OF EVERY DESCRIPTION,

☞ TO LET.—The FOURTH STORY of the GAZETTE BUILDING, for a term of five years or less, on reasonable terms. Apply to R. ERNETT & CO., Gazette Counting Room.

WESTERN UNIVERSITY.—Although more than forty years have elapsed since this Institution was chartered, and large numbers in the different professions have here received their education, yet it is not known so generally as it should be, that its advantages are increasing and that it is the intention of its able Board of Trustees to make it a classical and scientific institution, worthy of Pittsburgh. There are now four Professors who devote their whole time to instructing, beside the Professors of the French and German languages. The building is spacious and convenient, and contains a library, a valuable cabinet of minerals, and new and extensive apparatus. Students are taught in the preparatory English and classical studies, and it is the intention of its able Board of Trustees to make it a classical and scientific institution, worthy of Pittsburgh. There are now four Professors who devote their whole time to instructing, beside the Professors of the French and German languages. The building is spacious and convenient, and contains a library, a valuable cabinet of minerals, and new and extensive apparatus. Students are taught in the preparatory English and classical studies, and it is the intention of its able Board of Trustees to make this University of such a character that no parent in Allegheny county will find it necessary to send his son away from the comforts and restraints of home, and expose him to Temptations abroad, to contract habits unknown till too late for reform, but fatal in their consequences to his happiness, success and usefulness in life. Parents who have sons to educate would do well to make inquiries before deciding to send them elsewhere. Let them visit the University, attend the examinations and exhibitions, and see for themselves.

FIERCE ALLEGHENY.—SUPPOSED INCENDIARISM. About 5 o'clock on Sunday morning, the grocery of Mr. J. Minehart, corner of Federal and Lecock streets, Allegheny, was discovered to be on fire, the result of which for a short time promised to be very serious. When first discovered, a huge cloud of smoke was issuing from the cellar door on Lecock street, under the grocery store. The alarm was immediately given, and the Reliance hose carriage was soon on the ground and rendered efficient service. The door of the store was broken open, and a stream of water turned on the inside of the building. The flames, however, had got start of the firemen, and for a time it seemed that the building and two or three others, adjoining it, would all be destroyed. As it was, nearly all this property was damaged considerably by the fire and water together. Mr. Minehart does not, as yet, know what his loss will amount to. It is supposed, however, to be in the neighborhood of $1,000, which, we understand, is covered by insurance in the office of the Pennsylvania Insurance Company of this city. The second and third floors were occupied as a tin shop, by a Mr. M'Clelland, who resides a short distance from the city. We could not learn the injury he has sustained, but it will doubtless be heavy. Mr. M'C. has been peculiarly unfortunate, this being the third time he has suffered by fire at this place. The building adjoining, on Federal street, was occupied by Mr. S. M'Kee, also engaged in the tin and sheet iron business. His loss, however, will be trifling, beyond being flooded by water. The second story of M'Kee's building was occupied by A. J. Millard, as a daguerrean room. His loss, too, was light.

Some two or three frame houses adjoining, on Lecock street, were also injured considerably by water. A Mrs. Ross, who occupied one of them, is said to have had her pocket, picked of $16, during the progress of the fire. It is impossible to conjecture how the fire originated. The general opinion is, however, that it was the work of an incendiary.

REPUBLICAN MEETING IN ALLEGHENY.—The Republicans of the Third Ward, Allegheny, contemplate holding a meeting in the lot on the corner of Jane and Sheepskin streets, immediately adjoining the School House, on Tuesday evening. A platform for that purpose was erected on Saturday, and the Lincoln Minute Men and Rail Splitters will be in attendance. Speeches may be expected from John M. Kirkpatrick, Esq., and others. The Excelsior Glee Club will also be present, and enliven the occasion with some favorite songs.

GEN. CAMERON AND GOV. RENDER arrived in town on Saturday morning, on their way home from the Erie Convention. Gov. Render, who was anxious to get home, left in the afternoon train, and Gen. Cameron in the 9 o'clock train at night. Before leaving the Monongahela House, for the cars, detachments of the Ninth and Fourth ward Wide Awakes waited on him, giving him cheer after cheer, and, after a few words of thanks from him, escorted him to the cars, giving him three rousing cheers as the train moved off.

MORE PREPARATIONS FOR THE 27TH.—The Glass Blowers had a meeting on Saturday night at Lafayette Hall, to arrange for taking part in the procession of the 27th. They will be out in force on that occasion.

