of September:—We are authorized by C. B. Gorham, Assistant Superintendent of C. & P. R. R., to state that excursion tickets will be good on Saturday afternoon train as well as other trains returning from Cleveland on Tuesday. This will give our citizens a splendid opportunity of visiting the Forest City, with its splendid lake scenery, as well as the many and varied attractions promised on the 10th.

ASSAULT AND BATTERY.—Andrew Fogle made an information, yesterday, before the Mayor, charging a man, named J. H. Rabbottom, with knocking him down and beating him in the face. The defendant was promptly arrested, but compromised the matter by paying the prosecutor a small sum of money, and was released.

CUTTING AFFAIR.—In the barber shop of Matthew Jones, in the Diamond, a quarrel occurred on Tuesday evening, between two colored men, employed there, during which one of them, George Lowden, was slightly cut in the side with a razor. No arrest was made.

A MISTAKE was unintentionally made, in our issue of yesterday, relative to the Base Ball match between nine of the Fort Pitt Club and nine of the Keystone Club, on Tuesday afternoon, awarding the victory to the latter instead of the former by 27 runs.

TRUST TO THE HOUSE OF REFUGE.—Mayor Wilson yesterday committed a little girl, about 14 years of age, to the House of Refuge, for incorrigibility, at the instance of her parents, who reside in the Third ward.

SUBJECT OF THE PEACE.—Alderman Daft, of the Eighth ward, yesterday committed a man to jail named John Kane, on a charge of surety of the peace, preferred against him by a Mrs. Elizabeth Kane.

WASHINGTON COUNTY FAIR.—The Third Annual Exhibition of the Florence Mutual Agricultural Association, will be held at Florence, Washington county, Pa., on Thursday and Friday, September 27th and 28th. The list of premiums is a large one, being in the neighborhood of $900. The following are the officers of the Association:

President—Wm. Livingston.

Vice Presidents—John M'Collough, James H. M'Nail, Marshall Short, Thos. P. Vance, John Ferguson.

Treasurer—M. Anderson.

Recording Secretary—S. L. McHenry.

Corresponding Secretary—M. Anderson.

Directors—John Culley, jr., James M'Carrell, B. F. M'Vey, Henry Fullerson, Samuel Orr, John Dennis, Stephen Smith, Jerry Andrews, Robert M'Ayel, J. W. Duncan, Gerrit Coventry, A. S. Dunnan, J. D. Campbell.

Honorary Members—S. B. Hays, Washington; Wm. H. Ladd, Richmond, O; W. W. M'Nally, West Middletown; Henry Ingraham, Charlier; Richard Agnew, Beaver, Pa, Milton Lawrence, Hookstown; John Young, jr., Allegheny county, Alexander Speer, Pittsburgh; John White, Esq., Darlington; Eph. Stonesipher, Steubenville.

VANOOSEN:—David Laughlin, the young man who was knocked down on Wylie street, Tuesday afternoon, and so badly beaten by the Lawler brothers, *vamoosed* yesterday, and is supposed to have gone to Baltimore. It turns out now as it was thought at first, as Laughlin had sent them notice in the morning that he was coming with a crowd of his friends in the afternoon to whip them. Meeting him soon after they got the notice, the Lawler's accordingly fell on and gave him a whipping. Subsequently Thomas Lawler made an information before Alderman Lewis against Laughlin, charging him with committing an assault and battery on him, (Lawler) on the morning of the 4th of July last. Hearing of this yesterday morning, Laughlin, who was doubtless afraid of having an investigation of the affair, left the city.

WOODS' RUN LOTS AT AUCTION.—The fine property of the late Sheriff Lecky is to be sold in lots of 1½ to 6 acres each, by the guardians, on Saturday, September 1st, at 10 o'clock. The ground is within five minutes walk of the P. R. W. terminus, the cars running every five minutes.

SHINGLES.—The shingle market is very dull just now, and prices have a declining tendency. This decline is attributed by a great many to the supply being more than equal to the demand, but the real cause may be found in the fact that the demand is not so great as in former years, shingle roofs not being thought of when that much celebrated Asphalt Roofing Felt can be obtained. The agent for this excellent material can be found at his office, Laughlin's building, Canal bank, near the city Water Works.

