ALL THE VIRTUES OF ELECTRICITY AND WATER COMBINED.

DR. W. W. KARSHNER'S ELECTRIC BATHS.

Fig. 2 PATENTED JAN 17, 1860 Fig. 1

THE above cut is a representation of DR. KARSHNER'S POSITIVE AND NEGATIVE ELECTRO-THERAPEUTIC BATHS, for which he has obtained letters patent from the Patent Office of the United States. These Baths have been in successful operation for the last two years, in many of our principal towns and cities, during which time hundreds of patients have tested their astonishing powers with *signal success.* Dr. K. challenges the entire medical world to produce any *one system or combined set of* agents, as his Electric Baths alone, when rightly administered. The scientific minds of all professions are cordially invited to call, examine and test for themselves.

The duration of each Bath, the temperature of the water, and the strength of the electric current, are varied according to the disease, the condition of the patient at the time, and the effects desired. The water is about blood heat, and the electricity so graduated as to produce nothing but pleasurable sensations.

There is no class of Diseases, either Acute or Chronic, to which they are not adapted—which do not yield at once to their all pervading and health-restoring influences. The aged and decrepid have been led, voluntarily, to declare that they felt many years younger, and slept better than they had done for years. Others have been cured of painful diseases in a few Baths.

Nor do their healthful effects seem to be confined solely to the physical man; they have an equally happy influence upon the mental faculties, making them a most efficient means in the treatment of insanity and all abnormal mental conditions

Among the diseases successfully treated by Dr. K.'s Baths are: Incipient Consumption, Scrofula, Paralysis, Epilepsy, (Fits,) Insanity, Delirium Tremens, St. Vitus' Dance, Stricture of the Rectum, Rheumatism, Mercurial Diseases, Weakness in the Back and Limbs, Nervousness, Nervous Headache, Asthma, Bronchitis, Catarrh, Weak Eyes, Partial Deafness, Dyspepsia, Bowel and other Urinary and Genital Diseases, Falling of the Womb, Leucorrhœa, and other Female Derangements, Fever, Fever and Ague, etc. etc.

These Baths are in successful operation at

No. 21 Fifth Street, Pittsburgh, Pa., relieving many of the afflicted daily. Call and get a pamphlet.

THE NEW YORK DAY BOOK says: "The mallory of Hair Washes, Hair Dyes, Hair Tonics, Hair Oils, and the numberless preparations which are now before the public under such extravagant, hyperbolical and scientific titles as we are pained to show are all humbugs of the first water; their real merit, when they possess any, is due to one or two barks. HOOP'S LARK, WHALE OIL, LARD OIL, SWEET OIL, scented and colored bottles, the comliest character of logics, and when bought at by various young sailors of 18 with some such is not the character of Professor Wood's Hair Restorative. This gentleman possesses before the world without any "high falutin" Xilophiloderic or any other astounding and startling catchpenny terms; he simply advertises a *Hair Restorative*—what it expresses precisely—and as a Restorative it acts. Buy Professor Wood's Hair Restorative, and as you value your scalp, eye, your very brains, apply forthwith and by and by, for it will not come more welcome than parchased lard oil on your corns. Remember, Wood's Restorative for the Hair is the best article extant."

It Will, by Nature's own Process,

Restore Gray Hair to the Original Color,

Will make Hair Grow on Bald Heads,
It will restore the Natural Secretions,
Will remove at once all Scaldings,
Will remove all Dandruff,
Will cure all eruptions—even Scald Head,
Will make the Hair Soft and Glossy,
Will make the old appear young again,
Will preserve the Color of Hair to old age,
Will always Fasten it and stop its Falling,
And is one of the best Toilet Articles for the Hair now in use.

THE CANVASS IN PENNSYLVANIA.

INTERESTING CORRESPONDENCE.

Gen. Foster Declines to Meet Col. Curtin on the Stump.

The following correspondence will be read with interest by the people of Pennsylvania:

MR. WELSH TO MR. MCCLURE.—*Philadelphia, Aug.* 30, 1860.—*My Dear Sir:* I beg leave to enclose you a copy of a letter received from Henry D. Foster, in reference to joint discussions between himself and Col. Curtin.

I shall be happy to hear from you in regard to the matter, and remain,

Very truly your friend,

W. H. WELSH, Chairman.

HON. A. K. MCCLURE.

MR. FOSTER TO MR. WELSH.—*Greensburg, Aug.* 22d, 1860.—*Dear Sir:* I understand Col. Curtin has frequently asserted in his speeches that he has challenged me to the stump.

This he has never done, either directly or indirectly. But in order that there may be no doubt about the matter, you are authorized, in any way you may think proper, either by a letter to him or to the public papers, in my name to agree to meet him at such times and places, and to discuss such issues as a committee of our respective friends shall indicate.