What are the other trades doing? Where are the moulders, engine builders, steamboat men, carpenters, draymen, butchers, and the working-men of other branches of trade? It is time they were doing something.

DISORDERLY.—Mayor Morrison's police, at a late hour on Saturday night, arrested four young men, whose names we were unable to ascertain, for being very noisy and disorderly on the street, to the great annoyance of people who desired to sleep. On Sunday morning they had a hearing before his Honor, who, after giving them a lecture on the error of their ways, inflicted a small fine on them, which they paid and were discharged.

BURGLARY.—The dwelling of a Mr. Fisel, on the East Common, Allegheny, was entered by burglars on Friday night, who, after searching through the house, succeeded in getting about fifteen dollars. Burglaries are becoming very frequent in that vicinity, this being the fourth house that has been entered in that neighborhood during the past few days.

ACCIDENT.—We learn from the Wheeling *Intelligencer* that a gentleman named George Spears, of Rochester, N. Y., was run over by a horse on the Fair Ground at that place on Friday, and seriously, if not fatally injured. He was still living at a late hour on Friday night, though suffering great pain and in a delirious state of mind.

FORESTALLING THE MARKET.—A woman named Freed was before Mayor Wilson, on Saturday, at the instance of the Market constable, for buying peaches during market hours, with the intention of selling them, in violation of city ordinance. She was fined $3, in default of which she was committed for three days to jail.

REPUBLICAN MEETINGS.—Large Republican meetings were held on Saturday night at Mount Oliver, Lower St. Clair tp., and in Birmingham. Gen. Moorhead spoke at both meetings, and Mr. Stephan also spoke in German at Birmingham. The right spirit is up, over there. The Wide Awakes from South and West Pittsburgh, and the Birminghams, were out in force.

We omitted to mention, on Saturday, in our report of the Eighth Ward meeting, that the Wide Awakes, after the meeting was over, visited Gen. Moorhead, at his residence, on Centre Avenue, and gave him a serenade. They were hospitably treated, and came away much gratified with their entertainment.

SUICIDE.—A young man named Wilson Cobb, residing near McKown's Corner, Erie county, committed suicide by hanging the other day, while laboring under a depression of spirits produced by a long and painful illness.

THE RIGHT MAN IN THE RIGHT PLACE.—Joe Barker made a speech to the Douglas men at Derby's on Saturday night. Has he been sprinkled with holy water?

## Grand Meeting in McKeesport.

4,000 *FREEMEN ON THE GROUND.*

The Republican meeting at McKeesport on Friday night was one of the finest demonstrations of the campaign. It was held in the open air, and at least four thousand people congregated at the stand—an immense meeting for a country town. There were 400 Wide Awakes out, 70 of whom came down from Elizabeth—gallant old Elizabeth.

The meeting was addressed by Thomas M. Marshall, Esq., of this city, who spoke for two hours, and we are assured by gentlemen who were present, that it was one of the finest efforts of the campaign—bold, strong, eloquent and spirit stirring. He held the large audience spell-bound during the two hours he was speaking, and no greater compliment could be paid a speaker than *that*.

ROLLING MILL MEN ROSE ON THE BALL!—The Rolling Mill Men met at the Republican Head Quarters on Saturday evening, and appointed the following committees to make arrangements for joining in the Convention on the 27th instant:

Shoenberger's—Robert M'Clurg, Thos. Harris.

Hussey, Wells & Co.—Richard Thompson, John Matthews.

Hallman, Rahm & Co.—Jno. Fleming, J. Graham.

JUVENILE THIEVES.—Two lads, named Wm. Williams and Thomas Henshman, alias George Thompson, were committed on Saturday for trial on three charges of larceny, preferred by Peter Geisinghelmer, of the Fifth, R R Finton, of the Eighth wards, in this city, and E. M. Sanders, of the Third ward, Allegheny, whom it seems they have relieved of various articles too numerous to mention. Williams, while on the way to jail, told the officer who had him in custody, where they had hid some of their plunder. The officer then accompanied the lad to the place designated, somewhere in the neighborhood of Millersville, where he found a small quantity of clothing concealed in an old coal shed, which upon examination turned out to be the property of Finton. Both parties, although young in years, are old offenders, and have always been considered very bad boys. Williams is a resident of the Third ward, Allegheny, and Hershman near Dam No. 1, on the Monongahela river.

[Correspondence of the Daily Pittsburgh Gazette.]

WHEELING, VA., Sept 15th, 1860.

