COURT OF QUARTER SESSIONS.—Before Judges M'Clure, Adams and Parke.

Friday, Oct. 26th.—The case of Wm. Frew and Joseph Duffy, Supervisors of Charliers tp., indicted, on oath of Wm. Sutton, for misdemeanor in office, in not opening and keeping in repair a public road in that tp., occupied the attention of the Court all day.

The prosecutor gave his evidence in the case Thursday afternoon. He testified that his property fronted on the road in question, which had been legally laid out more than six years since. Finding the road was almost impassable, he had served a notice in April last, on the defendants, to keep it in repair. The general width of the road is about seven feet and 4 inches; the road is crossed near his place by the Charliers Coal Railroad, the trestle work of which is about the same width; part of every load of hay passing this point is pulled off by the trestle work, as the road will not allow a common sized load to pass. Having to unload at this place every carriage or wagon that is drove on the road, and the railroad being abandoned, he asked the Supervisors to have the trestle work taken down. They refused to do this, but said that he (the prosecutor) could have it done at his own expense if he wished. There is no other public road in that vicinity, so that the prosecutor has to pay extra charge for everything delivered at his place.

For the defence, it was alleged that the road had never been laid out in the location alleged in the indictment. Several witnesses were produced, who testified that the road, except at the particular point the prosecuting witness spoke of, was in good condition. It was also proved that the Supervisors had expended a considerable amount of money on the road last year, and that the expense of removing the drift wood now collected on the portion of the road which is as yet unopened, would amount to over $2000.

The case was argued at great length by Judge Shannon, for the defence, and Mr. Marshall for the prosecution. The former addressed the jury for more than an hour, insisting that his client was not amenable to the charges made in the indictment, and ridiculing the prosecution as arising out of frivolous motives or bad blood. He maintained that the Supervisors were the custodians of the people's money, and were intrusted with a wide discretion as to the manner of applying it. No individual could dictate to them and say that a particular thoroughfare in which he was especially interested, should be put in the best state of repair, and if this tyrannical demand was refused, drag them into a Criminal Court to answer.

Mr. Marshall replied more briefly, concluding that the prosecution had been begun with proper motives and on reasonable grounds. The prosecutor had exhausted expostulation and entreaty in the first step he might have a passable road to his premises, for which he must be paid taxes and to which every citizen was entitled. His expostulation was disregarded, and as a last resort he found it necessary to appeal to the law to have his grievance remedied.

After the counsel concluded, the Court adjourned. The jury will be charged on Monday.

AN EVENING WITH ART.—MADAME COLSON'S CONCERT.—In this community genuine talent and highly cultivated art are always properly appreciated. The announcement of a Grand Musical Entertainment by a company of the most talented musical artists in the country, has created a pleasant surprise. All are anxious to hear the inimitable Colson, all are curious to see and listen to the new American singer Miss Kellogg—all desire to see and hear again the accomplished and elegant Brignoli, and the fine baritone Ferri—and all will be pleased with the fine appearance and powerful voice of Susini, the great basso. All these, under the musical direction of Signor Muzio will appear in concert at City Hall on Tuesday evening next in a programme of rare excellence. The lovers of fine music and pleasant entertainments as well as all the fashionable people are making their preparation for a delightful evening on Tuesday next.

The sale of tickets will commence to-day at one o'clock at J. H. Mellor's Music Store, Wood street. The price has been fixed at one dollar with no extra charge for reserving seats.

I AM SO GLAD that the time is coming.

MORE CONTRIBUTIONS.—The list of contributions for the relief of the sufferers by the late boiler explosion in Wallace's machine shop, on Liberty street, is constantly increasing. Yesterday the Chairman of the Committee of Relief, received two more contributions to the fund, amounting to $220.15. One was from the congregation of the German Trinity Church, corner of Sixth and Smithfield streets, amounting to $10, and was given through their pastor—Rev. Dr. Wuther. The other amounted to $10.15, and was from the pupils of the school in the basement of the same church. It was given through one of the teachers—Mr. Adolph. Olting.

WHY so glad that the time is coming?

