lis of a Europ... and look-
ed on by the latter as a kind of amusement,
and welcomed with as much zest as children
welcome the squeak of a Punch-and Judy man.
The Moorish ladies soon get tired of the com-
parative insipidity of trying to understand and
make themselves understood in turn, and pro-
ceed to action. They first pull you about and
examine everything you have on. Next they
dress you of your walking habiliments
and dress you up, if you will permit them,
after their own fashion. A French lady ex-
cious to see what lengths they would carry their
investigations, determined to give herself up en-
tirely to the caprices of a Moorish family on
whom she was making a short morning call.
They commenced by cutting her front hair short
in a twinkling, and then while one painted her
eyebrows with cobol, a second dyed her finger
nails with henna, and a third stuck little gold
spangles over her face. To attempt to envel-
ope her in the Moorish habiliments the next
step, which, however, she resisted vigorously,
anxious to save herself the trouble of that mys-
terious and illimitable "minute," during which
ladies ask you so ruthlessly to wait while they
clapped their hands with the greatest glee
at the droll appearance she cut. I need not
say that she scarcely recognized her own face
in the glass, nor I think would her present re-
lation have known her at that moment. Cobol
takes at least a week before it can be removed,
while henna can only be eradiated as the nail
grows and is cut. The lady perceived at once,
as she dolefully endeavored to put her docked
hair into shape, that a thick veil would be nec-
essary until the effects of the masquerading had
worn away with time.—[The Corsair and his
Conqueror.

CHILDREN'S FACES.—It is interesting to study human nature in children's faces, to see the effect of different modes of education upon di-vers developments of mind and body. Many children look sour, wilful and ugly; whilst others look happy, pleasant and sweet, as chil-dren should. Much as perfect or diseased phy-sical natures, proper or improper diet may have to do in producing these appearances, home discipline and example, as a general thing, have more. Mothers do not realise that they fasten their own feelings, so far as expressed in their countenances, upon the faces of their offspring. She who scowls and frowns habitually, must not expect her child to look joyous, but gnarled and surly. Like mother, like child; only she who sows the wind in the heart of her daughter, may expect to see the whirlwind gath-er and burst forth, as our harvest are generally more plentiful than the seed we scatter. Se-lect a very pleasant-looking child, and notice if it has not a pleasant-looking mother, one who answers many of its thousand and one questions with a warm loving smile, instead of turning away the inquiring mind and fretting at its end-less teasing.

A person lately seeing an advertisement stat-ing that a bank note of £200 had been found, immediately equipped himself very sprucely, and applied to the finder who was the Rev. Mr. H——, not far from Ilsworth, and on be-ing asked if he could recollect the number, etc., replied that he could not, but if it was the note he had lost, there was the name of Harvey on the back. The Rev. finder then gave him the note to look at which, after a glance, he polite-ly returned, declaring that it did not belong to him. Apologising, he took his leave, and the next day sent one of his confederates, whom he informed of the marks on the note, and who received it from the unsuspicious Mr. H.

A RUSTIC having gone to Carlton Hill Ob-servatory, near Edinburgh, to get a sight of the moon, after having got a glance of it, drew away his head to wipe his eyes, and in the in-terval, the end of the telescope noiselessly fell down, so as instead of pointing to the heavens, to point down to the earth. The astonish-ment was unutterable when he again looked through, and beheld the sign of a public house at a short distance, with the customary declara-tion—"Edinburgh ale," &c. He started back and exclaimed, "Edinburgh ale in the moon!—Gude preserve us, that beats a'!"

THE Chinese method of taking off boots is as follows:—They place the bottom in a vice, and apply a yoke to the neck, worked by a wheel; which only stops working when the boots or head comes off.

DR. MOTT'S
CHALYBEATE
RESTORATIVE
PILLS & IRON.

AN APERIENT AND STOMACHIC PREPARATION OF IRON purified of Oxygen and Carbon by combination in Hydrogen, discovered by the late Dr. Mott, and introduced into the United States, and extensively used in their practice.

