**DR. W. KARSHNER'S**  
ELECTRIC BATHS  
PATENTED JAN. 25, 1850  
  
THIS BATH is a representation of the  
THERAPEUTIC BATH, which has been  
found to be the most effective in the  
treatment of all diseases of the  
nervous system, and is especially  
valuable in the treatment of  
paralysis, epilepsy, and other  
diseases of the brain and spinal  
cord. It is also useful in the  
treatment of rheumatism, neuralgia,  
and other painful affections of the  
nerves. The bath is administered  
by means of a series of electric  
currents, which are passed through  
the body in a manner that is  
entirely painless and safe. It is  
the only bath of the kind that has  
been found to be so effective in the  
treatment of these diseases.

**ELECTROPATHY**  
PROFESSOR A. S. ORKHOFF and J. F.  
MORSE, of the University of  
Pittsburgh, have discovered a  
new method of treating diseases  
of the nervous system, and  
especially of the brain and  
spinal cord. This method is  
based on the use of electric  
currents, and is entirely  
painless and safe. It is the  
only method of the kind that  
has been found to be so  
effective in the treatment of  
these diseases.

WE offer to the public the  
WHEELER & WILSON'S

the most perfect and reliable  
machines ever invented. They  
are simple in construction,  
easy to operate, and will  
sew any kind of fabric with  
ease and accuracy. They are  
also very durable, and will  
last for many years. They are  
the only machines that have  
been found to be so effective  
in the treatment of these  
diseases.
