ANOTHER OFFER TO THE DEFENCE OF ALABAMA.—Gov. Moore of Alabama, has received the following patriotic tender of services:

To his Excellency, the Governor of the State of Alabama.—Sir: The undersigned, a Veteran of Four Wars, the Indian War of 1798, the War of 1812, the Tra-la-la-la War, and the Indian War of 1836—also—and by no means least—Captain of the Squad of Honorary Members of the Montgomery True Blues, and Commander in Chief of the well known, patriotic and reliable Old Fogy Club"—begs leave to offer to your Excellency, in behalf of the State of Alabama, the services of the said last mentioned body of true and faithful citizens; begging at the same time to remark that he would also offer the services of that other gallant corps which he commands, but that it is already lodged in the general offer of the company of which it forms an honorable part.

In offering to your Excellency the services of the "Old Fogy Club," the undersigned feels proud to say that he offers, for the emergency, men who must fight, because they cannot run. Your Excellency may therefore depend on one corps, at least, that will stand fire; for the undersigned will certify, that what with gout, rheumatism, accidental lameness, and private infirmities of one sort and another, there is not a man in the command who could get further than Figh's Spring in a whole day's march.

Your Excellency may, however, rely on a good fighting company, with this understanding—on which the undersigned most unhesitatingly insists: We must feed and that well! And in order that your Excellency may fully see and appreciate and make preparations for the corps, the undersigned submits a statement of Rations needful for each of the 25 men in his command, per diem;

Mutton or Beef (good)	2 lbs.
Oysters	3 dozen (Plants)
Fish	at pleasure.
Vegetables	at pleasure.
Condiments	at pleasure.
Bread and Crackers	at pleasure.
Whiskey or Brandy	1 quart.
Wine	occasionally.

If with stinted allowance, (in times of public distress,) your Excellency thinks the "Old Fogy Club" can be of service to the State, your Excellency may have them mustered in immediately—not to march exceeding five miles per day. Respectfully, your obedient servant,

H. W. H. Captain.

TOM CORWIN SPEAKING SILVER WATCHES.—In midst of so much gloom, we have an occasional flesh of fun from Tom Corwin. You know that newspaper men are eager in the pursuit of news. Some have neither wisdom or discretion in their efforts to head off contemporaries. Washington sensational correspondents of New York papers, not unfrequently fall into category. Just now they are especially ravenous, and they respect no law of propriety in accomplishing their objects. The other day (Corwin tells it himself) one of the tribe sought a private interview with Mr. Corwin. He sent up his card and was conducted to Mr. C.'s chamber. He introduced himself, and in compliance with a courteous invitation, seated himself. After the customary compliments, filled with a little lip service, the correspondent suddenly astounded Mr. C. by saying that he came "to see if Mr. C. couldn't tell him something about himself and Mr. Lincoln" "Sir," said Mr. C., "I did not understand you. What is it you would like to know?" "Why, something about Mr. Lincoln—his cabinet—and yourself?" Oh! ah! yes?" quoth C. "Well, I'll tell you, sir, as for Mr. Lincoln, I don't know anything about him, but as for myself, I'll tell you confidentially—but you must not put it in your paper. Now I'll tell you. Last night I stole two silver watches—silver watches, mind you, for I don't steal gold watches. The night before, I stole six, and the night before that I stole two, and, I gave them to the niggers about here. I'm in the habit of stealing silver watches to give to the niggers. Now don't put this in your paper sir, for it might injure me. It's confidential. Good morning sir."

STUPIDITY OF LOBSTERS.—Lobsters, says Dr. Buckland, if left on the rocks, never go back to the water of their own accord; they wait till it comes to them. This peculiarity was observed after a landslide on the coast of Dorsetshire, England, which by its great weight forced up a portion of the sea. On this suddenly elevated bit of ground there happened to be several lobsters, who doubtless thought the low tide had taken place with uncommon celerity, and that it would return again. Anyhow, the foolish creatures waited for the tide to come up and cover them. Of course it never did come up again; they remained in their places and died there, although the water was in many instances only a few feet from their noses. They had not the sense to tumble into it and save their lives.

A STIFF MOUSTACHE, A GOOD DEAL OF DRIFTWOOD AND A LARGE MOUTH.—The Louisville Courier tells of a young gentleman in that city who is courting a lady in Jeffersonville, and who swims the river after the ferry boat stops running, is raising a moustache with a view of keeping the drift wood out of his mouth.

DR. MOTT'S CHALYBEATE RESTORATIVE PILLS OF IRON.

AN APERIENT AND STOMACHIC Preparation of IRON purified of Oxygen and Carbon by combination in Hydrogen; now found by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of iron can be compared with it. Impurities of the blood, depression of vital energy, pale and sallow complexion indicate its necessity in almost every constitutional case. Immediate relief in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhœa, Dysentery, Incipient Consumption, Scrofulous Tuberculous Diseases, Fits, Chorea, Miscarriage, Whites, Chlorosis, Liver Complaints; Chronic Headaches, Rheumatisms, Intermittent Fevers, Pimples on the Face, &c.

In cases of General Debility, whether the result of acute disease or of the continued irritation of nervous and muscular energy from chronic complaints, one trial of this Restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own households, have suddenly reappeared to the busy world as if just return d from protracted travel in a distant land. Some very signal instances of this kind are attested of female sufferers, emaciated victims of apparent marasmus, sleepless exhaustion, critical case, and the last complication of nervous and dyspeptic aversion to air and exercise, for which the physician has no means.

In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron (which assimilates by solution, like milk to old cat-tle, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them. In Dyspepsia, innumerable as are its varieties, a single box (of these Chalybeate Pills) has often suffered for the most habitual cases, including the attendant Costiveness.

In rachitical Diseases, even when advanced to Dynamy, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and exhausting hectic, which generally indicate Pulmonic Consumption, this remedy has always the alarm of friends and physicians, in several very gratifying and latter cases.

In Scrofulous Tuberculosis, this medicated iron has had for more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities.

The attention of families cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

In Amenorrhœa, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Intermittent Fevers it must necessarily be a great remedy and sovereign preventative, and in progress in the new settlements of the West, will probably be one of high repute and usefulness.

No remedy has ever been discovered in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful vitalities, immediately follow in one day.

Put up in neat flat metal boxes containing 50 pills; price 62 cents per box; for sale by Druggists and dealers. Will be sent free to any address on receipt of price. All letters, orders, etc., should be addressed to

Ayer's Sarsaparilla

A compound remedy, designed to be the most effectual *Alterative* that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective, economical remedy for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

SCROFULA AND SCROFULOUS COMPLENTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOLOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, PIMPLES ON ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud, Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their speedy eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PREPARED BY

DR. J. C. AYER & CO. LOWELL, MASS.

Price, $1 per Bottle; Six Bottles for $5.

Ayer's Cherry Pectoral

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills,

FOR THE CURE OF

Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and for Purifying the Blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price 25 cents per Box; Five boxes for $1.00.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANAC in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on. Demand AYER'S, and take no others. The sick want the best aid there is for them, and they should have it.