MESSRS. EDITORS: Wheeling is at present a scene of excitement. The North Western Virginia Fair is holding its third annual exhibition at the grounds on Wheeling Island. The attendance is not so large as in former years, although considerable interest is manifested in the various departments, and especially in that of fast horses. Pittsburgh is well represented amongst the sporting gentlemen.

This is the occasion, too, of manifesting the political strength of the "Old Dominion," and the occasion has been made use of to demonstrate the relative strength of the various political creeds. On Wednesday evening the Lincolnites and Bell-Everettites held their meetings, and on Thursday evening the Douglas *Squatter Sovereignty* wing, and the Breckinridge *Disunionists*, presented their claims to a few forlorn individuals. The Lincoln and Hamlin demonstration of last evening was a glorious success, and being on ground not supposed to be favorable to the growth of such sentiments, it must be characterized as an eminently triumphant display. The Wide Awakes, with a great torchlight procession, with a magnificent display of fireworks, to the number of four hundred, and citizens numbering about three thousand, assembled at the court house, and were addressed by Mon. Elbert Tuttle, of Kansas temporarily, Bingham, of Ohio, and Mr. Armor, of Virginia. The speeches were enthusiastically applauded from time to time, giving evidence that the people in this locality are fully aroused for the approaching contest.

The Bell-Everett Guards numbered about five hundred, in procession, and assembled in the Athenæum, were addressed by Hon. Alex. H. H. Stewart, of Virginia.

From the indications, it is evident that the contest in Ohio county will be between these two parties.

The Douglas meeting was a harmless affair—a profound wonder, however, thence hatched its chief characteristic. It was opened by a weak and vapid speech by an import from the Keystone State by the name of Massey, who took the precaution to assure the audience that he had come to speak, but to hear, and he might have added that he did not come to praise Douglas, but to bury him, which latter he did so effectually that it was with difficulty that his successor, Hon. Bill Montgomery, of parts unknown, gobs whisky notoriety, succeeded in resurrectionizing him. Mr. Montgomery's speech had the effect of galvanizing the audience into spasmodic and temporary life, though he disclaimed any intention of making converts by it.

In the court house, Senator Mason, of Virginia, held forth to three or four hundred men, supposed to be for Breckinridge, of which a reporter says "that he was too heavy by about a ton's weight," for the audience dropped out gradually, until the scene became as drowsy as a Quaker meeting. It is no go—it is all over with them. PITTSBURGHER.

[COMMUNICATED.]

*Messrs. Editors:* I observe, by your issue of this morning, in a notice of the incidents in the late Perry celebration, a statement that a man named Quinn exhibited himself as the person who made the rigging for Perry's fleet.

The facts are that Commodore Perry came to this city in 1813 and contracted with the late Boyle Irwin and the present John Irwin for all the rigging required. These Irwins had the only rope-walks in the place. Boyle made the one-third and John the other two-thirds. This man Quinn who figured at the celebration merely worked as a hand for Boyle Irwin while the work was being done. Two of the men who handled the rigging, at a cost of seven dollars a hundred pounds, are still living in this city; their names are Daniel Mowry and William Small.

### REPUBLICAN MEETINGS!

### RALLY, REPUBLICANS! RALLY!!

The Committee on Speakers of the Republican Executive Committee announce the following meetings, at which all persons of every party are respectfully invited to listen to the discussion of Republican principles:

At BAKERSTOWN, on Saturday, Sept. 22, at 3 o'clock, p. m. Speakers Messrs. Marshall, Collier and D. L. Smith.

SHINGLES.—The shingle market is very dull just now, and prices have a declining tendency. This decline is attributed by a great many to the supply being more than equal to the demand, but the real cause may be found in the fact that the demand is not so great as in former years, shingle roofs not being thought of when "Groggon's celebrated Asphalt Roofing Felt" can be obtained. The agent for this excellent material can be found at his office, Langhlin's building, Canal bank, near the city Water Works.

REPUBLICAN Song Books, Nos. 1 and 2; price 10c; Burleigh's Republican Song Books; price 10c; Young Man's Republican Vocalist; price 8c; Wide Awake Vocalist; price 10c; Lives of Lincoln and Hamlin, 12 mo. cloth, $1; paper, 25c;

☞ We call the attention of our readers to an article advertised in another column, called BLOOD FOOD. It is an entirely new discovery, and must not be confounded with any of the numerous patent medicines of the day. It is *Food for the Blood* already prepared for absorption; pleasant to the taste and natural in action, and what one gains, he retains. Let all those, then, who are suffering from poverty, impurity or sickness of blood, and consequently with some chronic disease or ailment, take of this Blood Food and be restored to health. We notice that our Druggists have received a supply of this article, and also of the world renowned DR. EATON'S INFANTILE CORDIAL, which every mother should have. It contains no paregoric or opiate of any kind whatever, and of course would be invaluable for all infantile complaints. It will allay all pain, and aid on the gums in process of teething, and at the same time regulate the bowels. Let all mothers and nurses, who have ordered anxious eyes and sleepless nights, procure a supply, and be at once relieved.

