CONFLICT OF AUTHORITIES.—James Madison, who has always been properly regarded as the father of the Constitution, because he took so active and so prominent a part in framing it, used, in the Convention which formed it, the following language:

"IT IS WRONG TO ADMIT *into the Constitution* the IDEA THAT THERE CAN BE PROPERTY IN MAN."

In accordance with this idea Mr. Madison states that every phrase in the original draft of the constitution which even squinted at the idea that there can be property in man, was stricken out or changed, so that the word "slave" or "slavery" nowhere occurs in that instrument, and all the sections of it which are generally understood as alluding to slaves speak of them always as "persons" and *never* as "property."

Yet Mr. Douglas says:

"*Slaves are regarded* AS PROPERTY *and placed on an* EQUAL FOOTING with all other property. Hence the owner of slaves, the same as the owner of any other species of property, HAS A RIGHT TO REMOVE TO ANY TERRITORY AND CARRY HIS PROPERTY WITH HIM.—*S. A. Douglas.*"

Which of these authorities is correct? Both certainly cannot be. Madison was the leading Statesman engaged in the formation of our National Constitution, and might fairly be presumed to know better than any other the scope and design of its provisions; yet Mr. Douglas and his party ask us to throw Madison and his authority aside, and adopt an interpretation which has been brooded but a few years. We may be old fashioned; but somehow we prefer Madison to Douglas.

DOUGLAS' RECORD.—On the 24th of October, 1849, in a speech delivered at Springfield, Ill., Judge Douglas speaking of New Mexico, said:

"By the *universal* acknowledgment of all intelligent men, the whole country (New Mexico) was then *free—free by law—free in fact.* It was *free* by the *fundamental law* of the land—*by the Constitution* of the Republic—*by the laws passed in pursuance thereof*; which *laws* were then in force and *must forever remain valid under, the treaty of peace according to the laws of nations and the decisions of the Supreme Court of the United States* until repealed by competent authority. *As a question of policy* we can legislate *those who desired to prevent the extension of Slavery, non interference was the true doctrine.*"

Now, it has been the repeated tale of the Democracy that no free territory ever became *Slave* territory.

And one would suppose from the above quoted speech of Judge Douglas that New Mexico was *tolerably free* in 1849. *Free* by the acknowledgment of *all intelligent* men; *free* in fact; *free* by law; *free* by the Constitution of Mexico and by the laws thereunder.

Well, lsies see what a wonderful change "my great principle" has brought about since 1849.

Hear Judge Douglas, in his speech in the Senate on the 15th of May, 1860:

"It is part of the history of the country that under this doctrine of Non-Intervention, this doctrine that you delight to call squatter sovereignty, the *people of New Mexico* have introduced and protected slavery in the whole of that Territory, UNDER THIS DOCTRINE, THEY HAVE CONVERTED A TRACT OF FREE TERRITORY INTO SLAVE TERRITORY MORE THAN FIVE TIMES THE SIZE OF NEW YORK. Under this doctrine SLAVERY HAS BEEN EXTENDED FROM THE RIO GRANDE TO THE GULF OF CALIFORNIA, and from the line of the Republic of Mexico, not only up to 36 deg. 30 min., but up to 38 deg.—GIVING YOU A DEGREE AND A HALF MORE SLAVE TERRITORY THAN YOU EVER CLAIMED."

What a boast for a Senator from a free State to make! And yet after cheating the people once by his artful dodging, he now comes again and seeks to play the same trick. Let every honest Democrat read the above extracts and reflect!

THE PURPOSE OF THE BELL-EVERETT PARTY IN INDIANA.—We clip the following paragraph from the New York *Express:*

"VEVAY, Ind., Aug. 22, 1860.

"*To the Editors of the New York Express:* The Union fires are burning brightly out here, and since the formation of our Electoral Ticket large numbers are being added to our ranks; if we do no more, we may at least give the State to Douglas. INDIANA."

If this were not so shameless it might be considered frank; as it is, it is merely an avowal distinguished by the boldness of unblushing effrontery. It means simply that the Bell leaders are exerting themselves to elevate to power that rank disorganizer and troubler of the public peace, Stephen A. Douglas, and that they do not care who knows it.

