MEDICAL DEPARTMENT.

They have their establishment supplied with a new set of ELECTRIC BATHS, which are adapted to any new disease. The water used is of such a temperature, and the electric current so regulated, that the patients, in receiving the benefits of these remedies, experience no unpleasant sensation. This system of treatment is among the safest, most effective and least objectionable; it equalizes the circulation, soothes nervous irritation, and restores a healthy balance to disordered functions. The medicine prescribed will be compounded put up at their office, under the immediate care of Dr. GOUCHER, who has had twenty years experience in treating diseases.

Quack Nostrums.

THE NEW YORK DAY BOOK says:

"The majority of Hair Washes, Hair Dyes, Hair Tonics, Hair Oils, and the numberless preparations which are now before the public under such extravagant, hyperbolical and fantastic titles as we see paraded above the door cards, and newspaper headings, or hair preparations, are all humbugs of the first water, their real merit, when they possess any, is that they do no harm. ROP'S LARD, WILLIS OIL, LARD OIL, SWEET OIL, scented and colored, make up, when in beautiful wrappers and white flint glass bottles, the costliest character of tonics and when time costly, are bepuffed with some trifle taller term, and caught at by verdant young and old of both sexes. Such is not the character of Professor Wood's Hair Restorative. This gentleman comes before the world without any high falutin'. Xlophobiforium, or any other astounding and startling catchpenny terms he simply advertises a *Hair Restorative*—that it expresses precisely—and as a Restorative it acts. But Professor Wood's Hair Restorative, and he does rebuke your scanty, gray, weak, ropy, rotting hair, for it may be that you will get some more convenient, chance than purchased hard oil on your cranium. However, Prof. Wood's Restorative for the Hair is the best article extant."

It Will, by Nature's own Process,
Restore Gray Hair to the Original Color,
Will make Bald Crowns Bald Heads,
Will restore the Natural Secretions,
Will remove at once all itching,
Will remove all Dandruff,
Will cure all eruptions—even Scald Head,
Will make the Hair Soft and Glossy,
Will make the Weakest Roots grow again,
Will preserve the Color to old age,
Will always Fasten it and stop it from Falling,
And is one of the best Toilet Articles for the Hair now in use.

The Troubles in Southern Kansas.

Since our last issue, there has been great eagerness to obtain reliable information in regard to matters in Southern Kansas.

It was reported that Fort Scott had been taken, the court broken up, its records and those of the Land Office destroyed, and that Paris was sacked and many of its citizens taken prisoners.

Rumors were current that Montgomery and Jennison, with from 150 to 600 armed men, were roaming through Linn and Bourbon counties, arresting, tying and hanging men, according to their leisure or caprice.

Judge Williams, in fright, has sent dispatches broadcast through the country, and the country has caught the alarm; and for the moment, South Carolina and Georgia are forgotten stocks take another decline, while Gen. Harney marches in force to compass the bloody field.

The matter is certainly a very serious and unfortunate one, but hardly sufficient to call into the field the whole army of the United States, and the volunteer corps of the State of Missouri. What are the facts? Substantially as follows, so far as we are able to ascertain:

Parties of armed men, under the lead or at the instigation of Montgomery and Jennison, have taken the lives of three men—Scott and Hinds, who were hung, after a mock trial, and Moore, who was shot dead because he refused to surrender to these self-constituted authorities. Threats were also made on Fort Scott, and the District Court, which was about to convene there which constrained Judge Williams to flee to Missouri, together with many of the citizens; *after* which, 100 armed men entered the town and proceeded to search for certain persons, whom they proposed hanging, on sight; but, not finding them, they finally retired, without disturbing records or property.

Paris has not been disturbed, and when Acting Governor Beebe visited the scene of difficulties, Montgomery assured him that he was *about through!*

In the meantime, the troops are moving in the direction of the troubles. Gov. Medary has reached home, and we await developments.

Any measures which he may adopt, by which the offenders can be brought to justice, peace restored to a harrassed community, the integrity of the Territory vindicated, and the alarm of the country quieted, will meet the hearty co-operation of the men of all parties.

