Extract of a Letter from C. F. Hall of the Hall Franklin Expedition.

(From the Cincinnati Commercial.)

HOLSTENBORG, Greenland, July 23d, 1860.

It is now expected that I will winter with Capt. Hoddington, acquiring all the knowledge of the Esquimaux—their habits, language and life—that I can. I am more confident than ever of accomplishing the work I have set out to do. I have traveled here in Greenland miles and miles with the Esquimaux, and find them good honest company. The land here very well represents that which I shall see west of Davis' Straits—so says Capt. B—. I have spent three Sabbaths here in Holstenborg. The customs of the people here are in strong contrast with ours. Even those of the Baroganens here are quite foreign to my ideas of what they should be. Nearly every one goes to church in the forenoon. The preaching is in Esquimaux two Sabbaths out of three—in Danish once in three. After four o'clock in the afternoon the dance house is opened, to which everybody and his wife bend their steps. The dance is kept up till ten o'clock. The crews of the "George Henry" and "Rescue" have participated in these balls.

The dress of the Esquimaux ladies here consists of white seal skin boots, that come up to the knees, seal skin breeches that almost reach the top of the boots—the fashion being to leave a space between the boots and breeches say of one inch, that the knees may be admired by the opposite sex! Additional to the Esquimaux ladies' dress, is the spencer, made of deerskin. The head dress of the Esquimaux ladies of Greenland, is a curiosity; the hair is all carried in a spot between the top and back of the head; my back of the ears. It is in a tuft, standing out six inches from the head, bound by a highly colored ribbon, four inches wide, then allowing the hair to stand two inches above the ribbon. Frequently a little bouget of flowers is bound in with the hair. In their dress, the females look very pretty—some are really handsome. When dancing they show off to the best advantage. The articles which they wear on their feet here in the Arctic regions, are altogether better and easier for the feet than anything we have in the States.—This is a strange statement, when taken into consideration that civilization put in comparison with those outside the world. I shall send a pair of the reer gear to each of my children. You remember of my telling you and others why I let my whiskers grow to such length? Well, now I can speak of my wisdom in becoming hirsute before leaving the States. No sooner had we got near the harbor of Holstenborg, than we were greeted by millons on millions of musquitos. I will never complain of these deleterious insects again in the States. Where you have one, we have ten thousand here. How strange it must seem to you! Musquitos in the Arctic region; so it is my whole itching body, that has been penetrated by innumerable proboscis of those illipinian elephants will testify to the wars I have been through. I took a walk yesterday in the mountains with Governor Elberny, and the European ladies of his settlement. From the starting out to the return we were accompanied by swarms and swarms of musquitos. Imagine a large beehive, full of bees, to be upset; so numerous were the musquitos around and upon us. If you attempt to tell these torments, the natives laugh at you; and well they might, for where one is made defanot, many scores hasten in to fill his place. To see what I could do towards exterminating a few, I brought the palm of my hand down quickly upon my knee, and twenty-seven of natives settled to rise no more. Multiply the surface a man of my size presents to the Greenland musquitos, and allow twenty-seven to each space the size of my hand, and you can then tell something about the size of the musquitos here. * * *. During the gale we had in the harbor a few days since, the big anchor was thrown out, in drawing in that anchor, some of the windlass gear gave way, and we are delayed here longer on account of repairing it, but shall now, be soon under way.

There is not much probability that I shall return under three years, and a possibility of not returning till the end of four.

BAPTISM IN TENNESSEE.—A correspondent of the South Western Baptist, describing a visit to Tennessee, says the Baptist cause is not so prosperous there as in days past. The Sweetwater Association has greatly diminished in numbers within a few years, and the Concord Association which eight years ago, had a membership of 2,726, now numbers only a fraction over 1,000. He attributes this result to several causes; one is, the removal of many efficient ministers for want of support. Another cause he thus specifies: "Another cause, I submit in great humility, is the controversial spirit of our preaching there. Our dear brethren must learn that the baptists have a higher mission than to fight pedobaptists. In no State in the Union has there been such an incessant war made upon other denominations by the Baptists as in Tennessee for the result? We have relatively lost ground, in my humble judgment, and the pedobaptists have gained."

The German Reformed Church, in compliance with a memorial from a numerous body of New York clergymen, accorded to Prof. Schaff a leave of eighteen months' absence, for taking part in the establishment of a German daily at New York, based on Christian principles.—Prof. Schaff has not made his intentions known, but he is greatly interested in the project, and exceedingly anxious to have his countrymen freed from the wholesale charge of Rationalism, opposition to the Sabbath, and infidelity, to which they are exposed by the course of almost all the German papers in our great cities.