There are some honest Bell men in the country, who are really for Bell, and think the movement as honest as themselves. To all such we commend the extract above given.

HE WANTS TO KNOW, YOU KNOW.—The fusion electoral ticket in New York was composed originally of 25 Douglas men and 10 alleged Bell men. Of these ten, one has since declined and declared for Lincoln, and another turns out to have been a Douglas man from the start. The Douglas men allege, as the terms of the bargain, that all of the electors are to vote for Douglas, if elected; while the Bell men contend that ten of the votes are to be given for Bell. The German Democrats do not relish this phase of the arrangement; and Mr. Ottendorfer, who was put on the ticket as their representative, demands that the terms of the bargain shall be made public. If any of the electors are to vote for Bell, if chosen, then he declines to serve; and he calls on the Democratic State Committee to give an explicit answer to his demand. "He wants to know, you know."

AN IMPORTANT DOCUMENT.—POLITICAL RECORD OF STEPHEN A. DOUGLAS.—The Republican State Central Committee of Illinois have issued a document (compiled by their Secretary) entitled the "Political Record of Stephen A. Douglas on the Slavery Question." It is the most complete presentation of Mr. Douglas' downward course from the day he proposed to prohibit slavery *forever* by the act of Congress in the Northern portion of Texas, to the day he demanded the enactment of a Federal Sedition Law for the imprisonment of all who are opposed to the extension of slavery—that has ever been put in print.

—The document is for sale at the office of the Chicago Press & Tribune at the following rates: Single copies 5 cents. For dozen 20 cents. Per hundred $1,25. Per thousand $10,00.

Why Douglas Has not Answer.

At Augusta, Maine, the following questions were handed to Mr. Douglas, before he commenced speaking, with the request that he would answer them:

"Do you hold, and if elected President of the United States would you carry out, the doctrine that the people of a Territory, *before becoming a State*, have the power, under the Federal Constitution, and notwithstanding the Dred Scott decision, *to prohibit or exclude slavery therefrom?*

In other words:

Do you affirm that the people of a Territory have the Constitutional right to destroy the cockatrice's egg, *as soon as these are deposited in its nest* by the propagandists of Slavery, or must they *tolerate the incubation*, and *wait till the eggs become full grown and active vipers*, that can be pursued and exterminated *only* by the newly created sword of *State* authority?"

Mr. Douglas promised to reply, but forgot to do so; making no allusion to the queries during the course of his long and rambling speech. Why he did not answer can be readily guessed, when it is remembered that the following amendment to the Kansas-Nebraska bill was offered in the Senate and voted down. Here it is:

"*Be it further enacted*, That the provision in the 'Act to organize the Territories of Nebraska and Kansas' which declares it to be 'the true intent and meaning of said act not to legislate slavery into any Territory or State, nor to exclude it therefrom, but to leave the people thereof perfectly free to form and regulate their domestic institutions in their own way, subject only to the Constitution of the United States,' WAS INTENDED TO, AND DOES CONFER UPON, OR LEAVE TO THE PEOPLE OF THE TERRITORY OF KANSAS FULL POWER, AT ANY TIME THROUGH ITS TERRITORIAL LEGISLATURE TO EXCLUDE SLAVERY FROM SAID TERRITORY, OR TO RECOGNIZE AND REGULATE IT THEREIN."

This was voted down as follows:

Yeas—Messrs. Allen, Bell, of N. H., Collamer, Durkee, Fessenden, Foot, Foster, Hale, Seward, Trumbull and Wade—11.

Nays—Messrs. Adams, Bayard, Biggs, Bigler, Benjamin, Bright, Brown, Brodhead, Cass, Clay, Crittenden, Dodge, DOUGLAS, Evans, Fitzpatrick, Gwin, Hunter, Iverson, Johnson, Jones, of Iowa, Mallory, Mason, Pratt, Pugh, Reid, Sebastian, Slidell, Stuart, Thompson, of Ky., Toucey, Weller, Wright and Yulee—33.