It is quite time that Montgomery should stop, *or be stopped*, in his reckless and bloody career. The cries of "kidnappers" and "Dark Lanterns" will no longer avail him. If all his claims be true, he and his friends can have their redress through the authorities, which are of their own choosing. If he desires rescission, South Carolina offers an inviting field of labor; we in Kansas want peace. If he seeks martyrdom, by all means let him be gratified, and let public confidence be restored to our people.—*Lawrence Republican.*

SOUTHERN PROTEST AGAINST INTOLERATION.—There is a manly and spirited article published in the Atlanta (Ga.) *National American*. It appears that the bands of inquisitors who take upon themselves to arrest, question, torture and at pleasure, hang North men whom they call Abolitionists, are displaying toward the men in the South who disagree with them, a spirit of vulgar insolence and overbearing arrogance quite intolerable. It is almost as bad, so far as the mob goes, to be called a "Submissionist," that is, a friend of the Union, as an Abolitionist. The Mob of Inquisitors of the South have spread a reign of terror, not only over Northern travelers, but over their own peaceable citizens, and it will not be long that the latter class of Southrons can afford to tolerate a standing army of loafers who now tyrannize over Southern communities, and in name of Southern rights, perpetrate outrages more gross than those inflicted by any of the tyrants of the Bourbon family, who have been scourged from their thrones for ignorance, brutality, and cold-blooded and bloody malignity. Business men of New Orleans write that there are not more than one thousand of the Thugs of that city who have established the reign of terror there. The Thugs are the vermin of the times, and having nothing better to do, are destroying the peace and commerce of the city, by their volunteer and irresponsible supervision of steamboats and hotels in search of Northern men who voted for Lincoln. For the moment the conservative citizens—men of influence and substance—are overawed. This state of things cannot continue. Southern cities and other communities, cannot afford to submit to the rule of a mob, and if the people of the North will not always bear patiently the atrocious assumptions of the vagabonds who, in the name of the South, have set up a more brutal and barbarous despotism than that of the cannibal Kings of Africa.—*Cin. GRAIN RECEIPTS AT BUFFALO.—The footings of our monthly table of grain receipts, which we publish this morning, show that Buffalo has received and handled thus far in the present season, the enormous amount of 31,173,855 bushels of wheat, corn, oats, barley and rye, and 1,162,107 barrels of flour. Adding the wheat equivalent of flour, according to the ordinary rule of five bushels to the barrel, the gross grain receipts at this port from the opening of navigation to the first day of December, in the year 1860, were 37,040,390 bushels—nearly double the average receipts of the past dozen years, and almost ten million bushels greater than the greatest amount ever before received, in any one season, at this, "the grain market of the world."

The extraordinary feature of the grain movement this year has been the unprecedented quantity of wheat shipped from the West, as compared with other grain. Of the receipts at this port, 19,161,831 bushels were of wheat 11,516,096 bushels of corn, 1,120,944 bushels of oats, 255,622 bushels of barley, and 99,659 bushels of rye.—*Express.*

We have a doubtful dispatch, reporting a negro insurrection at Burkeville, Ky. Concurrence of this character, however, are to be expected as the natural result of the incendiary publications of the Inquirer and other Democratic papers, which, because of their too oft-lied assertions on the slavery question, have been permitted to discharge their full complement of falsehoods, as to the character and intentions of the Republican party, in the midst of the negroes. In this way the latter have been led to look forward to freedom as the result of Mr. LINCOLN's election.—*Cin. Gaz.*

TWO HUNDRED AND EIGHTEEN IS EIGHT DAYS.—That is the number of passengers sent back from Savannah, Ga., to New York, in a period of eight days. No charge was brought against any one, save that he came from a Free State. This is the act of a Slave State that charges bad faith upon the Free States, in that they violate that clause of the Constitution that guarantees "the citizens of each State all the privileges and immunities of citizens of the several States."

TO BE CONTESTED.—Hon. H. C. Longenecker, late candidate for Congress in this district, says the Allentown (Pa.) Democrat, has notified Hon. Thomas B. Cooper of his intent to contest his seat in the next Congress. The grounds of such a proceeding are an alleged illegality of the North Whitehall election, in Lehigh county, the contestant setting forth that the polls had been kept open after the time prescribed by law.

FROZEN TO DEATH.—The Youngstown *Register* says that a party of hunters left Youngstown for Forest Co., Pa., last week, to shoot deer. Among the number was a young Swiss, named Ernest Quartier, who strayed off from the party, and after six day's search was found frozen to death in the woods.