### Further by the Melita.

ST. JOHNS, Sept. 15.—The following additional news has been received by the Melita.

NAPLES.—Sardinia is about to interfere at Naples. It is reported that Gen. Lamoriciere is about to leave for Naples with 20,000 troops to prevent the threatened anarchy. All the disposable vessels of the Sardinian navy are to be sent to Naples. Vigorous military preparations are being made at Piedmont, the Sardinian government having every available transport. As it is impossible to carry them with sufficient rapidity, the Pope will be requested to allow of their passage through his dominions. An insurrection had broken out in the provinces of Terra Dilavera, and the insurgents were marching on Campo Basso.

There is no intelligence as to Garibaldi's movements, further than that he was at Montevillo.

It is reported that the resignation of the Neapolitan Ministry will not be accepted.

The Government of Naples will pay France the sum of three million of francs, as an indemnification for the losses sustained by French citizens in the bombardment of Palermo.

The prohibition placed upon the departure of volunteers from Sardinia is said to have been removed.

It is rumored that the Cabinet at Turin have agreed to prevent the invasion of the States of the Church.

The French garrison at Rome is to be increased by a force of 3,500 troops.

Ancona has been declared in a state of siege, and the papal delegate recalled.

AUSTRIA.—The existence of a revolutionary committee has been discovered at Verona, and the members have been arrested. The papers make no comment on their persons are said to make a startling exposure of the proceedings of a neighboring power.

RUSSIA.—The Prince Regent of Prussia will visit Warsaw on the invitation of the Emperor of Russia about the middle of September.

The tallow prospects were unfavorable.

SYRIA.—The French troops continue to arrive at Beyrout.

CHINA.—Bombay dates to the 8th of August, and advices from Hong Kong to July 16th, had been received at London. A famine was impending in the Northwest province of India.

The British forces in China are ready for an attack on the enemy, but their French allies had protested against their commencing hostilities, the latter having lost all their barges by shipwreck. On the 20th of June, however, Lord Elgin induced Baron Gros to withdraw the protest, and the attack was to commence immediately.

LIVERPOOL, Sept 5.—The confusion in the affairs of Naples is increasing. The Anneaxationist Committee received a dispatch from Garibaldi on the 3d, stating that he would be in Naples on or about the 8th inst., and would assume the Dictatorship of the Two Sicilies in the name of King Victor Emanuel.

Count De Persegny has made another speech, implying that Napoleon has done nothing more than to maintain the Pope's throne, and would not help Gen. Lamoriciere to keep the Roman States.

PHILADELPHIA, Sept. 15.—A Bell and Everett meeting, held last evening, in the First Congressional District, was interrupted by a Republican procession passing through the crowd. A fight ensued, which continued about an hour, and the meeting was finally broken up. A number of persons are reported as injured by the bricks and pistols used during the melee, but it is believed that none were dangerously hurt. Nine rioters were arrested. The disturbance is supposed to have been in retaliation for the interruption of the Republican serenade to John Sherman, on Wednesday evening, when the meeting was disturbed by 500 cheers for Bell and Everett.

PHILADELPHIA, Sept. 15.—The Concert Hall was comfortably filled this evening, on an organization of a Douglas meeting. Hon. R. Kneass presided.—There was no music and Keanss was obliged to speak against time until the appearance of Governor Johnson. An immense amount of enthusiasm was displayed when Johnson was introduced. After expressing sincere thanks for his warm reception he entered into a fire of arguments similar to those which characterized his speech at the York barbecue. Speaking very hoarse and delivering his speech cost him considerable effort. The subsequent arrival of Ward delegations with music, torches and transparencies enlivened the proceedings considerably. An anonymous advertisement appeared in a morning paper inviting all Democrats to attend this meeting in order to prevent the unfortunate split in terms the Democratic candidate for Governor will speak at Independence Square on Monday evening. As this is his great campaign speech of importance, and he may be called upon to define his position on National Politics, considerable interest is felt.