AMBUSH AND BATTERY.—A man living on Pennsylvania Avenue, named Thomas McCullough, appeared before Alderman McBride yesterday, and made an information against a fireman named Griffith, who is a neighbor, charging that he had assaulted him with a club, the night before the election. Whilst the prosecutor was making his information, Griffith made a similar case, in almost the same language against him, before Alderman Lewis, of the Third ward. Each of the parties were held in $300 bail to appear at court to answer.

TO SEE Hambuler, the Wizard, and the little Dwarf Sprightly.

A WOMAN named Ellen Gunning, living in a court off Ross street, near Liberty, was arrested yesterday by the Fifth ward police and held to bail by Alderman Jones, for beating the child of a neighbor named Catharine Cooley. The child's brother irritated Ellen in some manner, and she vented her indignation on the unfortunate young one when it came into her court a short time afterwards.

MONDAY NIGHT at Masonic Hall.

THE EAST LIBERTY PASSENGER RAILWAY.—The late difficulty between the contractors of the Oakland and East Liberty division of the Pittsburgh and East Liberty passenger Railway, and the Company, has been settled. The Cars on the road will hereafter run through from the city, to East Liberty, commencing this morning.

See large advertisements, Monday.

ELECTION OF COUNTY SOLICITOR.—The term of Stephen H. Geyer, Esq., Solicitor for Allegheny county having expired on Thursday, and he declining to serve again, the vacancy was filled by the election of Fred. H. Collier, Esq. to fill the office, by the County Commissioner.

TRUTH AND CONFESSION.—Alderman Bell, of Allegheny, yesterday, committed John McQuade to the county jail to await his trial, on a charge of arson and incendiarism, brought against him by Henry Rocket.

PUBLIC ITEMS.—There were 16 commitments to the jail last evening.—Of these, 7 were for drunkenness, 3 for disorderly conduct, 2 by the Court of Quarter Sessions, 1 for assault and battery, 1 for larceny and 1 for surety of the peace.

DISCHARGED AT COURT.—John Durkan, who was committed by Mayor Wilson, over three months ago, for highway robbery, was discharged yesterday by the Court of Quarter Sessions.

SAILED FOR EUROPE.—The Rt. Rev. Bishop O'Connor sailed from New York on last Saturday in the steamer Vanderbilt. He purposes residing for some time in Europe.

PROF. EDWARD LEISSE, from Philadelphia, lectures on Thursday evening, November 1st, at Lafayette Hall, on *Garibaldi and the Italian Struggle for Liberty.*

CAPTURE OF ONE OF THE CHARLES MURDER MEN.—*It is Traced to Loganic, Indiana, &c. &c.—Arrested by a Pittsburgh Detective, &c. &c. &c.*—It will be remembered by our readers that an account appeared in our columns in the first part of last month of an atrocious murder that had been perpetrated in Clarion county, on the 2d of September, the victim being a man named Jared Lewis. The house of a Mr. Thomas Stewart, of Toby tp., in that county, was entered by thieves on the night of the last of August, while the inmates were asleep, and about $80 in bank bills taken. The ill fated Lewis, who was walking as an unrequested road three days afterwards with a companion named McCall, overtook the suspected burglars and in attempting to arrest them, were fired at with revolvers by the two men. Lewis fell dead and his friend McCall was badly wounded. The murderers succeeded in making their escape, and were supposed to have fled to Kansas. The County Commissioners of Clarion county offered a reward of $100 for the arrest of each of the men.

Information of the murder having been sent to Mayor Wilson, with a description of the murderers, he cheerfully lent his assistance to effect their arrest. In pursuance of this, an officer was made acquainted with the particulars of the case and soon found out that the men had not gone to Kansas, but were probably either in Ohio or on adjoining State. A few days since he received such information as induced him to start west.

The following telegram, received yesterday by Mayor Wilson, shows with what success the trip was attended. The man whom he has arrested, is supposed to be Charles Logue, the man who shot Lewis:

LAFAYETTE, Ind., Oct. 25, 1860.—*George Wilson, Esq., Mayor:* Got one of the murderers; will be home at 3 o'clock, Sunday morning. Have officers at depot. ROAR. HAGUE, Chief of Police.