It will thus be seen that Mr. Douglas is upon the record as declaring that the Kansas bill does *not* confer upon the people of the territories the right to regulate their own institutions in their own way.

LINCOLN'S ELECTION ACKNOWLEDGED BY DOUGLAS.—In his speech at Norfolk, Va., Douglas said:

"Lincoln has no hope of being elected except through the efforts of the secessionists, who have divided the Democratic party—supposing that Breckinridge could carry every Southern State though it now seems he is not going to carry a single one by the people. Still, BY DIVIDING THE NORTH, HE GIVES EVERY ONE OF THE STATES TO LINCOLN, THUS ALLOWING HIM TO BE ELECTED BY THE POPULAR VOTE."

This admission is frank and truthful. It is a pity Mr. D. cannot induce the Pittsburgh *Post* to be equally frank.

22D DISTRICT—MCKNIGHT NOMINATED.—The Republican conferees of the 22d district met at Bakerstown yesterday, and after 23 ballots, Mr. HASLET magnanimously withdrew his name, and Mr. MCKNIGHT was unanimously nominated.

Much praise is due to Mr. HASLET for his course in this matter. He has acted the part of a true Republican and honest man, which the Republicans of the district should bear in lasting remembrance.

STOP THAT LIE.—A pretended quotation from a speech of Mr. Lincoln's, said to have been delivered in 1845, abusive of Thomas Jefferson, is just now going the rounds of the Democratic papers. It is undoubtedly a bold and infamous forgery. Abraham Lincoln never spoke of Mr. Jefferson in such language. None but the most shameless partisan would attribute it to him

Grand Rally on Thursday Night.

The Republicans of this city and vicinity will hold their first out-door rally on Trimble's Lot, Penn street, on Thursday night. Good speakers will be in attendance, and a grand demonstration is expected.

POLITICAL ITEMS.

WANTED, THE PRESIDENCY.—It is with a sense of relief that we turn from the canvassing exploits of Mr. Douglas, and regard the more dignified stand of the nominee of the other parties. While aspiring for high office is indecorous, self commendation is disgusting. Whoever is the people's choice, let us hear him say, with the proud Roman:

> "I do beseech you,
> Let me o'erleap that custom; for I cannot
> Put on the gown, stand naked, and entreat them,
> For my wonders' sake, to give their suffrage:
> please you
> That I may pass this doing."

To see a man who would be President; to see him, like the shameless mendicant, show his stumps, and *claim* an alms; to see him jostle and scramble for the prize—it is enough to make us distrust elective institutions. For where is the rebuke, which a discerning and instinctive people hurls at the head of such a candidate? Do they understand him, and say—It is enough; we want a hero, not a valet? Alas! no; and the observer of human nature reluctantly admits, that an ignoble people proclaims itself by an ignoble approbation.

We need not say that it is in no partizan spirit that we make these remarks. Many of the sentiments which Mr. Douglas expresses are honorable and patriotic, but his championship of them in this manner, as the self-appointed leader of a party, is in the worst possible taste. For it cannot be forgotten that the prominence of his position is not due to the unsolicited voice of the people, but is the result of an unprecedented and discreditable course of electioneering.

Stump speech making was a concession to the ignorance of a sparse frontier population, which might not be censurable in their circumstances, but should be supplanted as soon as possible by the' organs of a better intelligence. Its extension into more enlightened districts, and, particularly, its adoption by candidates for the higher offices, should be discountenanced almost as earnestly as bribery. If a presidential nominee advocating his personal claims in public and private, from his seat in the Senate, and from a hundred rostrums; scenting the great dignity, as it were, like a beagle, and yelping as he runs! Have we come to this?