☞ We call the attention of our readers to an article advertised in another column, called BLOOD FOOD. It is an entirely new discovery, and must not be confounded with any of the nauseous patent medicines of the day. It is *Food for the Blood* already prepared for absorption, pleasant in its taste and natural in action, and what one gains, he retains. Let all those who are now suffering from poverty, impurity or deficiency of blood, and consequently with sore throats, diseases of the breast, take of the Blood Food and be restored to health. We understand Dr. Scott's agents have received a supply of this article, and also of the world renowned Dr. Scott's Electric Hair Invigorator, which every mother should have. It contains no purgeric or opiate of any kind whatever, and of course must be invaluable for all infantile complaints. It will relieve pain, and act on the gums in process of teething, and at the same time regulate the bowels. To all mothers and nurses, who have endured anxious days and sleepless nights, this is a boon indeed. Jan 11-ly

THE LATEST NEWS.

BY TELEGRAPH.

RECEIVED AT THE DAILY GAZETTE OFFICE.

WASHINGTON, Aug. 29.—It has already been stated in the newspapers that the Austrian Archduke, Ferdinand Maximilian, contemplates a visit to this country. Commander Maury has just received a letter from his Imperial Highness, of which the following is a copy:

"TRIESTE, 11th June, 1860.

"*Dear Sir:* I read with the greatest pleasure your treatise on the winds at sea, and now return my grateful thanks for this interesting publication, as well as for the most valuable sailing directions, of which you very kindly made me and the Austrian Navy a present. I avail myself of this opportunity for sending you the meteorological diary kept with, in the last month, during my trip to South America on board H. I. M's. steamer Elizabeth. Be pleased to accept it as a small contribution to the observations you suggested, and in which all seafaring nations are now sedulously engaged. May it serve you as a proof that our small navy, appreciating also the full weight and extent of your eminent results, strives to add something to a work which all enlightened seamen praise as the highest improvement in the nautical science. I deeply regret not having been able to pay a visit to the northern part of the Trans-Atlantic Continent, for I thus lost the opportunity of making your personal acquaintance, and of expressing to you, in words, my highest esteem. But I soon intend to undertake a voyage to the United States, I trust I shall then have the pleasure of seeing you. Most sincerely yours,

FERDINAND MAPIMILIAN,
Archduke of Austria.

To Capt. MAURY, Superintendent of the U. S. Observatory, Washington."

INDIANAPOLIS, Aug. 29.—The Republican demonstration to-day was a complete success. The procession was very large, being an hour in passing a given point. It marched through the principal streets to Military Park, where speeches were delivered in the afternoon. In the procession a wagon was drawn by forty-three yoke of oxen, with several large saw logs, and men splitting and distributing them along the way.

Seven or eight thousand Wide Awakes in uniform, with torches, are parading the streets. Many buildings are brilliantly illuminated, and there is a perfect uproar of excitement. The streets are blazing with fireworks and crowded with people. There is speaking to-night by Johnston, of Kansas, Reily, of Indiana, and others.

INDIANAPOLIS, Aug. 29.—Military Park is thronged this afternoon. There is speaking from four stands by Hon. Thomas Corwin, Hon. F. P. Stanton, of Ohio; Hon. F. P. Blair, of Mo.; Mr. Underwood, of Va.; Henry S. Lane, of Ohio; O. P. Morton, C. B. Smith, and others. Not less than from 45,000 to 50,000 persons are present.

NORFOLK, Aug. 29.—A slave brig, probably the Triton, though her name has not been definitely ascertained, was brought into this port to-day, after a passage of forty-one days from London, on the West Coast of Africa, in charge of Midshipman Farquahar. The vessel was captured on the 16th of July, by the United States steamer Mystic. She was cleared at New Orleans in March last, and changed her Captain and crew in Cuba. No colors nor papers were found on the brig at time of the capture, having probably been thrown overboard. She was to take the slaves purchased for the brig Delicia, which was fitted with false decks; seven hundred dollars in money were found on board. The crew, with the exception of the supercargo and cook, were released, will be retained as witnesses. The vessel is a very fast sailer, and has been chased unsuccessfully by several English and American war vessels.

