DR. W. W. KARSHNER'S ELECTRIC BATHS

PATENTED JAN'Y 25 1859

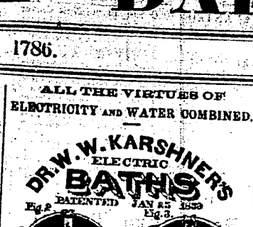

Fig. 2 Fig. 3

THE above cut is a representation of DR. KARSHNER'S POSITIVE AND NEGATIVE ELECTRO-THERAPEUTIC BATHS, for which he has obtained letters patent from the Patent Office of the United States, two years, in many of our principal towns and cities during which time hundreds of patients have tested their astonishing powers with signal success. Dr. K. challenges the entire medical world to produce any one system or combined set of systems, that will cure as many diseases, and in so short a time, as his Electric Baths alone, when rightly administered. The scientific minds of all professions are cordially invited to call, examine and test for themselves.

The duration of each Bath, the temperature of the water, and the strength of the electric current, are varied according to the disease, the condition of the patient at the time, and the effects desired. The water is about blood heat, and the electricity so graduated as to produce nothing but pleasant sensations.

There is no class of Diseases, either Acute or Chronic, to which they are not adapted—which do not yield at once to their all pervading and health-restoring influence. The aged and decrepid have been led, voluntarily, to testify that they felt many years younger, and slept better than they had done for years. Others have been cured of painful disease in a few Baths.

As for their healthful effect: seem to be confined solely to the physical mind; they have an equally happy influence upon the mental faculties, making them a most efficient means in the treatment of insanity and all abnormal mental conditions.

Among the diseases successfully treated by Dr. K.'s Baths are: Incipient Consumption, Scrofula, Paralysis, Epilepsy, (Fits,) Insanity, Delirium Tremens, St. Vitus' Dance, Curvature of the Spine, Rheumatism, Mercurial Diseases, Weakness in the Back and Limbs, Nervousness, Nervous Head Ache, Asthma, Bronchitis, Catarrh, Weak Eyes, Partial Deafness, Dyspepsia, Gravel and other Urinary and Genital Diseases, Failing of the Womb, Leucorrhea, and other Female Derangements, Fever, Fever and Ague, etc. etc.

These Baths are in connection with a successful operation at No. 21 Fifth Street, Pittsburgh, Pa., relieving many of the afflicted daily. Call and get a pamphlet.

CONSULTATIONS FREE.

THE NEW YORK DAY BOOK says:

"The majority of Hair Washes, Hair Dyes, Hair Tonics, Hair Oils, and the numberless other preparations which are now before the public under such extravagant high-sounding titles as we see parraded in show windows, cards, and newspaper advertisements, half pay operations for all humbugs of the first water their real merit, when the purpose may, is, that they do no harm. HOG'S LARD, WHALE OIL, LARD OIL, SWEET OIL, scented and colored, done up, when in beautiful wrappers and white flint glass bottles, the countless character of tonic, and when thus dortly, are baptized with some jaw-breaking name, and sought as by young and old of both sexes. Such is not the character of Professor Wood's Hair Restorative. This gentleman comes before the world without any "high flown" blasphemious, or any other astounding and startling catch-penny terms; he simply advertises it as *Restorative*—that it will restore precisely—and as a matter of fact, it does. Buy Professor Wood's Hair Restorative, and as you value your scalp, eye, your very brains, apply nothing else for it may be fatal. You will get some worse substance than perfumed lard or rose water, cruisine. Remember, Wood's Restorative for the Hair is the best article extant."

It Will, by Nature's own Process,

Restore Gray Hair to the Original Color,

Will make Hair Grow on Bald Heads,

Will restore the Natural Secretions,

Will remove at once all itching,

Will remove all Dandruff,

Will cure all eruptions—Tetter, Scald Head,

Will make the Hair Soft and Glossy,

Will make the old appear young again,

Will preserve the Color of Hair to old age,

Will always Fasten it and stop its Falling,

And is one of the best Dressings for the Hair now in use.

Manufactured by O. J. WOOD & CO., and sold Wholesale and Retail, at 444 Broadway, New York, and 114 Market st., St. Louis, Mo.

FIFTH STREET, ABOVE SMITHFIELD.

PITTSBURGH:

MONDAY MORNING, OCT. 29.

TERMS OF DISJUNCTION—HOW AND WHERE THEY ORIGINATE.—In view of such frightened addresses as that put forth by the "Union Committee," the moderation displayed by most of the Southern people is highly commendable. One cannot help feeling that the man who deliberately seeks a collision with the toe of his neighbor's boot ought to be made to feel the momentum both before and behind. Even the mad devotee who throws himself under the wheel of Juggernaut's car, will not excite much sympathy, should he escape with an uncomfortable squeeze about the extremities. So when Northern citizens, ignoring altogether the great question now before the supreme court of the people for adjudication, begin to "shriek" with terror, lest the decision should not be in their favor, and to threaten disunion, strife and bloodshed at the hands of their excited Southern neighbors, is it any wonder that the latter should bluster, rave, and even examine the thickness of their rails? Rather should we not admire their generosity and patriotism in that they give the alarmists no additional cause of fright? If John Smith will keep the neighborhood in a state of uproar about the supposed designs of John Brown, is it any wonder that Brown should proceed to give Smith a decent besting, just by way of letting him have something to make a noise over? Under such circumstances, it would be somewhat difficult to keep the hands off.

We can but regard the address in question as a very clumsy appeal to the timidity of Northern people. Had the argument presented been merely collateral to sound logic or lofty sentiment, it might have been admissable; but from first to last the address proceeds on the idea that every conviction of right must be yielded when opposed by threats. We respect persons who differ from us in opinions, when those opinions are sincerely formed and freshly uttered; but this appeal to our fears, unsupported by facts or reasoning, ought to be treated with scorn and contempt by a free people. It is only lying down to the dirt and inviting those who are no better than ourselves to ride rough shod over us for all time. We claim no superiority over the Southern people; we threaten neither civil nor uncivil war in case Mr. Breckinridge is elected; and we protest against the meanness which would endeavor to excite alarm because Mr. Lincoln is about to be elevated to the Presidency.

Who are the Southern people that have evinced any such hostility to a Republican Administration as this address represents? Do we hear threats of armed resistance from the border slave states? Not one! And yet these are the only slaveholders who have the shadow of reason to fear the consequences of Lincoln and Hamlin's election. It is possible that one of their negroes might cross Mason and Dixon's line, and so be enabled to reach Canada. But the slaveholders of South Carolina and other cotton growing states have absolutely nothing to apprehend on this or any other ground, in consequence of a Republican triumph. Yet these are the ones who raise so much ado on the subject; while those who might be expected to feel some degree of alarm never manifest the slightest symptoms of uneasiness.

It is time that we had more person at the head of the republic, who, when nullification raises its head under another name, instead of pandering to it, by putting forth appeals to public cowardice, will reduce the decision that has made "Old Hickory's" crushing out of such a project a theme of praise in the mouths of his countrymen.—*N. Y. Com*

AN IDIOTIC MISCHANSM!—A correspondent of a Boston paper, writing from New York says:

"One who frequents Broadway or any of our fashionable promenades, will notice the daily walk of a gentleman who saunters leisurely by, followed quite closely by a man, apparently between the thickness of their soles! Rather should we not admire their generosity and patriotism in that they give the alarmists no additional cause of fright! If John Smith will keep the neighborhood in a state of uproar about the supposed designs of John Brown, is it any wonder that Brown should proceed to give Smith a decent besting, just by way of letting him have something to make a noise over!