PHILADELPHIA, Sept. 16.—Resolutions were unanimously adopted at the Douglas meeting last night denouncing the Cresson fusion and ratifying the straight Douglas electoral ticket. The meeting was large and enthusiastic to the close.

Hon. Johnson, the candidate for Vice President, will make a tour of the States during the week, to commence at Lancaster on Monday and close at Pittsburgh on Saturday evening next.

FORT SMITH, Ark., Sept. 15.—A man who goes by the name of Wm. Owen, late of Louisville, Ky., was arrested yesterday for horse stealing and committed to jail. He was caught about eleven o'clock last night while taken from jail and an attempt made to hang him to a tree. While the rope was being adjusted to his neck, he suddenly cast off the rope and fled. A pistol was instantly fired at him by Colonel Tuthy, but without effect, which brought him to the ground. He was then carried back to the caloboose, where he now lies in a dying condition. Another horse thief was brought in to-day, and will doubtless share the fate of his companion in crime.

The overland mail, with San Francisco dates to Aug. 27th, arrived here at noon to-day. Among the passengers is Col. Hollister, Pitts, of Texas notoriety.

The passengers state that a party of Mexican guerillas had recently made an incursion into Texas for the purpose of stealing cattle, and upon being overtaken by a party of Texans, a fight ensued, in which the Texans were victorious, killing five guerillas and wounding twenty-five, some of them fatally.—The names of the killed and wounded have not yet been ascertained.

CHICAGO, Sept. 15.—The names of the killed on the Racine and Mississippi Railroad are as follows: Mr. Baker, produce dealer, of Delaware; Margaret Seaman, of Darien; Mrs. Davis, of Sharon; a son of Mr. Catlin; Mr. Stoopiol, of Darien. The train had on board a large party of excursionists returning from the Fair at Elkhorn, several of whom were seriously injured.

NEW YORK, Sept. 15.—The steamship Fulton sailed at noon for Havre and Southampton with 85 passengers and $145,000. The steamship City of Manchester, for Liverpool, sailed at the same time with 140 passengers and $112,000 in specie.

The steamer Bivaria sailed this afternoon for Hamburg, with $230,000 in specie.

NEW YORK, Sept. 16.—The Douglas sub-Committee rejected the proposals of the Breckinridge Volunteer Association, and also declared that the Committee would not, under any consideration take any of the electors now on the Breckinridge Electoral Ticket.

LOUISVILLE, Sept. 15.—The steamer City of Louisiana, chartered by the Memphis and St. Louis Packet Company, snagged and sunk at Hat Island, Miss. She will probably be raised.

The steamer B. J. Adams, due here to-day from New Orleans, struck a snag near Helena, Ark., tearing out two ladies' state-rooms and slightly damaging the lower guard.

The river is falling, with 3 feet 10 inches in the canal. Weather cloudy, with indications of rain. Mercury 75.

ST. LOUIS, Sept. 15.—The paid fire department celebrated their third anniversary yesterday by a parade during the day, and supper in the evening. During the parade a fire broke out in a carpenter shop owned by Theodore Weber, on Hickory street. Two engines were dispatched to the scene of the conflagration, and rescued a large amount of property. A high wind was blowing at the time. The loss is estimated at $10,000; insured for $4,000.

NEWARK, N. J., Sept. 15.—Hon. Wm. Pennington, Speaker of the House of Representatives, has reconsidered his declination of the nomination for re-election to Congress, and will again be a candidate.

☞ ALL should not fail to read the advertisement of Prof. Wood, in to-day's paper.

Week's receipts 428 bbls, against 579 for the corresponding week last year.

LIVERPOOL, Sept 5.—The confusion in the affairs of Naples is increasing. The Annexationist Committee received a dispatch from Garibaldi on the 3d, stating that he would be in Naples on or about the 8th inst., and would assume the Dictatorship of the Two Sicilies in the name of King Victor Emanuel.

Count De Persegny has made another speech, implying that Napoleon has done nothing more than to maintain the Pope's throne, and would not help Gen. Lamoriciere to keep the Roman States.

PHILADELPHIA, Sept. 15.—A Bell and Everett meeting, held last evening, in the First Congressional District, was interrupted by a Republican procession passing through the crowd. A fight ensued, which continued about an hour, and the meeting was finally broken up. A number of persons are reported as injured by the bricks and pistols used during the melee, but it is believed that none were dangerously hurt. Nine rioters were arrested. The disturbance is supposed to have been in retaliation for the interruption of the Republican serenade to John Sherman, on Wednesday evening, when the meeting was disturbed by 500 cheers for Bell and Everett.