WASHINGTON, Aug. 29.—The scale of progression for rating letters forwarded by the Bremen and Hamburg mails has recently been modified so as to charge single rates of postage on each letter per each ½ oz not exceeding half an ounce, and an additional half ounce or fractional part of an ounce. This new scale is the same as that adopted in the United States for domestic letters, and goes into operation immediately. Flag Officer Stribling, of the East India squadron, officially reports that Lord Elgin and Baron Gros were engaged in every effort to settle the difficulties with the Chinese without resorting to force.

HARTFORD, CONN., Aug. 29.—The Democratic State Electoral Convention met this morning. The Douglas element is predominant. A motion to place on the ticket two Bell electors was voted down by a large majority. There is every indication of a straight Douglas ticket being formed.

The Democratic Douglas Convention nominated a clear Douglas electoral ticket, with Samuel Colt and Peters, electors at large. The Charleston and Baltimore platforms were endorsed. A resolution instructing the electors to vote for some other candidate than Douglas, if necessary to defeat the election of Lincoln, was rejected.

PHILADELPHIA, Aug. 29.—The only split in the Democratic nominating Convention took place this morning in the first senatorial district. The Convention refused to endorse Breckinridge and Lane and Douglas. Ex-Mayor Vaux, the Douglas candidate for nomination as State Senator, thereupon withdrew his name. The Douglasites retired. Samuel S. Sandal, a Breckinridge man, was then nominated by those remaining. Vaux will probably run independent.

MONTREAL, Aug. 29.—The great cricket match between the Canadian eleven and the United States eleven was commenced this morning. Canada's eleven made in their first innings a score of 47, while the United States eleven scored 165 runs. The Canadians opened the second innings, and on closing this evening had made 21 runs, with three wickets down.

BROWNSVILLE, Aug. 29.—The people of Nebraska send by this, the first telegram from Nebraska, greeting to the States. The Missouri and Western line was completed to this place to-day, and the first office in Nebraska formally opened. Our citizens are jubilant over the event.

The weather is excessively hot; the weather thermometer was 104° in the shade this afternoon.

WHEELING, Aug. 29.—A very lamentable accident occurred to-day, resulting in the death of Mrs. Daniel Sherrod, and supposed fatally injuring her son, Hon. Lemuel Sherrod, of this county. They were near the city in a carriage driven by a colored servant, when the horses taking fright, they were precipitated down an embankment.

LAFAYETTE, Ind., Aug. 28.—Frank P. Blair arrived here this evening en route for the Republican Mass Meeting at Indianapolis to-morrow. He is now addressing an enthusiastic meeting at the Court House. The Wide Awakes in large numbers are parading the streets in their first torchlight procession, making a brilliant display.

BOSTON, Aug. 29.—The Republican State Convention met to-day, and was organized by the election of George S. Bartwell, as President. Hon. C. Sumner addressed the Convention on the political issues of the day.

NEW ORLEANS, Aug. 29.—Advices from Texas state that Houston earnestly opposes the union of all conservative men upon one ticket.

CINCINNATI, Aug. 29.—Jacob Strader, an old citizen, died here yesterday morning.

The Press Chicago—The Louisville Courier says:

We were shown to-day a letter from Key Orleans to one of our largest grocery houses, stating that from present indications the growing sugar crop will be a short one, and that it was thought the yield could not exceed 200,000 hhds. If the weather continues favorable until the middle of November, it is thought that the yield will reach a fair average, but drouth and early frost may cut it down to the short crop of last season.

The Bank Statement of weekly averages was received in the street generally as unfavorable, in view of the figures on loans. Of the increase, however, $600,000 is in 3 banks, Exchange increase is only moderate. The American understand, will be down again to last week's figures on letter of money belonging to Canadian banks, which they propose to employ here, temporarily. The increase in the specie reserve is quite as small as was anticipated.