The Young Men's Bible Society of Cincinnati was organized twenty-five years ago, Salmon P. Chase, Senator elect and ex-Governor of Ohio, was its first President. During the quarter of a century over 240,000 copies of the Word of God have been distributed under its auspices.

DEATH OF A MISSIONARY.—The Rev. Richard Armstrong, D. D., died at his missionary post, in the Sandwich Islands, on the 23d of September, from injuries received by a fall from his horse.

D. MOTT'S
CHALYBEATE
RESTORATIVE
PILLS OF IRON.

AN APERIENT AND STOMACHIC Preparation of IRON purified by Oxygen and Carbon by Combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and proved itself in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, impoverishment of vital energy, pale and otherwise sickly complexions (obtain its necessary in almost every constitution, it is the strongest tonic that is known. It has been tried, and has proved absolutely curative in each of the following complaints, viz:

Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhœa, Dysentery, Incipient Consumption, Scrofulous Tubercular Habit, Bad Breath, Blenorrhœa, Chlorosis, Liver Complaint, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c.

In cases of General Debility, whether the result of acute diseases or of the continued distraction of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description or writing attention could render credible.—Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just return d from protracted travel in a distant land. Some very signal instances of this kind are attested of persons sufferers, snatched victims of apparent consumption, sanguineous exhaustion, critical changes, and the completion of nervous and dyspeptic struggles to air and exercise for which the physician has no means.

In Nervous Affections of all kinds, and on reasons familiar to medical men, the operation of this preparation of iron is most assuredly be salutary, for, unlike the old articles, it is vigorously tonic, without being exciting and irritating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever bringing gastric purgative, or inducing a disagreeable sensation.

For Children of feeble constitutions, or those of scrofulous habit, it is a remarkably effectual and permanent a remedy for *Pills*, upon which it also appears to exert a distinct and specific action, by observing the toxic tendency which feeds them.

In dyspepsia, innumerable as are its causes, a single box of these Vitalizing Iron Pills has often sufficed for the most inveterate case, including the attendant Costiveness.

In unchecked Diarrhœa, even when attended to Dysentery, continued, consisting, and apparently malignant, the pills have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate the worst Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In Scrofulous Tuberculosis, this medicated iron has had no more than the good effect of the most carefully and scientific preparations of iodine, without any of their well known liabilities.

The effects of baalties cannot be too confidently intrusted as this remedy and restoratives, in the cases peculiarly adapted to them.

In Rheumatism, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Intermittent Fevers it must necessarily be a great remedy and therapeutic restorative, and its progress in the most sickly districts of the West, will probably be one of high success and usefulness.

It is recently but ever been discovered in the whole history of medicine, which exerts such prompt, happy, and fully restorative influence. Good appetite, complete digestion, rapid completion of sanguification with an unusual disposition for positive and cheerful exercise, immediately follow its use.

Put up in boxes of medal boxes containing 50 pills price 50 cents per box; for sale by Druggists and dealers. Will be sent free to any address on receipt of price. All letters, orders, &c., should be addressed to

D. MOTT'S ESTEEM, Wholesale Agent or Western Druggists.

T. LOCKE & CO., General Agents, 29 BROADWAY, N. Y.

sold by all Druggists throughout the United States and Canada.

Ayer's Sarsaparilla

A compound remedy, designed to be the most efficient of alterative in medicine. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiments in many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ENVIRIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which foster in the blood at that season of the year. By the timely expulsion of them many troubling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system would strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all will be well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla in the land for years past, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of infamy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PREPARED BY

DR. J. C. AYER & CO.

LOWELL, MASS.

Price, $1 per Bottle; Six Bottles for $5.

Ayer's Cherry Pectoral

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to account the confidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills,

FOR THE CURE OF

Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Loss of Appetite, Liver Disease, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, or a Dinner Pill, and for Purifying the Blood.

They are sugar-coated, so that the most sensitive can take them, pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price 25 cents per Box; Five boxes for $1.00.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unrivalled virtues of these remedies, but our space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANAC in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on. Demand AYER's; and take no others. The risk want the best aid there is for them, and they should have it.

All our remedies are for sale by

B. A. FAHNESTOCK & CO., Pittsburgh, and Dealers generally.