Yours, truly &c., H. D. FOSTER

MR. MCCLURE TO MR WELSH.—*Philadelphia, Sept.* 4, 1860.—*Dear Sir:*—Your favor of the 30th ult., covering letter from Hon. Henry D. Foster, was received by me last night on my return to the city.

Gen. Foster in his letter, says:—"I understand that Col. Curtin has frequently asserted in his speeches that he has challenged me to the stump;" and he then adds that he will agree "to meet him (Col. Curtin) at such times and places, and to discuss such issues, as a committee of our respective friends shall indicate."

I speak advisedly when I say that Col. Curtin never declared in any of his public speeches that he had challenged Gen. Foster to meet him on the stump; but he, doubtless, has expressed, both publicly and privately, the desire, that his distinguished competitor should meet the people and address them, as he expressed his purpose to do soon after his nomination, in a public speech delivered in this city.

Col. Curtin has already spoken in one-half the counties of the State, and has made positive appointments, which have been publicly announced, extending to the 1st of October. These engagements he cannot disregard; but he will gladly agree that Gen. Foster shall meet him at his appointments as soon as proper notice can be given to the friends of Gen. Foster, to discuss all the issues involved in the pending political contest—both State and National.

I inclose to you a list of Col. Curtin's appointments. If the proposition I make is satisfactory, please inform me where Gen. Foster will join Col Curtin; and I will unite with you to have the necessary arrangements made at the different points, as promptly as possible.

Very truly yours, A. K. MCCLURE,

Chairman People's State Committee.

TO HON WM H WELSH,

Chairman Democratic State Committee.

MR. WELSH TO MR. MCCLURE.—*Philadelphia, Sept. 6th,* 1860.—*Dear Sir:* Your letter of the 4th inst., has been received. The alleged allusions made to Gen. Foster by Col. Curtin, in his public speeches, which you frankly disavow on behalf of the latter, required from Gen. Foster a prompt denial that he had ever, either directly or indirectly, received from his respected competitor a challenge to meet him in debate. While Gen. Foster felt compelled to make this public denial, he, at the same time, expressed his desire to meet Col. Curtin at such times and places, and to discuss such issues as a committee of their respective friends might indicate. From the tenor of your letters I am induced to believe that you object to the selection of a committee to arrange the preliminaries of the proposed discussions, and this point is therefore promptly waived by me, without consultation with Gen. Foster.

The proposition made by you, in your letter now before me, that Gen. Foster should meet Col. Curtin at the times and places appointed by you, when and where Col. Curtin has already been advertised to speak to his party friends, would not be satisfactory to the people of Pennsylvania. There would be a manifest impropriety in any such arrangement. A general discussion throughout the Commonwealth upon the issues, both State and National, now pending before the people, or even an approximation to it, could not possibly take place with such a programme. In looking over the list you enclose me, I find that before due and proper notice of the contemplated meetings could be given to Gen. Foster's friends, nearly all of Col. Curtin's appointments in the West would be filled by that gentleman, and thus the field in that section would be limited to a very narrow compass. The acceptance of your proposition, would therefore, compel Gen. Foster to neglect a large portion of the State, and would confine his almost entirely to sections in the South and East. The counties of Berks, Lehigh, Northampton, Monroe, Pike, Wayne, Luzerne, Columbia, and many others, where his friends are numerous, would be altogether ignored.

Propriety and fairness demand that each candidate should have an equal voice in the selection of places for the joint discussions. Regarding this, as the only fair and equal basis of arrangement, I must decline your proposition, and awaiting your answer to the terms of arrangement as above proposed by me, I remain,

Very truly yours, W. H. WELSH,

Chairman Democratic State Committee.

HON. A. K. MCCLURE, Chairman, &c.

MR. MCCLURE TO MR. WELSH.—*Philadelphia, Sept. 6th,* 1860.—*Dear Sir:*—Your favor of the 5th inst., reached me this morning.

You decline for Gen. Foster to have the proposed joint discussions between the two candidates for Governor, at the times and places already publicly announced for Col. Curtin to address the people.

Col. Curtin has spoken in nearly, if not quite every county you name as desirable appointments for Gen. Foster; and he cannot return to them without disappointing his friends in many other counties, to whom he had pledged his presence and efforts before Gen. Foster's letter was written.

If it were possible for Col. Curtin to go with General Foster to the North and West, where he has already filled appointments, and still meet the people before the October election in the Eastern and Southern counties where his engagement has been announced, he would gladly do so, but that cannot now be done.

I must therefore, in justice to Col. Curtin and his friends, adhere to the position stated in my last letter, and decline your proposition,

Very truly yours, A. K. MCCLURE,

Chairman People's State Committee.

TO WM. H. WELSH,

Chairman Democratic State Committee.