PHILADELPHIA, Sept. 15.—The Concert Hall was comfortably filled this evening, on an organization of a Douglas meeting. Hon. R. Kneass presided.—There was no music and Keanss was obliged to speak against time until the appearance of Governor Johnson. An immense amount of enthusiasm was displayed when Johnson was introduced. After expressing sincere thanks for his warm reception he entered into a fire of arguments similar to those which characterized his speech at the York barbecue. Speaking very hoarse and delivering his speech cost him considerable effort. The subsequent arrival of Ward delegations with music, torches and transparencies enlivened the proceedings considerably. An anonymous advertisement appeared in a morning paper inviting all Democrats to attend this meeting in order to prevent the unfortunate split in terms the Democratic candidate for Governor will speak at Independence Square on Monday evening. As this is his great campaign speech of importance, and he may be called upon to define his position on National Politics, considerable interest is felt.

PHILADELPHIA, Sept. 16.—Resolutions were unanimously adopted at the Douglas meeting last night denouncing the Cresson fusion and ratifying the straight Douglas electoral ticket. The meeting was large and enthusiastic to the close.

Hon. Johnson, the candidate for Vice President, will make a tour of the States during the week, to commence at Lancaster on Monday and close at Pittsburgh on Saturday evening next.

FORT SMITH, Ark., Sept. 15.—A man who goes by the name of Wm. Owen, late of Louisville, Ky., was arrested yesterday for horse stealing and committed to jail. He was caught about eleven o'clock last night while taken from jail and an attempt made to hang him to a tree. While the rope was being adjusted to his neck, he suddenly cast off the rope and fled. A pistol was instantly fired at him by Colonel Tuthy, but without effect, which brought him to the ground. He was then carried back to the caloboose, where he now lies in a dying condition. Another horse thief was brought in to-day, and will doubtless share the fate of his companion in crime.

The overland mail, with San Francisco dates to Aug. 27th, arrived here at noon to-day. Among the passengers is Col. Hollister, Pitts, of Texas notoriety.

The passengers state that a party of Mexican guerillas had recently made an incursion into Texas for the purpose of stealing cattle, and upon being overtaken by a party of Texans, a fight ensued, in which the Texans were victorious, killing five guerillas and wounding twenty-five, some of them fatally.—The names of the killed and wounded have not yet been ascertained.

CHICAGO, Sept. 15.—The names of the killed on the Racine and Mississippi Railroad are as follows: Mr. Baker, produce dealer, of Delaware; Margaret Seaman, of Darien; Mrs. Davis, of Sharon; a son of Mr. Catlin; Mr. Stoopiol, of Darien. The train had on board a large party of excursionists returning from the Fair at Elkhorn, several of whom were seriously injured.

NEW YORK, Sept. 15.—The steamship Fulton sailed at noon for Havre and Southampton with 85 passengers and $145,000. The steamship City of Manchester, for Liverpool, sailed at the same time with 140 passengers and $112,000 in specie.

The steamer Bivaria sailed this afternoon for Hamburg, with $230,000 in specie.

NEW YORK, Sept. 16.—The Douglas sub-Committee rejected the proposals of the Breckinridge Volunteer Association, and also declared that the Committee would not, under any consideration take any of the electors now on the Breckinridge Electoral Ticket.

LOUISVILLE, Sept. 15.—The steamer City of Louisiana, chartered by the Memphis and St. Louis Packet Company, snagged and sunk at Hat Island, Miss. She will probably be raised.

The steamer B. J. Adams, due here to-day from New Orleans, struck a snag near Helena, Ark., tearing out two ladies' state-rooms and slightly damaging the lower guard.

The river is falling, with 3 feet 10 inches in the canal. Weather cloudy, with indications of rain. Mercury 75.

ST. LOUIS, Sept. 15.—The paid fire department celebrated their third anniversary yesterday by a parade during the day, and supper in the evening. During the parade a fire broke out in a carpenter shop owned by Theodore Weber, on Hickory street. Two engines were dispatched to the scene of the conflagration, and rescued a large amount of property. A high wind was blowing at the time. The loss is estimated at $10,000; insured for $4,000.

NEWARK, N. J., Sept. 15.—Hon. Wm. Pennington, Speaker of the House of Representatives, has reconsidered his declination of the nomination for re-election to Congress, and will again be a candidate.

☞ ALL should not fail to read the advertisement of Prof. Wood, in to-day's paper.