DUFF'S MERCANTILE COLLEGE, PITTSBURGH.—The Senior Principal of this time-honored establishment is the author of Duff's System of Book-keeping, sanctioned by the American Institute and Chamber of Commerce of New York as the best in use. As a merchant, as an author, as an accountant and as an instructor; his lectures bring students over 1500 miles past numbers of other colleges. The Junior Principal is equally distinguished as a penman.—Some of his countless to our Fairs are near designs and remarkable performances. The Western Virginia, Western Pennsylvania and the Pennsylvania State Fairs awarded him eight first class premiums over all competitors; viz: For Business writing, Recording hand, Text hands, Ornamental lettering, Pen drawing and Card writing. Proving his superiority in every branch of the penman's art.

POSTER. OF WISCONSIN.—We have the most cheering accounts from the District represented by this gallant Republican. Without any assistance from abroad, he has made a splendid canvass, meeting and overcoming the arguments and machinations of his opponents at every point. The Chivalry had set their hopes upon his defeat. We have been assured that large sums of money have been sent into his district for that express purpose, which doubtless came directly out of Virginia pockets. This money has been faithfully expended, but, as the end will prove, without the hoped for results. His majority will be larger than ever before. Wisconsin is ever it to herself, as well as to her gallant representative, to meet this shameless outside interference, with a majority so overwhelming that the attempt will never be repeated; and we are glad to learn that such is the intention of her people. —*Chicago Tribune.*

HORSE AND BUGGY SUPPOSED TO BE STOLEN.—On Thursday last, a man who gave his name as being William Stephens, hired from Edward Sexton, of Washington Pa., a horse and buggy to go to Brownsville, which he returned according to promise and on the same afternoon of returning, hired another horse and buggy to go to Pittsburgh, promising to return on Saturday evening, since which time nothing has been heard of him. He is a man of about five feet five inches in height, and had on when here, a high crowned hat, dark pants, brown coat, with pockets on the side, also a pair of slippers. The horse was a large brown one, with good harness, and a buggy nearly new. Any persons giving information in reference to said horse or man will be liberally rewarded. The horse had a small score upon the right shoulder, and the buggy the mark of "S. B. & C. Hays, makers, Washington, Pa."—*Washington Examiner.*

CAMPAIGN MEDALS, Pins, Pocket Pieces and Sung Books, closing out at half price, at Hunt & Miner's.

HUNT & MINER'S Pittsburgh Almanac, the third issue for 1861, is now ready. The calculations are made expressly for it by Sanford C. Hill, Esq. It contains the usual large quantity of excellent reading, tables, &c; price only 5 cents. Sold by all enterprising dealers everywhere.

☞ WE call the attention of our readers to the article advertised in another column, called BLOOD FOOD. It is an entirely new discovery and cannot be confounded with any of the numerous patent medicines of the day. It is *Food for the Blood*, already prepared for absorption; pleasant to the taste and natural in action, and what one gains, he retains. Let all those, then, who are suffering from poverty, impurity or deficiency of blood, and consequently with some chronic disease or ailment, take of this Blood Food and be restored to health. We notice that our Druggists have received a supply of this article, and also of the world renowned DR. MATON'S INFANTILE CORDIAL, which every family should have. It contains no paregoric or opiate of any kind whatever, and of course must be invaluable for all infantile complaints. It will allay all pain, and act on the gums in process of teething, and at the same time regulate the bowels. In all mothers and nurses, who have endured anxious days and sleepless nights, procure a supply, and be at once relieved.

SHINGLES.—The shingle market is very dull just now, and prices have a declining tendency. This decline is attributed by a great many to the supply being more than equal to the demand; but the real cause may be found in the fact that the demand is not so great as in former years, single cash not being thought of when "Gregton's celebrated Asphalt Roofing Felt" can be obtained. The agent for this excellent material can be found at his office, Langhlin's building, Canal basin, near the city Water Works.
