SATURDAY MORNING, NOV. 10.

RELIGIOUS INTELLIGENCE.

The first anniversary of the American Church Missionary Society was celebrated week before last at St. George's Episcopal Church, New York city. The chair was occupied by Rev. Dr. Stone, of Massachusetts, Vice President. After appropriate religious services, Rev. Dr. Tyng read the Annual Report. The report was long and was largely devoted to the grievances which prompted the foundation of this Society. It stated that the mission work of the church had been managed for a quarter of a century by a board, who, of late years were not doing as much work as the cause demanded, consequently dissatisfaction had been expressed in the church.—Then, individuals were called upon to contribute to the support of the Board of Missions, who had no choice in the selection of its officers, nor in the disposition of the funds, at its disposal. This led to the organizing of the new Society which gave contributors a voice in the direction of the work to be done.

The following resolutions were offered and adopted:—

Resolved, That the true principle of operation in missionary labors, as well as in other works of benevolence, is by the voluntary association and action of Christian united, in sentiment, and governing the distribution of their own funds.

Resolved, That in view of the vast fields now open to our own and to other lands, for missionary labors, every disciple of Christ is called upon and encouraged to do his utmost to extend and build up the kingdom of his Lord and Savior.

Resolved, That in selecting persons to labor as missionaries, this Society will endeavor to secure and employ only such as will, distinctly and faithfully teach the great principles of the Gospel, as maintained by the Protestants, by the reformers of the Church, and by the faithful line of the Evangelical ministers in the Episcopal churches of England and the United States.

Interesting and able addresses were delivered on the presentation of these resolutions by Bishop Eastburn and Rev. Dr. Nicholson, of Boston, Rev. Dr. Tyng, of N. Y., Rev. Dr. Newton, of Philadelphia, and others.

——Rev. J. P. Lavialle, President of St. Mary's College, Kentucky, has received the appointment of Bishop of Savannah, Ga.

——The Rev. H. Grattan Guiness was baptised recently in Bath, England. The "Standard" says that the subject of baptism had occupied his attention for five years, and that he had come at length to the conclusion that only believers in the Lord should be baptized.

——The Synod of New Jersey invites all Presbyterian ministers to unite with them in commemorating the first meeting of the General Assembly of the Church of Scotland. The 23d of December is selected for the tricentenary anniversary.

——A correspondent of the *Missionary* writes that there are one hundred and sixty-five church edifices in the city of Baltimore.

——From the same paper we clip the following:

Among the occurrences in the Church of England, a declaration of the Bishop of Gloucester and Bristol has attracted attention, as it is the first Episcopal declaration in favor of a revision of the Liturgy. He is in favor of a revision in the baptismal office, as also in the ordinal and other offices.

——The Old School Presbyterian Synod of Baltimore and Virginia have taken action upon the inexcusable partiality of Governments in the appointment of Chaplains. It appears that of 38 chaplains 28 belong to the Episcopal Church —but ten remaining for all the other Protestant denominations.

——The recent session of the Philadelphia Baptist Association is reported as being a season of great interest. Among the interesting things that occupied was the exhibition of an album containing the portraits of the moderators and clerks of the Association, compiled by the Secretary of the Association, H. G. Jones, Esq The first moderator was Rev. John Gano, in 1765.

——The English correspondent of the Pittsburg *Christian Advocate* gives the following interesting facts:

There are in London 1500 Ragged Schools and Young ormands; the City Mission, with its 400 missionaries, is daily content with the lowest grades of Society; the 600 Christian Instruction Societies, with their 30,000 visitors; the 300 Temperance Societies and Bands of Hope, with their 40,000 members; 150 Bible-women, 1000 Mothers' Meetings, Special services in the Theatres and St. James' Hall, to say nothing of Sunday Schools, and 750 Protestant churches, as well as the countervailing and clearing influences of our religious literature and benevolent institutions; these constitute a power for good which no other great city, perhaps, possesses.

——The new Trinity Episcopal Church, Hartford, Connecticut, is to be built from a church edifice formerly belonging to the Unitarians. The altars are to be taken down one by one and numbered and put up in the same relation to constitute the Episcopal Church.

——The Presbyterian Church of Canada, and the United Presbyterian Church in Canada, have agreed on a basis which, it is thought, will lead to the union of the two bodies. The name is to be "The Canada Presbyterian Church." The two Synods are to meet in Montreal next June.

——The following interesting facts of the rise and progress of Sunday Schools in the Methodist Church we glean from an exchange:

It appears that in 1784, Asbury established the first Sunday School in the United States, in the house of Thomas Crenshaw, in Virginia. In this school a lad was converted who became a Methodist preacher, and lived and labored so much for about forty years. Seventy-four years ago there was then, one school, and seventy scholars. At the same time there were 20,000 members in the M. E. Church.—One Sunday scholar to each thousand members! In 1858, there were about 16,000 Sunday schools, with 1,200,000 children in the Sunday Schools, to 782,000 members in the church! While the church has increased in a wonderful manner, the Sunday School has exceeded her increase in numbers, nearly a thousand fold! The average annual increase of the church for the last ten years, has been about 30,000, while the annual increase of Sunday scholars, for the same time has been 35,000! These facts speak volumes!