The only merit of Mr. Douglas in it, is his freedom from disguise, and yet this is its greater shame. For not even the tribute that vice pays to virtue is here. He reckons the demoralization of the people, as one presumes the cupidity of another to whom he offers a bribe. May it appear, not for any party's sake, but for the virtue of the state—that he has underrated his countrymen.—*N. Y. World.*

Nor the least gratifying feature of the campaign is the marked and steady growth of Republicanism in the Slave States. Localities where four years ago freedom of speech was denied by mob force, now have their Republican meetings and Republican newspaper. Republican Electoral Tickets are running or to be run, in all the Northern Slave States, and the vote for them will show a steady and rapid growth of Republican sentiment. After this election wiser counsels will doubtless prevail at the South in regard to differences of political opinion, and the organization will be extended to every State not only with respectable strength, but with prospects of early success.—*Alb. Eve. Jour.*

THE Washington correspondent of the New York *Journal of Commerce* says:—"It is to be remarked that almost universally in the South, the election of Lincoln is deemed a foregone conclusion. All political speculations are based upon it. There has never existed much confidence in the disposition of the New York anti-Republican leaders to enter into a hearty and general co-operation.

THE Napoleon Northwest a few days since characterized Mr. S. J. Bowker, a Democrat of that vicinity who has just joined the Republican ranks, with being a "bogus Democrat." Mr. Bowker retorts by proving that Mr. Miller, editor of the Northwest, was a few years ago the publisher of the Anti Slavery Bugle, a Garrisonian organ issued at Salem.

PROGRESS OF THE CONFLICT IN MICHIGAN.—Wm. Gardner, Esq., for twenty years a resident of Lapeer, Michigan, and up to last Saturday night, President of the Douglas Club in Lapeer, has resigned his position, and declared his intention to vote for Lincoln and Hamlin.

A SOUTHERN EDITOR asks, in a tone of affected surprise, "Is it possible that the Black Republicans think of electing the President of the United States?" To relieve his anxiety we would state that an opinion to that effect obtains favor to some extent with the people!—

THE NATIONAL INTELLIGENCER.—Mr. James C. Welling has become associated with Col. Seaton in the editorial conduct of the National Intelligencer. Mr. Welling has been connected with the paper in various capacities for ten years.

At the late Republican State Convention in Minnesota, a delegate appeared who had walked nearly two hundred miles in order to be present. When the fact became known, the Convention greeted him with three cheers.

THE Buffalo Express says:

Abe Lincoln was always honest and always will be. Douglas never was honest; but he will be a non est man after the election.

AN ATTEMPT TO MAKE IT RAIN.—A letter from Lynchburg in the Richmond *Dispatch* says: "A gentleman who resides near Boydton, Mecklenburg county, (Va.) has aspired to a new science —that of controlling the clouds in order to rain at will. With the view of attaining this end he has built a 'rain tower,' which novel structure is said to be thirty feet diameter at the base, which sets it retains to the height of forty feet. To this height it contains four flues each seven feet in diameter. The number of flues is then reduced to two, which run up twenty feet higher, the top of the structure reaching an altitude of sixty feet. The whole concern was erected at a cost of about $1,000. The modus operandi of causing rain to fall is as follows: The flues are filled with dry pine wood, which is set on fire, and which is kept up until the desired effect is produced on the elements. His theory is that the great heat produced in the air above the 'tower' will cause the clouds to concentrate over it, when plenty of rain will fall in that vicinity. The originator of this novel idea is said to be a firm believer in the practicability and utility of his invention, notwithstanding the fact that, after repeated trials, during which he consumed hundreds of cords of wood, his tower failed to produce the desired effect on the unpropitious heavens, he having been a great sufferer from drought during the entire spring and summer.

THE LION AND THE UNICORN.—The story of a New York paper that the Prince gives only his left hand to ladies in the dance, reminds the Montreal *Herald* of the ludicrous dissapointment of the countrymen when the Prince's grandmother visited Edinburg in 1823:

First Countryman—Weel, Jock, hae ye seen the king?

Second Countryman—Oh, aye, I hae seen the king, but I wadna gang the length o'the street to see him again—the king's just made like ony ither man, and they tell't me his airms were a lion and a unicorn!

THE ANTI-SLAVERY ELEMENT IN VIRGINIA.—A writer in the New York *Times* demonstrates by reference to the census and the election returns that *a majority of all the votes in Virginia are polled by people who mean to get rid of slavery if they can by people who mean to get rid of slavery if they can.* They have not one particle of interest in slavery and never can have. The whole region in which they live—except the valleys between the ridges—consists of mountain sides, admirable for pastures, and contain inexhaustible material for mining and manufactures, but utterly unfit for negro slavery. They have not even the poor privilege of raising negro babies for the cotton market. They have no stock to raise them from.