The experience of thousands daily proves that no prepa-ration of iron can be compared with it. Imperities of the blood, dyspepsia, debility, and all the disorders arising therefrom, yield to its influence with a certainty which is astonishing to almost every person who uses it. Among the many diseases in which it has been tested, it has proved absolutely curative in each of the fol-lowing complaints, viz:

Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhœa, Dysentery, Incipient Consumption, Scrof-ula, Tumors, Boils, Salt Rheum, Mercurial Cachexia, Whites, Chlorosis, Diver Com-plaints, Chronic Headaches, Rheuma-tism, Intermittent Fevers, Pimples on the Face, &c.

In cases of General Debility, whether the result of acute disease or of the continued dissipation of nervous and mus-cular energy from chronic complaints, one bottle of this in-vigorator has proved successful to an extent which no des-cription can sufficiently illustrate. Its invigorating influ-ence on long bed-ridden sufferers has become proverbial in the cities where they have suddenly re-appeared in the busy world as if just returned from the shades of the silent land. Some very signal instances of like kind are attested by families, friends, and relatives of victims of apparent hopeless consumptive exhaustion, critical diseases, and that complication of nervous and dyspeptic aversion to aid and exercise for which the physician has no cause.

In Nervous Affections of all kinds, and yet remain feeble, the operation of this preparation of iron and vegetable tonics will be salutary. Even while the old cat-tle is vigorously acting, without being exciting and creat-ing fever and debility, regularly aperient, even in the most delicate cases of constitutional weakness, and being a gentle purgative, or inducing a disagreeable sensation.

It is the best tonic for persons, among others, which makes it at remarkably effective remedy for persons in a remedy for fever, upon which it also appears to exert a distinct and specific action, by diminishing the abnormal heat of the system.

In wechsdied Diarhoea, even when advanced to Dysente-ry, exceedingly emaciating, and apparently malignant, the above remedy has been successfully employed.

In the local pains, loss of flesh and strength, debilitating sweats, and general emaciation, which generally indicate Pul-monary Consumption, this remedy has alleged the alarm of friends and physicians, in several very gratifying and inter-esting instances.

In Scrofulous Tuberculous, this medicine has been found to have more than the good effect of the most cautiously bal-anced preparations of iodine, without any of their well known liabilities.

The attention of families cannot be too confidently invi-ted to this powerful and restorative, in the cases peculiarly affecting them.

In Rheumatism, both chronic and inflammatory—in the latter, however, more decidedly, it has been invariably well reported, both alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Intermittent Fevers it must necessarily be a great remedy and complete restorative, and its progress in the valley of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered in the whole history of remedies, which exerts such immediate, happy, and fully re-storative effects. Good appetite, sweet breath, regular digestion, increase of strength, with an unusual disposition for so-cial and cheerful exercise, immediately follow the use.

Put up in neat flat metal boxes containing 50 pills price $1 each, for sale by Druggists and dealers. Will be sent free to any address on receipt of price. All letters, orders, etc., should be addressed to

Ayer's Sarsaparilla

A compound remedy, designed to be the most effectual *Alterative* that can be made. It is a concentrated extract of Pure Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effec-tive antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, EMPEMS, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AF-FECTIONS, MERCURIAL DISEASE, DROPSY, NEU-RALGIA OR TIC DOULOUREUX, DEBILITY, DYS-PEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great pro-moter of health, when taken in the spring, to expel the foul humors which foster in the blood at that season of the year. By the time-ly expulsion of them, many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out this vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is ob-structed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been mis-led by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the credulity, for they not only contain little, if any, Sarsapa-rilla, but often no curative properties whatev-er. Cheap, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall restore the name from the load of obloquy which rests upon it. And we think we have good reason for believing it has virtues which are irresistible by the ordinary run of the diseases it is intend-ed to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PREPARED BY
DR. J. C. AYER & CO.
LOWELL, MASS.
Price, $1 per Bottle; Six Bottles for $5.

Ayer's Cherry Pectoral

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been em-ployed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be confidently re-lied on for their relief all it has ever been found to do.

Ayer's Cathartic Pills,

FOR THE CURE OF
Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Sour Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and for Purifying the Blood.

They are sugar-coated, so that the most sensi-tive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price 25 cents per Box; Five boxes for $1.00.

Great numbers of Clergymen, Physicians, States-men, and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies; but our space here will not permit the insertion of them. The Agents below named fur-nish gratis our AMERICAN ALMANAC in which they are given; with also full descriptions of the above complaints, and the treatment that should be fol-lowed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on. Demand AYER'S, and take no others. The sick want the best aid there is for them, and they should have it.