——The subject of Home Evangelization in Edinburgh is occupying a good deal of attention in that large city of 170,000 souls. Of this number, 60,000 are non-church going persons. There are also upwards of 60 missionaries, who spend five hours every day in visiting upwards of 2,500 families, or about 10,000 souls.

——The fourth number of the series of the United Presbyterian Quarterly Review, published in this city, under the editorial supervision of Rev. Dr. Kerr, aided by Drs. Pressly and Hodges and Mr. Clark, is commended very highly by the religious press.

——The Rev. J. B. Clark was installed pastor of the Second United Presbyterian Church, Allegheny city, on the 1st inst. This congregation was served by the venerable Dr. Hodges for over twenty years. From small beginnings it has increased to above 500 members.

——The Presbytery of Michigan, United Presbyterian Church, adopted the following with respect to marrying and solemnizing marriages on the Sabbath:

WHEREAS, The practice of marrying and solemnizing marriages on the Sabbath is common among many denominations; and in two instances marriage has been solemnized on the Lord's day by ministers of this Presbytery, and we believe it is opposition to the law of God and our discipline, therefore,

Resolved, That we entirely disapprove of the practice of marrying and solemnizing marriages on the Sabbath day; and we utterly condemn the course pursued by those who in this respect violate the rules of the church.

——The ninety-second anniversary of the old John Street M. E. Church, New York city, was celebrated on Sabbath, the 21st ult. A sermon was preached at 10½ a. m., by Rev. Dr. Thomson, from these words, "Are the consolations of God small with thee?" At 2 p. m., a re union meeting was held, at which a large number of veterans in Methodism took part in the exercises. At 6 o'clock a general prayer-meeting was held, and at 7½ Rev. O. E. Harris preached. During the day one thousand dollars were secured toward the endowment of this time-honored church.

——The *Presbyterian Banner* says that at a meeting of the Presbytery of North Alabama, New School Synod of the South, the following question was presented:—Is an unmarried man eligible to the office of Ruling Elder or Deacon?" To which the Presbytery replied: "A man may be a Ruling Elder or Deacon without a wife; but he may not have more than one!"

——At a meeting of the New York Evangelical Alliance, Rev. Charles G. Finn, Secretary, reported there were ten hundred and seventy-two prayer of Christ in private circles and

For Sale & To Let.

Executors of Charles Brewer, Deceased.

OFFER FOR SALE those 3 storied Brick Dwelling Houses, situate on Second street, (south side,) between Market and Wood sts., Pittsburgh, immediately adjoining on the west the Machine Shop of Wm. Bingham.

ALSO—Those two story roofed Brick Dwelling Houses situate on the south east corner of Cherry alley and Third street, between Cherry alley and Grant street.

oct29

Ohio Land for Sale.

THE subscriber offers for sale section ten, township 19, range 19, Stark county, Ohio, commonly known as "Bowman's Section," containing 640 acres. It is situated three miles east of Massillon, on the Ohio road leading to Wooster, and within about two miles of the Pittsburgh, Fort Wayne and Chicago Railroad. The north, east and northwest quarters are partly cleared and improved, the remainder is covered with superior timber—and the whole is well watered by springs and running streams. This section is considered the finest body of land in the county. It will be sold undivided or in quarters to suit purchasers. To those who desire to invest in real estate a better opportunity is rarely offered.

J. S. NEWHOUSE,
No. 101 4th street, Pittsburgh.

oct30:d1w

apl4:6md

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, discordered or unhealthy food, impure air, filth and filthy habits, dissipation, drinking vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems "to be the fiat of Him who says, 'I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of aliment or nitrous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, 'swellings;' and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers 'perish' by disorders which, although not scrofulous in their natures, are still considerations of taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must remove the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this evil where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the cure in the system from its destructive consequences. Hence it should be employed for the cure of not 'only' scrofula, but also those other affections which arise from it, such as Eruptive and Skin Diseases, &c. Antony's Fire, Rose, or Erysipelas, Pimples, Pustules, Blotches, Blains and Boils, Tumors, Tetter and Salt Rheum, Scald Head, Ringworm, Rheumatism, Syphilitic and Mercurial Diseases, Dropsy, Debility, and, indeed, all Complaints arising from Vitiated or Impure Blood. The popular belief in "*impurity of the blood*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so compound that disease within the range of their action can scarcely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice*, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and when its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, confirmed benefits on the afflicted they can never forget, and procured cures too numerous and too remarkable to be forgotten.