LORD PALMERSTON, in reply to inquiries in Parliament, said that government would do all in its power to prevent the King of Dahomey from carrying out his contemplated sacrifice of human life. His Lordship also stated that the British Commission to Syria had received instructions to demand the restoration of the Christian woman carried off and sold by the Druses.

The wheat harvest had partially commenced in the South of England, and the crops were reported good. The weather, however, continued wet and unsettled, and hot sunshine was much needed.

CHILD BURNED.—A little child, three weeks old, of Russell Vantassel, in Pinecrest township, came to its death a few days ago, in the following manner. One of the other children, Two years old, was endeavoring to reach into the cradle to raise the infant, and fell into the cradle upon it and crushed it in such a manner, that the little sufferer died in a few hours afterwards.—*Jeff. Star.*

PEACHES IN ILLINOIS.—The Galena (Illinois) *Courier* is informed that the peach crop in the southern part of that State is immense. A ridge in Union and Jackson counties twenty miles long and from five to seven miles wide, will produce at least one million bushels—a large amount of which will be distilled.

A LOT of runaway slaves passed through Iowa City, recently, on the underground railroad, on their way to Canada. They were under the conductorship of a brother of Copple, who was executed at Harper's Ferry for his active complicity in the John Brown raid.

Piles! Piles! Piles! Piles!
What is it? How Cured?

Thousands of persons have Piles—suffer for years with the disease—yet do know what it is, or how it is cured. Every case of Piles, whether manifested in the form of external tumors, frequent bleedings, or in violent itching and irritation, depends essentially upon congestion of the abdominal vascular circulation. This produces the engorgement, dilation of the veins, formation of tumors, hemorrhages, pain and suffering; and the disease can only be fundamentally cured by medicines which, taken internally, relieve this venous congestion. Hence, ointments, washes, and even injections, are so ineffectual.

HUMPHREYS' HOMŒOPATHIC PILE SPECIFIC, a simple sugar pill, two of a three times per day, cures the disease by curing the condition upon which the disease depends. Hundreds have been cured by it, even of the most obstinate cases. All will be promptly benefited by it Price, 50 cents a box.

PROF. WOOD'S
Restorative Cordial
AND
BLOOD RENOVATOR
IS PRECISELY WHAT ITS NAME INDICATES—for while pleasant to the taste, it is very invigorating, exhilarating and strengthening to the vital powers. It also revivifies, refreshes and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted to all to *act in perfect accordance with the laws of Nature, and hence on the weakest stomach*, and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet it is never followed by lassitude or depression of spirits. It is composed entirely of vegetables and these thoroughly combining powerful tonic and soothing properties, and consequently counteracting injury. Such a remedy has long been felt to be a desideratum in the medical world, both by the physician and invalid in medical science and also by all who have suffered from debility; for it needs no medical skill or knowledge even to see that debility follows, as a consequence of disease, and as the nervous system is upon to the attacks of many of the most dangerous of which poor humanity is constantly liable. Such, for example, as the following: consumption, bronchitis, indigestion, dyspepsia, loss of appetite, faintness, nervous irritability, neuralgia, palpitation of the heart, melancholy, hypochondria, night sweats, languor, giddiness, and all that class of cases so terribly fatal if neglected or left to time called fever's weakness or irregularities. Also, liver derangements or torpidity, and liver complaints, diseases of the kidneys, scalding or incontinence of the urine, or any general derangement of the urinary organs, pain in the back, weakness between the shoulders, pimples on the face, itching and continued rash, emacia tion, difficulty of breathing, and in females any slight irregularities, all of which soon give way to its miraculous influences, and cure the disease at once, if already attacked. And as acts directly and persistently upon the kidney system, arresting the liver to action, promoting, in fact, all the secretions and excretions of the system; it will infallibly prevent any detect in the system throughout these various difficulties of the past few years with credit unsullied.