METHODISM AND SLAVERY.—Rev. Dr. Eddy editor of the North western *Christian Advocate* (M. E.,) has written a letter to President Buchanan, which appears in the Chicago papers. He writes as a member, a minister and officer of the Methodist Church, regarding matters which affect the life, liberty and happiness of those whom he represents. He states that the Methodist Church is no political organization; that its members have ever been a loyal people, and that as such they claim the right to enter any part of the domain of the United States; but that the denomination to which they belong has attained its influence in consequence of its being decided and uncompromising in its anti-slavery views. Many persons residing in the Slave States, for various reasons, prefer to be connected with the division of the Methodist Church for which Dr. Eddy speaks, rather than with that known as the Methodist Episcopal Church South, yet they have been subjected to barbarous treatment for acting in accordance with this preference. Dr. Eddy cites recent transactions in Texas as proof of this position, alluding especially to the hanging of Rev. Mr. Bewley, with whom he was personally acquainted. Now, the question arises, in this state of affairs, can Methodists be protected in the Southern States, or are they to be exposed to death at the hands of unlicensed mobs? Hitherto the Church has been divided in its votes on political subjects, but a few more such murders as that of Bewley, says Dr. Eddy, and Methodists will ask who can give them an administration strong enough to uphold their rights.

REV. JOHN HERSEY.—This venerable though eccentric Methodist minister thus describes his personal habits:

I have endeavored to circumscribe my wants by living in a plain, self-denying way, having used no animal food of any kind, (except when in Africa,) neither tea nor coffee, for nearly forty years, always rising at four o'clock, winter and summer, and yet few men have enjoyed better health than I have been blessed with, and not many in modern times have preached oftener or used more physical labor.

A PLEASURE EXCURSION TO ITALY.—The Englishmen who propose to take part in the Italian revolution have hit upon a novel but very thin disguise for their scheme. They advertise what they call an "excursion of a select party to Naples." As the country is somewhat unsettled, they add that "the excursionists will be furnished with means of self-defence, and with a view of recognising each other will be attired in a picturesque and uniform costume. General Garibaldi has liberally granted the excursionists a free passage to Sicily and Italy, and they will be supplied with refreshments and attire suitable for the climax. Information to be obtained at Captain Edward Style's offices, No. 8 Salisbury street, London, W. C."

One gentleman, it is said, has been so pleased with this idea of a trip to the Mediterranean, that he proposes taking eight hundred friends with him at his own expense; and another, who is unable to go himself, is willing to contribute some hundreds of pounds sterling towards defraying the expenses of others. In fact, there is a very general disposition manifested by liberal Englishmen to travel abroad this winter. It is not an uncommon thing for them to go to Italy during the cold weather, and there is no objection, we presume, either on the part of the authorities or any one else to their clubbing together to go. Experience has long demonstrated that it is cheaper to travel in company with several others than to travel alone. Besides, if they should be stopped at a custom house on the frontiers of Naples, or in the ports, they will manage to get through with more expedition.

DR. DAVID F. BEACON, of New York, in a late number of Harper's Weekly, has completely ferreted out the Newark Ohio, humbug. What was claimed to be a smooth stone, of mysterious form and of boulder species, turns out to be a veritable mechanic's home. The stone is a nonaculite. Its size (5½ inches long,) its four smooth surfaces, and the knob at the end, correspond exactly to this well known inmate of the mechanic's shop. The Hebrew phrases engraved on the stone have no connection with each other, nor have they any adaption to the situation in which they are inscribed. It seems that Mr. Wyrick, the discoverer of the stone read the characters by means of a Hebrew Grammar. It is not improbable that the same Hebrew Grammar was consulted for engraving the letters, as the character is more like that of Hebrew Grammars and Dictionaries than it is to that of manuscripts before printing was discovered.

WHAT STEPHEN SAID TO HIS MOTHER.—Shakspere gives us, with the happy foresight of the great poet, a graphic description, in advance, of the stumping peregrinations and canvassing tour of the peripatetic candidate for the Presidency:

"Mother I am going to the market place;
Chide memo more. I'll mountebank their loves,
Cog their hearts from them, and come home beloved
Of all the trades in Rome. Look, I am going:
Commend me to my wife. I'll return Consul;
Or never trust to what my tongue can do
I' the way of flattery further."

(CORIOLANUS, Act III, Scene 2d.

The same "poet of all time" gives an answer that would have been very appropriate for any citizen candidate and gentleman called on to imitate the practice of the demagogue:

"Rather than foot it so,
Let the high office and the honor go
To one that would do thus."

A WIREPULLER.—By the recent disease of Mr. Waldegrave, an English millionaire, Senator J. McLeod Murphy, of N. Y., becomes heir to a comfortable little fortune of over half a million of dollars. Mr. Waldegrave who was a descendant of one of the oldest families in England, died possessed of eight millions of dollars, which is to be equally divided among twelve of his nearest relatives, the fortunate Senator being one of them.

CATS are in demand at Pike's Peak, as mice are plenty, though rats are not known in that part of the country. Cats sell at a high price. Indians are said to be very fond of them, and have been known to give three or four buffalo skins, valued at four or five dollars each, for a cat.
